STATE FISCAL YEAR

2024

EXECUTIVE SUMMARY

PROGRAM OVERVIEW

The Clean Water State Revolving Fund (SRF) program was created by the 1987 amendments to the federal Clean Water Act to provide low interest loans to communities and other political subdivisions for wastewater, storm sewer and nonpoint source projects (solid waste facilities/water quality). South Dakota's first Clean Water SRF loan was made in November 1989.

The Drinking Water State Revolving Fund (SRF) program was federally authorized by the Safe Drinking Water Act Amendments of 1996 to provide low interest loans to public water systems for drinking water projects. Political subdivisions (cities and special purpose districts) and nonprofit corporations (rural water systems) are eligible to apply for South Dakota Drinking Water SRF loans. The first Drinking Water SRF loan was awarded in January 1998.

Funds are provided for the programs by means of capitalization grants awarded annually through the United States Environmental Protection Agency. For every \$5 the federal government provides to each program through annual capitalization grants, the state must match it with \$1. Through SFY 2024, the federal capitalization grants total more than \$572 million.

The South Dakota Board of Water and Natural Resources was authorized by SDCL § 46A-1-60.1 through § 46A-1-60.3 to administer a water pollution control revolving fund program and drinking water revolving fund program and to promulgate rules pursuant to chapter 1-26 to implement the provisions of this section consistent with the requirements of federal law. The board serves as the board for the South Dakota Conservancy District.

The two key federal program requirements are that loan rates are set below market rate and that all loan payments and program income revolve in the programs to provide low-interest financing for water and wastewater infrastructure in perpetuity.

As of June 30, 2024, the Conservancy District has made 1,188 State Revolving Fund awards totaling nearly \$3.4 billion.

BONDING AUTHORITY OVERVIEW

The authority for the South Dakota Conservancy District to issue bonds is established in SDCL § 46A-1-31.

Since the programs' inception, the state match requirement amounts to more than \$94.3 million. The South Dakota Conservancy District has issued revenue bonds to provide a large portion of the state match, as well as reserves required for earlier issues. An initial state appropriation was made for each program. Administrative surcharge fees paid by borrowers were used to match the 2002 and 2003 Clean Water SRF capitalization grants, a portion of the 2010 Drinking Water SRF capitalization grant, the entire 2011 – 2013 Drinking Water SRF capitalization grants.

The Conservancy District has the ability to issue revenue bonds and notes above the amount required for state match to leverage additional funds for the programs. Leveraged bonds for the Clean Water SRF program were issued in 1995, 2005, 2008, 2012, 2014, 2017, 2018, 2020,

and 2022 and in 2004, 2005, 2008, 2014, 2017, 2018, and 2022 for the Drinking Water SRF program. The total par amount of the leveraged bonds is \$685.8 million. In August 2009, the Conservancy District issued \$55 million in leveraged bond anticipation notes.

BOND HISTORY

The South Dakota Conservancy District has issued 25 bond or note series since 1989. The Conservancy District issues bonds for state match as needed. Additionally, bonds have been issued to refund prior issues and to provide leveraged funds. Table 1 itemizes the uses of the various series of bonds and notes. Summaries of previous bond and note issues are provided beginning on page 87. Table 2 shows the principal balances for the outstanding bond issues.

**Table 1
State Revolving Fund Program Bond and Note Issues**

Series	Par Amount	Clean Water SRF			Drinking Water SRF		
		Match	Refund	Leveraged	Match	Refund	Leveraged
1989	\$5,875,000	\$5,875,000					
1992	\$4,180,000	\$4,180,000					
1994	\$10,220,000	\$631,195	\$9,299,195				
1995	\$7,970,000	\$3,462,460		\$4,507,540			
1996	\$2,770,000	\$2,770,000					
1998	\$6,450,000				\$6,450,000		
2001	\$4,405,000	\$4,405,000					
2001	\$5,270,000				\$5,270,000		
2004	\$38,460,000		\$11,450,913		\$5,001,620		\$22,503,662
2005	\$50,000,000	\$1,558,349		\$41,000,000	\$1,670,500		\$7,000,414
2008	\$40,000,000	\$1,964,580		\$19,826,250	\$4,887,600		\$13,000,000
2009	\$55,000,000			\$37,455,570			\$18,221,624
2010	\$54,330,000	\$3,543,094	\$37,455,570	(\$3,543,094)		\$18,221,624	
2010A	\$38,695,000		\$26,315,168			\$12,801,699	
2010B	\$53,685,000		\$32,097,173			\$26,447,224	
2012A	\$69,775,000		\$39,624,316			\$29,991,648	
2012B	\$53,530,000	\$1,700,000	\$2,946,204	\$55,000,000		\$3,537,954	
2014A	\$9,060,000	\$4,000,000			\$5,000,000		
2014B	\$50,755,000			\$53,000,000			\$7,000,000
2017A	\$16,730,000	\$6,500,000	\$765,666		\$8,500,000	\$832,626	
2017B	\$77,870,000		\$35,961,380	\$42,531,976		\$4,711,213	\$11,006,791
2018	\$96,355,000			\$66,007,810			\$45,009,585
2020	\$76,310,000			\$100,004,289			
2022A	\$58,845,000	\$7,695,000			\$12,925,000		\$38,225,000
2022B	\$97,830,000			\$72,913,610			\$35,147,938
Total		\$48,284,678	\$195,915,585	\$488,703,951	\$49,704,720	\$96,543,988	\$197,115,014

2022B	\$66,010,000	\$31,820,000	\$97,830,000
Totals	\$308,313,985	\$143,466,015	\$451,780,000

TAX INCREASE PREVENTION AND RECONCILIATION ACT (TIPRA)

Passage of the federal Tax Increase Prevention and Reconciliation Act (TIPRA) of 2005 placed additional requirements on tax-exempt pooled financing bonds. Of particular concern to the South Dakota SRF programs was the Strengthened Reasonable Expectation Requirement. This mandated that 30 percent of net bond or note proceeds must be spent within one year and 95 percent of net proceeds must be spent within three years of the date of issue. If these objectives are not met, bonds or notes must be redeemed in an amount necessary to meet the spend-down requirement. To avoid extraordinary call provisions on fixed rate bonds, the South Dakota Conservancy District opted to issue variable rate bonds in 2008 and bond anticipation notes (BANs) in 2009. Based on the pace of disbursements on those issues, the district chose to issue fixed-rate bonds in 2012, 2014, 2017, 2018, and 2022. The spend down requirements are not applicable to the 2020 issue since it was not a pooled financing bond or the 2022A bonds since it was a taxable issuance.

ADDITIONAL SUBSIDY

The American Recovery and Reinvestment Act (ARRA) of 2009 required a portion of the ARRA funds to be awarded as “additional subsidy” to borrowers. This could be in the form of grants, negative interest rate loans, or principal forgiveness on loans. It was decided that the South Dakota SRF programs would provide additional subsidy in the form of principal forgiveness on loans.

Subsequent capitalization grants also required that a portion of the grants be awarded as additional subsidy. Since 2009, borrowers from the Clean Water SRF program have received \$61,508,101 in principal forgiveness and Drinking Water SRF borrowers have received \$125,923,315 in principal forgiveness. The Clean Water and Drinking Water projects awarded principal forgiveness can be found in Tables 9 and 12 on pages 56 and 76, respectively.

BIPARTISAN INFRASTRUCTURE LAW

The Bipartisan Infrastructure Law (BIL), also referred to as the Infrastructure Investment and Jobs Act, was signed into law on November 15, 2021. The BIL invests more than \$50 billion over the next five years in EPA water infrastructure programs including the State Revolving Funds. BIL funding was appropriated for federal fiscal years 2022-2026. South Dakota’s second year allotment for the Clean Water SRF program totals approximately \$11.2 million and for the Drinking Water SRF program totals approximately \$53.9 million. The exact amounts allocated to South Dakota’s SRF programs beyond the 2023 identified amounts are estimates only.

The BIL funding will be issued through the Clean Water SRF in two categories: 1) CWSRF BIL General Supplemental Funding and 2) CWSRF BIL Emerging Contaminants Funding. Table 3 describes the 2023 CWSRF BIL funding categories and amounts.

**Table 3
2023 CWSRF BIL Funds**

	Total Appropriation	Subsidy Percentage	Subsidy Amount	State Match Percentage	State Match Required
General Supplemental	\$10,233,000	49%*	\$5,014,170	10%	\$1,023,300
Emerging Contaminants	\$1,043,000**	100%**	\$1,043,000	0%	\$0

*The 49% additional subsidy must be provided to loan recipients meeting the affordability criteria definition.

** The balance of the 2023 CWSRF BIL Emerging Contaminants funds will be transferred to the 2023DWSRF BIL Emerging Contaminants fund.

The BIL funding will be issued through the Drinking Water SRF in three categories: 1) DWSRF BIL General Supplemental Funding, 2) DWSRF BIL Emerging Contaminants Funding, and 3) DWSRF BIL Lead Service Line Funding. Table 4 describes the 2023 DWSRF BIL funding categories and amounts.

**Table 4
2023 DWSRF BIL Funds**

	Total Appropriation	Subsidy Percentage	Subsidy Amount	State Match Percentage	State Match Required
General Supplemental	\$21,055,000	49%*	\$10,316,950	10%	\$2,105,500
Lead Service Lines	\$28,350,000**	49%*	\$13,891,500	0%	\$0
Emerging Contaminants	\$7,640,000	100%***	\$7,640,000	0%	\$0

*The 49% additional subsidy must be provided to loan recipients meeting the disadvantaged community definition.

** The 2023 DWSRF Lead Service Line funds were declined as there were not sufficient eligible projects to allocate funding towards within the timeframe allowed by EPA.

***At least 25% of these funds must be provided to loan recipients meeting the disadvantaged community definition or to public water systems serving fewer than 25,000 persons.

SRF PROGRAM INTEREST RATES

Interest rates are reviewed periodically to ensure that they are below market rate and are competitive with other funding sources such as the federal Rural Development program. The SFY 2024 interest rates for each program are summarized in the respective sections below.

Clean Water SRF Program

The term of each loan is at the discretion of the borrower provided that the proposed repayment source produces the required debt service coverage and does not exceed the useful life of the facilities being financed. In November 2023, the board set rates at 3.25 percent for loans with a term of 10 years or less, 3.50 percent for loans with a term greater than 10 years up to 20 years, and 3.75 percent for loans with a term up to 30 years. Borrowers subject to the Build America, Buy America (BABA) provisions may receive a Clean Water SRF incentive rate. In November 2023, the board set the BABA incentive rates at 3.00 percent for loans with a term of 10 years or less, 3.25 percent for loans with a term greater than 10 years up to 20 years, and 3.50 percent for loans with a term up to 30 years.

In addition to the base rates, the board has established a Clean Water SRF incentive rate for nonpoint source (NPS) projects. In November 2023, the board set the nonpoint source incentive rates at 2.50 percent for loans with a term of 10 years or less, 2.75 percent for loans with a term greater than 10 years up to 20 years, and 3.00 percent for loans with a term up to 30 years.

Drinking Water SRF Program

The term of each loan is at the discretion of the borrower provided that the proposed repayment source produces the required debt service coverage and does not exceed the useful life of the facilities being financed. In November 2023, the board set rates for public entities at 3.25 percent for loans with a term of 10 years or less, 3.50 percent for loans with a term greater than 10 years up to 20 years, and 3.75 percent for loans with a term up to 30 years. In June 2024, the board set rates for nonprofit corporation borrowers at 4.25 percent for loans with a term of 10 years or less, 4.50 percent for loans with a term greater than 10 years up to 20 years, and 4.75 percent for loans with a term up to 30 years. Additionally, all borrowers are eligible for an interim financing rate of 2.50 percent for a term not to exceed 5 years and a 0.00 percent interest rate for BIL lead service line replacement loans.

Public entities that meet the disadvantaged community criteria may receive a Drinking Water SRF loan at an interest rate below that for other recipients. In November 2023, the board set disadvantaged communities' rates at 3.25 percent for 30-year loans for communities with a median household income (MHI) between 80 percent and 100 percent of the statewide MHI. Communities with an MHI between 60 percent and 80 percent of the statewide MHI are eligible for an interest rate of 3.00 percent for loans with a term up to 30 years or 2.25 percent for loans with a term up to 10 years. Communities with an MHI less than 60 percent of the statewide MHI are eligible for an interest rate of 2.75 percent for loans with a term up to 30 years or 2.00 percent for loans with a term up to 10 years.

Borrowers that are subject to the Build America, Buy America (BABA) may receive a Drinking Water SRF loan at an incentive interest rate. In November 2023, the board set BABA incentive rates for public entities at 3.00 percent for loans with a term of 10 years or less, 3.25 percent for loans with a term greater than 10 years up to 20 years, and 3.50 percent for loans with a term up to 30 years. In June 2024, the board set BABA incentive rates for nonprofit corporation borrowers at 4.00 percent for loans with a term of 10 years or less, 4.25 percent for loans with a term greater than 10 years up to 20 years, and 4.50 percent for a term up to 30 years.

In May 2023, the disadvantaged community criteria definition was updated in ARSD 74:05:11:01(8). Residential water bills for municipalities and sanitary districts must be at least \$45 for 5,000 gallons usage or \$30 for 5,000 gallons usage for projects that will receive loan proceeds from the Drinking Water SRF Emerging Contaminates funding or Drinking Water SRF Lead Service Line Replacement funding. Residential water bills for other community water systems must be at least \$70 for 7,000 gallons usage or \$55 for 7,000 gallons usages for projects that will receive loan proceeds from the Drinking Water SRF Emerging Contaminates funding or Drinking Water SRF Lead Service Line Replacement funding.

SRF FINANACIAL TEAM

Trustee

The First National Bank in Sioux Falls was selected as trustee at the onset of the Clean Water SRF program in 1989. On September 2, 2016, the First National Bank in Sioux Falls provided the department with written notice of its intent to terminate its consultant contract as trustee. The Board of Water and Natural Resources authorized the distribution of a Request for Proposals for Trustee, Loan Servicer, and Paying Agent/Registrar on September 23, 2016. U.S. Bank NA was named Successor Trustee effective April 24, 2017.

Bond Counsel

Kutak Rock served as bond counsel for the Series 1989 and series 1992 bond issues. Altheimer & Gray served as bond counsel for the Series 1994A, 1995A, 1996A, 1998A and Series 2001 State Revolving Fund Program Bonds. In July 2003, Altheimer & Gray law firm dissolved, and Perkins Coie LLP was retained to serve as bond counsel. Perkins Coie has served as bond counsel for all subsequent transactions.

Underwriter

The Conservancy District has retained several underwriting firms to provide investment banking service since the 1989. The underwriters for each bond issue are identified in the Bond Issue Summaries section of the report.

Financial Advisor

In September 2003, PFM Financial Advisors, LLC (formerly Public Financial Management, Inc.) was retained to provide financial services related to the SRF programs. PFM prepares program cash flow models that assist in the rating and sale of the District's bonds, assesses

the financial impacts of transfers between the Clean Water and Drinking Water programs, maintenance of SRF funds in perpetuity, and short- and long-term effects of refunding some or all of the District's outstanding debt. PFM Financial Advisors prepares a capacity model designed to evaluate the impacts to current and future lending capacity considering factors including loan terms, loan rates, leveraging the programs and various methods by which required state matching funds may be provided. PFM Financial Advisors also provides guidance regarding TIPRA compliance and maintaining the SRF fund in perpetuity.

Investment Manager

The Board of Water and Natural Resources authorized distribution of a Request for Proposals for an Investment Manager for the SRF programs in January 2013. On March 11, 2013, the board selected PFM Asset Management as the investment manager, which will direct the investment of certain SRF program funds. The contract with PFM Asset Management expired March 31, 2019, and the board chose to discontinue utilizing PFM Asset Management's services. A new investment manager is not expected to be retained in the near future, and investments will be directed by staff.

OVERSIGHT

Region VIII of the Environmental Protection Agency oversees the State Revolving Fund Loan Programs. EPA assists the state in securing capitalization grants and guides the Conservancy District in its administration of the program.

The Department of Legislative Audit conducts annual financial audits of the Clean Water and Drinking Water SRF programs, and EPA conducts a program audit. The SY2023 Clean Water SRF audit by the Department of Legislative Audit found one deficiency where an incorrect number was entered into a financial statement. This was due to human error and internal controls were developed to include an internal review step to identify and review errors prior to financial statements being submitted to the Department of Legislative Audit. No deficiencies were noted by the EPA program audit and SY2023 Drinking Water SRF audit by the Department of Legislative Audit.

FISCAL YEAR 2024 PROGRAM ACTIVITY

Clean Water State Revolving Fund

The Clean Water SRF program received the 2023 federal capitalization grant of \$3,683,000 in August 2023. The capitalization grant was matched by \$736,600 of state match bond proceeds. The Clean Water SRF program also received the 2023 BIL General Supplemental capitalization grant of \$10,233,000. The BIL capitalization grant was matched by a \$1,023,300 state match. Capitalization grant and state match are supplemented by accumulated loan repayments, interest earnings, and leveraged bond proceeds.

In SFY 2024, disbursements totaling \$160,703,647 were made to borrowers. Disbursements consisted of \$13.90 million in federal funds, \$2.93 million in State match funds, \$77.49 million in leveraged bond proceeds, and \$66.38 million in principal repayments and interest earnings.

Two hundred and sixty-seven loans are in repayment, and \$41,506,589 in repayments were received during the year. Two hundred and five loans have been repaid in full, which includes those with 100 percent principal forgiveness. Forty-two loans drew no funds, and the full loan amounts were deobligated. There have been no defaults.

In SFY 2024, the Board of Water and Natural Resources awarded 37 loans and 1 loan amendment totaling \$219,689,847. Table 5 provides a synopsis of the loans that were awarded.

**Table 5
Clean Water Loans
State Fiscal Year 2024**

Recipient	Project Description	Total SRF Assistance	Principal Forgiveness	Rate	Term
Alcester (03)	Collection System Improvements - Phase I	\$1,530,000	\$766,000	3.750%	30

Beginning on page 35, additional information regarding the historical activity of the Clean Water SRF Program is provided.

Drinking Water State Revolving Fund

The Drinking Water SRF program received the 2023 federal capitalization grant of \$4,938,000 in August 2023. The capitalization grant was matched by \$987,600 of state match bond proceeds. In September 2023, the Drinking Water SRF program received the 2023 BIL General Supplemental capitalization grant of \$ 21,055,000. The BIL capitalization grant was matched by \$2,105,500 of state match proceeds. Capitalization grant and state match are supplemented by accumulated loan repayments, interest earnings, and leveraged bond proceeds.

In SFY 2024, disbursements totaling \$93,124,016 were made to borrowers. Disbursements consisted of \$21.12 million in federal funds, \$3.81 million in state match funds, \$40.96 million in leveraged bond proceeds, and \$27.23 million in principal repayments and interest earnings.

Two hundred thirty loans are in repayment, and \$17,384,917 in repayments were received during the year. One hundred and thirteen loans have been repaid in full, which includes those

with 100 percent principal forgiveness. Twenty-four loans drew no funds, and the full loan amounts were deobligated. There have been no defaults.

In SFY 2024, the board awarded 32 loans and 4 loan amendments for a total of \$108,790,070. Table 6 provides a synopsis of the loans that were awarded.

**SOUTH DAKOTA BOARD OF WATER
AND NATURAL RESOURCES
CLEAN WATER STATE REVOLVING FUND
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2024**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Authorizing Legislation

The 1988 South Dakota Legislature authorized the State Water Pollution Control Revolving Loan Fund Program, also known as the Clean Water State Revolving Fund (CWSRF) Loan Program. Additionally, the legislature appropriated \$1,200,000 and directed the South Dakota Conservancy District (SDCD) to administer the program. The SDCD was created by the Legislature under Chapter 46A-2 of the South Dakota Codified Law as a body politic and corporate for the purpose of constructing water resource facilities for the conservation, storage, distribution and utilization of water for municipal purposes within the State of South Dakota. The SDCD bonds do not constitute a debt of the State of South Dakota, or a pledge of the faith and credit of the State. Because the State of South Dakota is able to impose its will over the SDCD and the governing body is substantively the same as the governing body of the primary government, it is considered a blended component unit and, as such, the accompanying financial statements are included in the Annual Comprehensive Financial Report of the State of South Dakota. The Department of Agriculture and Natural Resources performs all of the functions of the South Dakota Conservancy District, except for quasi-legislative, quasi-judicial, advisory, and special budgetary functions, which are performed by the Board of Water and Natural Resources acting in its capacity as the Conservancy District. The CWSRF is a low interest loan program to finance the construction of wastewater facilities, storm sewers and non-point source pollution control projects. The program was created by the 1987 Clean Water Act amendments. Funds are provided to the states in the form of capitalization grants awarded annually through the United States Environmental Protection Agency. The federal capitalization grants are matched by state funds at a ratio of 5:1.

B. Fund Accounting

The CWSRF is accounted for as an enterprise fund. An enterprise fund is a proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

C. Basis of Accounting

The CWSRF follows the accrual basis of accounting. This method of accounting recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

D. Cash and Cash Equivalents

For purposes of the accompanying Statement of Net Position and Statement of Cash Flows all highly liquid investments with original maturities of 90 days or less are considered to be cash equivalents.

E. Investments

Investments are reported at fair value except for Guaranteed Investment Contracts, which are nonparticipating and, therefore, are recorded at carrying value. Unrealized gains and losses due to fluctuations in market value are included in investment income.

F. Premiums and Deferred Amounts on Refunding

Premiums and the deferred amount of refunding on bonds are amortized using the straight-line method over the life of the bonds to which they relate.

G. Revenue and Expense Recognition

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering items in connection with an enterprise fund's principal ongoing operations. The CWSRF records all revenues derived from interest on loans as operating revenues since these revenues are generated from the CWSRF's daily operations needed to carry out its purpose. Operating expenses include grants and subsidies, and contractual service expenses related to the administration of the CWSRF program.

H. Federal Capitalization Grant

Federal capitalization grant contributions are reported as nonoperating income in the Statement of Revenues, Expenses and Changes in Fund Net Position is a federally funded loan program. Information about the program is as follows:

CFDA Number:	66.458
Federal Agency:	Environmental Protection Agency
Program:	Clean Water State Revolving Fund
State Agency:	Agriculture & Natural Resources

Current Year Contributions

Loan Disbursement:	\$13,899,046
Administrative Expense:	\$ 544,973

I. Net Position

Net Position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net Position is classified in the following two components:

- Restricted - Consists of net position with constraints placed on their use by (1) Master Trust Indenture and (2) law through enabling legislation.
- Unrestricted - Consists of net position that does not meet the definition of net investment in capital assets or restricted.

When both restricted and unrestricted funds are eligible for use in payment of expenses, the type of expense to be incurred is analyzed to determine the best funding source based on available funds and plans for future projects.

J. Pension

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. Clean Water SRF contributions and net pension liability (asset) are recognized on an accrual basis of accounting.

K. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to future period or periods. These items will not be recognized as an outflow of resources until the applicable future period.

In addition to liability, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows or resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow or resources until the applicable future period.

2. CASH AND INVESTMENTS

Cash

Cash and Cash Equivalents at the end of FY24 consisted of Federated Government Obligations Funds. The South Dakota Conservancy District has adopted an Investment Policy to supplement the provisions of the Master Trust Indenture, various Series Resolutions and supplemental indentures and certain tax regulatory agreements related to the investment of funds.

Federated Government Obligations Fund was rated AAAM by Standard and Poor's Rating Group and as of 6/30/24 had a total annualized return of 5.31%.

Investments

Investments must be categorized within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

US Bank which serves as trustee to the CWSRF uses a pricing service, FT Interactive, to value investments. FT Interactive uses market approach pricing which utilizes models and pricing systems as well as mathematical tools and pricing analyst judgment. All CWSRF investments are priced by this service, which is not quoted prices in an active market, but rather significant other observable inputs; therefore, the investments are categorized as Level 2.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The maturities of the investments as of June 30, 2024 are listed below.

Level 2

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
US Treasury Bond	07/15/2024	\$ 499,040
US Treasury Bond	06/30/2024	3,000,000
US Treasury Bond	08/15/2024	6,459,765
US Treasury Bond	05/31/2025	3,920,502
		<u>\$ 13,879,307</u>

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Federal Agency Bond	10/03/2024	\$ 8,977,410
		<u>\$ 8,977,410</u>

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the CWSRF.

Excluding investments explicitly guaranteed by the U.S. Government which are not considered to have credit risk, the CWSRF held Federal Agency Bonds with a fair value of \$8,977,410 which were rated AAA by Moody's Investor Services.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, the CWSRF's investments may not be returned. As of June 30, 2024, \$89,141,678 of guaranteed investment contracts were uninsured and unregistered, with the securities held by its trust department, but not in the CWSRF's name and, as a result, were exposed to custodial credit risk. Also, investments were made in US Treasury Bonds with a market value of \$13,879,307 and in Federal Agency Bonds with a market value of \$8,977,410 were exposed to custodial credit risk.

Guaranteed Investment Contracts (GICS):

The CWSRF holds the following GICS where the rate of return is guaranteed.

	<u>Maturities</u>	<u>Contract Value</u>
Guaranteed Investment Contract	8/01/2025	\$ 18,046,383
Guaranteed Investment Contract	8/01/2026	71,095,295
		<u>\$ 89,141,678</u>

The South Dakota State Revolving Fund Master Trust Indenture requires any investment agreement to be with a guarantor whose long-term rating category is no lower than the two highest long-term rating categories. The investment is rated by Moody's Investors Service. The ratings for Guaranteed Investment Contracts are as follows:

<u>Moody's Rating</u>	<u>Contract Value</u>
Baa2*	<u>\$ 89,141,678</u>

* These guarantor's ratings are below the acceptable rating category (i.e., below Moody's Aa3). The Guaranteed Investment Contract investments have been fully collateralized with government securities in accordance with the provisions of Guaranteed Investment Contracts. These fully collateralized investments have a fair value that equates to contract value.

3. LOANS RECEIVABLE

Loans receivable consist of loans made to local governments through a loan agreement. In order for a borrower to receive a loan, evidence must be shown that the principal and interest of the loan will be repaid. Loans made from the CWSRF may be made at or below market interest rates and may be fully amortized up to thirty years. Interest rates are reduced for those loans shorter than thirty years. As of June 30, 2024, the loan receivable amount for the CWSRF program is \$484,269,510.

The allowance for doubtful accounts is determined principally on the basis of loans that are in default. Receivables are reported at the gross amount and an allowance for doubtful accounts would reduce loan receivables by the outstanding loan balances that are in default. As of June 30, 2024, the District has no loans that are in default. Loans in default would be expensed only after it has been determined the collection process has been exhausted and all legal actions have been finalized.

4. LONG-TERM DEBT

The revenue bond issues outstanding as of June 30, 2024 are as follows:

Issue	Interest Rate	Maturity Through FY	Principal Balance
Series 2010AB			
Build America Bonds (BABs)			
State Match	5.034% - 5.646%	2031	\$ 1,390,000

5. COMMITMENTS

As of June 30, 2024, the CWSRF had loan commitments with borrowers worth \$447,378,247.

6. PENSION PLAN

The Department of Agriculture and Natural Resources, (DANR), participates in the South Dakota Retirement System (SDRS), a cost-sharing, multiple-employer defined benefit pension plan established to provide retirement, disability, and survivor benefits for employees of the State and its political subdivisions. Authority for establishing, administering, and amending plan provisions is found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements, footnote disclosures, and required supplementary information. That report may be obtained by contacting the SDRS in writing at South Dakota Retirement System, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731. Additionally, the State of South Dakota's Annual Comprehensive Financial Report (ACFR) will report the State's proportionate share of the plan. The ACFR can be obtained by writing to the Department of Legislative Audit, 427 South Chapelle, c/o 500 East Capitol, Pierre, South Dakota 57501 or by calling (605)773-3595.

State law requires employees to contribute 6 percent of their salary to the plan and the employer to contribute an amount equal to the employee's contribution. The right to receive retirement benefits vests after three years of credited service. DANR contributions to the SDRS for the fiscal years ended June 30, 2024, 2023, and 2022 were \$18,120, \$16,775, and \$14,174, respectively, equal to the required contributions each year.

The net pension asset was measured as of June 30, 2023 and the estimated SDRS was 100.1% funded. At June 30, 2024, CWSRF reported an asset of \$1,058 for its proportionate share of the net pension asset. At June 30, 2024, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 30,000	\$ -
Changes in assumption	36,185	52,894
Net difference between projected and actual earnings on pension plan investments	7,046	-
Changes in Proportionate Share	7	108
Contributions after the measurement date	18,120	-
Total	<u>\$ 91,358</u>	<u>\$ 53,002</u>

7. ANNUAL AND SICK LEAVE ACCRUAL

All employees earn annual leave. Upon termination, employees are eligible to receive compensation for their accrued annual leave balances. At June 30, 2024, a liability existed for accumulated annual leave calculated at the employee's June 30, 2024 pay rate. Employees who have been continuously employed by the State of South Dakota for at least seven years prior to the date of their retirement, voluntary resignation or death will receive payment for one-fourth of their accumulated sick leave balance. This payment is not to exceed the sum of twelve weeks of employee's annual compensation. The total leave liability of \$25,964 at June 30, 2024 is shown as a liability on the Statement of Net Position.

8. RISK MANAGEMENT

The Board of Water and Natural Resources and the Department of Agriculture and Natural Resources are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Department participates in the various programs administered by the State of South Dakota. These risk management programs are funded through assessments charged to participating entities. The risk management programs include; 1) coverage for risks associated with automobile liability and general tort liability (including public officials' errors and omissions liability, medical malpractice liability, law enforcement liability, and products liability) through the State's Public Entity Pool for Liability Fund, 2) coverage of employee medical claims through the State's health insurance program, 3) coverage for unemployment benefits through the State's Unemployment Insurance Fund, and, 4) coverage for workers' compensation benefits through the State's Workers' Compensation Fund, 5) coverage for property loss through the South Dakota Property and Casualty Insurance Company, LLC. Financial information relative to the self-insurance funds administered by the State is presented in the State of South Dakota Annual Comprehensive Financial Report.

9. SUBSEQUENT EVENTS

During the week of August 5th, 2024, the South Dakota Conservancy District issued State Revolving Fund Program Bonds, Series 2024A totaling approximately \$180,000,000. The Series 2024A Bonds are proposed tax exempt bonds being issued to provide funds sufficient, together with other available moneys, (a) to provide funds in the approximate amount of \$120,000,000 to be deposited to the Clean Water Leveraged Loan Account established with respect to the Series 2024A Bonds which are to be loaned to Borrowers, (b) to provide funds in the approximate amount of \$60,000,000 to be deposited to the Drinking Water Leveraged Loan Account established with respect to the Series 2024A Bonds which are to be loaned to Borrowers, and (c) to provide funds to pay associated costs of issuance.

**SOUTH DAKOTA BOARD OF WATER
AND NATURAL RESOURCES
DRINKING WATER STATE REVOLVING FUND
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2024**

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Authorizing Legislation

The Drinking Water State Revolving Fund (DWSRF) Loan Program was federally authorized by the Safe Drinking Water Act Amendments of 1996. The state authorized the loan program in 1994 in anticipation of federal action. The Environmental Protection Agency (EPA) developed final guidance for the Drinking Water State Revolving Fund on February 28, 1997. The Board of Water and Natural Resources, acting in its capacity as the South Dakota Conservancy District, conducted a public hearing on April 15, 1997 to adopt formal administrative rules for the program. The South Dakota Conservancy District (SDCD) was created by the Legislature under Chapter 46A-2 of the South Dakota Codified Law as a body politic and corporate for the purpose of constructing water resource facilities for the conservation, storage, distribution and utilization of water for municipal purposes within the State of South Dakota. The SDCD bonds do not constitute a debt of the State of South Dakota or a pledge of the faith and credit of the State. Because the State of South Dakota is able to impose its will over the SDCD and the governing body is substantively the same as the governing body of the primary government, it is considered a blended component unit and, as such, the accompanying financial statements are included in the Annual Comprehensive Financial Report of the State of South Dakota. The Department of Agriculture and Natural Resources performs all of the functions of the South Dakota Conservancy District, except for quasi-legislative, quasi-judicial, advisory, and special budgetary functions, which are performed by the Board of Water and Natural Resources acting in its capacity as the Conservancy District. The DWSRF is a low interest loan program to finance drinking water projects. Funds are provided to the states in the form of capitalization grants awarded annually through the United States Environmental Protection Agency. The federal capitalization grants are matched by state funds at a ratio of 5:1.

B. Fund Accounting

The DWSRF is accounted for as an enterprise fund. An enterprise fund is a proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

C. Basis of Accounting

The DWSRF follows the accrual basis of accounting. This method of accounting recognizes the financial effect of transactions, events and interfund activities when they occur, regardless of the timing of related cash flows.

D. Cash and Cash Equivalents

For purposes of the accompanying Statement of Net Position and Statement of Cash Flows all highly liquid investments with original maturities of 90 days or less are considered to be cash equivalents.

E. Investments

Investments are reported at fair value except for Guaranteed Investment Contracts, which are non-participating and, therefore, are recorded at carrying value. Unrealized gains and losses due to fluctuations in market value are included in investment income.

F. Premium and Deferred Amount on Refunding

Premiums and the deferred amount on refunding on bonds are amortized using the straight line method over the life of the bonds to which they relate.

G. Revenue and Expense Recognition

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering items in connection with an enterprise fund's principal ongoing operations. The DWSRF records all revenues derived from interest on loans as operating revenues since these revenues are generated from the DWSRF's daily operations needed to carry out its purpose. Operating expenses include grants and subsidies, and contractual service expenses related to the administration of the DWSRF program.

H. Federal Capitalization Grant

Federal capitalization grant contributions are reported as nonoperating income in the Statement of Revenues, Expenses and Changes in Fund Net Position is a federally funded loan program. Information about the program is as follows:

CFDA Number:	66.468
Federal Agency:	Environmental Protection Agency
Program:	Drinking Water State Revolving Fund
State Agency:	Agriculture & Natural Resources
Current Year Contributions	
Loan Disbursement:	\$21,122,150
Administrative Expense:	\$ 812,747

I. Net Position

Net Position is the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net Position is classified in the following two components:

- Restricted - Consists of net position with constraints placed on their use by (1) Master Trust Indenture and (2) law through enabling legislation.
- Unrestricted - Consists of net position that does not meet the definition of net investment in capital assets or restricted.

When both restricted and unrestricted funds are eligible for use in payment of expenses, the type of expense to be incurred is analyzed to determine the best funding source based on available funds and plans for future projects.

J. Pension

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. Drinking Water SRF contributions and net pension liability (asset) are recognized on an accrual basis of accounting.

K. Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to future period or periods. These items will not be recognized as an outflow of resources until the applicable future period.

In addition to liability, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows or resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow or resources until the applicable future period.

2. CASH AND INVESTMENTS

Cash

Cash and Cash Equivalents at the end of FY24 consisted of Federated Government Obligations Funds. The South Dakota Conservancy District has adopted an Investment Policy to supplement the provisions of the Master Trust Indenture, various Series Resolutions and supplemental indentures and certain tax regulatory agreements related to the investment of funds.

Federated Government Obligations Fund was rated "AAAm by Standard and Poor's Rating Group and as of 6/30/24 had a total annualized return of 5.31%.

Investments

Investments must be categorized within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant other observable inputs; Level 3 inputs are significant unobservable inputs.

US Bank which serves as trustee to the DWSRF uses a pricing service, FT Interactive to value investments. FT Interactive uses market approach pricing which utilizes models and pricing systems as well as mathematical tools and pricing analyst judgement. All DWSRF investments are priced by this service, which is not quoted prices in the active market, but rather significant other observable inputs; therefore, the investments are categorized as Level 2.

Interest Rate Risk: Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The maturities of the investments as of June 30, 2024 are listed below.

Level 2

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
US Treasury Bonds	06/30/2024	\$ 1,500,000
US Treasury Bonds	07/15/2024	499,040
US Treasury Bonds	08/15/2024	9,441,195
US Treasury Bonds	05/31/2025	4,589,856
		<u>\$ 16,030,091</u>

<u>Investment</u>	<u>Maturities</u>	<u>Fair Value</u>
Federal Agency Bond	10/03/2024	\$ 997,490
		<u>\$ 997,490</u>

Credit Risk: Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations to the DWSRF.

Excluding investments explicitly guaranteed by the U.S. Government which are not considered to have credit risk, the DWSRF held Federal Agency Bonds with a fair value of \$997,490, which were rated AAA by Moody's Investor Services.

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, the DWSRF's investments may not be returned. As of June 30, 2024, \$39,207,829 of guaranteed investment contracts was uninsured and unregistered, with the securities held by its trust department, but not in the DWSRF's name and, as a result, were exposed to custodial credit risk. Also, investments made in US Treasury Bonds with a market value of \$16,030,091 and in Federal Agency Bonds with a market value of \$997,490 were exposed to custodial credit risk.

Guaranteed Investment Contracts (GICS):

The DWSRF holds the following GICS where the rate of return is guaranteed.

	<u>Maturities</u>	<u>Contract Value</u>
Guaranteed Investment Contract	8/01/2025	\$ 32,864,209
Guaranteed Investment Contract	8/01/2026	6,343,620
		<u>\$ 39,207,829</u>

The South Dakota State Revolving Fund Master Trust Indenture requires any investment agreement to be with a guarantor whose long-term rating category is no lower than the two highest long-term rating categories. The investment is rated by Moody's Investors Service. The ratings for Guaranteed Investment Contracts are as follows:

<u>Moody's Rating</u>	<u>Contract Value</u>
Baa2*	<u>\$ 39,207,829</u>

*This guarantor's rating is below the acceptable rating category (i.e., below Moody's Aa3). This investment has been fully collateralized with government securities in accordance with the provisions of Guaranteed Investment Contracts. These fully collateralized investments have a fair value that equates to contract value.

3. LOANS RECEIVABLE

Loans receivable consist of loans made to local governments and nonprofit corporations through a loan agreement. In order for a borrower to receive a loan, evidence must be shown that the principal and interest of the loan will be repaid. Loans made from the DWSRF may be made at or below market interest rates and may be fully amortized up to thirty years. Disadvantaged Communities may be eligible for lower rates or even zero percent, and may be fully amortized up to thirty years. Interest rates are reduced for those loans with shorter amortization periods. As of June 30, 2024, the loan receivable amount for the DWSRF program is \$307,189,333.

The allowance for doubtful accounts is determined principally on the basis of loans that are in default. Receivables are reported at the gross amount and an allowance for doubtful accounts would reduce loan receivables by the outstanding loan balances that are in default. As of June 30, 2024, the District has no loans that are in default. Loans in default would be expensed only after it has been determined the collection process has been exhausted and all legal actions have been finalized.

4. LONG-TERM DEBT

The Revenue bond issues outstanding as of June 30, 2024 are as follows:

Issue	Interest Rate	Maturity Through FY	Principal Balance
Series 2010AB

5. COMMITMENTS

As of June 30, 2024, the DWSRF had loan commitments with borrowers worth \$366,042,864.

6. PENSION PLAN

The Department of Agriculture and Natural Resources, (DANR), participates in the South Dakota Retirement System (SDRS), a cost-sharing, multiple-employer defined benefit pension plan established to provide retirement, disability, and survivor benefits for employees of the State and its political subdivisions. Authority for establishing, administering, and amending plan provisions is found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements, footnote disclosures, and required supplementary information. That report may be obtained by contacting the SDRS in writing at South Dakota Retirement System, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731. Additionally, the State of South Dakota's Annual Comprehensive Financial Report (ACFR) will report the State's proportionate share of the plan. The ACFR can be obtained by writing to the Department of Legislative Audit, 427 South Chapelle, c/o 500 East Capitol, Pierre, South Dakota 57501 or by calling (605)773-3595.

State law requires employees to contribute 6 percent of their salary to the plan and the employer to contribute an amount equal to the employee's contribution. The right to receive retirement benefits vests after three years of credited service. DANR contributions to the SDRS for the fiscal years ended June 30, 2024, 2023, and 2022, were \$29,271, \$25,167, and \$23,220, respectively, equal to the required contributions each year.

The net pension asset was measured as of June 30, 2023, and the estimated SDRS is 100.1% funded. At June 30, 2024, the DWSRF reported an asset of \$1,588 for its proportionate share of the net pension asset. At June 30, 2024, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources:

	<u>Deferred Outflows of Resources</u>	<u>Deferred Inflows of Resources</u>
Difference between expected and actual experience	\$ 45,008	\$ -
Changes in assumption	54,286	79,354
Net difference between projected and actual earnings on pension plan investments	10,571	-
Changes in Proportionate Share	10	161
Contributions after the measurement date	29,271	-
Total	<u>\$ 139,146</u>	<u>\$ 79,515</u>

7. ANNUAL AND SICK LEAVE ACCRUAL

All employees earn annual leave. Upon termination, employees are eligible to receive compensation for their accrued annual leave balances. At June 30, 2024, a liability existed for accumulated annual leave calculated at the employee's June 30, 2024 pay rate. Employees who have been continuously employed by the State of South Dakota for at least seven years prior to the date of their retirement, voluntary resignation or death will receive payment for one-fourth of their accumulated sick leave balance. This payment is not to exceed the sum of twelve weeks of employee's annual compensation. The total leave liability of \$56,861 at June 30, 2024, is shown as a liability on the Statement of Net Position.

8. RISK MANAGEMENT

The Board of Water and Natural Resources and the Department of Agriculture and Natural Resources are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Department participates in the various programs administered by the State of South Dakota. These risk management programs are funded through assessments charged to participating entities. The risk management programs include; 1) coverage for risks associated with automobile liability and general tort liability (including public officials' errors and omissions liability, medical malpractice liability, law enforcement liability, and products liability) through the State's Public Entity Pool for Liability Fund, 2) coverage of employee medical claims through the State's health insurance program, 3) coverage for unemployment benefits through the State's Unemployment Insurance Fund, and, 4) coverage for workers' compensation benefits through the State's Workers' Compensation Fund, 5) coverage for property loss through the South Dakota Property and Casualty Insurance Company, LLC. Financial information relative to the self-insurance funds administered by the State is presented in the State of South Dakota Annual Comprehensive Financial Report.

9. SUBSEQUENT EVENTS

During the week of August 5th, 2024, the South Dakota Conservancy District issued State Revolving Fund Program Bonds, Series 2024A totaling approximately \$180,000,000. The Series 2024A Bonds are proposed tax exempt bonds being issued to provide funds sufficient, together with other available moneys, (a) to provide funds in the approximate amount of \$120,000,000 to be deposited to the Clean Water Leveraged Loan Account established with respect to the Series 2024A Bonds which are to be loaned to Borrowers, (b) to provide funds in the approximate amount of \$60,000,000 to be deposited to the Drinking Water Leveraged Loan Account established with respect to the Series 2024A Bonds which are to be loaned to Borrowers, and (c) to provide funds to pay associated costs of issuance.

SOUTH DAKOTA
CLEAN WATER STATE REVOLVING FUND
PROGRAM INFORMATION

CLEAN WATER SRF OVERVIEW

The Clean Water SRF program was created by the 1987 Clean Water Act amendments, and in 1988 the South Dakota legislature authorized the State Water Pollution Control Revolving Loan Fund program. The legislature also appropriated \$1,200,000 and directed the South Dakota Board of Water and Natural Resources to administer the program.

Since 1989, South Dakota’s Clean Water SRF program has received federal capitalization grants totaling \$266,522,300. In federal fiscal years 2002 and 2003, because of the demand on the drinking water program, the Clean Water SRF Capitalization Grants and state match were transferred to the Drinking Water SRF program. These grants amounted to \$12,978,600, with a corresponding state match of \$2,595,720. In 2009, the Clean Water SRF program received \$19,239,000 through the American Recovery and Reinvestment Act. Through June 30, 2024, the Clean Water SRF program received \$18,971,000 grant through the Bipartisan Infrastructure Law (BIL). The state provided a match of \$1,897,000. In 2022, the Clean Water SRF program also received \$459,000 through the BIL Emerging Contaminants (EC) funding. This amount was transferred to the Drinking Water SRF Program due to lack of qualifying projects. Table 7 shows capitalization grants, state match, and leveraged funds for the Clean Water SRF program.

^a The 2002 and 2003 capitalization grants and state match were transferred to the Drinking Water SRF program. Administrative surcharge funds were used as state match.

^b Leveraged funds in the amount of \$37,455,570 were issued as part of the 2009 bond anticipation notes. When the 2010 bond anticipation notes were issued to redeem the 2009 bond anticipation notes, \$3,543,094 of leveraged bonds were converted to state match bonds.

^c The 2022 BIL EC grant was transferred to the Drinking Water SRF BIL EC fund.

Through June 30, 2024, principal repayments from borrowers totaled \$485,361,240. Principal repayments are reloaned or used for debt service on leveraged bonds. Interest payments from borrowers totaled \$112,771,786. Interest payments are reloaned or used for debt service on State Match bonds.

As of June 30, 2024, the board has made 655 Clean Water loan awards totaling \$1,851,483,947. The Clean Water SRF loan portfolio begins with Table 8, beginning on page 38,

which provides the loan amount, date, and terms. Table 9, beginning on page 56, shows the projects awarded principal forgiveness.

SOUTH DAKOTA
DRINKING WATER STATE REVOLVING FUND
PROGRAM INFORMATION

DRINKING WATER SRF OVERVIEW

The Drinking Water SRF program was federally authorized by the Safe Drinking Water Act Amendments of 1996, while the state authorized the loan program in 1994 in anticipation of federal action. EPA provided the final guidance for the Drinking Water SRF program on February 28, 1997. The South Dakota Conservancy District, acting in its capacity as the Board of Water and Natural Resources, conducted a public hearing on April 15, 1997, to adopt formal administrative rules for the program.

Since 1997, South Dakota’s Drinking Water SRF Program has received federal capitalization grants totaling \$306,235,698. Because of the demand on the Drinking Water SRF program, the 2002 and 2003 Clean Water SRF Capitalization Grants and state match were transferred to the Drinking Water SRF program. These grants amounted to \$12,978,600, with the corresponding state match of \$2,595,720 provided by administrative surcharge funds and not bond proceeds. In 2009, the Drinking Water SRF program received \$19,500,000 through the American Recovery and Reinvestment Act. Through June 30, 2024, the Drinking Water SRF program received \$39,047,000 in grant funds through the Bipartisan Infrastructure Law (BIL). The state provided a match of \$3,904,700. In 2022, the Drinking Water SRF program also received \$7,555,000 through the BIL Emerging Contaminants (EC) funding. Additionally, the Drinking Water SRF program received \$459,000 transferred from the Clean Water SRF BIL EC funding. This amount was transferred to the Drinking Water SRF Program due to lack of qualifying projects. Table 10 shows capitalization grants, state match and leveraged funds for the Drinking Water SRF program.

Table 10
Drinking Water SRF Program – Source of Funds

Federal Fiscal Year	Federal Capitalization Grant Award	State Match	Leveraged Funds	Total
1997	\$12,558,800	\$2,511,760		\$15,070,560

STATUTES

State Revolving Fund Administration

SOUTH DAKOTA CONSERVANCY DISTRICT BOARD OF WATER AND NATURAL RESOURCES

1-40-5. Water and Natural Resources Board created -- Functions -- Appointment and terms of members. The Board of Natural Resource Development is abolished. There is created a Board of Water and Natural Resources. The board shall perform all functions exercised by the former Board of Natural Resource Development. The Board of Water and Natural Resources shall consist of seven members not all of the same political party and appointed by the Governor for four-year terms. The terms of members of the Board of Water and Natural Resources who are first appointed after the effective date of this order shall be: one appointed for a term of one year; two appointed for a term of two years; two for a term of three years; and two for a term of four years, and such initial terms shall be designated by the Governor. Any member appointed to fill a vacancy arising from other than the natural expiration of a term shall serve for only the unexpired portion of the term.

1-40-9. Performance of administrative functions of conservancy district board. Except as provided in § 1-40-10, the Department of Agriculture and Natural Resources shall, under the direction and control of the secretary of agriculture and natural resources, perform all the functions of the former board of directors of the South Dakota conservancy district, created by chapter 46A-2.

1-40-10. Performance of nonadministrative functions of conservancy district board. The Board of Water and Natural Resources created by this chapter shall perform all quasi-legislative, quasi-judicial, advisory, and special budgetary functions (as defined in § 1-32-1) of the former board of directors of the South Dakota conservancy district, created by chapter 46A-2.

46A-2-1. Creation of South Dakota conservancy district -- Boundaries -- Powers. There is hereby created within the State of South Dakota, a conservancy district, to be known as the "South Dakota conservancy district." The boundaries of the district shall coincide in all particulars with the boundaries of the state of South Dakota. Such district is a governmental agency, body politic and corporate with authority to exercise the powers specified in this chapter.

46A-2-5. Board of directors abolished -- Performance of functions. The board of directors of the South Dakota conservancy district is abolished, and all its functions shall be administered by the department and board of water and natural resources, as provided by § § 1-40-9 and 1-40-10.

46A-2-11. Board of Water and Natural Resources -- Authority to sue and be sued. The Board of Water and Natural Resources shall have the power to sue and be sued in the name of the district.

State Revolving Fund Administration

SRF SUBFUNDS SRF LOAN PROGRAMS

46A-1-31. Discretionary bond issuance to finance water resources projects or developments-- Maximum amount--Issuance of bonds for purchase or financing of loans by FmHA--Issuance of bonds for revolving fund programs under federal Clean Water Act or federal Safe Drinking Water Act. In addition to the aggregate indebtedness authorized by the Legislature and Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may issue bonds in an amount not to exceed in aggregate eight million dollars at any time for the purpose of financing projects as defined in subdivision 46A-2-4(5) which are components of the statewide water plan subject to the provisions of §§ 46A-1-49 to 46A-1-52, inclusive. In addition to the aggregate indebtedness authorized by the Legislature and Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may issue bonds in any amount at any time for the purpose of purchasing or otherwise financing or providing for the purchase or payment of loans made by the United States Farmers' Home Administration to any person or public entity, whether or not the person or public entity or the project financed with the loan are located in South Dakota or formed under or recognized by South Dakota law, as community facilities loans or water and waste disposal loans, which purchasing, financing, or payment activities are hereby determined to be components of the state water plan and are authorized without regard to § 46A-2-20. The district may enter into financing agreements with the persons or public entities to secure and provide for the payment of the bonds, without regard to § 46A-2-20 or §§ 46A-1-63.1 to 46A-1-69, inclusive. The district may make payments or deposits for the purchase or payment of the loans from funds obtained from the persons or public entities, whether or not bonds have been issued. The purchase or payment of loans for persons or public entities or projects located outside of the State of South Dakota is hereby authorized and declared to be a public purpose whenever, at the discretion and in the determination of the district, the purchase or payment is expected to result in economies of scale, fees, interest savings, financing, or other benefits to the district, South Dakota persons or public entities or the State of South Dakota. The district, in the proceedings for the issuance of the bonds, shall establish the manner in which the trustee shall manage and disperse any savings for the benefit of the persons and public entities whose community facilities loans and water and waste disposal loans have been purchased or prepaid by the district. In addition to the aggregate indebtedness authorized by the Legislature and the Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may also issue bonds in any amount at any time for the purpose of funding all or part of the revolving funds required for either the state water pollution control revolving fund program or the state drinking water revolving fund program or both under either the federal Clean Water Act or federal Safe Drinking Water Act or both. The bonds issued for these revolving fund programs shall be used to purchase or otherwise finance or provide for the purchase or payment of bonds or other obligations, including the refinancing of obligations previously issued or for projects previously completed, which purchasing, financing, or payment activities are hereby determined to be components of the state water facilities plan and are authorized without regard to § 46A-2-20. The district may enter into financing agreements with such persons or public entities to secure and provide for the payment of such bonds, without regard to § 46A-2-20 or §§ 46A-1-63.1 to 46A-1-69, inclusive. The district may pledge or assign to or hold in trust for the benefit of the holder or holders of the bonds those moneys appropriated by the Legislature for the purpose of funding state contributions to the state water pollution control revolving fund program and the state drinking water revolving fund program, which moneys may be held and invested pursuant to a trust agreement for the payment of the principal of, premium, if any, and interest on, the bonds.

46A-1-32. Terms of bonds. The bonds may be issued and sold in one or more series, may be in such amounts and at such prices, may bear such date or dates, may be in such denomination or denominations, may mature at such time or times not exceeding fifty years from the respective dates thereof, may mature in such amount or amounts, may bear interest at such times and at such fixed or variable rate or rates as shall be determined by the district and without regard to any interest rate limitation appearing in any other law, may be in such form, either coupon or registered as to principal only or as to both principal and interest, may carry such registration privileges (including the conversion of a fully registered bond to a coupon bond or bonds and the conversion of a coupon bond to a fully registered bond), may be executed in such manner, may be made payable in such medium of payment, at such place or places within or without the state, may be callable or subject to purchase and retirement or tender and remarketing as determined by the district in any indenture, resolution, or other instrument. The district may take any action it deems appropriate for the purpose of implementing this section, including establishing parameters referencing current market conditions or published indices in connection with establishing interest rates, imposing maximum interest rate limitations, or establishing other parameters it deems appropriate, and may delegate the administration of specific functions within the established parameters. The district may enter into arrangements to provide additional security and liquidity for bonds, and to limit, reduce, or manage interest rate exposure with respect to bonds issued or to be issued

§ 46A-1-60.1. Water pollution control revolving fund program and state drinking water revolving fund program established - Program subfunds created - Deposits into subfunds and use thereof. The state water pollution control revolving fund program and the state drinking water revolving fund program are hereby established. Program subfunds shall be created within the water and environment fund established pursuant to § 46A-1-60. The required subfunds shall be maintained separately, and all federal, state, and other funds for use in the program shall be deposited into the respective subfund, including all federal grants for capitalization of either a state water pollution control revolving fund or a state drinking water revolving fund or both, all repayments of assistance awarded from the subfund, interest on investments made on money in the subfund, proceeds of discretionary bond issues allowed by § 46A-1-31, and principal and interest on loans made from the fund. Money in the subfund may be used only for purposes authorized under federal law. The subfund may be pledged or assigned by the district to or in trust for the holder or holders of the bonds of the district and may be transferred to and held by a trustee or trustees pursuant to § 46A-1-39.

The board shall promulgate rules pursuant to chapter 1-26, to implement the provisions of this section consistent with the requirements of federal law in order for an approved state water pollution control revolving fund or a state drinking water revolving fund to become eligible for grant funds from the United States Environmental Protection Agency.

§ 46A-1-60.2. Disbursements from and administration of water pollution control revolving fund program and state drinking water revolving fund program - Sections 46A-1-61 to 46A-1-69 inapplicable. Funds from the state water pollution control revolving fund program and the state drinking water revolving fund program shall be disbursed and administered according to rules promulgated by the Board of Water and Natural Resources pursuant to chapter 1-26, § 46A-1-65 and the provisions of §§ 46A-1-60 to 46A-1-60.3, inclusive. Sections 46A-1-61 to 46A-1-69, inclusive, do not apply to the subfund of the water and environment fund or loans therefrom pursuant to the state water pollution control revolving fund program and the drinking water revolving fund program described in §§ 46A-1-60 to 46A-1-60.3, inclusive.

The board shall promulgate rules pursuant to chapter 1-26, to implement the provisions of this section consistent with the requirements of federal law in order for an approved state water pollution control revolving fund or a state drinking water revolving fund to become eligible for grant funds from the United States Environmental Protection Agency.

§ 46A-1-60.3. Rules for selection of projects to receive funds from water pollution control revolving fund program and state drinking water revolving fund program and administration of same. The Board of Water and Natural Resources may, by rules promulgated pursuant to chapter 1-26, establish criteria and procedures for the selection of projects to receive funds from the state water pollution control revolving fund program and the state drinking water revolving fund program and for the administration of the programs.
