Also, I have wheat planted at Spearfish which I probably wouldn't irrigate unless I need to in order to hold on to my water rights. I need to know how often I need to use the water for irrigation, to hold the water rights.

We received your letter at the office regarding your Water Permits Nos. 673-1 and 964-1. To maintain your Water Permit you need to irrigate the land under your permits once every three years when water is available.

It was I who stopped in to inspect your system in order that it may be licensed. I will be working in Harding County in August and September. When I am in the area I will contact you regarding inspecting and licensing your permits.

Dear Mr. Brengle:

This is a follow up of our visit of August 5, 1982 regarding your Water Right permits No. 673-1 and 964-1.

Permit No. 673-1 was applied for on January 3, 1963 for 122 acres in the NW $\frac{1}{4}$ of Section 26, T7N, R2E. Apparently only 15 acres was completed for irrigation under this permit. Therefore it was licensed for the 15 acres with a priority date of January 2, 1963.

Permit No. 964-1 was applied for by George Brengle on May 3, 1972 for 91 acres in the NW $\frac{1}{4}$ of Section 26, T7N, R2E. This was for the land that was not developed under permit No. 673-1. Being this has not been developed and the 5 year statutory time limit has expired, this permit is subject to cancellation by the Water Management Board in the near future. You will be notified of the time and date it is presented to the Board.

Your Permit No. 673-1 for 15 acres in the SW $\frac{1}{4}$ NW $\frac{1}{4}$ is Licensed and still in effect and you can continue to irrigate this acreage under this permit.

Your address for Permit No. 673-1 will be changed to the address listed at the heading of this letter.

I am enclosing a map of the area you may irrigate and a copy of the Water License which you may keep for your records.

If you have any questions regarding the matter please feel free to contact this office.

NOTICE

RE: Violation of Requirement to Submit 1993 Irrigation Questionnaire

Our records indicate that the 1993 Irrigation Questionnaire has not been submitted for Permit No(s) 673-1. The request for the Questionnaire was dated October 18, 1993. The Water Management Board has directed that owners of water permits who have not submitted the 1993 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning the violation.

The hearing will be held at 8:45 am, April 6, 1994, at the Golden Hills Resort, 900 Miners Ave, Lead, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to SDCL 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 673-1 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before April 1, 1994, your name will be deleted from the Board agenda.

Very truly yours,
