1.0 General Information

PROCESS RENEWAL APPLICATION AS (please check one):

INDIVIDUAL PERMIT APPLICATION _____
GENERAL PERMIT REQUEST _____

1.01 Applicant Information:
Name: _____
Mailing Address: _____
City, Zip Code: _____
Telephone: _____
Email Address (optional): _____

1.02 Landowner Information:
Name: _____
Mailing Address: _____
City, Zip Code: _____
Telephone: _____
Email Address (optional): _____

1.03 Operator Information:
Name: _____
Mailing Address: _____
City, Zip Code: _____
Telephone: _____
Email Address (optional): _____

1.04 Lienholder of Public Record:
Name: _____
Mailing Address: _____
City, Zip Code: _____
Telephone: _____
Email Address (optional): _____

1.05 Location of site from nearest municipality:

1.06 Legal description (quarter-quarter, section, township, range, county):

1.07 Size of site (acres): _____

1.08 This site will be used for (check all that apply):

- | | |
|--|---|
| _____ Trees and untreated wood waste | _____ Furniture, mattresses, and similar wastes |
| _____ Construction and demolition debris (no asbestos) | _____ White goods and scrap metal storage |
| _____ Waste tire storage | _____ Wood ash |
| _____ Yard waste composting | _____ Other inert wastes (describe below) |

1.09 Estimated annual tonnage to be accepted at facility:

1.10 Is the site located:

	Yes	No
In a wetland, as defined in ARSD 74:27:07:01?	_____	_____
Within 200 feet of surface water (excluding wetlands) as defined by ARSD 74:51:01:01?	_____	_____
Within 1,000 feet of any occupied dwellings, without written permission from owner(s)?	_____	_____
Within 100 feet of a property boundary, without written permission from adjacent property owner(s)?	_____	_____
Within 1,000 feet of any private or public well which supplies drinking water for human consumption?	_____	_____
Where the depth to an aquifer, as defined by ARSD 74:54:02:01, is less than 10 feet?	_____	_____
Within a 100-year floodplain?	_____	_____
Where the primary subsurface material is sand or gravel as determined by the Unified Soil Classification System?	_____	_____
In an area that adversely affects wildlife, recreation, aesthetic value of an area, or any threatened or endangered species?	_____	_____

If any of the above answers are yes, this application will be processed as an individual permit.

1.11 Distances to surface waters, including wetlands and floodplains (1/2 mile radius):

1.12 Distances to occupied buildings and names of the building owners (1/2 mile radius):

1.13 Description of the soil types at the site, based on the Unified Soil Classification System (NOTE: This information is usually found in the county soil survey. Contact local NRCS office):

1.14 Distances to domestic wells, depth of wells, and names of the landowners (1/2 mile radius):

1.15 Methods/measures used to divert surface water run-on and retain runoff at the facility:

1.16 Methods/measures used to control access to the facility:

1.17 Previous history of waste disposal activities at the facility:

1.18 Depth to nearest aquifer and ground water at the facility:

1.19 Describe the composting process to be used at the facility:

2.0 Document Submittals Required

Attach documents as indicated by the following key.

[A] For your renewal application to continue operation under the **general permit**.

[B] For your application to renew your **individual permit**.

[ALL] For **all** applications submitted.

2.01 **[A]** Affidavit of Publication of the notice of intent. (see condition 1.06, general permit).

2.02 **[ALL]** A completed Source Reduction and Recycling Plan form required by SDCL 34A-6-74 through 34A-6-78 (attached).

2.03 **[ALL]** A signed Certification of Applicant form required by SDCL 1-41-20 and SDCL 34A-6-1.10 (attached).

2.04 **[B]** If the site does not meet the siting criteria stated in condition 2.01 of the general permit or section 1.10 of this application, document efforts made to minimize potential environmental impact(s).

2.05 **[ALL]** A sketch of the site showing disposal areas, gates, fences, roads, surface water within 1,000 feet, wells within 1,000 feet, homes within 1,000 feet, and other pertinent structures. Also label all adjacent land showing who owns it.

2.06 **[ALL]** A copy of the completed application must be sent to the county and the nearest municipality for their records. Indicate in writing that you have done this.

3.0 Permit Fee

Each request for authorization or application for an individual permit must be accompanied by a fee based on the annual tonnage accepted in accordance with the following fee schedule:

Type I	Facilities receiving more than 150,000 tons per year	\$ 5,000
Type II	Facilities receiving between 5,000 and 149,999 tons per year	\$ 500
Type III	Facilities receiving between 500 and 4,999 tons per year	\$ 250
Type IV	Facilities receiving less than 500 tons per year	No fee

Note: 1. The typical tonnage of restricted use wastes (small town) can be estimated as 0.4 tons per person per year.

2. The general permit (GPRU 23-01) is applicable only to Type III and IV facilities. If you accept more than 5,000 tons per year, your application will be processed as an individual permit application.

4.0 Signatures

South Dakota Codified Law Section 34A-6-1.10 provides:

***“Responsibility and liability of owner or operator.** The owner or operator of a solid waste disposal facility that is regulated under §§ 34A-6-1.1 to 34A-6-1.38, inclusive, is responsible in perpetuity for the solid waste and liable in perpetuity for any pollution or other detrimental effect caused by the solid waste. No person may dispose of solid waste other than mine wastes in this state until the owner or operator of the solid waste disposal facility executes an agreement with the board acknowledging such perpetual responsibility and liability for the solid waste.”*

By signing this permit application, the signatory acknowledges that they have read and understand the information contained in the foregoing application and attachments, and to the best of their knowledge, the information is true and accurate. In addition, pursuant to SDCL 34A-6-1.10, I hereby agree to and accept perpetual responsibility and liability for the solid waste disposal at this facility.

**STATE OF SOUTH DAKOTA
BEFORE THE SECRETARY OF
THE DEPARTMENT OF AGRICULTURE AND NATURAL RESOURCES**

IN THE MATTER OF THE)
APPLICATION OF)
_____) **CERTIFICATION OF**
)
STATE OF _____) **APPLICANT**
)
COUNTY OF _____)

I, _____, the applicant in the above matter after being duly sworn upon oath hereby certify the following information in regard to this application:

I have read and understand South Dakota Codified Law Section 1-41-20 which provides:

"The secretary may reject an application for any permit filed pursuant to Titles 34A or 45, including any application by any concentrated swine feeding operation for authorization to operate under a general permit, upon making a specific finding that:

(1) The applicant is unsuited or unqualified to perform the obligations of a permit holder based upon a finding that the applicant, any officer, director, partner, or resident general manager of the facility for which application has been made:

- (a) Has intentionally misrepresented a material fact in applying for a permit;*
- (b) Has been convicted of a felony or other crime involving moral turpitude;*
- (c) Has habitually and intentionally violated environmental laws of any state or the United States which have caused significant and material environmental damage;*
- (d) Has had any permit revoked under the environmental laws of any state or the United States; or*
- (e) Has otherwise demonstrated through clear and convincing evidence of previous actions that the applicant lacks the necessary good character and competency to reliably carry out the obligations imposed by law upon the permit holder; or*

(2) The application substantially duplicates an application by the same applicant denied within the past five years which denial has not been reversed by a court of competent jurisdiction. Nothing in this subdivision may be construed to prohibit an applicant from submitting a new application for a permit previously denied, if the new application represents a good faith attempt by the applicant to correct the deficiencies that served as the basis for the denial in the original application.

All applications filed pursuant to Titles 34A and 45 shall include a certification, sworn to under oath and signed by the applicant, that he is not disqualified by reason of this section from obtaining a permit.

In the absence of evidence to the contrary, that certification shall constitute a prima facie showing of the suitability and qualification of the applicant. If at any point in the application review, recommendation or hearing process, the secretary finds the applicant has intentionally made any material misrepresentation of fact in regard to this certification, consideration of the application may be suspended and the application may be rejected as provided for under this section.

Applications rejected pursuant to this section constitute final agency action upon that application and may be appealed to circuit court as provided for under chapter 1-26."

I certify pursuant to 1-41-20, that as an applicant, officer, director, partner, or resident general manager of the activity or facility for which the application has been made that I; a) have not intentionally misrepresented a material fact in applying for a permit; b) have not been convicted of a felony or other crime of moral turpitude; c) have not habitually and intentionally violated environmental laws of any state or the United States which have caused significant and material environmental damage; (d) have not had any permit revoked under the environmental laws of any state or the United States; or e) have not otherwise demonstrated through clear and convincing evidence of previous actions that I lack the necessary good character and competency to reliably carry out the obligations imposed by law upon me. I also certify that this application does not substantially duplicate an application by the same applicant denied within the past five years which denial has not been reversed by a court of competent jurisdiction. Further;

"I declare and affirm under the penalties of perjury that this claim (petition, application, information) has been examined by me, and to the best of my knowledge and belief, is in all things true and correct."

Source Reduction and Recycling Plan

In accordance with South Dakota Codified Laws (SDCL) §34A-6-74 through §34A-6-78, municipalities or other political subdivisions responsible for solid waste management are required to submit a comprehensive solid waste source reduction and recycling plan to the department prior to permit issuance or renewal for any permit application.

For compliance with the sections listed above your facility must also be in compliance with SDCL §34A-6-67. SDCL §34A-6-67 bans certain materials from being landfilled in South Dakota. These banned materials are lead-acid batteries, yard waste, white goods and used oil. The general permit or an individual permit for your facility limits what materials may be accepted and how those materials may be handled.

This document, when completed along with a solid waste permit application will meet the requirements of SDCL §34A-6-74 through §34A-6-78. Please provide the requested information for the materials listed below:

<u>Material</u>	<u>Tonnage Recycled since renewal/issue*</u>	<u>Recycling Company</u>
1. White Goods:	_____	_____
2. Yard Waste:	_____	_____
3. Waste Tires:	_____	_____
4. Other:	_____	_____

* Estimated weights or units is acceptable

ATTACHMENT
South Dakota Codified Law

§34A-6-67. Landfill waste reduction targets -- Implementation dates. In order to achieve the waste reduction goals provided for under §34A-6-60, no landfill in the state may accept yard waste, lead acid batteries, waste motor oil, or white good appliances for disposal. Office and computer paper, old newspaper, magazines, telephone books, corrugated cardboard, other marketable paper products, containers made from plastic, aluminum and steel, and other municipal solid waste materials that are diverted from landfilling using appropriate methods and technology count toward the waste reduction goal. Appropriate methods and technology includes recycling facilities.

§34A-6-74. Filing of solid waste source reduction and recycling plan -- Department review and aid in development -- Hearings -- Updating of plans. Every municipality or other political subdivision responsible for solid waste management shall file with the department by January 1, 1994, a comprehensive solid waste source reduction and recycling plan detailing the method by which the municipality or other political subdivision responsible for solid waste management will comply with the requirements of §34A-6-67 to establish and implement a comprehensive solid waste source reduction and recycling program for its residents. For the purposes of this section, any public or private entity managing the solid waste stream for a municipality or county shall file one comprehensive plan on behalf of its members with the filing requirements of this section. The department shall review each comprehensive plan submitted and may reject, suggest modifications to or approve the proposed plan. The department shall aid in the development of comprehensive plans for compliance with this section and shall make available appropriate forms for the submission of comprehensive plans. The department may hold hearings for the purpose of implementing this section. The comprehensive plan required in this section shall be updated and submitted to the department for approval five years after its most recent approval. The department may, consistent with rules promulgated by the board pursuant to chapter 1-26, require the filing or updating of a plan at other times.

§34A-6-75. Plan required for issuance of new or renewed permit. Beginning July 1, 1994, no new permit for a solid waste disposal facility may be issued and no existing permit reissued or renewed unless the permit applicant, in conjunction with all local units of government whose residents, businesses or institutions generate solid waste to be stored or disposed of in the facility, has filed a plan as required in §34A-6-74.
