Our records indicate that the 1986 Irrigation Questionnaire has not been submitted for Permit No(s). 1201-1. The request for the questionnaire was dated November 3, 1986. The Water Management Board has directed that owners of water permits who have not submitted 1986 Irrigation Questionnaires be given notice of permit violation and of hearing(s) before the Board. The hearing(s) will be held to determine action to be taken by the Board for violation of Water Permit No(s). 1201-1 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will also be to determine if Permit No(s). 1192-1B should be amended with the qualification to require the Questionnaire to be submitted each year.

The hearing(s) will be at 2:00 pm, May 6, 1987, in Room 216, Joe Foss Building, 523 E Capitol, Pierre SD.

The hearing(s) will be conducted pursuant to the provisions of SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11, and 46-2-17. These are contested case hearings pursuant to procedures contained in SDCL 1-26.

Following the hearings(s), the Water Management Board can:

1. Suspend Permit No(s). 1201-1 until either the 1986 Questionnaire is submitted or for the period of up to one year;
2. Amend Permit No(s). 1192-1B to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action;
4. Take no action.

Dear South Dakota Department of Water & Natural Resources:

In reference to notice dated March 23, 1987.

I feel very bad that I have not received an irrigation questionnaire for the permit 1201-1 for 1986. If this was sent to my old office address at 981 E. Main there is a high probability that this was either lost or disposed of.

I would be more than willing to fill out an irrigation questionnaire for permit 1201-1 for 1986. It would also be helpful if you could send along a legal description for the land for which this permit covers. It would be most helpful if we could update my mailing address to 1010 Ballpark Road, Sturgis, SD 57785. I'm sorry for the inconvenience.

Sincerely,

A handwritten signature in dark ink, appearing to read "George W. Jenter".

NOTICE OF AMENDMENT AND ONE YEAR SUSPENSION OF WATER RIGHTS

TO: George W Jenter, 748 Park, Sturgis, SD 57785

FROM: John Hatch, Chief Engineer
Water Rights Program
(605) 773-3352 

SUBJECT: Amendment of Water Right No. 1192-1B and One Year Suspension of Water Right No. 1201-1

Pursuant to the provisions of the notice dated January 22, 1999, and following the hearing March 3, 1999, the Water Management Board has ordered:

That Water Right No. 1201-1 is suspended until December 31, 1999, for failure to submit the 1998 irrigation questionnaire.

Suspension of a water permit or right means water may not be pumped during the 1999 irrigation season. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

If you wish to petition the Water Management Board to rescind the suspension, you will need to submit the 1998 irrigation questionnaire and a letter to our office requesting time on the agenda for the Water Management Board meeting scheduled for May 5, 1999 in Pierre, SD. The letter should include your reasons for not completing the 1998 irrigation questionnaire.

The Water Management Board also took action to amend Water Right No. 1192-1B to add the following qualification:

"This water right is subject to the Irrigation Water Use Questionnaire being submitted each year."

This action was taken for failure to return the 1998 irrigation questionnaire. In addition of this qualification to your Water Right means that failure to submit the required irrigation questionnaire in the future could result in suspension of the water right with no use of water up to one year for the first violation.

Please contact Genny McMath (605) 773-3352, if you have any questions.

Dear Mr. Jenter:

I am contacting you in regard to two water rights we have listed in your name which authorize diversion of water from Horse Creek for irrigation purposes. They are as follows:

- Water Right No. 1201-1 authorizing irrigation of the S ½ SW ¼ Section 22, T9N, R5E
- Water Right No. 1192B-1 authorizing irrigation of the NE ¼ Section 21, T9N, R5E

Each year in October we mail out annual irrigation questionnaires for water right holders to complete with information on how much water was used during that specific crop year. We have held up mailing irrigation questionnaires for your water rights due to the land being in CRP. Our records show the land came out of CRP last season and should be eligible for irrigation starting in 2009.

Prior to the fall mailing I wanted to touch base with you to see if you still own the land and if any changes need to be made to the water rights. Please take a few minutes and answer the questions on the attached sheet and return the information to our office in the enclosed envelope.

Thank you in advance for your help in updating the water rights.

Dear Ms. McMath:

I have received your letter dated June 9, 2009. I would like to correct your information. The land in question is still under CRP contract until October 1, 2009.

I did visit with Mr. Quinn up at the Belle Fourche NRCS Office on June 5, 2009. Mr. Quinn will go out and look at this CRP ground and make recommendations as to what I should do.

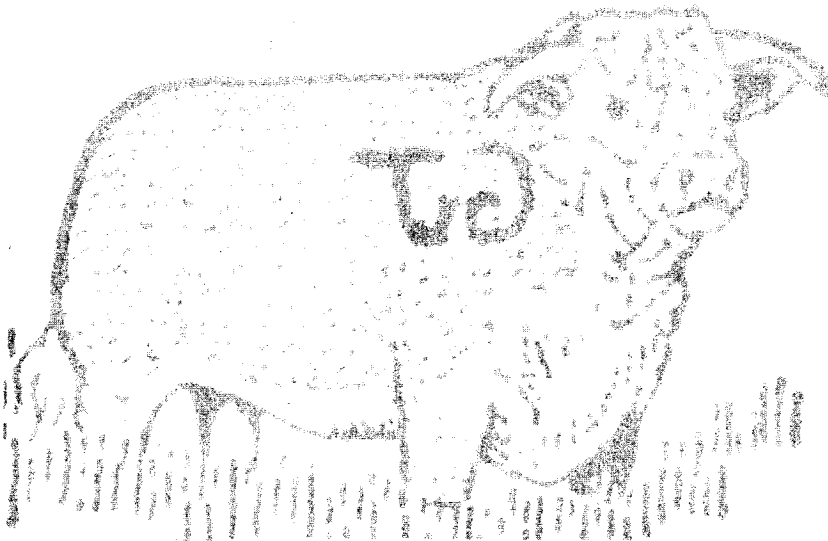

I have not decided yet what to do with this land as far as put it back in Ag production or in some type of conservation program. At this time the USDA is not enrolling any blocks of land, but are simply doing continuous CRP sign-ups such as tree belts, living wind breaks, and buffer zones.

I appreciate your letter and just thought I should correct your records.

Sincerely,

GEORGE W. JENTER

Dear Mr. Jenter:

I am writing in regard to the irrigation questionnaires you submitted back in October, 2012 for Water Right Nos. 1192-1B and 1201-1.

On the forms you indicated your land was enrolled in the Conservation Reserve Program through 2019. South Dakota water law allows this practice while retaining water rights if the following criteria as discussed in SDCL 46-5-37.2 are met:

- Exceptions to forfeiture for nonuse. The provisions of § 46-5-37 notwithstanding, no water right or permit may be forfeited for nonuse if land authorized for irrigation by a permit or right is placed under an acreage reserve or production quota program or otherwise withdrawn from use as required for participation in any federal program, if:
 1. the water source is not fully appropriated;
 2. if the withdrawal from use does not prevent approval of new permits from the same source, and;
 3. if the appropriated water has been applied to beneficial irrigation use prior to participation in a federal program.

Beginning this year, we will hold up on mailing annual irrigation questionnaires to you until the land comes out of CRP and is again eligible for irrigation. If any changes occur prior to 2019 such as address or ownership changes, please notify our office. If you have any questions, please contact me.

Address: 12766 Orman Rd.

Title to the following described land(s)/property has been transferred as described above:

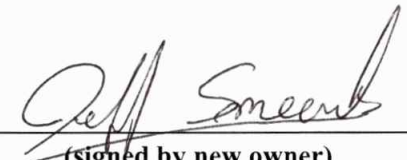

SW 1/4 of Sec. 22 T9N-R5E

☒ I understand that the validity of Water Right/Permit No. 1201-1 has not been determined by this transfer action. If I have any questions on validity, I understand that only the Water Management Board has the authority to determine if a water right/permit is valid (see note below.)

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is included to cover the filing fee as required by SDCL 46-2-13.

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

I am writing in follow-up to the transfer form and filing fee you submitted for changing ownership on Water Right No. 1201-1.

The ownership change has been completed. The water right formerly held by George Jenter is now listed in your name.

Each year we mail irrigators in South Dakota an irrigation questionnaire for reporting how much water they pumped during that specific crop season. I am enclosing a sample copy of the form to give you an idea of what type of information to keep track of during the growing season. The actual form that will need to be completed and returned to us will be mailed to you in October.
