STATE WATER RESOURCES COMM.
PIERRE, SOUTH DAKOTA

To Appropriate Water within the State of South Dakota

(NOTE--Draw a line through items not applicable)

1. Name of Applicant Badlands Enterprises, Inc.
 Postoffice address Onida State South Dakota 57564
 If a corporation show date and place of incorporation May, 1972, Alcester, South Dakota 57901
 2. Method of accomplishing work (contract, employment of others, or by direct labor) Contract
 3. Name of diversion work Well
 4. Amount of water claimed (cubic feet per second) 50 Gallons per minute at peak need
 5. Source of water supply Underground lake GROUND WATER
 6. Location of point of diversion 286.67 ACRES, 180 RODS E OF THE SW CORNER, SECTION 23, T43N, R39W
 County Washburn
 7. Annual period or periods during which water is to be used April through October
 8. Use to be made of water, (irrigation, industrial, municipal, commercial, recreation, etc.) recreation (campground)
 9. For irrigation use, Total number of acres to be irrigated _____

List below each forty acre subdivision, or lot, or fraction thereof and show number of acres to be irrigated in each.

Land Description	No. Acres Irr.	Land Description	No. Acres Irr.

Attach sheet if more space is needed

10. Time required to complete construction of water supply system 1 years. Additional time required to complete application of water to the proposed beneficial use 0 years.
 11. Choice of newspaper for Notice of Intent to Appropriate Water publication Kadoka Press
 12. Principal Features of the Proposed Water Supply System:

A. Works proposed to divert water from its natural source.

A well will be dug with two 1½hp. 220 volt submersible pumps.

B. Works proposed to transport water to place of use.

A 1½ inch PVC pipeline will be laid to the campsite loops and the campground building. a 1½ inch pipe will be used in each loop.

C. Works proposed to apply water to beneficial use.

Thirty-five double faucett water risers will provide water to campers and water will be used for laundry, showers, sink and toilets in service building. Estimated Total Cost \$ 9,000.00Attachments: Attach Form 2A if diversion from a well or digout, or if storage of water, is proposed. Attach map.
(See instructions concerning preparation.)

NATIONAL PARK SERVICE

IN REPLY REFER TO:

Badlands National Monument
P.O. Box 72
Interior, South Dakota 57750

February 26, 1970

Mr. Burton Jones
Water Resource Commission
State Office Building # 2
Pierre, South Dakota

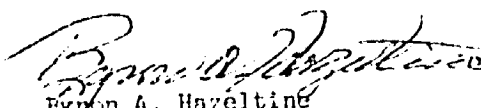

Dear Mr. Jones:

The enclosed map shows the proposed addition to Badlands National Monument under Public Law 90-468.

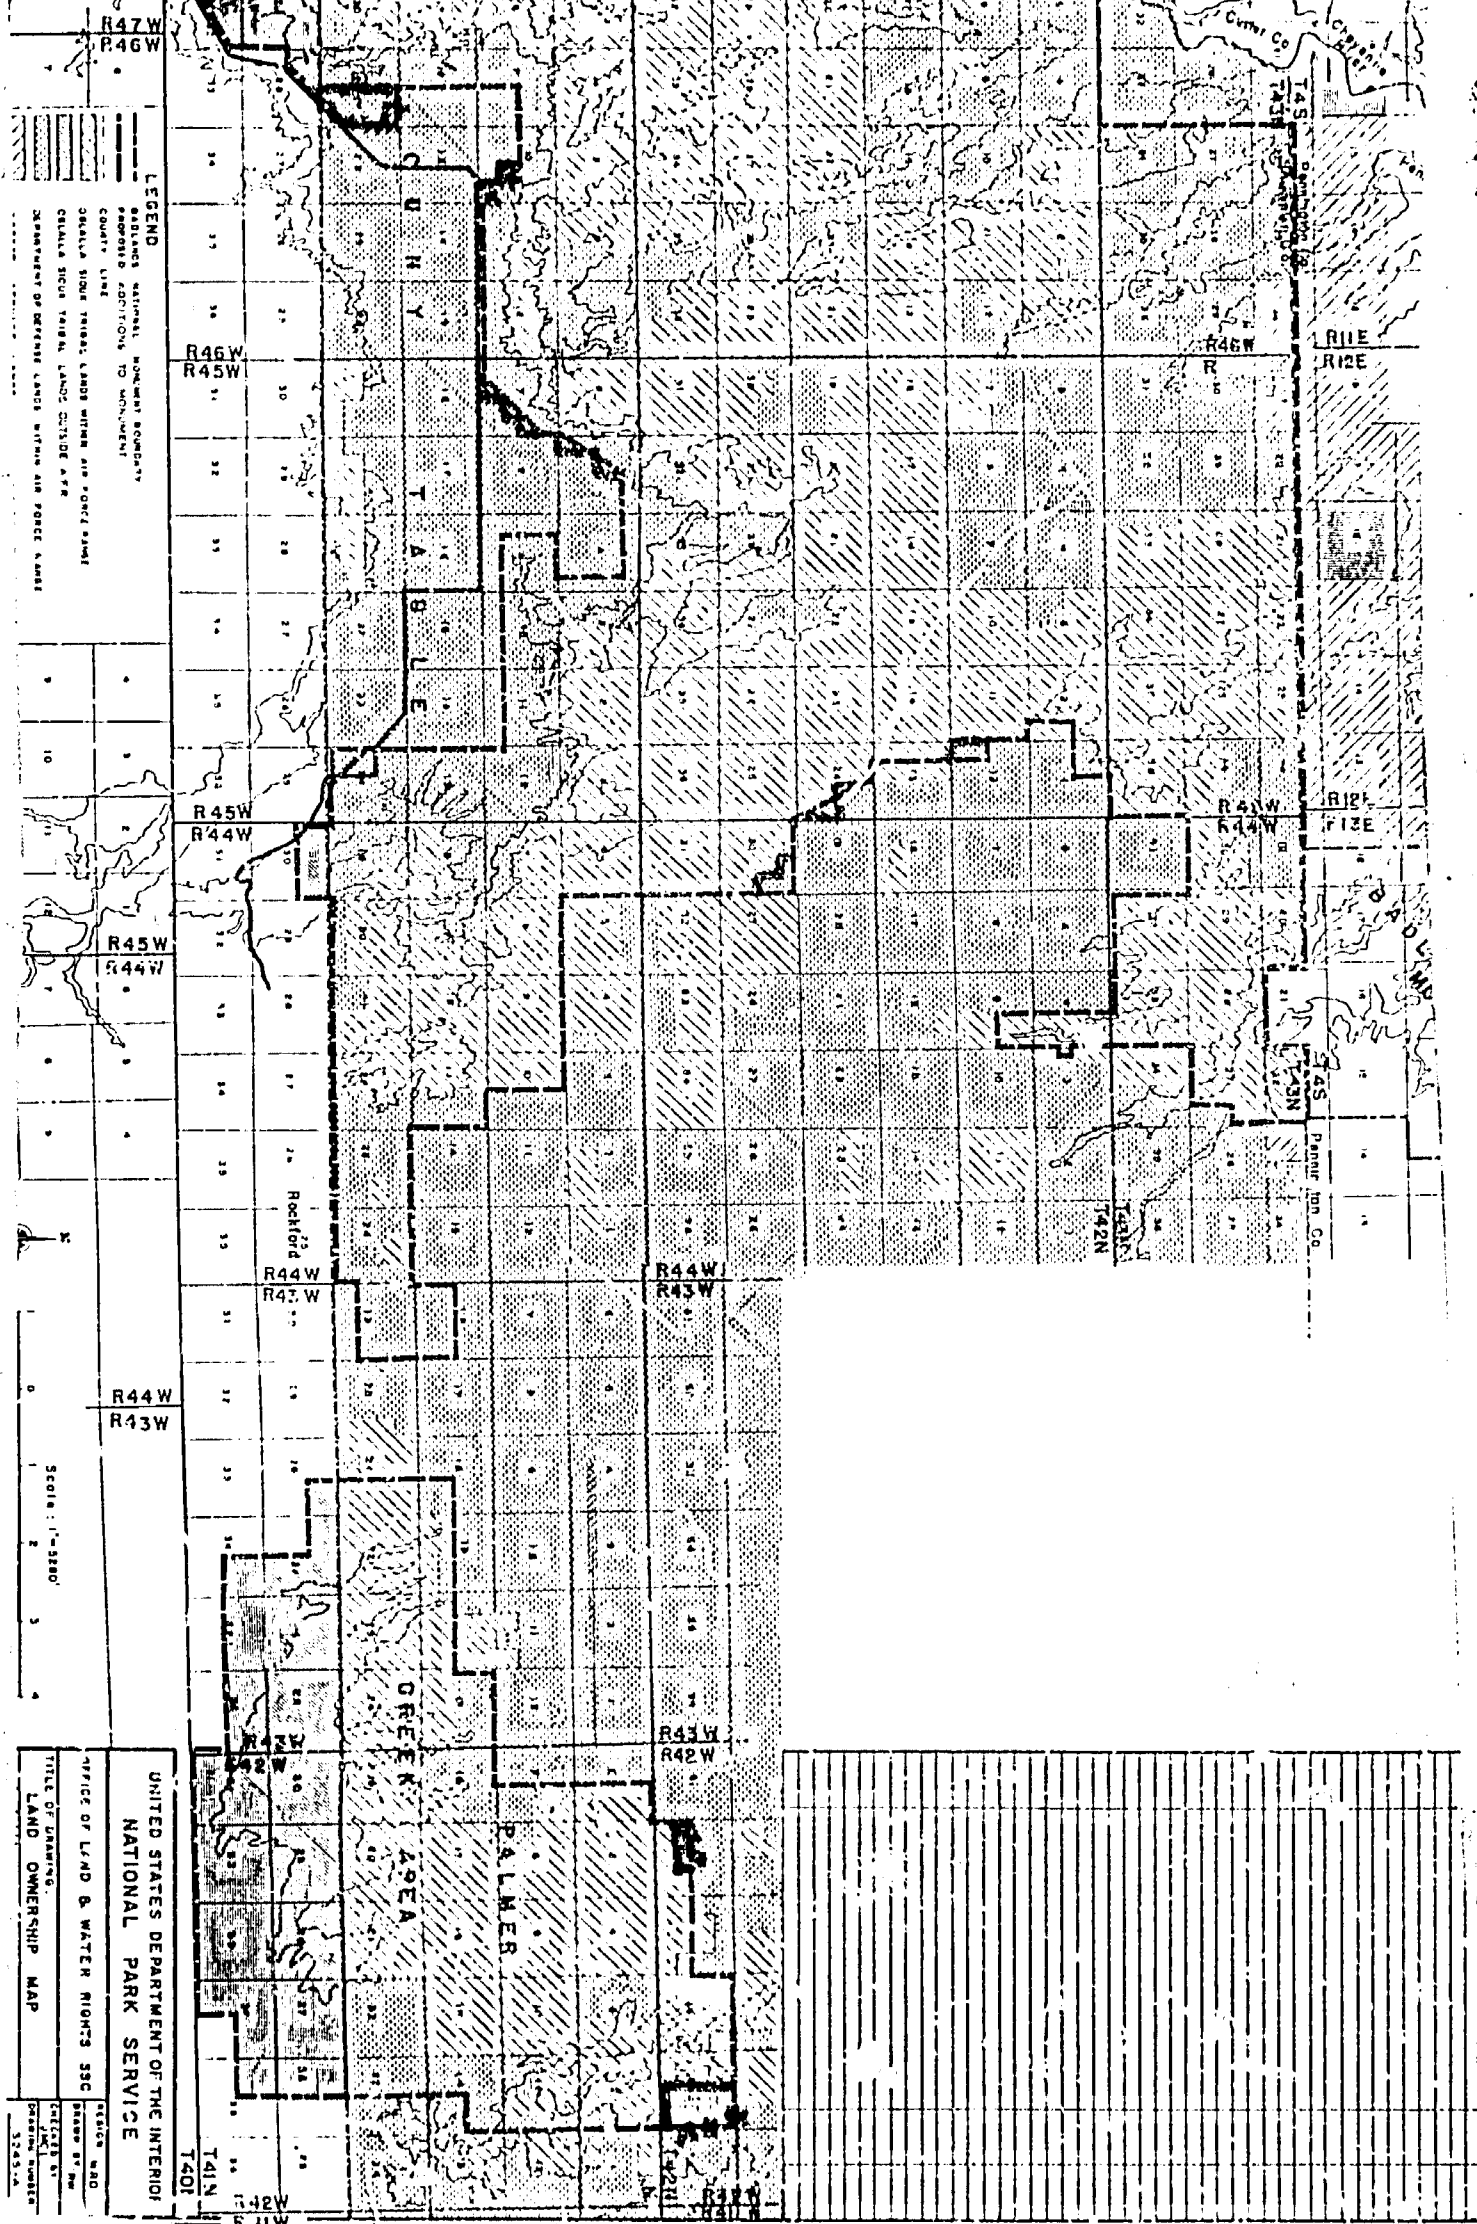

Lands included fall within the broken dash line or the heavy red line where applicable. The red line indicates boundary revisions which have taken place. The grey heavily hatched areas represent 47,000 acres transferred to National Park Service jurisdiction. The lighter hatched areas are Tribal lands under control of the Oglala Sioux Tribe, while the darkest areas are private land over which the National Park Service will attempt to purchase scenic easements.

If we can be of further help feel free to contact us.

Sincerely yours,

Byron A. Hazelton
Acting Superintendent

Permit No. 1132-2Water Division 2 White River Water DistrictREPORT OF EXAMINATION OF WORKS
AND/OR APPLICATION OF WATER TO BENEFICIAL USE

TO: Water Resources Commission, State Office Building No. 2, Pierre, South Dakota 57501

I have this day made a thorough examination of the water use system constructed by Landlord
Enterprise Inc of 103 Summit Drive Chamberlain S.D. holder
 of Permit No. 1132-2, bearing date of priority of Dec 28, 1972
 authorizing the diversion of .11 cu. ft. per second of the waters of Ground Water
 for Commercial purposes, in Sioux Falls County.

I have to report on the condition of the same as follows:

The Water Use System consists of,

- A. Works used to divert the water: 2 submersible pumps in well.
well approx 40' deep with gravel pack around 30" concrete
casing
- B. Works used to transport water to place of use, 2" PVC Main pipe line branching
down to 1 1/2" PVC. Service line are 1 1/2" PVC.
Pipe system about as shown on plans
- C. Works used to apply water to beneficial use.
27 stations in camp ground - with double back up at each
station - 1-12,000 Gallon swimming pool - 1 trailer home
and office with Restrooms & laundry

The system is in the following condition: good

The point of diversion is located 286 rods North 120 Rods East of SW Cor Sec 23
T43N R49W

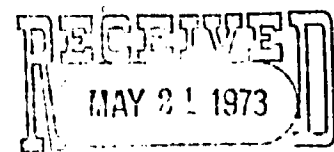

The works are capable of diverting and conveying to the place of use .11cu. ft. per second of water which is to be used for commercial campground

Water has been put to beneficial use to the maximum extent as follows: this is commercial
use water supplying K&A Camp ground.

comprising a total of _____ acres of land.

NOTICE OF COMPLETION OF WORKS AND/OR APPLICATION OF WATER TO BENEFICIAL USE

Post Office Onida, South Dakota 57564

Date May 17, 1973

TO: Water Resources Commission
State Office Building No. 2
Pierre, South Dakota 57501

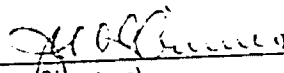

Dear Sirs:

This is to inform you that I have completed the construction of the water diversion system and/or that I have put the water to beneficial use to the maximum extent it is going to be used, not exceeding the amounts as specified in Water Right Permit No. 1132-2.

Water Right Permit No. 1132-2 states that the diversion system is to be constructed by January 24, 1974 and that the water is to be put to beneficial use by January 24, 1974.

The diversion system was completed on April 26, 1973. Applying the water to beneficial use was completed on May 1, 1973.

You may schedule an inspection so that the Certificate of Construction and/or the Water License may be issued, thus completing my acquisition of a water right.

NOTICE OF TRANSFER OF OWNERSHIP

No. 1132-2

TO: Chief Engineer
Water Rights Division, DWRP
523 East Capitol
Pierre, SD 57501-3181

Date: January 11, 1991

I/We request that Water Permit/Right No. 1132-2

formerly owned by: Badlands Enterprises Inc.

be transferred to: (name & address) Badlands K.O.A. Carlos L. Torrent M.D. and

Joan M. Torrent H.C. #54 Box #1 Interior S.D. (telephone No.) 433-5337

Title to the following described land(s)/property has been transferred as described above:

A point 286 rods North and 180 rods East of the SW Corner, Section 23, T43N, R49W

I/We understand that the validity of Water Permit/Right No. 1132-2 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file at the Division of Water Rights, as evidence of the change of ownership.

A fee of Two Dollar and Fifty Cents (\$2.50) is attached to cover the filing fee as required under SDCL 46-2-13.

STATE OF SOUTH DAKOTA)

County of Butte)

I/We Joan M. Torrent being first duly sworn on my oath depose and say that my relation to the above described undertaking is that of Owner, that I have read the above foregoing statement, and that I know of my own personal knowledge that the information herein stated is true.

Joan M. Torrent
(Signed)

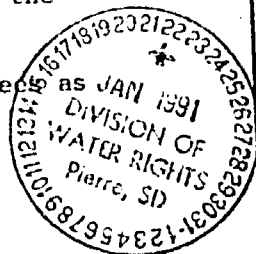

Subscribed and sworn to before me this 11th day of January, 1991.

George L. Palmer
(Notary Public)

Comm. 7-20-96

NOTE: Water permits may be cancelled for nonconstruction within the five year construction period. Once a water permit is developed and the water used, the permit becomes a water right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Dear Ms. Torrent:

As per our phone conversation regarding water permits for Badlands K.O.A., in reviewing our files there are two current water rights on file for Badlands Enterprises, Incorporated. Enclosed a copy of these two water rights.

It appears that the water rights cover the two wells that were included in your recent water permit application. This being the case, a new water permit is not necessary. Please find your check for \$50 enclosed that was submitted with your application.

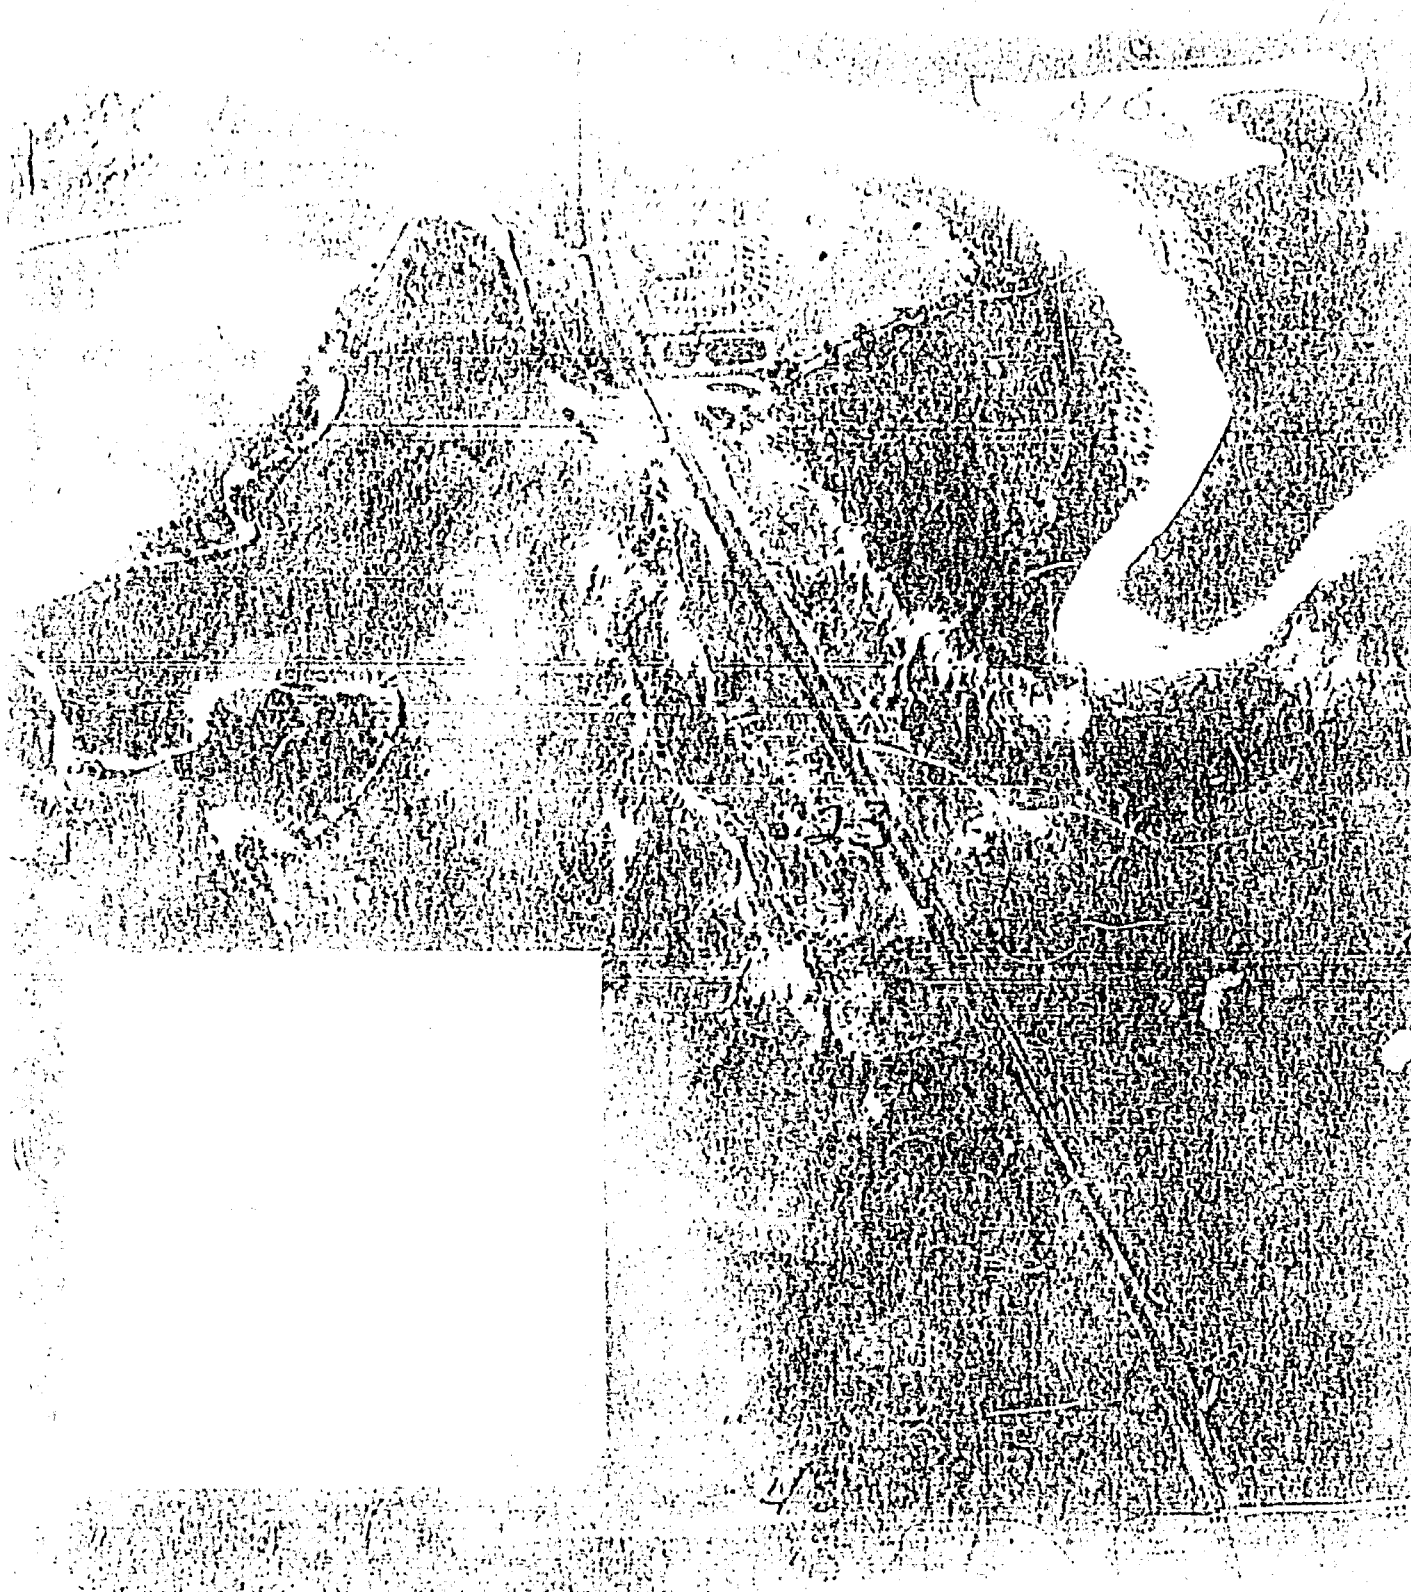

Also, enclosed are notice of transfer of ownership forms for you to fill out if you wish to transfer the name of water right holder.

If you have any questions, please feel free to contact me.

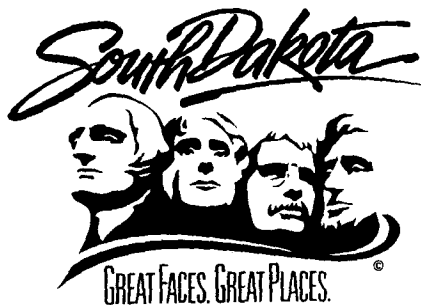

Sincerely,

Eric Gronlund

Badlands/White River KOA
c/o Joe Lusk
20720 SD Hwy 44
Interior SD 57750

Dear Mr. Lusk:

I am writing in regard to a well driller's report filed by B & B Foundation Service, Inc. The report shows a new well was completed for Badlands/White River KOA on March 18, 2010.

A review of our files indicates that Badlands KOA holds Water Right No. 1132-2 for 50 gallons per minute (gpm) from one well and Water Right No. 1574-2 for 18 gpm from one well also. Both wells are approximately 48 feet deep located in the NW ¼ NE (Lot A) Section 23-T43N-R39W for commercial use.

Mr. Lusk, is this well a replacement well for one of the existing wells or an additional well which does not increase the total appropriation of water? If the authorized diversion rate is to be increased, a new water permit will need to be obtained. Once we know this information we can determine what additional action, if any, needs to be taken to ensure your water rights accurately reflect the KOA's water supply system.

If you have any questions, please contact Eric Gronlund or me. We will be happy to assist you in any way possible.

Sincerely,

Karen Schlaak

RE: Well Completion Report

COMMENTS:

Joe Lusk with Badlands/White River KOA called regarding my letter. Mr. Lusk stated the new well is a replacement for the well authorized by Water Right No. 1132-2. The old well was 35 years old and pumping 4 gpm. The new well is approximately the same depth, is located 20 feet from the existing well with a 15 gpm pump installed. They have a storage tank and will not use that much water.

The old well will be maintained as a backup supply and they will use it in the fall for back flushing the lines.
