WATER RIGHTS PROGRAM -- FILE DOCUMENTATION

NAME & ADDRESS: Edith Vig, Box 32, Mud Butte, SD 57758

DATE: January 12, 2001

RE: ownership of land described in Water Right Nos. 601-1, 601-1A and 723-1

COMMENTS:

The 2000 irrigation questionnaires returned by Edith Vig indicated that her husband Cecil Vig had passed away. Transfer forms were mailed to Mrs. Vig to transfer the ownership of the water rights to her name.

Hope Vig (Edith's daughter) and indicated that the ownership of the land was not clear at the moment because part of the land was in Cecil's estate and part was owned by Edith Vig.

We decided to leave the water rights as they are for now and put Edith's name in the files as the contact person. They will notify us when things get settled or something changes.

Dear Ms. Vig:

I am contacting you in regard to ownership of land described in Water Right Nos. 601-1 and 601-1A. I recently visited with Darrell Vig concerning water rights still listed in the name of Cecil Vig. It is my understanding that you and your husband own the land described in these water rights. Enclosed are copies of both water rights for your review.

Enclosed are partially completed Notice of Transfer of Ownership forms for filing an ownership change with each water right. Please review the forms and complete the area marked "**to be transferred to**". Upon completion, please sign and return the forms to our office with a required filing fee of \$50.00 each (total of \$100). The check or money order for the fee can be made payable to the Water Rights Program.

For informational purposes, each year we mail out irrigation questionnaires for reporting water use. An irrigation questionnaire is required for Water Right No. 601-1A. The system described in Water Right No. 601-1A mentions a pump used to divert water from Sulphur Creek. The system described in Water Right No. 601-1 (from Horse Creek) shows the system to be entirely water spreading. Irrigation questionnaires are not required for water spreading systems.

If you have any questions when completing the enclosed transfer forms, please get in touch with me. Also, let me know if you do not own the land and I should be contacting someone else.

Sincerely,

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
