STATE FISCAL YEAR

2026

EXECUTIVE SUMMARY

PROGRAM OVERVIEW

The Clean Water State Revolving Fund (SRF) program was created by the 1987 amendments to the federal Clean Water Act to provide low interest loans to communities and other political subdivisions for wastewater, storm sewer and nonpoint source projects (solid waste facilities/water quality). South Dakota's first Clean Water SRF loan was made in November 1989.

The Drinking Water State Revolving Fund (SRF) program was federally authorized by the Safe Drinking Water Act Amendments of 1996 to provide low interest loans to public water systems for drinking water projects. Political subdivisions (cities and special purpose districts) and nonprofit corporations (rural water systems) are eligible to apply for South Dakota Drinking Water SRF loans. The first Drinking Water SRF loan was awarded in January 1998.

Funds are provided for the programs by means of capitalization grants awarded annually through the United States Environmental Protection Agency. For every \$5 the federal government provides to each program through annual capitalization grants, the state must match it with \$1. Through SFY 2026, the federal capitalization grants total more than \$747 million.

The South Dakota Board of Water and Natural Resources was authorized by SDCL § 46A-1-60.1 through § 46A-1-60.3 to administer a water pollution control revolving fund program and drinking water revolving fund program and to promulgate rules pursuant to chapter 1-26 to implement the provisions of this section consistent with the requirements of federal law. The board serves as the board for the South Dakota Conservancy District.

The two key federal program requirements are that loan rates are set below market rate and that all loan payments and program income revolve in the programs to provide low-interest financing for water and wastewater infrastructure in perpetuity.

As of June 30, 2026, the Conservancy District has made 1,293 State Revolving Fund awards totaling over \$3.8 billion.

BONDING AUTHORITY OVERVIEW

The authority for the South Dakota Conservancy District to issue bonds is established in SDCL § 46A-1-31.

Since the programs' inception, the state match requirement amounts to more than \$127.7 million. The South Dakota Conservancy District has issued revenue bonds to provide a large portion of the state match, as well as reserves required for earlier issues. An initial state appropriation was made for each program. Administrative surcharge fees paid by borrowers were used to match the 2002 and 2003 Clean Water SRF capitalization grants, a portion of the 2010 Drinking Water SRF capitalization grant, the entire 2011 – 2013 Drinking Water SRF capitalization grants, and portions of the 2024 - 2026 capitalization grants for both programs.

The Conservancy District has the ability to issue revenue bonds and notes above the amount required for state match to leverage additional funds for the programs. Leveraged bonds for the Clean Water SRF program were issued in 1995, 2005, 2008, 2012, 2014, 2017, 2018, 2020,

2022, 2024, 2025, and 2026, and in 2004, 2005, 2008, 2014, 2017, 2018, 2022, 2024, 2025, and 2026 for the Drinking Water SRF program. The combined total par amount of the leveraged bonds is \$1.245 billion. In August 2009, the Conservancy District issued \$55 million in leveraged bond anticipation notes.

BOND HISTORY

The South Dakota Conservancy District has issued 29 bond or note series since 1989. The Conservancy District issues bonds for state match and leveraged funds as needed. Additionally, bonds have been issued to refund prior issues to improve cash flow and lower overall interest costs. Table 1 itemizes the uses of the various series of bonds and notes. Summaries of previous bond and note issues are provided beginning on page 91. Table 2 shows the principal balances for the outstanding bond issues.

Table 1
State Revolving Fund Program Bond and Note Issues

Series	Par Amount	Clean Water SRF			Drinking Water SRF		
		Match	Refund	Leveraged	Match	Refund	Leveraged
1989	\$5,875,000	\$5,875,000					
1992	\$4,180,000	\$4,180,000					
1994	\$10,220,000	\$631,195	\$9,299,195

2026B	\$69,360,000	\$117,225,000	\$186,585,000
Totals	\$502,998,984	\$420,396,015	\$923,395,000

TAX INCREASE PREVENTION AND RECONCILIATION ACT (TIPRA)

Passage of the federal Tax Increase Prevention and Reconciliation Act (TIPRA) of 2005 placed additional requirements on tax-exempt pooled financing bonds. Of particular concern to the South Dakota SRF programs was the Strengthened Reasonable Expectation Requirement. This mandated that 30 percent of net bond or note proceeds must be spent within one year and 95 percent of net proceeds must be spent within three years of the date of issue. If these objectives are not met, bonds or notes must be redeemed in an amount necessary to meet the spend-down requirement. To avoid extraordinary call provisions on fixed rate bonds, the South Dakota Conservancy District opted to issue variable rate bonds in 2008 and bond anticipation notes (BANs) in 2009. Based on the pace of disbursements on those issues, the district chose to issue fixed-rate bonds in tax-exempt series 2012, 2014, 2017, 2018, 2022, 2024, 2025, and 2026. The spend down requirements are not applicable to the 2020 issue since it was not a pooled financing bond or the taxable bond series issued since 2012.

ADDITIONAL SUBSIDY

The American Recovery and Reinvestment Act (ARRA) of 2009 required a portion of the ARRA funds to be awarded as “additional subsidy” to borrowers. This could be in the form of grants, negative interest rate loans, or principal forgiveness on loans. It was decided that the South Dakota SRF programs would provide additional subsidy in the form of principal forgiveness on loans.

Subsequent capitalization grants also required that a portion of the grants be awarded as additional subsidy. Since 2009, borrowers from the Clean Water SRF program have received \$50,935,030 in principal forgiveness and Drinking Water SRF borrowers have received \$106,112,994 in principal forgiveness. The Clean Water and Drinking Water projects awarded principal forgiveness can be found in Tables 9 and 12 on pages 65 and 86, respectively.

INFRASTRUCTURE INVESTMENT AND JOBS ACT

The Infrastructure Investment and Jobs Act (IIJA), also referred to as the Bipartisan Infrastructure Law (BIL), was signed into law on November 15, 2021. The IIJA invests more than \$50 billion over the next five years in EPA water infrastructure programs including the State Revolving Funds. IIJA funding was appropriated for federal fiscal years 2022-2026.

The IIJA funding will be issued through the Clean Water SRF in two categories: 1) CWSRF IIJA General Supplemental Funding and 2) CWSRF IIJA Emerging Contaminants (EC) Funding. Table 3 describes the 2025 and 2026 CWSRF IIJA funding categories and amounts.

Table 3
2025 and 2026 CWSRF IIJA Funds

	Total Appropriation	Subsidy Percentage	Subsidy Amount	State Match Percentage	State Match Required
2025 General Supplemental	\$12,094,000	49% ^a	\$5,926,060	20%	\$2,418,800
2025 Emerging Contaminants	\$1,043,000 ^b	100%	\$1,043,000	0%	\$0
2026 General Supplemental	\$12,094,000	49% ^a	\$5,926,060	20%	\$2,418,800
2026 Emerging Contaminants	\$1,043,000 ^b	100%	\$1,043,000	0%	\$0

^a The 49% additional subsidy must be provided to loan recipients meeting the affordability criteria definition.

^b As of June 30, 2026, the 2025 CWSRF IIJA EC funding was awarded and is pending transfer to the DWSRF IIJA EC program due to lack of eligible projects. The 2026 CWSRF IIJA EC funds were applied for but not yet awarded. Once awarded, these funds will also be transferred to the DWSRF IIJA EC program.

The IIJA funding will be issued through the Drinking Water SRF in three categories: 1) DWSRF IIJA General Supplemental Funding, 2) DWSRF IIJA Emerging Contaminants Funding, and 3) DWSRF IIJA Lead Service Line Funding. Table 4 describes the 2025 and 2026 DWSRF IIJA funding categories and amounts.

Table 4
2025 and 2026 DWSRF IIJA Funds

	Total Appropriation	Subsidy Percentage	Subsidy Amount	State Match Percentage	State Match Required
2025 General Supplemental	\$24,898,000	49% ^a	\$12,200,020	20%	\$4,979,600
2025 Lead Service Lines	\$28,650,000 ^b	49% ^a	\$14,038,500	0%	\$0
2025 Emerging Contaminants	\$7,640,000	100% ^c	\$7,640,000	0%	\$0
2026 General Supplemental	\$24,888,000	49% ^a	\$12,195,120	20%	\$4,977,600
2026 Lead Service Lines	\$27,456,000	49% ^a	\$13,453,440	0%	\$0
2026 Emerging Contaminants	\$7,640,000	100% ^c	\$7,640,000	0%	\$0

^a The 49% additional subsidy must be provided to loan recipients meeting the disadvantaged community definition.

^b The 2025 DWSRF Lead Service Line funds were declined as there were not sufficient eligible projects to allocate funding towards within the timeframe allowed by EPA.

^c At least 25% of these funds must be provided to loan recipients meeting the disadvantaged community definition or to public water systems serving fewer than 25,000 persons.

SRF PROGRAM INTEREST RATES

Interest rates are reviewed periodically to ensure that they are below market rate and are competitive with other funding sources such as the federal Rural Development program. The SFY 2026 interest rates for each program are summarized in the respective sections below.

Clean Water SRF Program

The term of each loan is at the discretion of the borrower provided that the proposed repayment source produces the required debt service coverage and does not exceed the useful life of the facilities being financed. In September 2025, the board set rates at 3.50 percent for loans with a term of 10 years or less, 3.75 percent for loans with a term greater than 10 years up to 20 years, and 4.00 percent for loans with a term up to 30 years. Borrowers subject to the Build America, Buy America (BABA) provisions may receive a Clean Water SRF incentive rate. In September 2025, the board set the BABA incentive rates at 3.25 percent for loans with a term of 10 years or less, 3.50 percent for loans with a term greater than 10 years up to 20 years, and 3.75 percent for loans with a term up to 30 years. Additionally, all borrowers are eligible for an interim financing rate of 2.50 percent for a term not to exceed 5 years.

In addition to the base rates, the board has established a Clean Water SRF incentive rate for nonpoint source (NPS) projects. In September 2025, the board set the nonpoint source

incentive rates at 2.75 percent for loans with a term of 10 years or less, 3.00 percent for loans with a term greater than 10 years up to 20 years, and 3.25 percent for loans with a term up to 30 years.

Drinking Water SRF Program

The term of each loan is at the discretion of the borrower provided that the proposed repayment source produces the required debt service coverage and does not exceed the useful life of the facilities being financed. In September 2025, the board set rates for public entities at 3.50 percent for loans with a term of 10 years or less, 3.75 percent for loans with a term greater than 10 years up to 20 years, and 4.00 percent for loans with a term up to 30 years. In September 2025, the board set rates for nonprofit corporation borrowers at 4.50 percent for loans with a term of 10 years or less, 4.75 percent for loans with a term greater than 10 years up to 20 years, and 5.00 percent for loans with a term up to 30 years. Additionally, all borrowers are eligible for an interim financing rate of 2.50 percent for a term not to exceed 5 years and a 0.00 percent interest rate for IJA lead service line replacement loans.

Public entities that meet the disadvantaged community criteria may receive a Drinking Water SRF loan at an interest rate below that for other recipients. In September 2025, the board set disadvantaged communities' rates at 3.75 percent for 30-year loans for communities with a median household income (MHI) between 80 percent and 100 percent of the statewide MHI. Communities with an MHI between 60 percent and 80 percent of the statewide MHI are eligible for an interest rate of 3.50 percent for loans with a term up to 30 years or 2.75 percent for loans with a term up to 10 years. Communities with an MHI less than 60 percent of the statewide MHI are eligible for an interest rate of 3.25 percent for loans with a term up to 30 years or 2.50 percent for loans with a term up to 10 years.

Borrowers that are subject to Build America, Buy America (BABA) may receive a Drinking Water SRF loan at an incentive interest rate. In September 2025, the board set BABA incentive rates for public entities at 3.25 percent for loans with a term of 10 years or less, 3.50 percent for loans with a term greater than 10 years up to 20 years, and 3.75 percent for loans with a term up to 30 years. In September 2025, the board set BABA incentive rates for nonprofit corporation borrowers at 4.25 percent for loans with a term of 10 years or less, 4.50 percent for loans with a term greater than 10 years up to 20 years, and 4.75 percent for a term up to 30 years.

Public entities that meet the disadvantaged community criteria and are subject to BABA may receive a Drinking Water SRF loan at an interest rate below that for other recipients. In September 2025, the board set disadvantaged communities subject to BABA rates at 3.50 percent for 30-year loans for communities with a median household income (MHI) between 80 percent and 100 percent of the statewide MHI. Communities with an MHI between 60 percent and 80 percent of the statewide MHI are eligible for an interest rate of 3.25 percent for loans with a term up to 30 years or 2.50 percent for loans with a term up to 10 years. Communities with an MHI less than 60 percent of the statewide MHI are eligible for an interest rate of 3.00 percent for loans with a term up to 30 years or 2.25 percent for loans with a term up to 10 years.

In May 2023, the disadvantaged community criteria definition was updated in ARSD 74:05:11:01(8). Residential water bills for municipalities and sanitary districts must be at least \$45 for 5,000 gallons usage or \$30 for 5,000 gallons usage for projects that will receive loan proceeds

from the Drinking Water SRF Emerging Contaminates funding or Drinking Water SRF Lead Service Line Replacement funding. Residential water bills for other community water systems must be at least \$70 for 7,000 gallons usage or \$55 for 7,000 gallons usages for projects that will receive loan proceeds from the Drinking Water SRF Emerging Contaminates funding or Drinking Water SRF Lead Service Line Replacement funding.

SRF FINANACIAL TEAM

Trustee

The First National Bank in Sioux Falls was selected as trustee at the onset of the Clean Water SRF program in 1989. On September 2, 2016, the First National Bank in Sioux Falls provided the department with written notice of its intent to terminate its consultant contract as trustee. The Board of Water and Natural Resources authorized the distribution of a Request for Proposals for Trustee, Loan Servicer, and Paying Agent/Registrar on September 23, 2016. U.S. Bank NA was named Successor Trustee effective April 24, 2017.

Bond Counsel

Kutak Rock served as bond counsel for the Series 1989 and series 1992 bond issues. Altheimer & Gray served as bond counsel for the Series 1994A, 1995A, 1996A, 1998A and Series 2001 State Revolving Fund Program Bonds. In July 2003, Altheimer & Gray law firm dissolved, and Perkins Coie LLP was retained to serve as bond counsel. Perkins Coie has served as bond counsel for all subsequent transactions.

Underwriter

The Conservancy District has retained several underwriting firms to provide investment banking service since 1989. The underwriters for each bond issue are identified in the Bond Issue Summaries section of the report.

Financial Advisor

In September 2003, PFM Financial Advisors, LLC (formerly Public Financial Management, Inc.) was retained to provide financial services related to the SRF programs. PFM prepares program cash flow models that assist in the rating and sale of the District's bonds, assesses the financial impacts of transfers between the Clean Water and Drinking Water programs, maintenance of SRF funds in perpetuity, and short- and long-term effects of refunding some or all of the District's outstanding debt. PFM Financial Advisors prepares a capacity model designed to evaluate the impacts to current and future lending capacity considering factors including loan terms, loan rates, leveraging the programs and various methods by which required state matching funds may be provided. PFM Financial Advisors also provides guidance regarding TIPRA compliance and maintaining the SRF fund in perpetuity.

Investment Manager

The Board of Water and Natural Resources authorized distribution of a Request for Proposals for an Investment Manager for the SRF programs in January 2013. On March 11, 2013, the board selected PFM Asset Management as the investment manager, which directed the investment of certain SRF program funds. The contract with PFM Asset Management expired March 31, 2019, and the board chose to discontinue utilizing PFM Asset Management's services. A new investment manager is not expected to be retained in the near future, and necessary investments will be directed by staff.

OVERSIGHT

Region VIII of the Environmental Protection Agency oversees the State Revolving Fund Loan Programs. EPA assists the state in securing capitalization grants and guides the Conservancy District in its administration of the program.

The Department of Legislative Audit conducts annual financial audits of the Clean Water and Drinking Water SRF programs, and EPA conducts a program audit. No deficiencies were noted by the EPA program audit and SFY2025 audit by the Department of Legislative Audit.

FISCAL YEAR 2026 PROGRAM ACTIVITY

Clean Water State Revolving Fund

The Clean Water SRF program received the 2025 federal capitalization grant of \$7,788,000 in August 2025. The 2025 capitalization grant was matched by \$1,557,600 state match bond proceeds. The Clean Water SRF program also received the 2025 IIJA General Supplemental capitalization grant of \$12,094,000. The 2025 IIJA capitalization grant was matched by a \$2,418,800 state match bond proceeds. The Clean Water SRF program received the 2026 federal capitalization grant of \$3,507,000 in June 2026. The 2026 capitalization grant was matched by \$537,661 of state match bond proceeds and \$163,739 administrative surcharge funds. The Clean Water SRF program also received the 2026 IIJA General Supplemental capitalization grant of \$12,094,000. The 2026 IIJA capitalization grant was matched by a \$2,418,800 \$ administrative surcharge funds. The Clean Water SRF program also received the 2024 IIJA Emerging Contaminants (EC) capitalization grant of \$1,043,000 in September 2025, which was transferred to the Drinking Water SRF IIJA EC program in November 2025. The 2025 IIJA CWSRF EC capitalization grant of \$1,043,000 was received in June 2026. As of June 30, 2026, the 2025 CWSRF IIJA EC capitalization grant was pending transfer to the Drinking Water SRF IIJA EC program. The 2026 IIJA CWSRF EC capitalization grant has been applied for but was not awarded as of June 30, 2026. Due to the lack of eligible CWSRF projects, all CWSRF IIJA EC capitalization grants have been transferred to the DWSRF IIJA EC program. Capitalization grants and state match are supplemented by accumulated loan repayments, interest earnings, and leveraged bond proceeds.

In SFY 2026, disbursements totaling \$195,337,808 were made to borrowers. Disbursements consisted of \$46.22 million in capitalization grant proceeds, \$8.0 million in State

match funds, \$102.08 million in leveraged bond proceeds, and \$39.04 million in principal repayments and interest earnings. Three hundred and thirty-seven loans are in repayment, and \$45,784,330 in repayments were received during the year

In SFY 2026, the Board of Water and Natural Resources awarded 32 loans totaling \$201,770,400. Table 5 provides a synopsis of the loans that were awarded.

Table 5

Beginning on page 43, additional information regarding the historical activity of the Clean Water SRF Program is provided.

Drinking Water State Revolving Fund

The Drinking Water SRF (DWSRF) program received the 2025 federal capitalization grant of \$10,906,000 in August 2025. The capitalization grant was matched by \$2,181,200 of state match bond proceeds. The DWSRF program also received the 2025 IJA General Supplemental capitalization grant of \$24,898,000. The IJA capitalization grant was matched by \$4,979,600 of state match proceeds. The DWSRF program received the 2026 federal capitalization grant of \$3,842,000 in June 2026. The capitalization grant was matched by \$768,400 of administrative surcharge fees. The DWSRF program also received the 2026 IJA General Supplemental capitalization grant of \$ 24,888,000. The IJA capitalization grant was matched by \$4,977,600 of state match proceeds and administrative surcharge fees. In FY25, a portion of the 2024 DWSRF IJA EC capitalization grant was awarded. The remaining \$1,052,000 of the 2024 DWSRF IJA EC capitalization grant was awarded in June 2026. The 2025 DWSRF IJA EC capitalization grant of \$7,640,000 was awarded in August 2025. The 2026 DWSRF IJA EC capitalization grant of \$7,640,000 was awarded in June 2026. The DWSRF IJA EC capitalization grant awards do not have state match requirements. Capitalization grants and state match proceeds are supplemented by accumulated loan repayments, interest earnings, and leveraged bond proceeds.

In SFY 2026, disbursements totaling \$226,056,782 were made to borrowers. Disbursements consisted of \$67.88 million in capital grant proceeds, \$16.02 million in state match funds, \$128.75 million in leveraged bond proceeds, and \$13.40 million in principal repayments and interest earnings. Two hundred and ninety-four loans are in repayment, and \$24,599,714 in repayments were received during the year.

In SFY 2026, the board awarded 19 loans for a total of \$57,840,000. Table 6 provides a synopsis of the loans that were awarded.

STATE REVOLVING FUND

FINANCIAL STATEMENTS
(Unaudited)

SOUTH DAKOTA BOARD OF WATER AND NATURAL RESOURCES
CLEAN WATER STATE REVOLVING FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the South Dakota Board of Water and Natural Resources Clean Water State Revolving Fund's (Fund) financial report presents a narrative overview and analysis of the financial activities of the Fund for the fiscal year ended June 30, 2026. This analysis has been prepared by management of the Department and is intended to be read in conjunction with the Independent Auditor's Report, financial statements and notes to the financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Fund's basic financial statements. The Fund's basic financial statements include: 1) Statement of Net Position, 2) Statement of Revenues, Expenses and Changes in Fund Net Position, 3) Statement of Cash Flows, and 4) Notes to the Financial Statements. The report also contains required supplementary information on the South Dakota Retirement System.

The Statement of Net Position presents information on all the Fund's assets and liabilities, with the difference between the two reported as net position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents information showing how the Fund's net position changed during the most recent fiscal year.

The Statement of Cash Flows presents the Fund's flows of cash by defined categories. The primary purpose of the Statement of Cash Flows is to provide information about the Fund's cash receipts and payments during the year.

The Notes to the Financial Statements are an integral part of the financial statements and provide additional information that is essential to a full understanding of the data provided in the financial statements.

Effective FY26, the Fund implemented GASB 103, which updates the proprietary fund reporting model by refining operating vs. nonoperating definitions, reclassifying financing-related items as nonoperating, requiring new subtotals for noncapital subsidies, and revising the ordering of revenues and expenses in the Statement of Revenues, Expenses, and Changes in Fund Net Position. As a result, FY26 financial statements are not directly comparable to prior issued financial statements. Interest expense and bond issuance costs, previously reported as operating, are now nonoperating, significantly affecting operating income or loss. FY25 amounts have been revised for comparability.

FINANCIAL SUMMARY

NET POSITION

DETAILED ANALYSES

FY26 program activity contributed to a \$40.4 million increase in net position, bringing total net position to \$329.0 million, up 13.98% from FY25. Total assets rose 11.92%, largely from increased loan balances funded by bond proceeds, capitalization grants, and recycled inflows,

while liabilities increased 10.75% mainly due to the 2026AB Series bond issuance as noted in the long-term financing activity section below.

Operating revenue increased 40.22% to \$16.5 million, driven largely by a 25.95% increase in loans receivable and the interest and fees associated with them. Operating expenses grew modestly by 5.67% to \$9.8 million, resulting in operating income of \$6.7 million—more than double the adjusted FY25 operating income of \$2.5 million. The impact of GASB 103 is evident when comparing these results to last year's stated FY25 operating loss of \$13.7 million.

Nonoperating activity experienced substantial shifts during the year. Federal capitalization grant revenue increased sharply up 736.17% to \$46.9 million. This category can fluctuate significantly from year to year based on spend-down requirements and the timing of loan disbursements. Interest expense also rose by 19.83%. In addition, based on program demands and the need for taxable borrower purposes in the Drinking Water SRF, \$25 million in taxable proceeds were transferred from the Clean Water SRF to the Drinking Water SRF, and \$25 million in tax-exempt proceeds were transferred from the Drinking Water SRF to the Clean Water SRF. Overall, nonoperating activity resulted in a net expense of \$13.7 million, compared to \$9.0 million in FY25.

SIGNIFICANT CAPITAL ASSET AND LONG-TERM FINANCING ACTIVITY

In FY26, the Fund issued the Series 2026AB Revenue Bonds with a par amount of \$70.8 million and a premium of \$6.0 million. Proceeds were used to expand lending capacity for future clean-water projects and to cover issuance-related costs. The Fund's bonds maintained the highest credit ratings—AAA from Standard & Poor's and Aaa from Moody's—reflecting strong financial management and stable program performance.

The new debt issuance contributed significantly to the 10.75% increase in total liabilities, rising to \$578.8 million. The added leverage supported a 25.95% increase in loans receivable, which grew by \$158.4 million and was funded by the bond proceeds, federal capitalization grants, and recycled repayments. These financing activities directly influenced a 11.92% increase in total assets and helped support the Fund's continued ability to meet statewide clean-water infrastructure needs.

More detailed information regarding long-term debt is included in Note 5, and subsequent events related to debt activity are provided in Note 11.

CURRENT KNOWN FACTS, DECISIONS, OR CONDITIONS

South Dakota continues to face demographic challenges, with many small rural communities and only two cities exceeding 50,000 residents. The Fund remains a critical resource for meeting statewide infrastructure needs. In FY26, the program obligated approximately \$201.7 million to 32 projects, reflecting sustained demand for affordable financing.

As of June 30, 2026, the Clean Water SRF program reported loan commitments totaling \$404.2 million, indicating a strong pipeline of future lending needs. To support this demand, on September 24, 2026, the South Dakota Board of Water and Natural Resources approved the

issuance of Series 2026CD State Revolving Fund Program Bonds totaling approximately \$180 million. The transaction is expected to close in mid-November 2026.

The bond structure provides significant new lending capacity:

- Series 2026C (Taxable) – Approximately \$25 million for the Drinking Water Leveraged Loan Account, along with funds for issuance costs.
- Series 2026D (Tax-Exempt) – Approximately \$125 million for the Clean Water Leveraged Loan Account, \$30 million for the Drinking Water Leveraged Loan Account, and funds for issuance costs.

These issuances follow the FY26 Series 2026AB Revenue Bonds, which increased total liabilities by 10.75% and helped fund the 25.95% rise in loans receivable. The additional Series 2026CD borrowing will further enhance the Fund's ability to meet FY27 and FY28 project demand.

Looking ahead, management expects strong project demand to continue, supported by the new Series 2026CD bond proceeds, recycled loan repayments, ongoing federal capitalization grant awards, and stable borrower repayment performance. No unusual or infrequent transactions are currently known that would materially affect FY27 financial results.

Note 1 - Organization

The 1988 South Dakota Legislature authorized the State Water Pollution Control Revolving Loan Fund Program, also known as the Clean Water State Revolving Fund (CWSRF) Loan Program. Additionally, the legislature appropriated \$1,200,000 and directed the South Dakota Conservancy District (SDCD) to administer the program. The SDCD was created by the Legislature under Chapter 46A-2 of the South Dakota Codified Law as a body politic and corporate for the purpose of constructing water resource facilities for the conservation, storage, distribution and utilization of water for municipal purposes within the State of South Dakota. The SDCD bonds do not constitute a debt of the State of South Dakota, or a pledge of the faith and credit of the state. Because the State of South Dakota is able to impose its will over the SDCD and the governing body is substantively the same as the governing body of the primary government, it is considered a blended component unit and, as such, the accompanying financial statements are included in the Annual Comprehensive Financial Report of the State of South Dakota. The Department of Agriculture and Natural Resources performs all of the functions of the South Dakota Conservancy District, except for quasi-legislative, quasi-judicial, advisory, and special budgetary functions, which are performed by the Board of Water and Natural Resources acting in its capacity as the Conservancy District. The CWSRF is a low interest loan program to finance the construction of wastewater facilities, storm sewers and non-point source pollution control projects. The program was created by the 1987 Clean Water Act amendments. Funds are provided to the states in the form of capitalization grants awarded annually through the United States Environmental Protection Agency. The state provides matching funds equal to one dollar for every five dollars of federal capitalization grants.

Note 2 - Summary of Significant Accounting Policies

For FY26, the South Dakota Conservancy District implemented GASB Statement No. 103, Financial Reporting Model Improvements. This GASB standard establishes uniform guidelines for distinguishing operating vs. nonoperating categories and introduces a distinct subtotal and section for 'noncapital subsidies' presented on the Statement of Revenues, Expenses, and Changes in Fund Net Position. The standard also refines the MD&A strictly to five required sections that focus on targeted sections that focus on targeted content and analysis in a more accessible narrative.

Fund Accounting

The CWSRF is accounted for as an enterprise fund. An enterprise fund is a proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

Basis of Accounting

The CWSRF follows the accrual basis of accounting. This method of accounting recognizes the financial effect of transactions, events, and interfund activities when they occur, regardless of the timing of related cash flows.

Cash and Cash Equivalents

For purposes of the accompanying statement of net position and statement of cash flows all highly liquid investments with original maturities of 90 days or less are considered to be cash equivalents.

Investments

Investments are reported at fair value except for Guaranteed Investment Contracts, which are nonparticipating and, therefore, are recorded at carrying value. Unrealized gains and losses due to fluctuations in market value are included in investment income.

Premiums and Deferred Amounts on Refunding

Premiums and the deferred amount of refunding on bonds are amortized using the straight-line method over the life of the bonds to which they relate.

Revenue and Expense Recognition

Enterprise funds distinguish operating revenues and expenses from nonoperating items. operating revenues and expenses generally result from providing services and producing and delivering items in connection with an enterprise fund's principal ongoing operations. The CWSRF records all revenues derived from interest on loans as operating revenues since these revenues are generated from the CWSRF's daily operations needed to carry out its purpose. Operating expenses include personal services and grants, and contractual service expenses related to the administration of the CWSRF program.

Federal Capitalization Grant

Federal capitalization grant contributions are reported as noncapital subsidies in the statement of revenues, expenses, and changes in fund net position. Information about the program is as follows:

CFDA Number:	66.458
Federal Agency:	Environmental Protection Agency
Program:	Clean Water State Revolving Fund
State Agency:	Agriculture & Natural Resources

Current Year Contributions

Loan Disbursement:	\$ 46,223,339
Administrative Expense:	\$ 624,170

Net Position

Net Position is classified in the following two components:

- Restricted - Consists of net position with constraints placed on their use by (1) Master Trust Indenture and (2) law through enabling legislation.
- Unrestricted - Consists of net position that does not meet the definition of net investment in capital assets or restricted.

When both restricted and unrestricted funds are eligible for use in payment of expenses, the type of expense to be incurred is analyzed to determine the best funding source based on available funds and plans for future projects.

Pension

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. CWSRF contributions and net pension liability (asset) are recognized on an accrual basis of accounting.

Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that applies to future period or periods. These items will not be recognized as an outflow of resources until the applicable future period.

In addition to liability, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows of resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow of resources until the applicable future period.

Note 3 – Cash and Investments

Cash

Cash and Cash Equivalents at the end of FY26 consisted of Federated Government Obligations Funds. The South Dakota Conservancy District has adopted an Investment Policy to supplement the provisions of the Master Trust Indenture, various Series Resolutions and supplemental indentures and certain tax regulatory agreements related to the investment of funds.

Federated Government Obligations Fund was rated AAAM by Standard and Poor's Rating Group and as of June 30, 2026, had a total annualized return of 3.82%.

Investments

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, the Clean Water State Revolving Fund's investments may not be returned. As of June 30, 2026, \$22,526,102 of guaranteed investment contracts were uninsured and unregistered, with the securities held by its trust department, but not in the CWSRF's name and, as a result, were exposed to custodial credit risk.

Guaranteed Investment Contracts (GICS):

The CWSRF holds the following GICS where the rate of return is guaranteed.

	<u>Maturities</u>	<u>Contract Value</u>
Guaranteed Investment Contract	8/01/2026	\$ 22,526,102

The South Dakota State Revolving Fund Master Trust Indenture requires any investment agreement to be with a guarantor whose long-term rating category is no lower than the two highest long-term rating categories. The investment is rated by Moody's Investors Service. The ratings for Guaranteed Investment Contracts are as follows:

<u>Moody's Rating</u>	<u>Contract Value</u>
Baa1*	\$ 22,526,102

* These guarantor's ratings are below the acceptable rating category (i.e., below Moody's Aa3). The Guaranteed Investment Contract investments have been fully collateralized with government securities in accordance with the provisions of Guaranteed Investment Contracts. These fully collateralized investments have a fair value that equates to contract value.

Note 4 – Loans Receivable

Loans receivable consist of loans made to local governments through a loan agreement. In order for a borrower to receive a loan, evidence must be shown that the principal and interest of the loan will be repaid. Loans made from the CWSRF may be made at or below market interest rates and may be fully amortized up to thirty years. Interest rates are reduced for those loans shorter than thirty years. As of June 30, 2026, the loan receivable amount for the CWSRF program is \$768,894,549.

The allowance for doubtful accounts is determined principally on the basis of loans that are in default. Receivables are reported at the gross amount and an allowance for doubtful accounts would reduce loan receivables by the outstanding loan balances that are in default. As of June 30, 2026, the District has no loans that are in default. Loans in default would be expensed only after it has been determined the collection process has been exhausted and all legal actions have been finalized.

Note 5 - Long-Term Debt

On March 31, 2026, the South Dakota Conservancy District issued \$1,455,000 in Taxable Revenue Bonds, Series 2026A, and issued \$69,360,000 Tax-exempt Revenue Bonds, Series 2026B. The bond proceeds provided \$76,500,000 to be loaned to borrowers and provided additional funds to pay associated costs of issuance.

The following is a summary of the sources and uses for the CWSRF fiscal year 2026 Bond Issue:

<u>Sources:</u>	Series 2026A (Taxable)	Series 2026B (Tax-Exempt)	Total
Bond Proceeds (Par)	\$ 1,455,000	\$ 69,360,000	\$ 70,815,000
Premium	55,602	5,977,862	6,033,464
Total Sources of Funds	<u>\$ 1,510,602</u>	<u>\$ 75,337,862</u>	<u>\$ 76,848,464</u>
<u>Uses:</u>			
Deposit to Loan Fund	\$ 1,500,000	\$ 75,000,000	\$ 76,500,000
Cost of Issuance	6,281	181,802	188,083
Underwriter's Discount	4,321	156,060	160,381
Total Uses of Funds	<u>\$ 1,510,602</u>	<u>\$ 75,337,862</u>	<u>\$ 76,848,464</u>

The revenue bond issues outstanding as of June 30, 2026, are as follows:

Note 6 - Commitments

As of June 30, 2026, the CWSRF program had loan commitments with borrowers worth \$404,171,858.

Note 7 - Pension Plan

The Department of Agriculture and Natural Resources, (DANR), participates in the South Dakota Retirement System (SDRS), a cost-sharing, multiple-employer defined benefit pension plan established to provide retirement, disability, and survivor benefits for employees of the State and its political subdivisions. Authority for establishing, administering, and amending plan provisions is found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements, footnote disclosures, and required supplementary information. That report may be obtained by contacting the SDRS in writing at South Dakota Retirement System, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731. Additionally, the State of South

Dakota's Annual Comprehensive Financial Report (ACFR) will report the State's proportionate share of the plan. The ACFR can be obtained by writing to the Department of Legislative Audit, 427 South Chapelle, c/o 500 East Capitol, Pierre, South Dakota 57501 or by calling (605)773-3595.

State law requires employees to contribute 6 percent of their salary to the plan and the employer to contribute an amount equal to the employee's contribution. The right to receive retirement benefits vests after three years of credited service. DANR contributions to the SDRS for the fiscal years ended June 30, 2026, 2025, and 2024, and were \$20,514, \$20,112 and \$18,120 respectively, equal to the required contributions each year.

The net pension asset was measured as of June 30, 2026, and the estimated SDRS was 100% funded. On June 30, 2026, CWSRF reported an asset of \$958 for its proportionate share of the net pension asset. On June 30, 2026, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$ 32,801	\$ -
Changes in assumption	-	50,854
Net difference between projected and actual earnings on pension plan investments	46,679	-
Changes in Proportionate Share	30	552
Contributions after the measurement date	20,514	-
Total	<u>\$ 100,024</u>	<u>\$ 51,406</u>

Note 8 – Compensated Absences

All full-time and permanent part-time employees earn vacation leave and sick leave. Employees earn fifteen days of vacation leave per year that can be accumulated to thirty days, except for employees with more than fifteen years of employment, who earn twenty days of vacation leave per year that can be accumulated to forty days. Annual leave can be used during the term of the employee's employment or upon termination employees will receive payment for their accumulated vacation leave. Employees earn fourteen days of sick leave per year. Sick leave can be used during the term of the employee's employment or unless dismissed for cause, employees who terminate after seven years of continuous employment receive payment for one-fourth of their accumulated sick leave balance, not to exceed four hundred eighty hours. A liability has been estimated and recorded in the financial statements for compensated absences based on a first-in-first-out flow assumption for the estimated leave to be used by the employees during the term of their employment as well as the remaining portion of the employees balances to be paid upon termination in accordance with GASB standards.

Note 9 – Risk Management

The Board of Water and Natural Resources and the Department of Agriculture and Natural Resources are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The department

participates in the various programs administered by the State of South Dakota. These risk management programs are funded through assessments charged to participating entities. The risk management programs include; 1) coverage for risks associated with automobile liability and general tort liability (including public officials' errors and omissions liability, medical malpractice liability, law enforcement liability, and products liability) through the state's Public Entity Pool for Liability Fund, 2) coverage of employee medical claims through the state's health insurance program, 3) coverage for unemployment benefits through the state's Unemployment Insurance Fund, and, 4) coverage for workers' compensation benefits through the state's Workers' Compensation Fund, 5) coverage for property loss through the South Dakota Property and Casualty Insurance Company, LLC. Financial information related to the self-insurance funds administered by the state is presented in the South Dakota Annual Comprehensive Financial Report.

Note 10 - Transfer

The Safe Drinking Water Act Amendments of 1996 and subsequent Congressional action allow states to transfer an amount equal to 33 percent of their Drinking Water SRF (DWSRF) capitalization grant to the CWSRF or an equivalent amount from the CWSRF to the DWSRF. States can also transfer state match, investment earnings, or principal and interest repayments between SRF programs at any time.

Based on program demands and the need for taxable borrower purposes in the DWSRF, \$25 million taxable proceeds were transferred from the CWSRF to the DWSRF, and \$25 million of tax-exempt proceeds were transferred from the DWSRF to the CWSRF.

Note 11 - Subsequential Event

On September 24, 2026, the South Dakota Conservancy District approved to issue State Revolving Fund Program Bonds, Series 2026CD totaling approximately \$180 million. The Series 2026C Bonds are proposed taxable bonds being issued to provide funds sufficient, together with other available moneys, 1) to provide funds in the approximate amount of \$25 million to be deposited to the Drinking Water Leveraged Loan Account, with respect to the Series 2026C Bonds which are to be loaned to Borrowers, and 2) to provide funds to pay associated costs of issuance. The Series 2026D Bonds are proposed tax-exempt bonds being issued to provide funds sufficient, together with other available moneys, 1) to provide funds in approximate amount of \$125 million to be deposited to the Clean Water Leveraged Loan Account, 2) to provide funds in approximate amount of \$30 million Drinking Water Leveraged Loan Account, with respect to the Series 2026D Bonds which are to be loaned to Borrowers, and 3) to provide funds to pay associated costs of issuance. The transaction is expected to close mid-November 2026.

SOUTH DAKOTA BOARD OF WATER AND NATURAL RESOURCES
DRINKING WATER STATE REVOLVING FUND

MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the South Dakota Board of Water and Natural Resources Drinking Water State Revolving Fund's (Fund) financial report presents a narrative overview and analysis of the financial activities of the Fund for the fiscal year ended June 30, 2026. This analysis has been prepared by management of the Department and is intended to be read in conjunction with the Independent Auditor's Report, financial statements and notes to the financial statements.

OVERVIEW OF THE FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to the Fund's basic financial statements. The Fund's basic financial statements include: 1) Statement of Net Position, 2) Statement of Revenues, Expenses and Changes in Fund Net Position, 3) Statement of Cash Flows, and 4) Notes to the Financial Statements. The report also contains required supplementary information on the South Dakota Retirement System.

The Statement of Net Position presents information on all the Fund's assets and liabilities, with the difference between the two reported as net position. The Statement of Revenues, Expenses and Changes in Fund Net Position presents information showing how the Fund's net position changed during the most recent fiscal year.

The Statement of Cash Flows presents the Fund's flows of cash by defined categories. The primary purpose of the Statement of Cash Flows is to provide information about the Fund's cash receipts and payments during the year.

The Notes to the Financial Statements are an integral part of the financial statements and provide additional information that is essential to a full understanding of the data provided in the financial statements.

Effective FY26, the Fund implemented GASB 103, which updates the proprietary fund reporting model by refining operating vs. nonoperating definitions, reclassifying financing-related items as nonoperating, requiring new subtotals for noncapital subsidies, and revising the ordering of revenues and expenses in the Statement of Revenues, Expenses, and Changes in Fund Net Position. As a result, FY26 financial statements are not directly comparable to prior issued financial statements. Interest expense and bond issuance costs, previously reported as operating, are now nonoperating, significantly affecting operating income or loss. FY25 amounts have been revised for comparability.

FINANCIAL SUMMARY

NET POSITION			
	2026	2025	% Change
Current Assets	\$ 184,512,070	\$ 197,235,092	-6.45%

Total Net Position	\$ 332,506,708	\$ 280,897,879	18.37%

DETAILED ANALYSES

FY26 program activity contributed to a \$51.6 million increase in net position, bringing total net position to \$332.5 million, up 18.37% from FY25. Total assets rose 29.04%, largely from

increased loan balances funded by bond proceeds, capitalization grants, and recycled inflows, while liabilities increased 38.05% mainly due to the 2026AB Series bond issuance as noted in the long-term financing activity section below.

Operating revenue increased 59.69% to \$12.2 million, primarily driven by a 46.02% increase in loans receivable and the interest and fees associated with them. Operating expenses increased by 48.75%, to \$19 million, resulting in an operating loss of \$6.7 million. The impact of GASB 103 is evident in this year's results when comparing last year's stated FY25 operating loss of \$14.7 million to the new adjusted operating loss of \$5.1 million.

Noncapital subsidies reflect a large increase in federal capitalization grants up 59.09% to \$69.2 million. This category can fluctuate significantly from year to year based on spend-down requirements and the timing of loan disbursements. Nonoperating interest expense was up 66.50% to \$151 million. In addition, based on program demands and the need for taxable borrower purposes in the Drinking Water SRF, \$25 million in taxable proceeds were transferred from the Clean Water SRF to the Drinking Water SRF, and \$25 million in tax-exempt proceeds were transferred from the Drinking Water SRF to the Clean Water SRF. The Fund's nonoperating activity totaled a net expense of \$11.0 million, compared to \$5.1 million in FY25.

SIGNIFICANT CAPITAL ASSET AND LONG-TERM FINANCING ACTIVITY

In FY26, the Fund issued the Series 2026AB Revenue Bonds with a par amount of \$124.5 million and a premium of \$8.6 million. Proceeds were used to expand lending capacity for future drinking-water projects and to cover issuance-related costs. The Fund's bonds maintained the highest credit ratings—AAA from Standard & Poor's and Aaa from Moody's—reflecting strong financial management and stable program performance.

The new debt issuance contributed significantly to the 38.05% increase in total liabilities, rising to \$459.9 million. The added leverage supported a 46.02% increase in loans receivable, which grew by \$197.1 million and was funded by the bond proceeds, federal capitalization grants, and recycled repayments. These financing activities directly influenced a 29.04% increase in total assets and helped support the Fund's continued ability to meet statewide drinking-water infrastructure needs.

More detailed information regarding long-term debt is included in Note 5, and subsequent events related to debt activity are provided in Note 11.

CURRENT KNOWN FACTS, DECISIONS, OR CONDITIONS

South Dakota continues to face demographic challenges, with many small rural communities and only two cities exceeding 50,000 residents. The Fund remains a critical resource for meeting statewide infrastructure needs. In FY26, the program obligated approximately \$57.8 million to 19 projects, reflecting sustained demand for affordable financing.

As of June 30, 2026, the Fund reported loan commitments totaling \$332.6 million, indicating a strong pipeline of future lending needs. To support this demand, on September 24, 2026, the South Dakota Board of Water and Natural Resources approved the issuance of Series 2026CD State Revolving Fund Program Bonds totaling approximately \$180 million. The transaction is expected to close in mid-November 2026.

The bond structure provides significant new lending capacity:

- Series 2026C (Taxable) – Approximately \$25 million for the Drinking Water Leveraged Loan Account, along with funds for issuance costs.
- Series 2026D (Tax-Exempt) – Approximately \$125 million for the Clean Water Leveraged Loan Account, \$30 million for the Drinking Water Leveraged Loan Account, and funds for issuance costs.

These issuances follow the FY26 Series 2026AB Revenue Bonds, which increased total liabilities by 38.05% and helped fund the 46.02% rise in loans receivable. The additional Series 2026CD borrowing will further enhance the Fund's ability to meet FY27 and FY28 project demand.

Looking ahead, management expects strong project demand to continue, supported by the new Series 2026CD bond proceeds, ongoing federal capitalization grant awards, and stable borrower repayment performance. No unusual or infrequent transactions are currently known that would materially affect FY27 financial results.

**SOUTH DAKOTA BOARD OF WATER
AND NATURAL RESOURCES
DRINKING WATER STATE REVOLVING FUND
NOTES TO THE FINANCIAL STATEMENTS
June 30, 2026**

Note 1 - Organization

The Drinking Water State Revolving Fund (DWSRF) Loan Program was federally authorized by the Safe Drinking Water Act Amendments of 1996. The state authorized the loan program in 1994 in anticipation of federal action. The Environmental Protection Agency (EPA) developed final guidance for the Drinking Water State Revolving Fund on February 28, 1997. The Board of Water and Natural Resources, acting in its capacity as the South Dakota Conservancy District, conducted a public hearing on April 15, 1997, to adopt formal administrative rules for the program. The South Dakota Conservancy District (SDCD) was created by the Legislature under Chapter 46A-2 of the South Dakota Codified Law as a body politic and corporate for the purpose of constructing water resource facilities for the conservation, storage, distribution and utilization of water for municipal purposes within the State of South Dakota. The SDCD bonds do not constitute a debt of the State of South Dakota or a pledge of the faith and credit of the state. Because the State of South Dakota is able to impose its will over the SDCD and the governing body is substantively the same as the governing body of the primary government, it is considered a blended component unit and, as such, the accompanying financial statements are included in the Annual Comprehensive Financial Report of the State of South Dakota. The Department of Agriculture and Natural Resources performs all of the functions of the South Dakota Conservancy District, except for quasi-legislative, quasi-judicial, advisory, and special budgetary functions, which are performed by the Board of Water and Natural Resources acting in its capacity as the Conservancy District. The DWSRF is a low interest loan program to finance drinking water projects. Funds are provided to the states in the form of capitalization grants awarded annually through the United States Environmental Protection Agency. The state provides matching funds equal to one dollar for every five dollars of federal capitalization grants.

Note 2 - Summary of Significant Accounting Policies

For FY26, the South Dakota Conservancy District implemented GASB Statement No. 103, Financial Reporting Model Improvements. This GASB standard establishes uniform guidelines for distinguishing operating vs. nonoperating categories and introduces a distinct subtotal and section for 'noncapital subsidies' presented on the Statement of Revenues, Expenses, and Changes in Fund Net Position. The standard also refines the MD&A strictly to five required sections that focus on targeted sections that focus on targeted content and analysis in a more accessible narrative.

Fund Accounting

The DWSRF is accounted for as an enterprise fund. An enterprise fund is a proprietary fund type used to report an activity for which a fee is charged to external users for goods or services.

Basis of Accounting

The DWSRF follows the accrual basis of accounting. This method of accounting recognizes the financial effect of transactions, events and interfund activities when they occur, regardless of the timing of related cash flows.

Cash and Cash Equivalents

For purposes of the accompanying statement of net position and statement of cash flows all highly liquid investments with original maturities of 90 days or less are considered to be cash equivalents.

Investments

Investments are reported at fair value except for Guaranteed Investment Contracts, which are non-participating and, therefore, are recorded at carrying value. Unrealized gains and losses due to fluctuations in market value are included in investment income.

Premium and Deferred Amount on Refunding

Premiums and the deferred amount on refunding on bonds are amortized using the straight line method over the life of the bonds to which they relate.

Revenue and Expense Recognition

Enterprise funds distinguish operating revenues and expenses from nonoperating items. Operating revenues and expenses generally result from providing services and producing and delivering items in connection with an enterprise fund's principal ongoing operations. The DWSRF records all revenues derived from interest on loans as operating revenues since these revenues are generated from the DWSRF's daily operations needed to carry out its purpose. Operating expenses include personal services, grants, and contractual service expenses related to the administration of the DWSRF program.

Federal Capitalization Grant

Federal capitalization grant contributions are reported as noncapital subsidies in the statement of revenues, expenses, and changes in fund net position. Information about the program is as follows:

CFDA Number:	66.468
Federal Agency:	Environmental Protection Agency
Program:	Drinking Water State Revolving Fund
State Agency:	Agriculture & Natural Resources
Current Year Contributions	
Loan Disbursement:	\$ 67,881,123
Administrative Expense:	\$ 955,331

Net Position

Net Position is classified in the following two components:

- Restricted - Consists of net position with constraints placed on their use by (1) Master Trust Indenture and (2) law through enabling legislation.
- Unrestricted - Consists of net position that does not meet the definition of net investment in capital assets or restricted.

When both restricted and unrestricted funds are eligible for use in payment of expenses, the type of expense to be incurred is analyzed to determine the best funding source based on available funds and plans for future projects.

Pension

For purposes of measuring the net pension liability (asset), deferred outflows of resources and deferred inflows of resources related to pensions, and pension expense, information about the fiduciary net position of the South Dakota Retirement System (SDRS) and additions to/deletions from SDRS's fiduciary net position have been determined on the same basis as they are reported by SDRS. DWSRF contributions and net pension liability (asset) are recognized on an accrual basis of accounting.

Deferred Outflows of Resources and Deferred Inflows of Resources

In addition to assets, the Statement of Net Position reports a separate section for deferred outflows of resources. Deferred outflows of resources represent consumption of net position that

applies to future period of periods. These items will not be recognized as an outflow of resources until the applicable future period.

In addition to liability, the Statement of Net Position reports a separate section for deferred inflows of resources. Deferred inflows or resources represent acquisitions of net position that applies to a future period or periods. These items will not be recognized as an inflow or resources until the applicable future period.

Note 3 - Cash and Investments

Cash

Cash and Cash Equivalents at the end of FY26 consisted of Federated Government Obligations Funds. The South Dakota Conservancy District has adopted an Investment Policy to supplement the provisions of the Master Trust Indenture, various Series Resolutions and supplemental indentures and certain tax regulatory agreements related to the investment of funds.

Federated Government Obligations Fund was rated “AAAm by Standard and Poor’s Rating Group and as of 6/30/26 had a total annualized return of 3.82%.

Investments

Custodial Credit Risk: Custodial credit risk is the risk that in the event of a bank failure, the Drinking Water State Revolving Fund’s investments may not be returned. As of June 30, 2026, \$28,764,672 of guaranteed investment contracts was uninsured and unregistered, with the securities held by its trust department, but not in the DWSRF’s name and, as a result, were exposed to custodial credit risk.

Guaranteed Investment Contracts (GICS):

The DWSRF holds the following GICS where the rate of return is guaranteed.

	<u>Maturities</u>	<u>Contract Value</u>
Guaranteed Investment Contract	8/01/2026	<u>\$ 28,764,672</u>

The South Dakota State Revolving Fund Master Trust Indenture requires any investment agreement to be with a guarantor whose long-term rating category is no lower than the two highest long-term rating categories. The investment is rated by Moody’s Investors Service. The ratings for Guaranteed Investment Contracts are as follows:

<u>Moody’s Rating</u>	<u>Contract Value</u>
Baa1*	<u>\$ 28,764,672</u>

*This guarantor’s rating is below the acceptable rating category (i.e., below Moody’s Aa3). This investment has been fully collateralized with government securities in accordance with the provisions of Guaranteed Investment Contracts. These fully collateralized investments have a fair value that equates to contract value.

Note 4 - Loans Receivable

Loans receivable consist of loans made to local governments and nonprofit corporations through a loan agreement. In order for a borrower to receive a loan, evidence must be shown that the principal and interest of the loan will be repaid. Loans made from the DWSRF may be made at or below market interest rates and may be fully amortized up to thirty years. Disadvantaged Communities may be eligible for lower rates or even zero percent, and may be fully amortized up to thirty years. Interest rates are reduced for those loans with shorter amortization periods. As of June 30, 2026, the loan receivable amount for the DWSRF program is \$625,554,785.

The allowance for doubtful accounts is determined principally on the basis of loans that are in default. Receivables are reported at the gross amount and an allowance for doubtful accounts would reduce loan receivables by the outstanding loan balances that are in default. As of June 30, 2026, the District has no loans that are in default. Loans in default would be expensed only after it has been determined the collection process has been exhausted and all legal actions have been finalized.

Note 5 - Long-term Debt

On March 31, 2026, the South Dakota Conservancy District issued \$7,265,000 in Taxable Revenue Bonds, Series 2026A, and issued \$117,225,000 Tax-exempt Revenue Bonds, Series 2026B. The bond proceeds provided \$132,500,000 to be loaned to borrowers and provided additional funds to pay associated costs of issuance.

The following is a summary of the sources and uses for the DWSRF fiscal year 2026 Bond Issue:

<u>Sources:</u>	Series 2026A (Taxable)	Series 2026B (Tax-Exempt)	Total
Bond Proceeds (Par)	\$ 7,265,000	\$ 117,225,000	\$ 124,490,000
Premium	277,740	8,346,728	8,624,468
Total Sources of Funds	<u>\$ 7,542,740</u>	<u>\$ 125,571,728</u>	<u>\$ 133,114,468</u>
<u>Uses:</u>			
Deposit to Loan Fund	\$ 7,500,000	\$ 125,000,000	\$ 132,500,000

Note 6 - Commitments

As of June 30, 2026, the DWSRF program had loan commitments with borrowers worth \$332,588,287.

Note 7 - Pension Plan

The Department of Agriculture and Natural Resources, (DANR), participates in the South Dakota Retirement System (SDRS), a cost-sharing, multiple-employer defined benefit pension plan established to provide retirement, disability, and survivor benefits for employees of the State and its political subdivisions. Authority for establishing, administering, and amending plan provisions is found in SDCL 3-12. The SDRS issues a publicly available financial report that includes financial statements, footnote disclosures, and required supplementary information. That report may be obtained by contacting the SDRS in writing at South Dakota Retirement System, P.O. Box 1098, Pierre, SD 57501-1098 or by calling (605) 773-3731. Additionally, the State of South Dakota's Annual Comprehensive Financial Report (ACFR) will report the State's proportionate share of the plan. The ACFR can be obtained by writing to the Department of Legislative Audit, 427 South Chapelle, c/o 500 East Capitol, Pierre, South Dakota 57501 or by calling (605)773-3595.

State law requires employees to contribute 6 percent of their salary to the plan and the employer to contribute an amount equal to the employee's contribution. The right to receive retirement benefits vests after three years of credited service. DANR contributions to the SDRS for the fiscal years ended June 30, 2026, 2025, and 2024, were \$32,156, \$31,540, and \$29,271 respectively, equal to the required contributions each year.

The net pension liability was measured as of June 30, 2026, and the estimated SDRS is 100% funded. On June 30, 2026, the DWSRF reported an asset of \$1,502 for its proportionate share of the net pension asset. On June 30, 2026, deferred outflows of resources and deferred inflows of resources related to pensions were reported from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between expected and actual experience	\$51,440	\$ -
Changes in assumption	-	79,752
Net difference between projected and actual earnings on pension plan investments	73,204	-
Changes in Proportionate Share	48	865
Contributions after the measurement date	32,156	-
Total	<u>\$ 156,848</u>	<u>\$ 80,617</u>

Note 8 - Compensated Absences

All full-time and permanent part-time employees earn vacation leave and sick leave. Employees earn fifteen days of vacation leave per year that can be accumulated to thirty days, except for employees with more than fifteen years of employment, who earn twenty days of vacation leave per year that can be accumulated to forty days. Annual leave can be used during the term of the employee's employment or upon termination employees will receive payment for their accumulated vacation leave. Employees earn fourteen days of sick leave per year. Sick leave can be used during the term of the employee's employment or unless dismissed for cause, employees who terminate after seven years of continuous employment receive payment for one-fourth of their accumulated sick leave balance, not to exceed four hundred eighty hours. A liability has been estimated and recorded in the financial statements for compensated absences based on a first-in-first-out flow assumption for the estimated leave to be used by the employees during the term of their employment as well as the remaining portion of the employees balances to be paid upon termination in accordance with GASB standards.

Note 9 - Risk Management

The Board of Water and Natural Resources and the Department of Agriculture and Natural Resources are exposed to various risks of loss related to torts; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The department participates in the various programs administered by the State of South Dakota. These risk management programs are funded through assessments charged to participating entities. The risk management programs include; 1) coverage for risks associated with automobile liability and general tort liability (including public officials' errors and omissions liability, medical malpractice liability, law enforcement liability, and products liability) through the state's Public Entity Pool for Liability Fund, 2) coverage of employee medical claims through the state's health insurance program, 3) coverage for unemployment benefits through the state's Unemployment Insurance Fund, and, 4) coverage for workers' compensation benefits through the state's Workers' Compensation Fund, 5) coverage for property loss through the South Dakota Property and Casualty Insurance Company, LLC. Financial information related to the self-insurance funds administered by the state is presented in the South Dakota Annual Comprehensive Financial Report.

Note 10 - Transfer

The Safe Drinking Water Act Amendments of 1996 and subsequent Congressional action allow states to transfer an amount equal to 33 percent of their DWSRF capitalization grant to the Clean Water SRF (CWSRF) or an equivalent amount from the CWSRF to the DWSRF. States can also transfer state match, investment earnings, or principal and interest repayments between SRF programs at any time.

Based on program demands and the need for taxable borrower purposes in the DWSRF, \$25 million taxable proceeds were transferred from the CWSRF to the DWSRF, and \$25 million of tax-exempt proceeds were transferred from the DWSRF to the CWSRF.

Note 11 - Subsequential Event

On September 24, 2026, the South Dakota Conservancy District approved to issue State Revolving Fund Program Bonds, Series 2026CD totaling approximately \$180 million. The Series 2026C Bonds are proposed taxable bonds being issued to provide funds sufficient, together with other available moneys, 1) to provide funds in the approximate amount of \$25 million to be deposited to the Drinking Water Leveraged Loan Account, with respect to the Series 2026C Bonds which are to be loaned to Borrowers, and 2) to provide funds to pay associated costs of issuance. The Series 2026D Bonds are proposed tax-exempt bonds being issued to provide funds sufficient, together with other available moneys, 1) to provide funds in approximate amount of \$125 million to be deposited to the Clean Water Leveraged Loan Account, 2) to provide funds in approximate amount of \$30 million Drinking Water Leveraged Loan Account, with respect to the Series 2026D Bonds which are to be loaned to Borrowers, and 3) to provide funds to pay associated costs of issuance. The transaction is expected to close mid November 2026.

SOUTH DAKOTA
CLEAN WATER STATE REVOLVING FUND
PROGRAM INFORMATION

CLEAN WATER SRF OVERVIEW

The Clean Water SRF program was created by the 1987 Clean Water Act amendments, and in 1988 the South Dakota legislature authorized the State Water Pollution Control Revolving Loan Fund program. The legislature also appropriated \$1,200,000 and directed the South Dakota Board of Water and Natural Resources to administer the program.

Since 1989, South Dakota's Clean Water SRF program has received federal capitalization grants totaling \$320,306,300, which the state has provided match totaling \$57,598,740. In federal fiscal years 2002 and 2003, because of the demand on the drinking water program, the Clean Water SRF Capitalization Grants and state match were transferred to the Drinking Water SRF program. These grants amounted to \$12,978,600, with a corresponding state match of \$2,595,720. In 2009, the Clean Water SRF program received \$19,239,000 through the American Recovery and Reinvestment Act. Through June 30, 2026, the Clean Water SRF program has received \$54,323,000 of grants through the Investment in Infrastructure and Jobs Act (IIJA). The state provided a match of \$8,967,500. Through June 30, 2026, the Clean Water SRF program has also received \$3,588,000 through the IIJA Emerging Contaminants (EC) funding. As of June 30, 2026, \$2,545,000 of these funds have been transferred to the DWSRF IIJA EC program and the remaining \$1,043,000 is pending transfer to the DWSRF IIJA EC program. The CWSRF IIJA EC funds are being transferred to the DWSRF IIJA EC program due to lack of qualifying projects in the CWSRF program. Table 7 shows capitalization grants, state match, and leveraged funds for the Clean Water SRF program.

Table 7
Clean Water SRF Program – Source of Funds

Federal Fiscal Year	Federal Capitalization Grant Award	State Match	Leveraged Funds	Total

^a The 2002 and 2003 capitalization grants and state match were transferred to the Drinking Water SRF program. Administrative surcharge funds were used as state match.

^b Leveraged funds in the amount of \$37,455,570 were issued as part of the 2009 bond anticipation notes. When the 2010 bond anticipation notes were issued to redeem the 2009 bond anticipation notes, \$3,543,094 of leveraged bonds were converted to state match bonds.

^c The 2022, 2023, and 2024 Clean Water SRF IIJA EC grants were transferred to the Drinking Water SRF IIJA EC fund. As of June 30, 2025, the 2025 Clean Water SRF IIJA EC grant was pending transfer to the Drinking Water SRF IIJA EC fund.

Through June 30, 2026, principal repayments from borrowers totaled \$542,073,245. Principal repayments are reloaned or used for debt service on leveraged bonds. Interest payments from borrowers totaled \$132,824,129. Interest payments are reloaned or used for debt service on State Match bonds.

As of June 30, 2026, the board has made 719 Clean Water loan awards totaling \$2,174,592,347. Two hundred and thirty loans have been repaid in full, which includes those with 100 percent principal forgiveness. Fifty loans drew no funds, and the full loan amounts were deobligated. There have been no defaults. The Clean Water SRF loan portfolio begins with Table 8, beginning on page 46, which provides the loan amount, date, and terms. Table 9, beginning on page 65, shows the projects awarded principal forgiveness.

SOUTH DAKOTA
DRINKING WATER STATE REVOLVING FUND
PROGRAM INFORMATION

DRINKING WATER SRF OVERVIEW

The Drinking Water SRF program was federally authorized by the Safe Drinking Water Act Amendments of 1996, while the state authorized the loan program in 1994 in anticipation of federal action. EPA provided the final guidance for the Drinking Water SRF program on February 28, 1997. The South Dakota Conservancy District, acting in its capacity as the Board of Water and Natural Resources, conducted a public hearing on April 15, 1997, to adopt formal administrative rules for the program.

Since 1997, South Dakota's Drinking Water SRF Program has received federal capitalization grants totaling \$428,975,698, which the state has provided match totaling \$70,167,440. Because of the demand for the Drinking Water SRF program, the 2002 and 2003 Clean Water SRF Capitalization Grants and state match were transferred to the Drinking Water SRF program. These grants amounted to \$12,978,600, with the corresponding state match of \$2,595,720 provided by administrative surcharge funds and not bond proceeds. In 2009, the Drinking Water SRF program received \$19,500,000 through the American Recovery and Reinvestment Act. Through June 30, 2026, the Drinking Water SRF program received \$111,818,000 in grant funds through the Investment in Infrastructure and Jobs Act (IIJA). The state provided a match of \$18,458,900. The Drinking Water SRF program also received \$38,115,000 through the IIJA Emerging Contaminants (EC) funding. Additionally, the Drinking Water SRF program received \$2,545,000 transferred from the Clean Water SRF IIJA EC funding. This amount was transferred to the Drinking Water SRF Program due to lack of qualifying CWSRF projects. Table 10 shows capitalization grants, state match and leveraged funds for the Drinking Water SRF program.

Table 10
Drinking Water SRF Program – Source of Funds

Federal Fiscal Year	Federal Capitalization Grant Award	State Match	Leveraged Funds	Total
1997	\$12,558,800	\$2,511,760		\$15,070,560
1998	\$7,121,300	\$1,424,260		\$8,545,560

TOTAL	\$428,975,698	\$70,167,440	\$502,115,014	\$1,001,258,152

Through June 30, 2026, principal repayments from borrowers totaled \$283,262,112. Principal repayments are reloaned or used for debt service on leveraged bonds. Interest payments from borrowers totaled \$85,500,937. Interest payments are reloaned or used for debt service on State Match bonds.

As of June 30, 2026, the board has made 574 Drinking Water loan awards totaling \$1,642,409,034. One hundred and forty-two loans have been repaid in full, which includes those with 100 percent principal forgiveness. Forty-one loans drew no funds, and the full loan amounts were deobligated. There have been no defaults. The Drinking Water SRF loan portfolio begins with Table 11, beginning on page 71, which provides the loan amount, date, and terms. Table 12, beginning on page 86, shows the projects awarded principal forgiveness.

STATUTES

State Revolving Fund Administration

SOUTH DAKOTA CONSERVANCY DISTRICT BOARD OF WATER AND NATURAL RESOURCES

1-40-5. Water and Natural Resources Board created -- Functions -- Appointment and terms of members. The Board of Natural Resource Development is abolished. There is created a Board of Water and Natural Resources. The board shall perform all functions exercised by the former Board of Natural Resource Development. The Board of Water and Natural Resources shall consist of seven members not all of the same political party and appointed by the Governor for four-year terms. The terms of members of the Board of Water and Natural Resources who are first appointed after the effective date of this order shall be: one appointed for a term of one year; two appointed for a term of two years; two for a term of three years; and two for a term of four years, and such initial terms shall be designated by the Governor. Any member appointed to fill a vacancy arising from other than the natural expiration of a term shall serve for only the unexpired portion of the term.

1-40-9. Performance of administrative functions of conservancy district board. Except as provided in § 1-40-10, the Department of Agriculture and Natural Resources shall, under the direction and control of the secretary of agriculture and natural resources, perform all the functions of the former board of directors of the South Dakota conservancy district, created by chapter 46A-2.

1-40-10. Performance of nonadministrative functions of conservancy district board. The Board of Water and Natural Resources created by this chapter shall perform all quasi-legislative, quasi-judicial, advisory, and special budgetary functions (as defined in § 1-32-1) of the former board of directors of the South Dakota conservancy district, created by chapter 46A-2.

46A-2-1. Creation of South Dakota conservancy district -- Boundaries -- Powers. There is hereby created within the State of South Dakota, a conservancy district, to be known as the "South Dakota conservancy district." The boundaries of the district shall coincide in all particulars with the boundaries of the state of South Dakota. Such district is a governmental agency, body politic and corporate with authority to exercise the powers specified in this chapter.

46A-2-5. Board of directors abolished -- Performance of functions. The board of directors of the South Dakota conservancy district is abolished, and all its functions shall be administered by the department and board of water and natural resources, as provided by § § 1-40-9 and 1-40-10.

46A-2-11. Board of Water and Natural Resources -- Authority to sue and be sued. The Board of Water and Natural Resources shall have the power to sue and be sued in the name of the district.

State Revolving Fund Administration

SRF SUBFUNDS SRF LOAN PROGRAMS

46A-1-31. Discretionary bond issuance to finance water resources projects or developments-- Maximum amount--Issuance of bonds for purchase or financing of loans by FmHA--Issuance of bonds for revolving fund programs under federal Clean Water Act or federal Safe Drinking Water Act. In addition to the aggregate indebtedness authorized by the Legislature and Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may issue bonds in an amount not to exceed in aggregate eight million dollars at any time for the purpose of financing projects as defined in subdivision 46A-2-4(5) which are components of the statewide water plan subject to the provisions of §§ 46A-1-49 to 46A-1-52, inclusive. In addition to the aggregate indebtedness authorized by the Legislature and Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may issue bonds in any amount at any time for the purpose of purchasing or otherwise financing or providing for the purchase or payment of loans made by the United States Farmers' Home Administration to any person or public entity, whether or not the person or public entity or the project financed with the loan are located in South Dakota or formed under or recognized by South Dakota law, as community facilities loans or water and waste disposal loans, which purchasing, financing, or payment activities are hereby determined to be components of the state water plan and are authorized without regard to § 46A-2-20. The district may enter into financing agreements with the persons or public entities to secure and provide for the payment of the bonds, without regard to § 46A-2-20 or §§ 46A-1-63.1 to 46A-1-69, inclusive. The district may make payments or deposits for the purchase or payment of the loans from funds obtained from the persons or public entities, whether or not bonds have been issued. The purchase or payment of loans for persons or public entities or projects located outside of the State of South Dakota is hereby authorized and declared to be a public purpose whenever, at the discretion and in the determination of the district, the purchase or payment is expected to result in economies of scale, fees, interest savings, financing, or other benefits to the district, South Dakota persons or public entities or the State of South Dakota. The district, in the proceedings for the issuance of the bonds, shall establish the manner in which the trustee shall manage and disperse any savings for the benefit of the persons and public entities whose community facilities loans and water and waste disposal loans have been purchased or prepaid by the district. In addition to the aggregate indebtedness authorized by the Legislature and the Board of Water and Natural Resources pursuant to §§ 46A-1-29 and 46A-1-30, the district may also issue bonds in any amount at any time for the purpose of funding all or part of the revolving funds required for either the state water pollution control revolving fund program or the state drinking water revolving fund program or both under either the federal Clean Water Act or federal Safe Drinking Water Act or both. The bonds issued for these revolving fund programs shall be used to purchase or otherwise finance or provide for the purchase or payment of bonds or other obligations, including the refinancing of obligations previously issued or for projects previously completed, which purchasing, financing, or payment activities are hereby determined to be components of the state water facilities plan and are authorized without regard to § 46A-2-20. The district may enter into financing agreements with such persons or public entities to secure and provide for the payment of such bonds, without regard to § 46A-2-20 or §§ 46A-1-63.1 to 46A-1-69, inclusive. The district may pledge or assign to or hold in trust for the benefit of the holder or holders of the bonds those moneys appropriated by the Legislature for the purpose of funding state contributions to the state water pollution control revolving fund program and the state drinking water revolving fund program, which moneys may be held and invested pursuant to a trust agreement for the payment of the principal of, premium, if any, and interest on, the bonds.

46A-1-32. Terms of bonds. The bonds may be issued and sold in one or more series, may be in such amounts and at such prices, may bear such date or dates, may be in such denomination or denominations, may mature at such time or times not exceeding fifty years from the respective dates thereof, may mature in such amount or amounts, may bear interest at such times and at such fixed or variable rate or rates as shall be determined by the district and without regard to any interest rate limitation appearing in any other law, may be in such form, either coupon or registered as to principal only or as to both principal and interest, may carry such registration privileges (including the conversion of a fully registered bond to a coupon bond or bonds and the conversion of a coupon bond to a fully registered bond), may be executed in such manner, may be made payable in such medium of payment, at such place or places within or without the state, may be callable or subject to purchase and retirement or tender and remarketing as determined by the district in any indenture, resolution, or other instrument. The district may take any action it deems appropriate for the purpose of implementing this section, including establishing parameters referencing current market conditions or published indices in connection with establishing interest rates, imposing maximum interest rate limitations, or establishing other parameters it deems appropriate, and may delegate the administration of specific functions within the established parameters. The district may enter into arrangements to provide additional security and liquidity for bonds, and to limit, reduce, or manage interest rate exposure with respect to bonds issued or to be issued

§ 46A-1-60.1. Water pollution control revolving fund program and state drinking water revolving fund program established - Program subfunds created - Deposits into subfunds and use thereof. The state water pollution control revolving fund program and the state drinking water revolving fund program are hereby established. Program subfunds shall be created within the water and environment fund established pursuant to § 46A-1-60. The required subfunds shall be maintained separately, and all federal, state, and other funds for use in the program shall be deposited into the respective subfund, including all federal grants for capitalization of either a state water pollution control revolving fund or a state drinking water revolving fund or both, all repayments of assistance awarded from the subfund, interest on investments made on money in the subfund, proceeds of discretionary bond issues allowed by § 46A-1-31, and principal and interest on loans made from the fund. Money in the subfund may be used only for purposes authorized under federal law. The subfund may be pledged or assigned by the district to or in trust for the holder or holders of the bonds of the district and may be transferred to and held by a trustee or trustees pursuant to § 46A-1-39.

The board shall promulgate rules pursuant to chapter 1-26, to implement the provisions of this section consistent with the requirements of federal law in order for an approved state water pollution control revolving fund or a state drinking water revolving fund to become eligible for grant funds from the United States Environmental Protection Agency.

§ 46A-1-60.2. Disbursements from and administration of water pollution control revolving fund program and state drinking water revolving fund program - Sections 46A-1-61 to 46A-1-69 inapplicable. Funds from the state water pollution control revolving fund program and the state drinking water revolving fund program shall be disbursed and administered according to rules promulgated by the Board of Water and Natural Resources pursuant to chapter 1-26, § 46A-1-65 and the provisions of §§ 46A-1-60 to 46A-1-60.3, inclusive. Sections 46A-1-61 to 46A-1-69, inclusive, do not apply to the subfund of the water and environment fund or loans therefrom pursuant to the state water pollution control revolving fund program and the drinking water revolving fund program described in §§ 46A-1-60 to 46A-1-60.3, inclusive.

The board shall promulgate rules pursuant to chapter 1-26, to implement the provisions of this section consistent with the requirements of federal law in order for an approved state water pollution control revolving fund or a state drinking water revolving fund to become eligible for grant funds from the United States Environmental Protection Agency.

§ 46A-1-60.3. Rules for selection of projects to receive funds from water pollution control revolving fund program and state drinking water revolving fund program and administration of same. The Board of Water and Natural Resources may, by rules promulgated pursuant to chapter 1-26, establish criteria and procedures for the selection of projects to receive funds from the state water pollution control revolving fund program and the state drinking water revolving fund program and for the administration of the programs.
