

**NOTICE OF APPLICATION  
FOR  
TITLE V AIR QUALITY OPERATING PERMIT**

The South Dakota Department of Agriculture and Natural Resources (DANR) has received and reviewed the application for a Title V air quality operating permit for the following applicant:

**APPLICANT NAME:**       **Northern States Power, a Minnesota Company d.b.a.  
Xcel Energy, Angus Anson Generating Site**

**FACILITY LOCATION:**   **Sioux Falls, South Dakota**

The Title V air quality operating permit will allow the operation of the following processes and units:

1. Unit #4 – 1993 Westinghouse gas turbine, fired with natural gas and distillate oil with a heat input of 1,480 (high heating value) million Btu per hour. Water injection system to control nitrogen oxide emissions;
2. Unit #5 – 1993 Westinghouse gas turbine fired with natural gas and distillate oil with a heat input of 1,480 (high heating value) million Btu per hour heat input. Water injection system to control nitrogen oxide emissions; and
3. Unit #8 – 2004 General Electric 160 megawatts simple cycle combustion turbine fired with natural gas and equipped with dry low NOx combustion technology with a heat input of 1,980 (high heating value) million Btu per hour input at 45° Fahrenheit.

A review of this application indicates Xcel Energy can operate the electric peaking facility in compliance with South Dakota's Air Pollution Control rules and the federal Clean Air Act. DANR, therefore, recommends that the Board of Minerals and Environment issue a Title V air quality operating permit to Xcel Energy with conditions to ensure compliance with South Dakota Codified Laws (SDCL) 34A-1 and the federal Clean Air Act.

In accordance with the Administrative Rules of South Dakota (ARSD) 74:36:05:17, any person desiring to comment on DANR's draft permit conditions must submit written comments to the address below by close of business on the thirtieth day of this public notice. Commenters are encouraged to submit their comments electronically using the comment link for this permit on DANR's One Stop Public Notice website at <https://danr.sd.gov/public>. Alternatively, written comments may be mailed to: Teresa Williams; PMB 2020; Department of Agriculture and Natural Resources; 523 East Capitol, Pierre, South Dakota 57501. Mail deposited with the U.S. Postal Service may no longer be postmarked on the day it was dropped off. To establish that you have met a public-notice deadline, you may need to send mail by certified or registered mail, request a hand-stamped postmark at the time the mail is dropped off, or include an affidavit of mailing. DANR will consider and address all comments that are timely submitted before issuing a final permit decision. DANR will notify the applicant and each person that requested notice or submitted written comments of DANR's final permit decision, including notification of any changes to the permit based on the comments.

Any person desiring to contest the issuance of this permit and have a contested case hearing must file a petition, which complies with ARSD 74:09:01:01. This petition must be filed either by close of business on the thirtieth day of this public notice or, if that person submits comments on DANR's draft permit pursuant to the paragraph above, within thirty days of receiving notice of DANR's final permit decision. Upon receipt of a petition, DANR will schedule this matter for a contested case hearing before the Board of Minerals and Environment.

If no comments or objections are received by close of business on the thirtieth day of this public notice, the draft permit becomes the final permit decision and the proposed permit will be submitted to EPA for review.

Copies of DANR's draft permit conditions and other information may be obtained from Teresa Williams, at the above address, telephone at (605) 773-3151 or the One-Stop Public Notice Page at:
