Remarks by State Water Resources Commission:

Primarily, water available for this permit is return flows from the Belle Fourche Project. Such available flows may be reduced or changed by different water utilization by the project. The use of water under this permit is contingent upon water supplies being available to prior water rights.

Lands described in this permit which receive water from the Belle Fourche Project may not receive water under this permit at the same time water is being obtained from the Belle Fourche Project.

Date from which applicant may claim right May 31, 1960

Approved December 21, 1960, Recorded in Book 6 Page 165

This is to certify that we have examined the foregoing application for a permit to appropriate water of the State of South Dakota, and we hereby grant the same as stated herein, subject, however, to the following limitations and conditions:

1st. The equivalent of at least one-fifth of the work above specified is to be completed on or before

JUNE 21, 1962

2nd. The whole of said work is to be completed on or before December 21, 1963

3rd. The limit of time for proof of beneficial use of water appropriated in accordance herewith is

December 21, 1964

4th. The water appropriated shall be used for the purpose of irrigation

5th. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

6th. The amount of the appropriation herein granted shall not exceed 6.47 cubic feet per second; neither shall it exceed the capacity of the above described system of diversion works, nor the least amount of water that experience may hereafter indicate as necessary for the production of crops in the exercise of the best husbandry; and further, said appropriation must be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually

and beneficially applied for irrigation on or before December 21, 1964; said water to be used during the following described annual period:

April 15 to September 15, inclusive

NOTICE

Re: Violation of Requirement To Submit 1987 Irrigation
Questionnaire

Our records indicate that the 1987 Irrigation Questionnaire has not been submitted for Permit No(s). 470-1, 577-1. The request for the Questionnaire was dated October 8, 1987. The Water Management Board has directed that owners of water permits who have not submitted 1987 Irrigation Questionnaires be given notice of hearing(s) to be held by the Board to determine if any action is to be taken concerning the violation.

The hearings will be held at 9:00 am, March 2, 1988 in Room 216, Joe Foss Building, 523 E Capitol, Pierre SD.

The hearing will be conducted pursuant to the provisions of SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to procedures contained in SDCL 1-26. Following the hearing(s), the Water Management Board can:

1. Amend Permit No(s). 470-1, 577-1 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action;
3. Take no action.

The hearing(s) is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

JOHN HATCH, Chief Engineer
Water Rights Division

12-12-94

470-1

Dear Sirs,

I am filing this complaint.
In 1992 Wilbur Knapp changed
the way his waste water drains, and
had drained ^(irrigation) for the past 70 years.
Previously the irrigation waste water
from this particular 160 acres crossed
the road to the south, & went parallel
the county road for almost $\frac{1}{2}$ mile then
entered my irrigation supply ditch where
it could be picked up and used. Now the
majority of acres from this 160 drain to
the east following the county road for
about 1 mile then draining to the south
about $\frac{1}{2}$ mile. The neighbors land that
borders the road is flooded and soured by
this waste water - there was no established
or maintained ditch paralleling the road
to the east also the water does not
flow that direction with as much fall
as it does to the south where it used
to run & could & was used for irrigation
for many years.
RS. ever
Paul R. R. R.

If you cannot or won't do any
thing about this I'm requesting application
forms to file water rights on this
irrigation waste water which always ^(D) ~~derives~~
threatens this farm (our family farm) since
1966, previously the Ragnar Boe farm
(D) always since construction of
the Belle Fourche irrigation District

FILE DOCUMENTATION FOR WATER RIGHT NO. 470-1

On May 26, 1992, a portion of Water Right No. 470-1 was transferred from Raynord and Doris Schild to Stanley Wood.

Water License No. 470-1 was divided and reissued (to reflect separate ownership) as follows:

No. 470A-1, Stanley Wood - authorizing diversion of 0.53 cfs of water from Dry Creek to irrigate 39 acres located in the W $\frac{1}{2}$ NW $\frac{1}{4}$ Section 17, T8N, R7E.
