Dear Madam:

The South Dakota water laws (Chapter 130, Session Laws of 1955, as amended) provide "That the use of water for domestic purposes is the highest use of water; and takes precedence over all appropriative rights."

The South Dakota water laws provide also, "The full control of all waters in the definite streams of this State is vested in the Commission. The Commission shall regulate and control the development, conservation and allotment of waters of the State according to the principles of beneficial use and priority of appropriation established by this Act." The Commission referred to is the Water Resources Commission.

Because of the existing deficient supply of water in the Belle Fourche River to satisfy all authorized uses of the waters of this stream, the Water Resources Commission hereby orders that your withdrawal of water from the Belle Fourche River for irrigation purposes shall cease effective immediately and until further notice.

This order is necessary in order to maintain domestic use, including stockwater.

Please govern your use of irrigation water under your water right in accordance with this order. Between now and August 31, 1961 inspections will be made of the supplies of water in the Belle Fourche River. New orders based on these inspections will be issued from this office on August 31, 1961.

Sincerely,

J.W. GRIMES

Dear Madam:

Reference is made to my letter to you dated August 14, 1961 concerning the low flows of the Belle Fourche River. Aerial inspections since that date show that the supply of water is still inadequate to satisfy all authorized uses of this stream.

The Water Resources Commission hereby orders that you continue to cease any withdrawals of water from the Belle Fourche River for irrigation purposes.

This order is necessary in order to maintain domestic uses including stockwater.

This order is to remain in effect for the remainder of this irrigation season, unless there is a substantial increase in the flows of the Belle Fourche River, in which case you will be notified that this order is no longer in effect.

NOTICE

RE: Violation of Requirement to Submit 1990 Irrigation Questionnaire

Our records indicate that the 1990 Irrigation Questionnaire has not been submitted for Permit No(s) 430-1. The request for the Questionnaire was dated October 12, 1990. The Water Management Board has directed that owners of water permits who have not submitted the 1990 Irrigation Questionnaire be given notice of hearing(s) to be held by the Board to determine if any action is to be taken concerning the violation.

The hearings will be held at 9:15 am, February 27, 1991, at the Governor's Inn in the meeting room, 700 West Sioux Avenue, Pierre SD.

The hearing will be conducted pursuant to the provisions of SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to procedures contained in SDCL 1-26. Following the hearing(s), the Water Management Board can:

1. Amend Permit No(s) 430-1 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action;
3. Take no action.

The hearing(s) is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is received in this office before the February 27th hearing date, your name will be deleted from the agenda for the hearing.

Very truly yours,

Ron Duvall, Natural Resources Engineer IV

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
