Water Right Application No. 715-1

Attachment A

I discussed this Water Right Application with Charles Fields, Work Unit Conservationist, S.C.S., Dupree on January 20, 1964.

The intent is that storage dams will be constructed at diversion points 3 and 4 as shown on water right map no. 598-1. Each storage dam will be capable of storing approximately 12 acre-feet of water. Each storage dam will contain a 12" diameter gated tube placed near the bottom of the fill and the dams will be of the approximate dimensions as stated in Water Right Application No. 715-1. There will be no storage back of the dikes to be constructed at diversion points 1 and 2 as shown on water right map no. 598-1.

Water Permit No. 715-1 should therefore authorize the storage of 24 acre-feet of water as part of the diversion rate of 2.4 c.f.s., as requested. Also, as there is another water right immediately downstream as well as domestic needs downstream the permit should contain a provision that low flows as needed for prior water right, and domestic use downstream shall be by-passed.

Dear Mr. Woodward:

Thank you for returning your 1986 irrigation questionnaires so promptly. You inquired on the data sheets as to why you were receiving two forms.

The reason for the two forms is because you have two water rights. I have enclosed a copy of Water Rights Nos. 516-1 and 715-1 for your records.

If you have any other questions I can help you with, please advise.

NOTICE OF ENTRY OF ORDER FOR ONE YEAR SUSPENSION OF WATER RIGHTS

TO: Lawrence Woodward, PO Box 220, Dupree SD 57623-0220

FROM: Eric Gronlund, Chief Engineer *Eric Gronlund*
Water Rights Program

SUBJECT: One Year Suspension of Water Right Nos. 516-1 & 715-1

On March 2, 2022, the Water Management Board ordered:

Effective April 4, 2022, Water Right Nos. 516-1 & 715-1 be suspended for the 2022 irrigation season for failure to submit the 2021 irrigation questionnaires.

If the 2021 irrigation questionnaire is received prior to April 4, 2022, the suspension will not take effect.

Suspension of a water permit or right means water may not be pumped during the 2022 irrigation season. Consistent with the Board's order, you are not permitted to irrigate in 2022 unless the 2021 irrigation questionnaires are submitted by April 4, 2022.

After April 4th, you may petition the Water Management Board to rescind the suspensions. You will need to submit the 2021 irrigation questionnaires and a letter to our office requesting time on the agenda for the next Water Management Board meeting scheduled for May 4-5, 2022, in Pierre, SD. The letter should include your reasons for not completing the 2021 irrigation questionnaires. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

Water Rights Staff will conduct compliance checks of suspended water rights this summer to determine if irrigation is taking place.

Please contact Genny McMath (605) 773-3352, if you have any questions.

To whom it may concern:

Each year, the State of South Dakota sends out Water Management Irrigation Questionnaires to collect information based on annual water use from our state's waters.

This year on the submissions received for Water Right Nos. 516-1 & 715-1, it was indicated that the holder of those water rights, Lawrence Woodward, had passed away, and that no irrigation had taken place this year.

With the passing of Mr. Woodward, ownership of both water rights will need to be transferred to the current property owner. For your convenience I have enclosed a partially completed "Transfer of Ownership" form for each water right for the new owner to complete and return in the pre-paid envelope.

Please return the forms with a check for \$100.00 (\$50.00/transfer) made payable to "SD Water Rights Program" to cover the transfer fees. If you would prefer to pay by card, you may call our Fiscal Office at 605.773.5559. These forms will still need to be returned even if you are submitting payment over the phone.

If irrigation will no longer be taking place under either of these water rights, we would ask that you notify our office. No transfer would be needed if irrigation practices are ceased.

If you have any questions or concerns, please give me a call. My direct number is 605.910.5187

Dear Mr. Woodward:

The South Dakota Water Rights Program is in receipt of the "Notice of Transfer of Ownership" forms and the required fees you submitted for Water Right Nos. 516-1 & 715-1. Enclosed is a receipt of payment for your records.

Water Right Nos. 516-1 & 715-1, previously held by Lawrence Woodward, are now listed under yourself. I have also updated your contact information in our system.

As a reminder, so long as you use the water beneficially, as stated in the licenses (copies enclosed), State Water Laws provide that you have a continuing right to use the water. Should the water not be put to beneficial use for a period longer than 3 consecutive years, without legal excuse, the water rights will be subject to cancellation.

If you have any questions, please contact me.

Sincerely,

Amanda Dewell
