On September 22, 2022, I sent emails to the review agencies for Mr. Nonnast's Special, Exceptional, Critical, or Unique Lands application to explain that Mr. Nonnast had made an error in the certified mail receipts for his application. I requested confirmation that each of the agencies had received a copy of the application. I received confirmation back from Stan Michals, Lisa Liang and Jenna Carlson-Dietmeier. I have printed each of those emails and attached them to this memo.

Hi, Roberta,

I am assuming that the letter I sent this morning which references Mr. Nonnast's Request for Special, Exceptional, Critical, or Unique Lands Determination suffices as written confirmation for your records, correct?

Thanks!

Everyone,

As part of a mine permit application process, a copy of the Request for Special, Exceptional, Critical, or Unique Lands Determination to several agencies for review as per ARSD 74:29:10:04. Mr. Nonnast sent a copy of his application to your agency in August 2022. However, there has been an issue that has developed with the certified mail return receipts that were to be submitted to our agency to confirm your agencies received that application. Unfortunately, these slips were resent back to your respective agencies. As a result, in an attempt to assist Mr. Nonnast in his permitting process, I am requesting that either your agency forward the return receipts to me once it is received, or in lieu of sending me those receipts please provide written confirmation that you have received a copy of Mr. Nonnast's Request for Special, Exceptional, Critical, or Unique Lands Determination for review by your agency.

Please let me know if you have any questions. You can contact me by email or phone at (605) 773-2909.

Thank you!

Lisa,

This email is confirmation enough! You do not need to send a letter in addition! Thank you!

Bobbi,
GF&P received notice from Mr. Nonnast in August of 2022. Is "written confirmation" more than this email?
