Cc: Holm, Eric <Eric.Holm@state.sd.us>; Carreiro, Matthew <Matthew.Carreiro@state.sd.us>; Mathew Albrecht <MALbrecht@dakotagoldcorp.com>
Subject: Re: [EXT] [External]Re: DTRC LLC Maitland VI Exploration Notice of Intent Application

Timm,

I have noted a couple of items on review of the application.

1. The legal description needs to be separated by township and range to prevent confusion. Please resubmit the first page of the application with the corrected legal description.
2. When reviewing the maps, it does not appear there are any new drill sites proposed in Section 13, T5N R2E. Please confirm. If not, this Section does not need to be included in the application.
3. SDCL 45-6C-9 - The maps provided are excellent. However, this statute requires a map showing all water resources, public and private wells and buildings, and existing roads and trails within one-half mile buffer from the proposed exploration area. The maps provided do not meet the half-mile buffer requirement. Please provide a map (doesn't have to include drill sites) showing this information for the one-half mile surrounding the site.

These are all of my comments. You can email corrections to me and I will get them into the file. I will be sending out the notice to the agencies soon and looking to schedule the inspection during the weeks of July 20 or 27, 2026. Let's hope the weather isn't so hot!

Let me know if there are any no-go dates during those weeks!

Thank you!

Roberta Hudson, PE
