(Applicant)

RT. 2 - LEMMON

(Post Office Address)

SOUTH DAKOTA 57638

With the following conditions:

Low flows as needed for downstream domestic use, including livestock watering must be by-passed.

Flows of the Grand River proposed for use under this Permit are included under U.S. Withdrawal No. 594-1 for storage in Shadehill Reservoir. Restrictions on the use of water under this Permit may be necessary if the Bureau of Reclamation develops the Shadehill Irrigation Project under such withdrawal.

This Permit does not authorize diversions from the North Fork of the Grand River after July 15th of each calendar year, nor at any time when the river is obviously low, unless written orders have been so issued by the State Water Rights Commission or its legally appointed representative. Diversions of water under this Permit shall be in accordance with any written orders by the Commission or its representative. Approval of this Permit authorizes storage of 120 acre feet of water annually. Priority for this Permit was established under Permit No. 1002-1 and 1094-1. The pertinent portions of Permit No. 1094-1 have been incorporated in this Permit, and Permit No. 1094-1 has been cancelled. (Permit No. 1002-1 was previously cancelled.)

The Water Rights Commission hereby grants and issues this Water Right Permit No. 1169-1 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is JANUARY 14, 19 74
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before SEPTEMBER 29, 19 81
3. The whole of said work is to be completed on or before MARCH 29, 19 83
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is MARCH 29, 19 87
5. The water appropriated shall be used for the purpose of IRRIGATION

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

7. The amount of the appropriation herein granted shall not exceed 7.0 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 3 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before MARCH 29, 19 87; said water to be used during the following described annual period: APRIL TO JULY 15

That, it appears from the records of the Commission that the irrigation of lands covered by permit No. 1094-1 is economically impracticable, and that such change can be made without detriment to existing rights.

You are hereby ordered to cease pumping water from the North Fork of the Grand River from the North Dakota - South Dakota border to the tailwaters of the Shadehill Reservoir, for the remainder of the year, unless written notice is received indicating otherwise. Apparently there was some misunderstanding with the order issued July 15, 1980 and this order is issued to clarify any misunderstanding.

This order is issued in accordance with the South Dakota Water Laws which require the Water Management Board to control and regulate all waters of the State to assure water for domestic supplies and prior water rights.

All the permits above the Shadehill contain the qualification that low flows as needed for downstream domestic use, including livestock watering must be bypassed.

This letter will revoke the order dated September 4, 1980 shutting off irrigation pumping from the North Fork of the Grand River between Shadhill Reservoir and the North Dakota border.

In an effort to provide more local control of the pumping from the North Fork of the Grand River, we are going to allow the local Irrigators Association to attempt to regulate themselves to better utilize the limited flows in the North Fork. The primary requirement will be that water for livestock use will need to be made available for downstream use.

We expect that someone from this office will be in the area this week.

Dear Mr. Evridge:

December 13, 1983 you were notified the final inspection fee of \$50.00 is due before Water License No. 1169-1 can be issued. As of this date, the fee has not been received.

The fee is a final step in the legal process of obtaining and perfecting a water right and is required by SDCL 46-2-13(3). Upon receipt of the \$50.00 fee, your Water License will be sent to you. This is the final document for the perfection of your Water Right. A perfected water right is similar to a property right and once a water right is perfected, it cannot be lost as long as the water is used.

NOTICE OF ENTRY OF ORDER FOR ONE YEAR SUSPENSION OF WATER RIGHT

TO: G W Evridge, 20151 Saddle Ct, Whitewood SD 57793

FROM: Adam Mathiowetz, PE, Acting Chief Engineer
DANR - Water Rights Program

SUBJECT: One Year Suspension of Water Right No. 1169-1

On March 4, 2026, the South Dakota Water Management Board ordered:

- Effective April 3, 2026, Water Right No. 1169-1 be suspended for the 2026 irrigation season.

This action was taken by the Board for failure to return the 2025 irrigation questionnaire. If the 2025 irrigation questionnaire is received prior to April 3, 2026, the suspension will not take effect.

A one-year suspension of Water Right No. 1169-1 means water may not be pumped during the 2026 irrigation season. Consistent with the Board's order, you are not permitted to irrigate in 2026 unless the 2025 irrigation questionnaire is submitted prior to April 3, 2026.

After April 3, 2026, you may petition the Board to rescind the suspension. You will need to submit, to the Water Rights Program, the 2025 irrigation questionnaire and a letter including your reason for not completing the 2025 irrigation questionnaire within the allotted time and requesting time on the agenda for the next Water Management Board meeting. The next Water Management Board meeting is scheduled for May 6, 2026, in Pierre SD.

Decisions made by the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

Please contact Amanda Dewell, Water Rights Permitting Administrator (605) 773-3352 with any questions.

NOTE: Water Rights staff will conduct unscheduled compliance checks of suspended water rights to ensure irrigation is not taking place.
