RE: 0623-2 - Sam Franzen

COMMENTS:

In reviewing Water Right Filing #0623-2 and Water Right #16-2 and visiting with
Lloyd Soske on 11-17-83, it was determined that No. 0623-2 and No. 16-2 were
identical.

Water right Filing No. 0623-2 was filed by Sam Franzen on January 11, 1906.

Application for Water Right #16-2 was filed with the State Engineer on February
22, 1907. This application was for an appropriation that had already been made

(evidently No. 0632-2). The application was made to bring the appropriation

within the provisions of the Irrigation code of South Dakota. The state engineer
gave Water Right No. 16-2 a priority date of February 22, 1907. Since the

No. 0632-2 and No. 16-2 are identical, Filing No. 0623-2 should be incorporated

into Water Right No. 16-2 and No. 16-2 should have a priority date of January
11, 1906.

The file for Water Right No. 16-2 contains a letter from T. A. Gardner to Lloyd
Soske, dated June 24, 1974, stating that Water License No. 7-2 and 258-2 would
be transferred to Lloyd Soske without the use of Form 20 or fee. These transfers
were never made.

File in Permit or other file as necessary. Use to document conversations and
what the other party was told; why action or decision was made.

Dear Mr. Soske:

Enclosed is your Water License No. 16-2. The water license has been reissued to the extent of what is actually being irrigated and to incorporate the applicable portions of Water Right Filing No. 0623-2.

As long as you use the water beneficially, as stated in the Water License, State Water Laws provide that you have a continuing right to the use of the water.

Very truly yours,

JOHN HATCH, Chief Engineer
