MEMORANDUM

2/13/26

To: Terry Florentz, P.E., Administrator
Inspection, Compliance, and Remediation Program

From: Jamison Smith, Environmental Scientist I
Inspection, Compliance, and Remediation Program

2/13/26

Date: February 13, 2026

Subject: No Further Action designation for DANR File# 2026.018: pertaining to a diesel release at the intersection of Campbell Street and E Omaha Street in Rapid City.

Summary
On February 11, 2026, Dale Farmen with the Office of Emergency Management contacted DANR to report diesel on the pavement at the intersection of Campbell Street and West Omaha Street in Rapid City. The fuel on the pavement was initially reported by a citizen who encountered it but did not witness the incident that caused it. For this reason there is no known Responsible Party and we have been unable to determine the cause or source of the fuel.

Rapid City's HazMat team responded to the incident and estimated the quantity to be greater than 50 gallons. Absorbents were applied to soak up the fuel then the city's street team swept up and collected all material. The contaminated absorbents are currently in containment and according to the Rapid City Street Superintendent, the material will be taken to Rapid City Landfill for disposal.

The cleanup of this release was sufficient and there is no threat to the environment or human health after these response actions. As such, I recommend this case for closure status.

INCIDENT BRIEFING / ICS 201-OEM

Prepared By: Dale Farmen

Updated Report: No

Incident Name: Pennington County Duty Report

Incident Number: 01

Date/Time Call Received: 02/11/2026 14:43:00

Nature of Incident: Hazardous Materials

Location and Description

Incident Location / Address: Intersection of Campbell St and E Omaha St

Incident City: Rapid City

Reporting Agency/Name: Pennington County EM / Adam Davis

Contact Number: 605-858-2875

Resource Summary

Local Responders: Rapid City FD / Rapid City Street Department

State Responders:

Federal Responders:

Volunteer/Private Responders:

Incident Summary

Deaths: 0

Injuries: 0

Damages: Unknown

Summary: On 02-11-26 at 1423 hrs, I received an email and phone call reporting a hazardous material spill. There was a large diesel fuel spill at the intersection of Campbell St and E Omaha St. This was called in by a civilian at about 1226 hrs mtn time. There were no witnesses at the scene to say how the spill occurred. Rapid City Fire and Street Departments responded to the scene for cleanup. It was estimated that there was over 50 gallons of diesel spilled at the location. There was no runoff or storm drain impacts from the spill.

DANR was notified.
