I talked to Homer. He was
quite interested in getting the permit
also. I said if you don't or are
in 2 years the permit will be cancelled.
There is no evidence of any irrigation,
headgate or anything.

I said we were updating the old
permit that had been used and cancelling
them out used. He would need the
notification when the permit
comes before the board for cancellation.
I said I am sure they will cancel it
for now use.
