Dear Mr. Golliher:

I am writing in regard of our review of irrigation questionnaire records. No irrigation has been reported for the last five irrigation seasons under Permit No(s). 925-1.

South Dakota Codified Laws state that when any person fails to use water for the purpose for which it was appropriated for a period of three years, or abandons the use of the water, such unused water shall revert to the public. An exception to the law is when there is legal excuse for nonuse of water. Examples of legal excuse for nonuse of water are when water is not available or legal proceedings which prevent the use of water.

Since your permit(s) has (have) not been used for five years, the permit(s) may be subject to cancellation by the Water Management Board unless there is a legal reason for not using water. Please advise by June 17, 1988 if you still want to keep your water right and if there is a reason why water has not been used. Let us know, if you have any questions.

Very truly yours,

Permit- 925-1

Dear Mr Hatch.

These 3 main reason water has not been used for irrigation.

- #1. Flow of water is not sufficient to irrigate more than about 5 acres.
- #2. Pipeline which is about 1/2 mile long that runs from spring is about 50-75% full of silt and lime. We've started cleaning the pipeline section by section the past 6 wks. May account for some of the decreased water flow.
- #3. Flood about 6-7 yrs ago cut flow line accumulation in stream bed allowing most of the spring further up the canyon to not flow but flow into gravel beds. Result less water.

Water is being used to supply water for live stock. Plans are to start (2) new shelter and bring in old one back to satisfactory number of trees. This water is needed for that purpose.

Respectfully request that it be allowed to continue to use water for shelter belt and livestock.

Sincerely,
William W. Schickel

FROM: Ron Duvall, Natural Resources Engineer

Water Rights Program

SUBJECT: Reporting Requirement for 2002 Irrigation Questionnaire

Our records indicate that the 2002 Irrigation Questionnaire has not been submitted for Permit No(s) 925-1. The request for the Questionnaire was dated October 11, 2002. The Water Management Board has directed that owners of water permits who have not submitted the 2002 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning this issue.

The hearing will be held at 8:30 am, March 5, 2003, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 925-1 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before **February 28, 2003**, your name will be deleted from the Board agenda. If you have any questions or need assistance with completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

Note: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.
