

Spill/Release Reporting

South Dakota Response Center	
DANR	(605) 773-3296
After Hours	(605) 773-3231
SARA Title III	(800) 433-2288
National Response Center	(800) 424-8802

A responsible party must report the discharge of a regulated substance to the Department of Agriculture and Natural Resources immediately.

Reportable Quantities:

- 25 gallons of any substance, liquid, dry, or gaseous (for crude oil in the SD oil fields, report if 1 barrel is released);
- 5 gallons liquid or 50 pounds dry pesticide, spilled during transportation;
- 25 pounds of active ingredient pesticide, outside secondary containment;
- Amount meets a EPCRA or CERCLA Reportable Quantity (RQ);
- Causes sheen on surface water;
- Poses a risk to human health or safety or wildlife or aquatic life; or
- Impacts or threatens to impact ground water or surface water.
