Dear Mr. Walker:

Your water sample, recently submitted, has been analyzed. The results are tabulated on the attached report sheet. Also enclosed is extension circular #654, on the back cover of which is a chart showing water quality criteria important to irrigation.

I have indicated the approximate quality of your water by the encircled cross near the bottom edge of the chart. Your water is very good and should give no problem in ordinary irrigation use. There may be some lime accumulation on the soil surface, which will show up as gray-white crusts, but they will cause no significant damage to the soil. Phosphorus availability may be slightly reduced in time, but the effect will not be of major significance.

TUTHILL, SD 57574

FROM: Ron Duvall, Natural Resources Engineer IV
for JOHN HATCH, Chief Engineer
Water Rights Division

RE: Failure to Report Chemical Use under Water Permit No(s) 1125-2

The first notice to file chemigation report(s) for Permit No(s) 1125-2 was dated November 3, 1994. Our records indicate that we have not received the 1994 chemigation report for Permits No(s) 1125-2. The Water Management Board has directed that owners of water permits who have not submitted the 1994 chemigation report(s) be given notice of violation and of hearing before the Board. The hearing held by the Board is to determine what action is to be taken concerning violation of Administrative rule 74:02:09:02(3). This rule requires chemigation users to report the type of chemical applied, the dates, hours and amount of chemical application.

The hearing will be held at 9:30 A.M. on March 8, 1995, in the Crown Room, 3RD Floor, Kings Inn Best Western Convention Center, 220 South Pierre Street, Pierre, SD and will be conducted pursuant to SDCL 34A-2A through 34A-2A-5; 46-1-12, 46-1-14, 46-2-11, 46-2-17. These are contested case hearings pursuant to SDCL 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation or up to three years for the second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s). 1125-2 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law. Prior to March 3, 1995, contact the Water Rights Division, 523 E.
