Subject: Department of Agriculture and Natural Resources File # 2025.161: pertaining to a diesel release at the Tilford Port of Entry, 13400 Pleasant Valley Road, near Tilford, South Dakota.

Dear Mr. Nagra:

The Department of Agriculture and Natural Resources (DANR) is contacting you regarding the event noted above. A copy of the initial spill report form is enclosed for your review. Based upon the information provided, approximately 40 gallons of diesel were released due to operator error. A majority of the spilled fuel remained on concrete. The Sturgis Fire Department responded and applied absorbents. The procedures for the assessment and cleanup of spills such as this were developed to protect surface and groundwater resources. In this situation, DANR requires the following (we understand some of these actions may already be completed or underway):

- Scrape up used absorbents;
- Recovered absorbent can either be placed in the dumpster at the Tilford Port of Entry (with permission) or properly disposed at a permitted municipal solid waste landfill;
- Provide this office with a copy of disposal receipts (if applicable); and
- By December 7, 2025, please complete and return the attached Written Contamination Incident Follow Up Report form.

Jamison Smith has been assigned as the project manager for this case. He will review the information provided and contact you if further remedial action is necessary. If you have any questions or need additional information, please do not hesitate to contact him at 605.773.3296. Thank you for your cooperation and assistance.

Sincerely,

Trish Kindt

Re: Closure designation for DANR File #2025.161: pertaining to a release of diesel at the Tilford Port of Entry, 13400 Pleasant Valley Road, near Tilford, SD.

Dear Mr. Nagra:

The Department of Agriculture and Natural Resources (DANR) has reviewed the available information regarding the above referenced incident. Based on the information provided, there is no risk to human health or further risk to the environment. Therefore, the department is closing this case.

Spilled diesel was soaked up with absorbents. Contaminated absorbents were swept up and placed in the facility dumpster which is taken to the Rapid City Landfill. If any future problems arise related to this release, Redfort Logistics Corp may be responsible to perform further assessment and cleanup.

If you have questions or concerns about this site's Closure designation, please contact Jamison Smith of my staff at 605.773.3296. Thank you for your cooperation in cleaning up this release.

Sincerely,

Terry Florentz, P.E.

INCIDENT BRIEFING / ICS 201-OEM

Prepared By: John Madrid

Updated Report: No

Incident Name: Meade County Duty Report

Incident Number: 01

Date/Time Call Received: 11/04/2025 22:05:00

Nature of Incident: Hazardous Materials

Location and Description

Incident Location / Address: Near Exit 40 off I-90

Incident City: Tilford

Reporting Agency/Name: Meade County EM / Sean Henderson

Contact Number: 605 490 1600

Resource Summary

Local Responders: Sturgis FD

State Responders: State DOT

Federal Responders:

Volunteer/Private Responders:

Incident Summary

Deaths: 0

Injuries: 0

Damages: 40 - 50 gallons of fuel spilled

Summary: At approx. 2205 DO received a call from Meade County EM Sean Henderson (605 490 1600) about a fuel spill at a weigh station near exit 40 off I-90 near the town of Tilford. A semi truck was being worked on at the weigh station and it leaked approx. 40 - 50 gallons of fuel while it was being worked on. Some of the fuel ran into a nearby ditch. The truck was operated by Red Fort Trucking. Sturgis FD was dispatched to contain the spill. SD DOT was also on scene. Jackie McGuire from DANR was notified and she provided guidance to the fire department on how to handle the spill. IC is Parker Petersen with Sturgis FD at 605 381 8455. No additional support needed at this time.
