Telephone call to: _____ **DENR Employee Contacted:** Roberta Hudson
Operator Contacted: Stan Michals
Company: Department of Game, Fish and Parks
Telephone: _____
Staff Signature: \s/

On January 13, 2022, DANR received a hard copy of an EXNI application submitted by Dakota Territory Resources Corp. This same day, I sent an email to Stan Michals starting the 30-day review period granted agencies for EXNI's. I attached a digital copy of the EXNI application provided by Dakota Territory to the email and sent the email with a read receipt request. I received the read receipt from Stan Michals in the afternoon of January 13, 2022.

Below is the read receipt from Stan Michals noting when the agency received their email starting the 30-day review period.

Emails have been copied below.

Subject: Dakota Territory EXNI application
Importance: High

Stan,

Dakota Territory Resources Corporation has filed an Exploration Notice of Intent for an area located adjacent to and within the boundaries of the Richmond Hill Mine, ~ 4 miles northwest of Lead, SD. I have attached a copy of this EXNI to this email. If you need another copy, please let me know. Please note that under SDCL 45-6C-14, any map providing details of locations of test holes provided with this EXNI is considered confidential and is not to be distributed.

The email marks the start of your 30-day review period as per SDCL 45-6C-10.

Currently, the location of the majority of the test holes may be in areas that could be inaccessible in the winter. We are determining the viability of conducting an inspection at the site at this time. If you have any input on this matter please let me know.

Please let me know if you have any questions.

Thank you!

Roberta Hudson, PE

Engineer Manager I
Minerals and Mining Program

Lisa,

Dakota Territory Resources Corporation has filed an Exploration Notice of Intent for an area located adjacent to and within the boundaries of the Richmond Hill Mine, approximately 4 miles northwest of Lead, SD. I have attached a copy of this EXNI to this email. I have also included a copy of the Cultural Resources Survey that was provided with this application. If you need another copy, please let me know. Please note that under SDCL 45-6C-14, any map providing details of locations of test holes provided with this EXI is considered confidential and is not to be distributed.

This email marks the start of your 30-day review period as per SDCL 45-6C-11.

Currently, the location of the majority of the test holes may be in areas that could be inaccessible in the winter. We are determining the viability of conducting an inspection at the site at this time. If you have any input on this matter please let me know.

Please let me know if you have any questions.

Thank you!
