Mr. Grant:

The rules adopted by the Water Management Board for establishing a water use control area on the Belle Fourche River, Whitewood Creek and Owl Creek requires that the water right holder be assessed a fee of ten dollars for each cubic foot per second or portion thereof of the diversion capability of the diversion works plus twenty-five cents for each acre irrigated as shown by the water rights of record in the Division of Water Rights. These fees are required to be paid to the Division of Water Rights by July 1, 1981.

Permits for which fees have not been paid by July 1, 1981 shall be refused the right to divert water for the remainder of the year. The fees paid will be used to defray the costs of providing water master services within the water use control area. The following is a tabulation of your assessment.

Dear Sirs:

This is to inform you that I have completed the construction of the water diversion system and/or that I have put the water to beneficial use to maximum extent it is going to be used, not exceeding the amounts as specified in Water Right No. 1213-1.

Water Right Permit No. 1213-1 states that the diversion system is to be constructed by March 25, 1981, and that the water is put to beneficial use by March 25, 1981.

The diversion system was completed on June 3, 1981. Applying the water to beneficial use was completed on June 10, 1981.

You may schedule an inspection so that the Certificate of Construction and/or the Water License may be issued, thus completing my acquisition of a water right.

Dear Mr. Grant:

On November 6, 1985 I made the final inspection of your Water Permit No. 1213-1. Dale Grant accompanied me on the inspection. Dale asked why the cut off date for pumping is August 15 of each calendar year and yet the permit also states that the annual use period is from May 1 to October 1. The reason is that you have to stop pumping on August 15th, however if there is water available you may get written permission from the Water Rights Division to irrigate after August 15. If the permit did not have the October 1 date you would not be able to get permission to irrigate after August 15 in any year.

If you have any questions, regarding the matter, please feel free to contact this office.

Sincerely,

LEROY J MERNAUGH

Dear Mr. Reif:

Thank you for contacting us with regard to the ownership change for Water Right No. 1213-1. Enclosed is a copy of the water right for your review. You may keep it for your records.

Also enclosed is a partially completed Notice of Transfer of Ownership form for filing an ownership change. Please review the form and make any necessary corrections. Upon completion, please sign the form and return it to our office with a required filing fee of \$2.50. The check or money order for the fee can be made payable to the Water Rights Program.

I included last year's irrigation questionnaire submitted by Mrs. Grant. The form will show you what type of records need to be kept track of during the irrigation season. Had the land been irrigated, she would have filled out the back side of the form with the crop, number of acres, pump rate and days and hours the system ran. We mail out the annual irrigation questionnaire in October each year with a due date usually the first week in December.

If you have any questions when reviewing the enclosed information, please contact me. The only part you will need to return to us is the completed transfer form and a \$2.50 filing fee.

Dear Mr. & Mrs. Braaton:

I am writing in regard to ownership of land described in Water Right No. 1213-1, listed in the name of Gary Reif. The water right authorizes diversion of water from the Belle Fourche River for irrigation of portions of the SE $\frac{1}{4}$ Section 18 and NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 19, T8N, R7E (copy enclosed).

Michael Even from Longmont Colorado has filed an ownership change for the portion he purchased in the SE $\frac{1}{4}$ Section 18. It is my understanding that you own the land in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 19. Enclosed is a partially completed "Notice of Transfer of Ownership" form for filing an ownership change on the portion of land you own. Upon completion, please sign the form and return it to our office with a required filing fee of \$50.00. The check or money order for the fee can be made payable to the Water Rights Program.

Once we receive the ownership change from you, the water right will be divided and reissued as follows:

- No. 1213A-1: Michael Even, authorizing diversion of 1.02 cfs (458 gallons per minute) from the Belle Fourche River to irrigate 71 acres in the SE $\frac{1}{4}$ Section 18, T8N, R7E;
- No. 1213B-1: Richard & Roni Braaton, authorizing diversion of 0.41 cfs (184 gallons per minute) from the Belle Fourche River to irrigate 29 acres in the NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 19, T8N, R7E.

If the land you own is not irrigated and you do not wish to maintain the water right, please contact me.

Sincerely,

A handwritten signature in black ink that reads "Genny McMath". The signature is written in a cursive, flowing style.
