Dear Mr. Enszt:

Thank you for visiting with me concerning the ownership change for Water Right No. 1213B-1. As we discussed, since the Kimbril's are not yet living in Vale, I am forwarding the information concerning the water right to you.

The ownership change has been completed. Water Right No. 1213B-1 formerly held by Rick and Roni Braaten is now listed in the names of "Charles and Cathy Kimbril".

For informational purposes, each year in October we mail out an irrigation questionnaire for irrigators to report annual water use. The land described in the water right also receives water from the Belle Fourche Irrigation District. I have enclosed two different examples of how to complete the questionnaire. If they purchase water from the District, they can write that statement down on the form and return it to us. Nothing further would be needed for that year.

If they divert from the Belle Fourche River as authorized under the water right, they will need to keep track of how much water is withdrawn. This can be reported in days and hours or if it is simpler, they can report the total number of inches applied to the acreage (see back of the form for details). If they have questions concerning the different methods of reporting, please have them call me and I can help walk them through the process.

Enclosed for your records is Receipt no. 08257 in the amount of \$50 which your firm paid for filing the ownership change. I have also included a copy of the water right in the event they need one.

If I can answer any questions for you, please let me know.

Sincerely,

FROM: Jeanne Goodman, Chief Engineer
Water Rights Program 

SUBJECT: One Year Suspension of Water Right No. 1213B-1

On March 7, 2018, the Water Management Board ordered:

Effective April 7, 2018, Water Right No. 1213B-1 be suspended for the 2018 irrigation season for failure to submit the 2017 irrigation questionnaire.

If the 2017 irrigation questionnaire is received prior to April 7, 2018, the suspension will not take effect.
