Dear Mr. Oleson:

In September, 1984 when Mr. LeRoy Mernaugh, of this office, inspected your water use system under Location Notice No. 604-1 you were informed that you needed to submit a Vested Right Application. Since that time, after discussion with staff and further interpretation of the South Dakota Water Laws, it was concluded a Vested Right Application would not have to be filed.

In order to update your location notice, a notice of transfer should be filed with our office to transfer the name from Lydia B. Mallula to your name. When the transfer is completed, a water license will be issued for the lands you are actually irrigating. This will bring your location notice up-to-date.

Enclosed is a partially completed transfer form for transferring the location notice. Please check over, date, sign before a notary public and return the form to this office with a \$2.50 filing fee.

If you have any questions concerning this procedure, please contact us.

Sincerely,

Genny McMath
