COMMENTS:

On this date I inspected these rights along with Mr. Jim Oldenberg (works with Mr. Jordan). V.R. Nos. 1306-1 & 1307-1 are the same as licensed. On V.R. 1305-1, the amount of acreage listed in the NW¹/₄ NW¹/₄ 13-9N-15E should be reduced from 9.7 acres to 3.7 acres. This will reduce the total acreage from 49.1 to 43.1 acres (0.61 cfs). There is also an additional 40 acres located in the NE¹/₄ of Section 13 which is being irrigated with water appropriated from 1305-1. This 40 acres is not included in the Vested Right. An additional permit will more than likely be required.

File in Permit or other file as necessary. Use to document conversations and what the other party was told; why action or decision was made.
