Dear Mr. Reich:

This is to confirm our conversation of Friday afternoon regarding the current water supply problems of the town of Isabel. At this point, without further information, it is impossible for me to assess the water rights situation of Isabel. If the staff of the Division of Water Rights finds that Isabel does have a legitimate claim for the release of additional water into the lake, I will do what I can to help you straighten this situation out.

Dear Mr. Beringson:

I am writing to notify you that pursuant to the Notice of Intent to Validate Vested Water Right Claims dated June 20, 1988 that I intend to oppose validation of all Department of Game, Fish and Parks Vested Water Right Claims for lakes for the following reasons:

1. Until the outlet elevation for each lake is surveyed and the outlet elevation is set by the Water Management Board.
2. To allow the Vested Water Right Claim to be amended, if necessary, as follows:
 - a) Include the outlet elevation;
 - b) To correct the amount of water claimed;
 - c) To add the qualification that a vested claim is subject where necessary to installation of a concrete outlet structure to assure retention of the outlet as the established elevation; and
 - d) To add any amendments and qualifications necessary to clarify a Vested Right Claim.

Also, that I intend to oppose validation of all Department of Game, Fish and Parks Vested Water Right Claims for dams to allow the Vested Water Right Claim to be amended, if necessary, as follows:

1. To include the spillway elevation;
2. To correct the amount of water claimed; and
3. To add any amendments and qualifications necessary to clarify a Vested Right Claim.

We will be working with your staff on these validations. We have already discussed setting outlet elevations before validating claims for lakes. Although the work necessary to complete the validation process will take several years to complete, the results should be of benefit to the public and to your Department. As the work is completed to validate each claim, the claim will be presented to the Water Management Board for validation.

Please advise if you have any questions.

Dear Sir:

Thank you for your letter of October 3 requesting billing for a notice published in June. I had been awaiting payment, as our records show we billed that shortly after publication. I am enclosing a new bill and a copy of the original affidavit, as well as a tearsheet and a new affidavit.

Thank you for noticing this. I don't know what could have happened unless the billing went to the wrong office.

If there is any further question, please contact me at 865-3546.
