WATER PERMIT

The Water Management Board hereby approves Water Permit Application No. 1334-1
Stage Stop Plaza - Jenter, Chaffee & Wilburn 748 Park St. Sturgis
(Applicant) (Post Office Address)
South Dakota 57785 With the following qualifications.
(State) (Zip Code)

The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner, under this Permit, shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.

Date of first receipt of application May 21, 1985.
 Date of return to applicant for correction, amendments or changes required —, 19—.
 Date of receipt of corrected application —, 19—. Approved July 10, 1985.

The Water Management Board hereby approves this Water Permit No. 1334-1 authorizing the construction of the water use system and the placing of water to beneficial use as stated in the Application and as qualified in the Water Permit approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is May 21, 1985.
2. The equivalent of at least one-fifth of the specified work is to be completed on or before —, 19—.
3. The whole of said work is ~~to be~~ completed ~~on or before~~ —, 19—.
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is —, 19—.
5. The water appropriated shall be used for the purpose of Commercial use
6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be unlawfully impaired by this appropriation.
7. The amount of the appropriation herein granted shall not exceed 0.08 cubic feet per second; neither shall it exceed the capacity of the above described water supply system nor shall it exceed the amount of water needed for beneficial uses served and to which water is actually and beneficially applied for — on or before —, 19—; said water to be used during the following described annual period: January 1 to December 31

Black Hawk, SD 57718

Dear Dr. Jenner:

The Division of Environmental Quality of this Department is conducting a survey of non-community public water supply systems. As a part of the survey, we have reviewed our records and we can not find any water rights on file for Stage Stop Plaza.

A water permit is required pursuant to SDCL 46-1-15 to use water from a private source for commercial use. Any use of water, except for private domestic use, requires a water permit. Examples of commercial use are: truckstops, motels, restaurants, tourist attractions, commercial campgrounds and any other business operation. Examples of non-commercial use that require permits for private supplies are: churches, hospitals and nursing homes (any amount of water) and schools that pump more than 18 gallons per minute.

If you have a water permit that has been issued under another name or if you believe a permit has been issued under another name, please contact us. We are enclosing the necessary permit application forms and instructions, if you need a permit. Please complete and submit with a (see instructions) filing fee.

An existing business without a water right has no right to the use of water. Except for private domestic use, any water user without a water right is not entitled to receive protection in the event of well interference by a new or future user who has a water right. The new user with a water right will have the senior priority over an existing user without a water right. In South Dakota, the first in time (senior priority) is the first in right, except for individual domestic use. Individual household, farm or ranch use does not require a permit and has preference over all other users of water.

If you have any questions or need assistance with completion of the forms, please feel free to contact us.

Sincerely,

Kevin C. Larson
Water Resources Engineer
Office of Water Rights

NOTICE

State Stop Plaza
RR 1, Box 2455
Black Hawk, South Dakota 57718

Dear Dr. Jenner:

September 27, 1984 we notified you that State Law requires that a water permit be obtained for any use of water from a private source for use in a business operation. We have not heard from you on this. Failure to comply with State Laws--SDCL 46-1-6(6), 46-1-15, 46-5-8.2, 46-5-9, and 46-5-10 and Water Management Board Rule ARSD 74:02:01:03--can result in an order to stop water use until an application for a water permit has been submitted and approved.

If you have questions or need another set of permit applications forms or if you believe you already have the required water permit or need assistance in completing the forms, feel free to contact us. Please submit the completed application forms prior to June 25, 1985.

Sincerely,

John Hatch, Chief Engineer
Water Rights Division
Phone: (605) 773-3352

RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 1334-1, Stage Stop Plaza

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Water and Natural Resources concerning Water Permit Application No. 1334-1, Stage Stop Plaza, 748 Park Street, Sturgis SD.

The Chief Engineer is recommending APPROVAL of Application No. 1334-1 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualifications:

The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner, under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.

See the attached report for additional information.

A handwritten signature in cursive script, appearing to read "John Hatch".

JOHN HATCH, Chief Engineer
May 22, 1985

REPORT ON APPLICATION NO. 1334-1

STAGE STOP PLAZA

May 21, 1985

This application proposes to appropriate 0.08 cfs from one existing well 480 feet deep located in the SE 1/4 SE 1/4 Section 23, T3N, R6E BHM. The water supplies a commercial building.

Aquifer - Minnelusa Formation

Geology and Aquifer Characteristics

The Minnelusa Formation consists of sandstone, limestone and dolomite and is approximately 550 feet thick in this area and contains approximately 81.5 million acre-feet of recoverable water in Meade County (Allen, Etal, 1984). The well driller (Taylor Drilling) indicates the top of the Minnelusa is 415 feet below land surface with a static water level 170 feet below land surface and a yield of 35 gpm. The aquifer is under artesian conditions. The Water Rights Division is presently monitoring a Minnelusa well (MD-84A) which is approximately 2 miles north of this application.

Review of Existing Water Rights

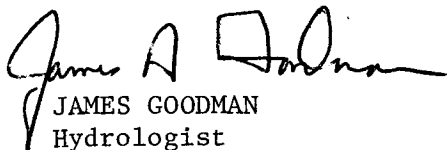

There are three existing water permits within 1/2 mile of this application.

No. 1170-1	C. Schmidt*	SHD	0.09 cfs	480'	Minnelusa
No. 1588-1	Wonderland Homes Ass'n*	SHD	0.24 cfs	923'	Minnelusa
No. 1659-1	Sheridan Heights Inc.*	SHD	0.26 cfs	923'	Minnelusa

*(Permit Files, 1985)

Conclusions

1. Water is available from the Minnelusa Formation.
2. Because the Minnelusa wells in this area are under artesian conditions interference is likely; however, the diversion rates are small and any effect would be minimal.
3. The Water Rights Division recently installed an observation well near Piedmont SD (MD-84A) which is providing water level data.
4. Data supplies with this application, existing permits and domestic well data (Well Files, 1985) all compare favorably. Depths to tops of formations, thicknesses of formations and water level information are in close agreement.

NOTICE OF HEARING ON
APPLICATION NO. 1334-1
TO APPROPRIATE WATER

Notice is hereby given that Stage Stop
Plaza, George Jenter, Jerry Chaffee
and Lavern Wilburn, 748 Park Street,
Sturgis, South Dakota, has made an
application for a permit to appropriate
0.08 cfs from one existing well 480 feet
deep (Minnelusa Formation) located in
the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 23-T3N-R6E. The
water supplies a commercial building.

Pursuant to SDCL 46-2A-2 the Chief
Engineer of the Water Rights Division
recommends approval of Application
No. 1334-1 because 1) unappropriated
water is available, 2) will be no
unlawful impairment of existing rights,
3) is beneficial use of water and 4) is in
the public interest.

This application will be considered by
the Water Management Board at Civil
Defense Room, basement of Capitol
Building, Pierre, SD, July 10, 1985 at
10:00 a.m.

The recommendation of the Chief
Engineer is not final or binding upon
the Board and the Board is authorized
to make a determination on this ap-
plication after it reaches a conclusion
based upon facts presented at the
public hearing. Any interested person
who may be affected by a Board
decision and who intends to participate
in the hearing before the Board and
present evidence or cross-examine
witnesses according to SDCL 1-26, must
file a written petition with BOTH the
Applicant and the Chief Engineer by
June 28, 1985. The petition may be in-
formal, but it must include a statement
describing the petitioner's interest in
the application, the reason for the
petitioner's opposition to or support of
the application, and the signature and
mailing address of the petitioner or his
legal counsel if legal counsel is ob-
tained. The applicant need not file a
petition.

This application is made pursuant to
the provisions of SDCL 46-1-1 thru 46-1-
9, 46-1-12 thru 46-1-15; 46-2-1, 46-2-9, 46-
2-11, 46-2-13, 46-2-17, 46-5-1 thru 46-5-10,
46-5-24, 46-5-25, 46-5-30, 46-5-31; 46-2A-1
thru 46-2A-10, 46-2A-12, 46-6-2, 46-6-3, 1,

46-6-1, 46-6-10, 46-6-13, 46-6-14; and
Board Rules ARSD 74:02.01:01 thru
74:02.01:15.

The hearing is an adversary
proceeding. The applicant or any
person, after filing a petition, has the
right to be present or to be represented
by a lawyer. These and other due
process rights will be forfeited if they
are not exercised. Decisions of the
Board may be appealed to the Circuit
Court and the State Supreme Court as
provided by law.

Any person wishing a copy of the
Chief Engineer's recommendation,
further information on this application
or to assure access to the hearing by the
handicapped can contact the Water

No. 1334-1

Instruction to Newspaper - Publish first publication of the following Notice on or before May 29, 1985 with 2nd publication 1 week later. The applicant is responsible for payment.

NOTICE OF HEARING on Application No. 1334-1 to Appropriate Water
~~and/or to Amend Water Permit or Water Rights No. _____~~

Notice is hereby given that Stage Stop Plaza, George Jenter, ^{/Jerry Chaffee and Lavern Wilburn} whose mailing address is
748 Park Street, Sturgis, South Dakota has made an application for a permit

to appropriate 0.08 cfs from one existing well 480 feet deep (Minnelusa Formation)
 located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ Section 23-T3N-R6E. The water supplies a commercial building.

Pursuant to SDCL 46-2A-2 the Chief Engineer of the Water Rights Division recommends
APPROVAL of Application No. 1334-1 because 1) unappropriated water is available,
 2) will be no unlawful impairment of existing rights, 3) is beneficial use of water and
 4) is in the public interest.

This application will be considered by the Water Management Board at Civil Defense
Room, basement of Capitol Building, Pierre, SD, July 10 19 85 at 10:00 am.

The recommendation of the Chief Engineer is not final or binding upon the Board and the Board is authorized to make a determination on this application after it reaches a conclusion based upon facts presented at the public hearing. Any interested person who may be affected by a Board decision and who intends to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, must file a written petition with BOTH the Applicant and the Chief Engineer by June 28, 1985. The petition may be informal, but it must include a statement describing the petitioner's interest in the application, the reason for the petitioner's opposition to or support of the application, and the signature and mailing address of the petitioner or his legal counsel if legal counsel is obtained. The applicant need not file a petition.

Dear Sirs:

Enclosed is your Water Permit No. 1334-1 as approved by the Water Management Board authorizing the water diversion system and apply the water to beneficial use, not exceeding the limits as specified in the Water Permit.

We will schedule an inspection so that the Water License may be issued to you, thus completing your acquisition of a Water Right.

Very truly yours,

Dear Mr. Jenter:

The inspection of your water use system and inspection of the extent of the application of water to beneficial use, as developed under your Water Right No. 1334-1 has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuing of the Water License. Upon receipt of the \$50.00 fee from you, your Water License will be sent to you.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until this \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

Maxine Stirling
Secretary

NOTE: On check or money order, please indicate the number of the water permit. This insures proper handling of the fee.

Water District**Report Of Examination Of Works And/Or Application Of Water To Beneficial Use**

TO: Chief Engineer, Division of Water Rights, DWRN, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by Stage Stop Plaza
c/o Jenter, Chaffee, Wilburn of 748 Park Str. Sturgis, SD 57784 holder of
Permit No. 1334-1, bearing the priority of May 27¹⁶ 19 85 authorizing
the diversion of 0.08 cu. ft. per second of the waters of groundwater-Minnelusa
for commercial/domestic purposes, in Meade County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

Two Pumps: one submersible; one F.W. Standard, total capacity 35 gallons per minute.

Two motors: One submersible; one F.W. Standard, 2 horse power each.

B. Works used to transport water to place of use:

100 feet of 1½ inch steel pipe.

C. Works used to apply water to beneficial use:

Water is used for domestic and commercial use.

The system is in the following condition goodThe point of diversion is located approximately 254 feet north, 500 feet west from the Southeast
corner of Section 23, T3N-R6E (SE¼ SE¼)The works are capable of diverting and conveying to the place of use 0.08
cu. ft. per second of water which is to be used for commercial useWater has been put to beneficial use to the maximum extent as follows: _____
water is used in a mini mart, car wash and doctor's office.comprising a total of NA acres of land and the license should be issued for 0.08 cfsApplicable permit qualifications have been complied with X Yes NoExceptions to compliance are: _____ Date 9/14/88_____

f) operating PSI

3. Distribution lines or canals

a) size 1 $\frac{1}{2}$ inches

b) type Steel

c) length 100 feet

4. Dam Information:

a) height to crest m) Outlet tubes:

b) height to primary spillway 1) diameter

c) height to secondary spillway 2) type

d) crest width 3) valved (Y/N)

e) crest length 4) valve type

f) spillway length 5) location on structure

g) spillway width

h) approx. storage n) Category of Dam

i) approx. storage to crest

j) date constructed

k) inspection sheet completed (Y/N)

l) Name of Contractor

5. System Type a) sideroll:

- 1) length _____ feet
- 2) diameter of pipe _____
- 3) make, model & number of
sprinklers _____
- 4) spacing of sprinklers _____
- 5) nozzle size _____

c) gun

- 1) make _____
- 2) nozzle size _____
- 3) capacity (GPM) _____
- 4) hose size _____
- 5) hose length _____

e) gated pipe

- 1) length _____
- 2) diameter _____
- 3) spacing of gates _____

f) portable boom

- 1) make _____
- 2) nozzle size _____
- 3) capacity (GPM) _____

b) towline:

- 1) length _____ feet
- 2) make, model & number of
sprinklers _____
- 3) spacing of sprinklers _____
- 4) nozzle size _____

d) center pivot

- 1) make _____
- 2) number of towers _____
- 3) distance between towers _____
- 4) overall length _____
- 5) end gun (Y/N) _____
- 6) high or low pressure _____
- 7) make & size of nozzles _____
- 8) capacity (GPM) _____

g) siphons

- 1) size _____
- 2) number _____

NOTE: For Permits with additional wells or changes in well locations, record the following for each well: pumping capacity, date constructed, well driller and if a well log is available.

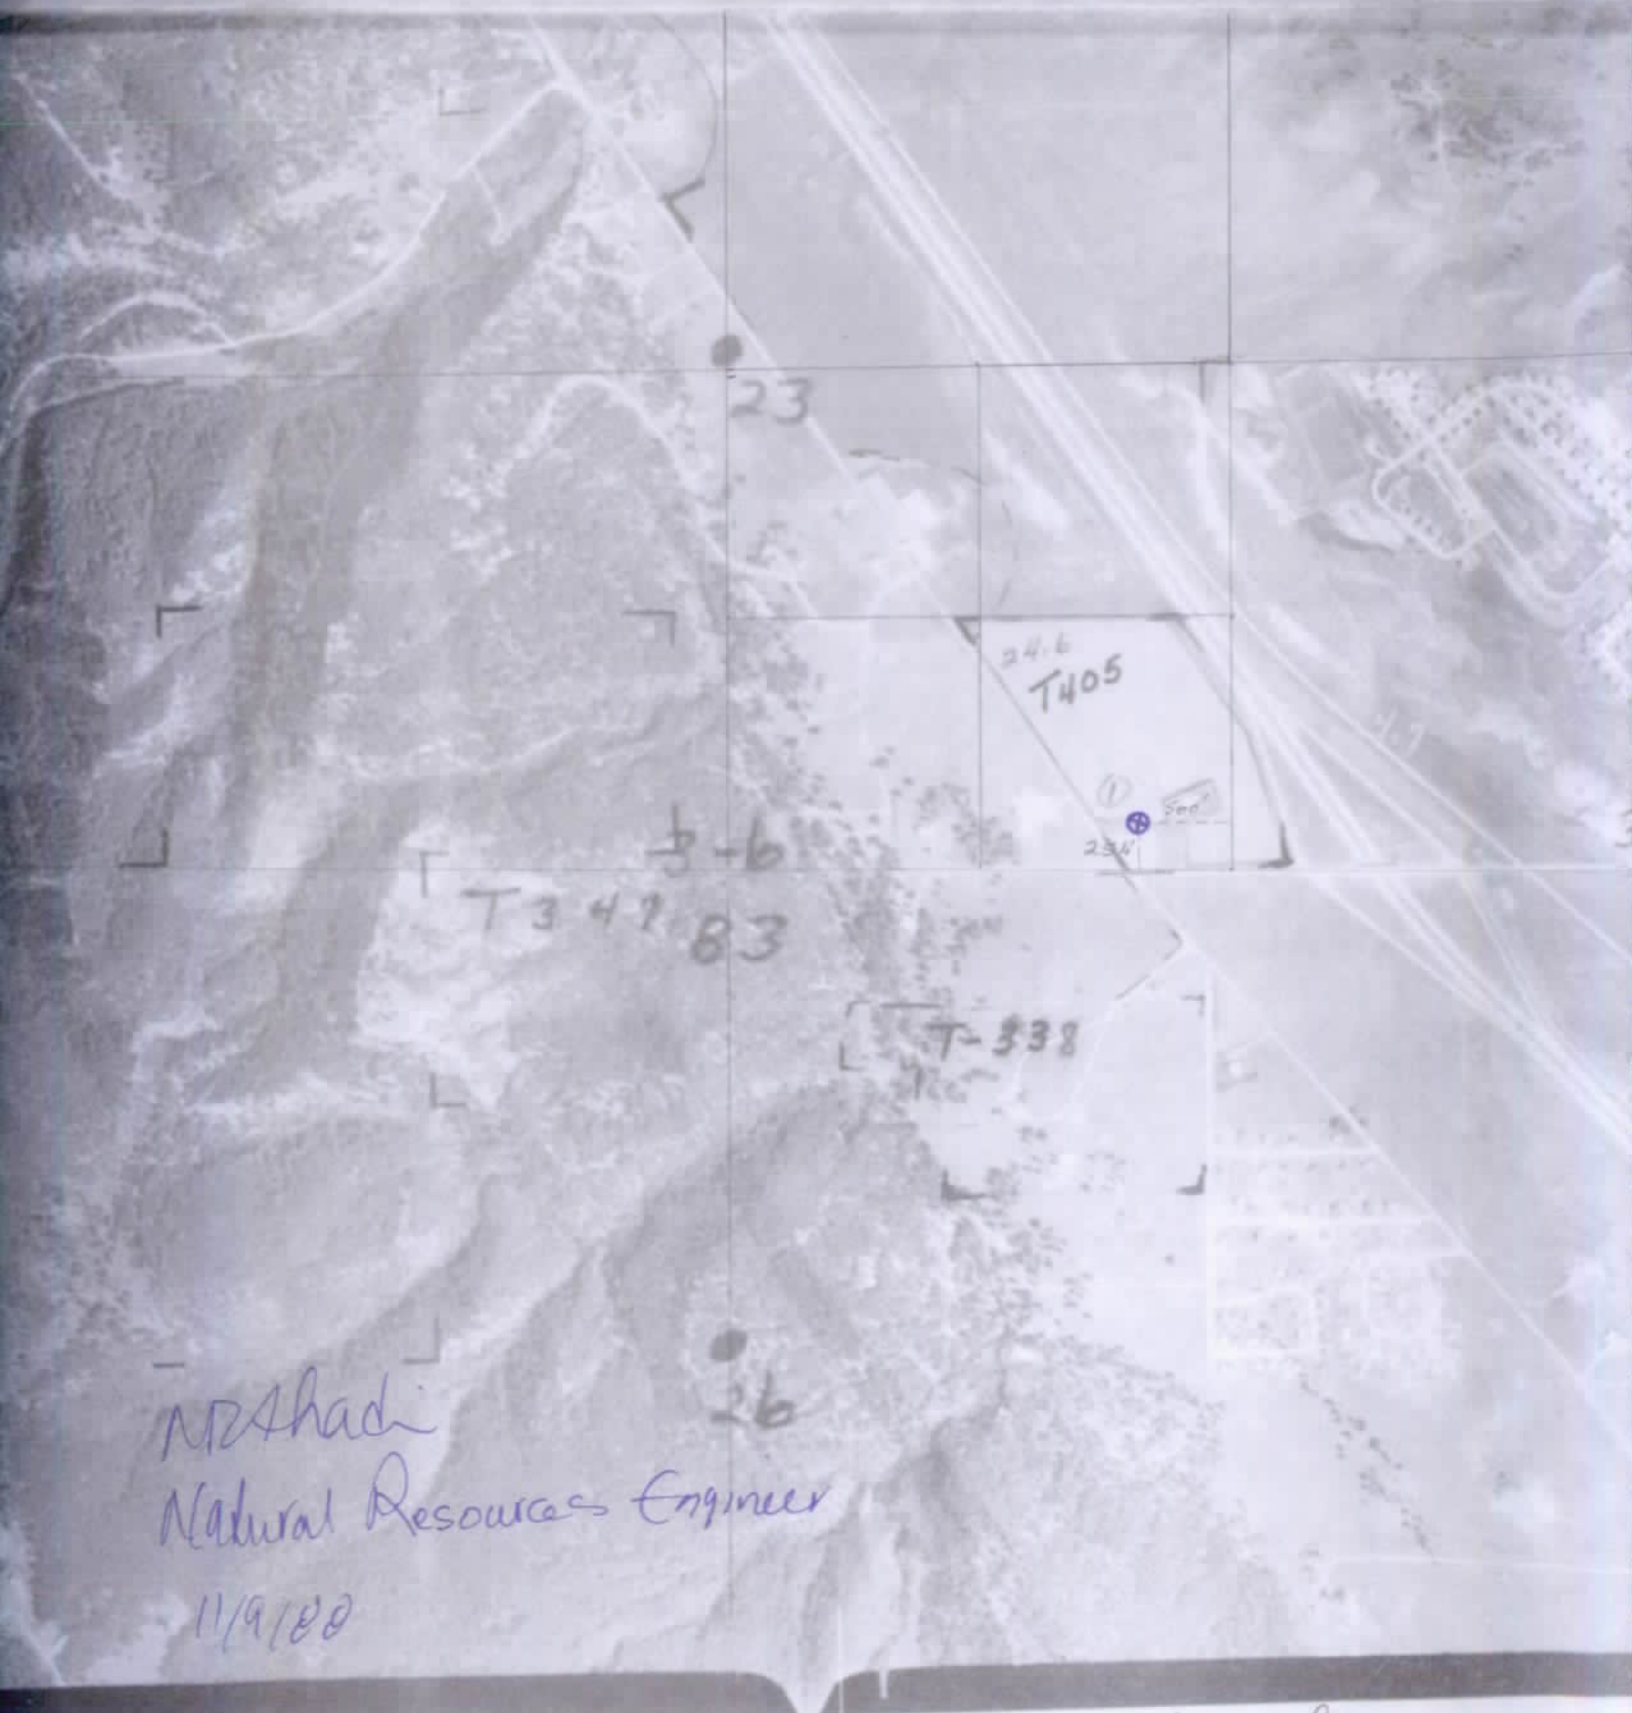

Indicate any other permit(s) which are associated with project _____

Yes	No	Check Items
___ NA ___		1. Soil and water permit lands agree with lands being irrigated and lands listed on permit?
X	___	2. Special qualifications to permit being abided by?
X	___	3. All structures, wells and lands on map?
X	___	4. Irrigation Questionnaires checked to determine if permit owner started irrigation by end of construction period?
___ NA ___		5. Is chemigation used?
___	___	6. If yes, does equipment comply with chemigation rules?

Water License
No. 1334-1

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 1334-1

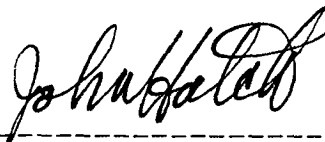

(1) Stage Stop Plaza (George W. Jenter, Jerry Chaffee & Lavern Wilburn of 748 Park Street, Sturgis, SD 57785 made Application No. 1334-1, May 16, 1985* for a water permit to appropriate 0.08 cubic feet of water per second from groundwater (one well), Meade County, South Dakota for commercial purposes. Permit No. 1334-1 with a priority date of May 16, 1985* was approved July 10, 1985 and issued to applicant(s) for diversion of water with construction of the described water supply system completed and the application to beneficial use of said water completed.

* Water Permit No. 1334-1, issued on September 11, 1985, shows the water permit application as first received on May 21, 1985, which became the priority date for the permit. A review of the file, for licensing purposes, found the date of first receipt of the application and the priority date should be May 16, 1985.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.08 cubic feet of water per second for beneficial use. The location of the diversion point is: approximately 254 feet N and 500 feet W from the SE corner of Section 23, T3N, R6E.

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use. The water is for use in a commercial building (Stage Stop Plaza).

(4) Pursuant to Section 46-5-30.1 Stage Stop Plaza (George W Jenter, Jerry Chaffee & Lavern Wilburn) of 748 Park Street, Sturgis SD 57785 the holder(s) and/or owner(s) of Water Permit No. 1334-1 is issued a license to appropriate water, the right to use 0.08 cubic feet of water per second from groundwater (one well) with a priority date of May 16, 1985 from the location specified in (2) of this license. This license is subject to any limitations or qualifications listed in Water Permit No. 1334-1 and subject to South Dakota State Law.

Sturgis SD 57785

Dear Mr. Jenter:

Enclosed is Water License No. 1334-1. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 411525 in the amount of \$50.00 which you paid for the inspection and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 1334-1, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division
