On the afternoon of Friday, September 15, 2023, I sent an email to Stan Michals providing a copy of the mineral Exploration Notice of Intent submitted by DTRC, LLC. and starting the 30-day response deadline for that application. I had sent him an earlier email but it contained the wrong references as it was for Dustin Lloyd with ARC. Below are the email and confirmation read receipt for the corrected email.

**To:** Michals, Stan <Stan.Michals@state.sd.us>  
**Subject:** FW: EXNI-449 application

Stan,

I apologize. I forwarded you the notice for ARC and not GFP. DTRC, LLC, has filed an Exploration Notice of Intent (EXNI) for an area approximately 1 mile south and 1 mile southwest of Nemo, SD. I have attached a copy of this EXNI to this email. Please note that under SDCL 45-6C-14, any map providing details of locations of test holes provided with this EXNI is considered confidential and is not to be distributed.

This email marks the start of your 30-day review period as per SDCL 45-6C-10.

We do not currently have an inspection scheduled for this site. Please let me know if you have preferred time frame to conduct an inspection in the next few weeks.

Please let me know if you have any questions.

Thank you!
