Dear Sirs:

Since the application for the water right was filed we have purchased this place and completed the work which was already started by Harry J. Turberville, to the extent that was deemed necessary by the A.C.P. technician to appropriate the said amount of water.

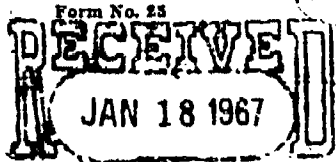

Very Sincerely yours,

Eugene W. Turberville
Albert H. Turberville

P.S. The A.C.P. technician did not think it necessary for us to carry the ditch to the last station #7, therefore we did not as we can get the 1.8 cu ft per second on what we have. I was wondering if the permit could be amended to leave this off. If not I would like an extension of time to complete the last diversion right.

Hoping to hear from you soon.

RE: Water Right No. 512-1 – Shilo Enterprises LLC

Dear Ms. Anderson:

I am writing to acknowledge receipt of the ownership change and filing fee you submitted for transferring Water Right No. 512-1.

The ownership change has been completed. The water right formerly listed in the name of Laurel Turbiville has been transferred to:

**Shilo Enterprises LLC
12B Statesboro
Belle Fourche SD 57717
(in care of Laurel Turbiville as member)**

One thing I would like to mention is with reference to the Quitclaim Deed that accompanied the "Notice of Transfer of Ownership" form. The deed referenced more land than is actually authorized for irrigation. I have included a copy of the completion of works form showing the acreage authorized. I am assuming the deed merely references all the land Ms. Turbiville placed under the "LLC".

Enclosed is your Receipt No. 04597 in the amount of \$50.00. If you have any questions, please contact me.
