SOUTH DAKOTA

VESTED WATER RIGHT NO. 1539-1

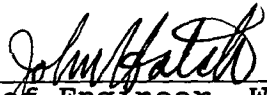

Date of Receipt of Claim November 21, 1991.

Date of Validation May 11, 1992.

The Chief Engineer, on behalf of the Water Management Board validated Vested Water Right Claim No. 1539-1 for Ardell Olson, 909 Camel Dr., #212, Gillette WY 82716 with the following limitations, conditions and qualifications:

1. Vested Water Right No. 1539-1 appropriates 0.167 cubic feet of water per second (75 gallons per minute) from one well (Quaternary Alluvium) 55 feet deep located in the NW 1/4 NW 1/4 (Lot M) Section 3-T6N-R2E.
2. The appropriated water is used for supplying water to a campground and may not exceed the amount of water needed for beneficial use for commercial purposes.
3. The water is to be used during the following annual period: January 1 - December 31.
4. The priority date of the Vested Water Right is January 1, 1955.
5. The water use system has been constructed and water has been applied to beneficial use.
6. Water Rights obtained in compliance with the laws of the State of South Dakota must not be unlawfully impaired by this appropriation.

WATER MANAGEMENT BOARD

By: 
Chief Engineer, Water Right Division
Department of Environment and Natural Resources

MAY 12 1992

date

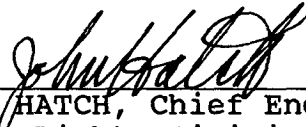

STATE OF SOUTH DAKOTA

VESTED RIGHT WATER LICENSE NO. 1539-1

(1) Ardell Olsen of 909 Camel Drive #212, Gillette, WY 82716 made Application No. 1539-1, November 21, 1991 for validation of a vested right claim to appropriate 0.167 cubic feet of water per second (75 gallons per minute) from groundwater (one well), Lawrence County, South Dakota for commercial purposes. Vested Water Right No. 1539-1 was validated May 11, 1992 with a priority date of January 1, 1955. Construction of the described water supply system and application of water to beneficial use has been completed and complies with applicable provisions of South Dakota State Law.

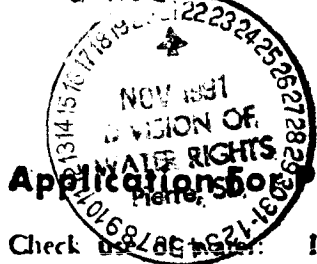

(2) The applicant is entitled to divert 0.167 cubic feet of water per second (75 gallons per minute) for beneficial use. The location of the diversion point is: in Lot M of the NW 1/4 NW 1/4 Section 3, T6N, R2E.

(3) Pursuant to Section 46-5-30.1 Ardell Olsen of 909 Camel Drive #212, Gillette, WY 82716 the holder(s) and/or owners(s) of Vested Water Right No. 1539-1 is issued a license to appropriate 0.167 cubic feet of water per second (75 gallons per minute) from groundwater (one well) with a priority date of January 1, 1955 from the location specified in (2) of this license. The water is to be used for the purpose of supplying water to a campground (commercial use). This license is subject to any limitations, conditions or qualifications listed in Vested Water Right No. 1539-1 and subject to South Dakota State Law.

Re: Water Appropriation

Dear Mr. Frye:

Enclosed please find the following documents:

- 1) 2 -- original Applications For Permit To Appropriate Water Within The State Of South Dakota with attached copies of maps initialed by the Lawrence County Conservation Service;
- 2) 2 -- original Supplemental Information forms;
- 3) 2 -- original Affidavits of Water Use

It is my understanding that the Affidavit of Water Use required only one signature. Edwin Johnson is the person who put the well in.

I am also enclosing a check for Fifteen Dollars (\$15). You may return the permit to my attention and I will forward it to Ms. Olson. Thank you for all your help in this matter.

Yours truly,

Jerome A. Eckrich

Dear Mr. Eckrich:

In regard to the water permit application received on November 21, 1991, for Ardell Olsen, the following information needs to be clarified in order to process the application.

1. The map must reference the location of the diversion point (place where the well is located) in relation to a government section corner or quarter corner by direction and distance.
2. Item No. 2 of the application states the amount of water claimed to be 300 gallons per minute. This appears to be excessive to supply a campground and a mobile home. Is this a correct figure?

Upon receipt of the above, further processing of the application will continue. If you have any questions, please contact this office.

Sincerely,

Karin Schlaak

Dear Mr. Eckrich:

On November 21, 1991, you submitted an application (copy enclosed) for a permit to appropriate water for Ardell Olson. You were notified on November 26, 1991 (copy enclosed) that the application was incomplete and were instructed what additional information was necessary in order to complete the application. To date, we have not received a response from you.

Obtaining a water permit ultimately benefits you by protecting your right to use water. Except for domestic use, any water user without a water right is not entitled to receive protection in the event of interference by a new or future user who has a water right.

Pursuant to South Dakota Codified Laws 46-1-15, 46-5-9, 46-5-10 and 46-2-18, you must have a water permit prior to using water.

If you have any questions, please contact this office.

Sincerely,

Karen Schlaak

Re: Application for Permit to Appropriate
Water for Ardell Olson

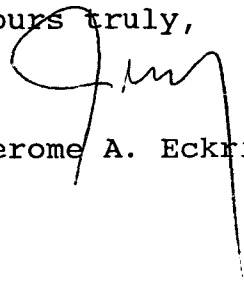

Dear Ms. Schlaak:

Thank you for your letter of January 29, 1992. I had a little difficulty contacting the original owner of the real property on which the well is sited. That persons name is Mr. Johnson, he is out of the state for the winter. I contacted a local plumber who has done quite a bit of work on the well, and he was able to verify the location of the well site on the U.S. geological survey map which you sent me.

The geological survey map covers a very large area, so by necessity the well site indicated on the survey map is approximate only. However, if you use both the geological survey map and the plat map, which I previously submitted, the department should have a fairly accurate record of the well location.

The geological survey map is again initialed by Diane Miller of the Lawrence County Conservation Service.

Yours truly,

Jerome A. Eckrich

Re: Application for Permit to Appropriate
Water for Ardell Olsen

Dear Ms. Schlaak:

I understand that there has been some question regarding the amount of water usage listed on the affidavit. In your letter to me dated November 26, 1992 you asked that I verify a change reducing the gallons per minute to 75. I thought that I had done that, however, please be advised that this letter may serve as verification that you may reduce the application for permit to 75 gallons per minute.

Please note that Ardell Olsen is the legal title holder to the real property upon which the well is sited. It has been sold on land contract to Steve and Marcia Sharp. We anticipate that when the water permit is granted, the permit will be placed in escrow along with the other real estate documents. Upon payment the water permit will then be delivered to the Sharps.

I hope this answers all of your questions, I would like to get this matter expedited as soon as possible. In the future if you have any questions, please direct future correspondence to Harlan A. Schmidt in care of this office.

Thank you.

Yours truly,

Jerome A. Eckrich

Spearfish, SD 57783-7048

RE: Ardell Olsen Water Permit Application

Dear Mr. Smidt:

I am writing in regards to our conversation on Ardell Olsen's vested right application. The amount of water claimed (300 gallons per minute (gpm)), seems quite excessive for commercial use by a campground. I have enclosed a copy of the submitted application and Affidavit of Water Use which state water use by the business of 300 gpm. You stated that 300 gpm was probably the well capacity, but that the business has never actually put this amount of water to beneficial use, and that you would try to provide this office with a more reasonable amount of water claimed. The amount of water claimed should be the maximum rate the well is pumped at on a regular basis.

You asked what diversion rate was included on Mrs. Olsen's neighbors application. Mr. Lowell Carlson has a vested right application pending for LJMT, Inc., with the amount of water claimed to be 15 gpm.

Please complete the enclosed blank Affidavit of Water Use form with the corrected amount of water claimed to this office, and we will proceed with processing.

If you have any questions, please feel free to contact me.

Sincerely,

Eric Gronlund

RE: Discussion with Harlan Schmidt, attorney for Mrs. Olsen

COMMENTS:

I contacted Mr. Schmidt regarding his letter dated April 7, 1992. I told him we proceeded with processing Mrs. Olsen's application based on Mr. Eckrich's March 31, 1992 letter and that the notice of hearing had been submitted. Mr. Schmidt stated that they in all honesty did not have a good feel for exactly how much water was being used. I stated that we go ahead and process for the 75 gpm but when a staff engineer is in the area, we would conduct an inspection and reissue the right for the amount of water being used.

File in Permit or other file as necessary. Use to document conversations and what the other party was told; why action or decision was made.

NAME: Eric Hurlund

REPORT ON VESTED RIGHT APPLICATION NO. 1539-1
for Ardell Olsen
April 2, 1992

Application No. 1539-1 proposes to validate a vested right claim to appropriate 0.167 cfs (75 gpm) from one well approximately 55 feet deep located in the NW 1/4 NW 1/4 of section 3, T6N R2E BHM in Lawrence County. The water has a claimed priority date of January 1, 1955 and is used as a commercial water supply to a campground.

AQUIFER - QUATERNARY ALLUVIUM (ALQ)

The alluvium consists of sand, gravel, silts and clays under unconfined conditions (water table). The alluvium is hydraulically connected to Spearfish Creek and may attain a thickness of about 60 feet. No estimate is available for the amount of water in storage in the alluvium. The extent of the aquifer is probably limited to the floodplain of Spearfish Creek and the aquifer is recharged by rainfall and snowmelt directly into the aquifer, by leakage from Spearfish Creek and from leakage from the irrigation ditches which cross the floodplain.

The Division of Water Rights does not monitor any observation wells completed into the alluvium in the Spearfish area. No historical water level data for the alluvial aquifer are available.

REVIEW OF EXISTING WATER PERMITS/RIGHTS

There are five existing permits/rights Nos. 1343-1, 1356-1, 1537-1, 1227-1 and 1377-1 which obtain water from the alluvium and are within 1/2 mile of this application. Interference is not expected to be a concern. All of these wells have been in use for many years with no apparent problem.

CONCLUSIONS

1. Water is available from the Quaternary alluvium.
2. This is an unconfined aquifer. Pumping at the rate requested by this application should not cause significant drawdown. Interference should not be a concern.
3. This is an existing well. The affidavit filed with this application indicates this well has been used continuously at the requested rate since 1955. This would qualify for a vested right.
4. Information is not available to determine how this well was constructed.

5. There are numerous domestic wells in this area which obtain water from the alluvial aquifer.

James A Goodman

Natural Resources Engineer

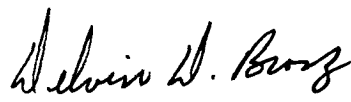

RECOMMENDATION OF CHIEF ENGINEER FOR VALIDATION OF VESTED WATER

RIGHT APPLICATION NO. 1539-1, Ardell Olsen

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Environment and Natural Resources concerning Validation of Vested Water Right Application No. 1539-1, Ardell Olsen, 909 Camel Drive, #212, Gillette, WY 82716.

The Chief Engineer is recommending VALIDATION of Application No. 1539-1 for 0.167 cfs because 1) water has been appropriated as described for commercial use with a priority date of January 1, 1955, 2) the use has been developed without unlawful impairment of existing rights, 3) the use is a beneficial use and 4) it is in the public interest.

See report on application for additional information.

Ardell Olsen
909 Camel Drive #212
Gillette, WY 82716

Dear Mr. Olsen:

Your Application No. 1539-1 for a vested water right claim has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of your claim has been sent to the Publisher of the Spearfish Daily Queen City Mail printed at Spearfish, SD (Ph # 642-2761). For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the application are enclosed. Please review the notice and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your notice of hearing to validate a vested right and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. We must receive Proof of Publication before the application can be considered.

Sincerely,

Eric Gronlund
Natural Resources Engineer
605 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the application.

ATTN: Legal Publications:

Enclosed is a Notice of Hearing to Validate Vested Right Application No. 1539-1 to be published twice. Please publish the notice on April 14, 1992, with the second publication 7 days later.

The APPLICANT MUST VERIFY TO YOU THAT THE NOTICE IS TO BE PUBLISHED, before you make the first publication. Please BILL the APPLICANT for the cost of publication. The APPLICANT is Ardell Olsen, 909 Camel Drive, #212, Gillette, WY 82716 (Ph # (307)682-2801).

A copy of BOTH publications must be SENT to the WATER RIGHTS DIVISION. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. The permit application cannot be considered until proof of publication has been received.

Sincerely,

Eric Gronlund

Name

Newspaper

Instruction to Newspaper - Publish first Notice on April 14, 1992, with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF HEARING To Validate
Vested Water Right Application No. 1539-1 to Appropriate Water

Notice is given that Ardell Olsen, 909 Camel Drive, #212, Gillette, WY 82716 has filed an application to validate a vested water right claim to appropriate 0.167 cubic feet of water per second (75 gallons per minute) from one well (Quaternary Alluvium) 55 feet deep located in the NW 1/4 NW 1/4 (Lot M) Section 3-T6N-R2E. The water has a claimed priority date of January 1, 1955, and is used as a commercial water supply to a campground business.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends VALIDATION of Vested Water Right Application No. 1539-1 because 1) water has been appropriated as described for commercial use with a priority date of January 1, 1955; 2) the use has been developed without unlawful impairment of existing rights, 3) it is a beneficial use of water, and 4) it is in the public interest. Unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation, the Water Management Board will NOT CONDUCT a HEARING to consider this application and the chief engineer will issue the vested water right application as recommended. Petitions filed in support of the application will NOT require the Board to hear the application.

Any person interested in opposing or supporting this application must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if opposed to the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by May 1, 1992. The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

For purposes of publishing 1) the notice of hearing on Application No. 1539-1 and 2) the chief engineer's recommendation, a meeting at the Division of Water Rights office to hear this application is scheduled for May 11, 1992, at 9:00 am in Room 413, Joe Foss Building, 523 E Capitol, Pierre SD. If this application is opposed or the recommendation is contested, the May 11, 1992, hearing date will be rescheduled for a regularly scheduled Board meeting. Notice of the time and place of the rescheduled hearing before the Board will be given by First Class Mail to the applicant and persons filing petitions. Anyone not filing a petition, but interested in attending the hearing, may contact the Division of Water Rights to confirm a hearing date and location. The May 11, 1992, hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the application. The request for an automatic delay must be filed by May 1, 1992.

If a hearing is held, the Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve the validation, 2) approve the validation with qualifications, 3) defer, or 4) deny validation of the application based on the facts presented at the public hearing. Any hearing will be an adversary proceeding. Any person filing a petition and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-26. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact the Water Rights Division to request copies of information pertaining to this application or to assure access to the hearing by the handicapped.

This application is made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15, 46-2A-18; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31, 46-5-49; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15; 74:02:01:19 thru 74:02:01:22.

NOTICE OF HEARING To Validate

Vested Water Right Application No. 1539-1 to Appropriate Water

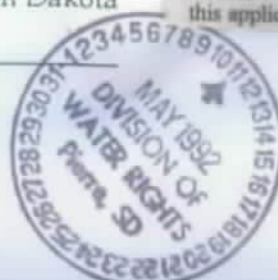

Notice is given that Ardell Olsen, 909 Camel Drive, #212, Gillette, WY 82716 has filed an application to validate a vested water right claim to appropriate 0.167 cubic feet of water per second (75 gallons per minute) from one well (Quaternary Alluvium) 55 feet deep located in the NW 1/4 NW 1/4 (Lot M) Section 3-T6N-R2E. The water has a claimed priority date of January 1, 1955, and is used as a commercial supply to a campground business.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends VALIDATION of Vested Water Right Application No. 1539-1 because 1) water has been appropriated as described for commercial use with a priority date of January 1, 1955, 2) the use has been developed without unlawful impairment of existing rights, 3) it is a beneficial use of water, and 4) it is in the public interest. Unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation, the Water Management Board will NOT CONDUCT a HEARING to consider this application and the chief engineer will issue the vested water right application as recommended. Petitions filed in support of the application will NOT require the Board to hear the application.

Any person interested in opposing or supporting this application must file a written petition with BOTH the applicant and Chief Engineer. The applicant must also file a petition if

opposed to the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E. Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by May 1, 1991. The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained.

For purposes of publishing 1) the notice of hearing on Application No. 1539-1 and 2) the chief engineer's recommendation, a meeting at the Division of Water Rights office to hear this application is scheduled for May 11,

1992, at 9:00 a.m. in Room 413, Joe Foss Building, 523 E Capitol, Pierre SD. If this application is approved, the recommendation is expected by May 11, 1992, hearing date will be rescheduled for a regularly scheduled Board meeting. Notice of the date and place of the rescheduled hearing before the Board will be given by First Class Mail to the applicant and persons filing petitions. Anyone not filing a petition, but interested in attending the hearing, may contact the Division of Water Rights to confirm a hearing date and location. The May 11, 1992, hearing date will be automatically delayed for at least 20 days upon written request to the Chief Engineer from the applicant or any interested person opposing the application. The request for an automatic delay must be filed by May 1, 1992.

If a hearing is held, the Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve the validation, 2) approve the validation with qualifications, 3) defer, or 4) deny validation of the application based on the facts presented at the public hearing. Any hearing will be an adversary proceeding. Any person filing a petition

and/or the applicant have the right to be represented by a lawyer and may present evidence or cross-examine witnesses according to SDCL 1-2-2. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. Contact the Water Rights Division to request copies of information pertaining to this application or to assure access to the hearing by the handicapped.

This application is made pursuant to SDCL 1-1 thru 46-1-9, 46-1-12 thru 46-1-16; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15, 46-2A-18; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31, 46-5-49; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14, 46-6-26; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15; 74:02:01:19 thru 74:02:01:22.

COMMENTS:

Called Mrs. Olson - told her I had contacted
Sprayison paper for affidavit. after that is
received her permit could be issued.

She said she would like the permit ASAP
because new owners are getting anxious. She
would ^{like a} copy and to her attorney also.

I told Mrs. Olson that she should be aware
that the permit would need to be transferred
at the time her business was sold. I told
her I'd include a transfer form with permit

File in Permit or other file as necessary. Use to document conversations and

Dear Mr. Sharp:

Enclosed, as you discussed with Eric Gronlund, is a partially completed "Notice of Transfer of Ownership" form for use in filing an ownership change with Vested Water Right No. 1539-1. The vested right is currently listed in the name of Ardell Olsen.

Please complete the form as needed and sign it in the presence of a notary public. Upon completion, please return the form to our office with a required filing fee of \$2.50.

I am including a copy of the vested water right license for your records. If you have any questions concerning the vested right or completion of the transfer form, please contact me.

Sincerely,

Genny McMath
