APPLICATION FOR PERMIT To Appropriate Water within the State of South Dakota

(NOTE—Draw a line through items not applicable.)

1. Name of applicant Lela Moor
Postoffice address 605 Miller County Phelps (Holdrege) State Nebraska

- I. If a corporation
- (a) Name of same
- (b) Date and place of incorporation
- (c) Amount of capital stock
- (d) Amount paid in
- (e) Names and addresses of directors

(NOTE—A certified copy of articles of incorporation must accompany the application.)

II. Method of accomplishing the work and financial resources of the applicant:

- (a) Method of accomplishing work (Whether by contract, employment of others, or by direct labor)
By contract.
- (b) Cash on hand, \$ 20,000.00
- (c) Treasury stock, \$
- (d) Bonds to be issued, \$
- (e) Other resources, \$

2. Name of diversion work Irrigation well3. Amount of water claimed 2.25 cubic feet per second4. Source of water supply Underground water5. Location of point of diversion Center of Southeast Quarter (SE $\frac{1}{4}$) of Section One (1), Town-
ship Thirty-Six (36), Range Thirty-Seven (37), in Bennett County, South
Dakota. on bank County.6. Annual period or periods during which water is to be used From March to November of each year.

7. To be used for:

I. Irrigation or domestic use: Gravity, overhead sprinkling or combination system? sprinkler(a) Number of acres to be irrigated 160 acres.(b) Legal subdivisions to be irrigated SE $\frac{1}{4}$ of 1-36-37, in Bennett County, South Dakota.

(NOTE—A list of lands to be irrigated, giving each subdivision and fraction with acreage thereof, should be written here, or may be appended as a part of this application. Same must also be shown on accompanying map.)

(c) Statement as to domestic use (giving location, etc.) no domestic use.

II. Stockwatering, mining, milling, power, fish culture, fire protection and public recreation:

(a) Nature of use Not Applicable.
Name any of the above uses claimed(b) Amount of power to be generated horse power.

Amount claimed for engine cooling

(c) Location of plant

(d) Method of

(e) Point where returned to stream

MAP NO 870-2

8. Estimated cost of work:

(a) Head Gates, \$.....

(b) Pumping plant, \$.....

(c) Fluming, \$.....

(d) Canal-earth, \$.....

Rock, \$.....

(e) Other structures

Total, \$.....

9. Description of diversion works:

I. Nature of works: (Reservoir, dam, ditch, flume, pumping plant, etc.)

Not Applicable

II. Dimensions of works.

(a) Dam: Height.....feet; length at bottom feet; length at top

.....feet; thickness at bottomfeet; thickness at top

feet; slope at front water face; slope at back face

material used in construction

(b) Reservoir: Capacity when filledacre feet. Surface area at highwater mark.....acres.

Date of return to applicant for correction, amendments or changes required as follows OCTOBER 13, 1969

Date of receipt of corrected application DECEMBER 5, 1969

Date from which applicant may claim right OCTOBER 7, 1969

Approved JANUARY 7, 1970, Recorded in Book 11 Page 78

This is to certify that we have examined the foregoing application for a permit to appropriate water of the State of South Dakota, and we hereby grant the same as stated herein, subject, however, to the following limitations and conditions:

1st. The equivalent of at least one-fifth of the work above specified is to be completed on or before

JANUARY 7, 1971

2nd. The whole of said work is to be completed on or before JANUARY 7, 1972

3rd. The limit of time for proof of beneficial use of water appropriated in accordance herewith is

JANUARY 7, 1974

4th. The water appropriated shall be used for the purpose of IRRIGATION

5th. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

6th. The amount of the appropriation herein granted shall not exceed 2.28 cubic feet per second; neither shall it exceed the capacity of the above described system of diversion works, nor the least amount of water that experience may hereafter indicate as necessary for the production of crops in the exercise of the best husbandry; and further, said appropriation must be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually

and beneficially applied for irrigation on or before JANUARY 7, 1974, said water to be used during the following described annual period:

Permit No. 1003-2
Water Division 2 LITTLE WHITE RIVER Water District

REPORT OF EXAMINATION OF WORKS
AND/OR APPLICATION OF WATER TO BENEFICIAL USE

TO: Water Resources Commission, State Office Building No. 2, Pierre, South Dakota 57501

I have this day made a thorough examination of the water use system constructed by LELA
MOOR of HOLDREGE, NEBRASKA holder
of Permit No. 1003-2, bearing date of priority of OCTOBER 7, 1969
authorizing the diversion of 2.23 cu. ft. per second of the waters of GROUND WATER
for IRRIGATION purposes, in BENNETT County.

I have to report on the condition of the same as follows:

The Water Use System consists of,

A. Works used to divert the water:

400' DEEP WELL WITH 17 1/2" I.D. CONCRETE CASING
8" JOHNSON VERTICAL PUMP, POWERED BY 100 H.P.
U.S. ELECTRIC MOTOR.

B. Works used to transport water to place of use,

10" STEEL PIPE TO PILOT

C. Works used to apply water to beneficial use.

10 TOWER ZIMMATIC ELECTRIC POWERED
CENTER PILOT IRRIGATOR

The system is in the following condition: VERY GOOD

The point of diversion is located APPROXIMATE CENTER OF THE
SE⁴, SECTION 1, T36N, R37W

The works are capable of diverting and conveying to the place of use 1.78
cu. ft. per second of water which is to be used for IRRIGATION

Water has been put to beneficial use to the maximum extent as follows:

FOR IRRIGATING A 135 ACRE CIRCLE IN THE
SE⁴, SECTION 1, T36N, R37W

comprising a total of 135 acres of land.

February 17, 1989

Lela Moor & Dave Weinmaster
Box 549
Martin, SD 57551

Dear Mr. Weinmaster and Ms. Moor:

On October 6, 1988, the Water Management Board adopted rules to implement a 1988 law for application of chemicals through irrigation systems. The rules establish equipment standards, performance standards and installation requirements for irrigation systems that apply chemicals (fertilizers, insecticides, or herbicides) with irrigation water.

You have indicated on your 1988 Water Management Board Irrigation Questionnaire that you do apply chemicals with irrigation water. A copy of the new rules for chemigation are enclosed for your information.

The new standards include:

- * a check valve between the irrigation pump and the point of chemical injection;
- * a vacuum relief valve on top of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a low-pressure drain on the bottom of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a chemical injection line check valve between the chemical injection pump and the point at which the chemical is injected into the irrigation line; a second check valve is required if the chemical injection pump is not a positive displacement pump;
- * an interlock system which ensures that the chemical injection pump will stop whenever the irrigation pump stops;
- * an inspection port between the irrigation pump and the check valve on the irrigation line;

Each of these equipment requirements are discussed more thoroughly in Sections 74:02:09:05 through 74:02:09:10 of the enclosed rules. Appendix A contains diagrams of the arrangements of these anti-pollution devices.

The equipment must be installed according to the manufacturer's specifications, calibrated, and maintained in good working condition. All chemical product labels must be followed and warning signs must be posted. These rules also require reporting of all spills, accidents, and system malfunctions. A 24-hour telephone number is provided.

The chemigation rules contain notification and record keeping requirements. Prior to using chemigation, notification must be given to the Chief Engineer on the enclosed Form 1C. Information that must be provided in this notification includes the water permit or right number, the name, address, and telephone number of the water permit or right holder and of the system operator, and the legal description of the lands on which the system is located. A record of the name, quantity, dates and hours of each chemical applied must be provided to the Chief Engineer on Form 2C. A copy of this form is also enclosed for your information. It will be mailed with the annual irrigation questionnaire and must be returned with the questionnaire by the date specified. If you have any questions regarding these rules or need additional copies of the forms, please contact Susan Bowar, Water Rights Engineer (505-773-3352).

Very truly yours

No. 1003-2

John Slattery
HC 5, Box 109
Martin, SD 57551

Dear Mr. Slattery:

Enclosed is a partially completed "Notice of Transfer" form for use in filing an ownership change on Water Right No. 1003-2. The water right is currently listed in the name of Lela Moor.

The transfer form should be checked over for accuracy and signed by the new owner in the presence of a notary public. Upon completion, return the form to our office with a required filing fee of \$2.50.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a water permit or water right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact me.

Sincerely,

Cheryl F. Frost
Secretary
Water Rights Program

(Notary Public) Comm Expires 10-17-99

NOTE: Water permits may be cancelled for nonconstruction within the five year construction period. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Jeff Slattery
Slattery Brothers, Inc
HC 5 Box 109
Martin, SD 57551

Dear Mr. Slattery:

Thank you for sending in the ownership change for Water Right No. 1003-2, formerly owned by Lela Moor. The transfer has been completed and the water right is now listed under "Slattery Brothers, Inc.". Enclosed is your Receipt No. 415993.

I am sending along a copy of the water right in the event you did not obtain one from the previous owner. You may keep the copy for your records. As long as the water right has not been lost due to abandonment and/or forfeiture, and you irrigate within the perimeters of the water right, South Dakota Water Law provides that you have a continuing right to the use of the water.

I am also including a sample irrigation questionnaire. The purpose for this is to show you what type of records you will need to keep track of during the irrigation season. The 1998 questionnaire has already been filed with us.

If you have any questions concerning the water right, please get in touch with me.

Sincerely,

Genny McMath

No. 1003-2

July 27, 2023

Slattery Brothers Inc.
c/o Jeff Slattery
29432 225th Avenue
Martin SD 57551

Dear Mr. Mr. Slattery

On July 24, 2023, a staff member from the Department of Agriculture and Natural Resources (DANR) was involved in an automobile accident. It is our understanding a contributing cause was overspray from a center pivot irrigation system. It is believed the irrigation system is located in the SE 1/4 Section 1-T36N-R37W with overspray on 296th Street, the adjacent east-west road. This irrigation system is covered by Water License No. 1003-2 with you listed as operator.

It is common for center pivots to have stops which are used to shut off the end gun when the pivot nears a road. Please take steps to ensure end gun stops are functioning properly so there is not direct overspray on to roads.

A water right holder is not allowed to waste water or operate an irrigation system in violation of state water law, which includes end gun overspray upon lands, including roadways, not covered by the water right. Application of water to a roadway or unauthorized lands is a waste and unreasonable use of water pursuant to SDCL 46-1-4.

If you don't believe this irrigation system is causing the overspray, or if you have any questions, please contact me at (605) 773-3352 or by email at ron.duvall@state.sd.us.

Thank you for your cooperation,

Ron Duvall
