Comments :

Hello, I'm writing to comment on charging stations. Tax payers shouldn't be paying for them, convenience stores should be putting them in if they want to keep open Unless they are solar/wind powered, they aren't environmentally worth it \$50 that EV vehicles will pay for their tags won't recover the lost gas tax money that we won't get from tourist to drive on our roads Thanks, Brad L Jones 5109 S Graystone #4 Sioux Falls, SD 57108
