WATER RIGHTS DIVISION
(605) 773-3352

November 20, 1986

Clifford & Janice Snyder
Box 108 Tilford Road
Piedmont, South Dakota 57769

Dear Mr. & Mrs. Snyder:

On October 21, 1986 I visited with you about the water rights filings and permits on land that you own and made an inspection of the system you are now using. Upon returning to the office I discussed your permits with personnel in the Water Rights Office. We decided that the best thing for you to do for your situation is to validate Water Right Filing No. 0460-1. To do this you will need to submit an application for a vested right. The vested right to be for .035 cfs to irrigate 2 1/2 acres of lawns and gardens and .054 cfs for the farmstead use which includes three households. This will be 40 gpm, about what the pipeline from the spring will carry. The priority date will be October 28, 1896.

To assist you in submitting an application I am enclosing two completed copies of Form 2, "Application for Permit" and one copy of Form 2B, "Affidavit of Water Use". Please check these two forms over and make any additions or corrections necessary to make them as accurate as possible. Sign all of the forms and have them notarized. Then return all forms to this office with a check for \$15.00 to cover the cost of the filing fees.

Also enclosed is a map of the area. Please check this over for accuracy. Make any changes or additions necessary to make it as accurate as possible. If you make corrections or changes on the map, please return it with the forms so that we may correct our office copy. If you do not make any changes on the map you may keep it for your use.

You may keep the copy of water right filing No. 0460-1..

At a later date and after this vested right is validated the water rights filings and water permit No. 20A-1 pertaining to your property will be presented to the Water Management Board for cancellation. You will be notified when these will be presented to the board for cancellation.

At the time of my inspection I indicated that it may be possible to incorporate Water Permit No. 20A-1 into the vested right. However in further checking I find that it had been presented to the board for cancellation on May 24, 1979. At that time Janice Snyder testified that it had not been used for irrigation but for livestock. South Dakota Water Laws state that a water permit must be used once every three years, when water is available, or the permit is subject to cancellation for non-use.

Equal Opportunity Employer

Clifford & Janice Snyder

Page 2

November 20, 1986

Domestic and livestock use takes priority and does not require a permit if the usage is under 18 gpm. Therefore permit No. 20A-1 will be presented for cancellation rather than be incorporated into the vested right.

If you have any questions regarding the matter please feel free to contact this office.

Sincerely,

Dear Sir,

I am returning the application
for permit to appropriate water
with the following corrections.

First, our address box no. is 807.
Second, on the application it
should read the water supplies four
households, Three Snyder families
and a full time hired man. The
house he lives in is owned by the
Snyders. It also waters a small
garden.

I hope this makes everything
OK.

REPORT ON VESTED RIGHT APPLICATION NO. 1378-1
Clifford and Janice Snyder
January 19, 1987

Vested Water Right Application No. 1378-1 proposes to validate a vested right claim for the appropriation of 0.054 (domestic use) and 0.035 cfs (irrigation use) from a spring located in the SE 1/4 SW 1/4 Section 13, T4N, R5E. Water is used for domestic purposes in four households and to irrigate 2.5 acres of lawns and gardens in the SE 1/4 SW 1/4, SW 1/4 SE 1/4 Section 18, T4N, R6E. The water use has a claimed priority date of November 16, 1896.

Conclusions:

1. According to the affidavit of water use, the works were constructed during 1896 and water has been put to beneficial use.
2. The project supplies four households and is used for watering lawns and gardens. An inspection of the project was completed by LeRoy Mernaugh and Ron Duvall and found to exist as described.
3. It is recommended that the vested right claim be validated.
4. A priority date of November 16, 1896 should be assigned according to the date the project was registered with Meade County on Water Right Filing No. 0460-1.

Dear Mr. Snyder:

I am writing to advise you that the legal notice of hearing published in the Meade County Times-Tribune is not correct. Two errors were made on the first publication printed on February 4, 1987. I called the newspaper on February 9 to have the errors corrected on the second publication; however, the legal description was still incorrect on the February 11, 1987 publication. Enclosed are copies of both publications and a copy of the correct legal description.

As a result of the errors, the legal notice will need to be readvertised for the May 6, 1987 Water Management board meeting. The readvertisement is needed to ensure that the Vested Right validation is free from legal problems due to inaccurate and incomplete public notice. The information needed to readvertise the notice will be sent to you and the newspaper in March, 1987. Please contact us if you have any questions.

Sincerely,

Dear Mr. Snyder:

This letter is in response to the readvertisement of the legal notice for Application No. 1378-1 in the Meade County Times-Tribune on March 18, 25, April 8 and 15, 1987. The readvertisement of the legal notice to consider Application No. 1378-1 at the May 6, 1987 Board meeting has errors and needs to be readvertised for the July 8, 1987 Board meeting.

Publication errors (copies enclosed) were made on the March advertisement and corrected during the April advertisement; however, a new error regarding the claimed priority date was made during the April advertisement. The claimed priority date is November 16, 1896 not November 16, 1986 as advertised in the April publication. Again, readvertisement is necessary to ensure that the Vested Right validation is free from legal problems due to improper public notice. The information needed to readvertise the notice will be sent to you and the newspaper in May, 1987. Please contact us if you have any questions.

Sincerely,

THE APPLICANT MUST VERIFY TO YOU THAT THE NOTICE IS TO BE PUBLISHED, before you make the first publication. This notice is a readvertisement of the notice published in your paper on April 8 and 15, 1987. Due to publishing errors on the original notice this notice needs to be readvertised. The newspaper will be responsible for the cost of this publication.

A copy of BOTH publications must be sent to the Water Rights Division. Dear Jeannie,

Per out phone conversation please find the information you requested to do a water rights and water easement search. Our questions are three fold: (1) What water rights and water easement rights go with the Schieferstein property, (2) What water rights go with the Snyder property and (3) are there any water rights agreements between the two properties that might not be recorded in the normal manner. Enclosed are the legal description for the Schieferstein property and an exhibit for the Snyder property.

Jeannie, if you need any additional information please give us a call at 1-800-658-5550 and either myself or Ken Reder will get whatever additional information you need.

Thanks in advance for the help!

Sincerely,

Walt Cannon
