Re: Application for Permit to Transfer Water within the State of
South Dakota from Johnson Bar Five Ranch, Inc.

Gentlemen:

Enclosed is application from Johnson Bar Five Ranch, Inc., for transfer of water rights as follows:

1. A request that the water right from Area 2 and Area 2A comprising 55 acres located in the SE $\frac{1}{4}$ SE $\frac{1}{4}$ and the SE $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 5, Township 1 North, Range 8 East of the Black Hills Meridian, to a 55 acre area designated as Area 8 on the enclosed map located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and the NW $\frac{1}{4}$ of the SW $\frac{1}{4}$ of Section 4, Township 1 North, Range 8 East of the Black Hills Meridian.

Area 2 and Area 2A are presently irrigated from the Hawthorne Ditch and the Area to which this water right was transferred, Area 8 would still be irrigated from the Hawthorne Ditch from the new diversion point designated Point X located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 4, Township 1 North, Range 8 East. From Point X on the Hawthorne Ditch, the water would be pumped into the Iowa Ditch and then be pumped again to the 55 acre area designated as Area 8 on the enclosed map. The Iowa Ditch has been abandoned by the Iowa Irrigator Company and therefore, is closed in Section 5 and from that point west. The Iowa Irrigation Ditch located in the NW $\frac{1}{4}$ SW $\frac{1}{4}$ of Section 4, Township 1 North, Range 8 East of the Black

State Water Resources Commission
Pierre, South Dakota
Page 2

Hills Meridian on the Johnson Bar Five Ranch, Inc., property has been Quit Claimed by the Iowa Irrigation Ditch Company to the Johnson Bar Five Ranch, Inc., and therefore, it is now their private property and they would continue to use this Ditch on their property for irrigation purposes on their land as a private Ditch. In connection with this requested transfer, there would have to be no change of point of diversion of the water for the irrigated areas from Rapid Creek as Area 2 and Area 2A are irrigated from the Hawthorne Ditch and new Area 8 would continue to be irrigated by pumping from the Hawthorne Ditch at Point X.

2. Transfer of Diversion from Iowa to Hawthorne for Area 9. Area 9 which was previously irrigated through Iowa Ditch diversion from Rapid Creek will now have to be irrigated through the Hawthorne diversion and Hawthorne Ditch with the water conveyed to Point X, the new diversion point, and this water would then be pumped into the Iowa Ditch which is now a private ditch on the Johnson Bar Five Ranch, Inc., and from the Iowa Ditch would be used to irrigate presently irrigated Area 9. Therefore, the request is that the point of diversion for Area 9 of approximately 30 acres located in the E $\frac{1}{2}$ of Section 4, Township 1 North, Range 8 East of the Black Hills Meridian be changed from the Iowa Ditch to the Hawthorne Ditch and the Hawthorne Ditch has consented to changing the point of the diversion for this 30 acre area from the Iowa Ditch to the Hawthorne Ditch with a pumping station at Point X to the Iowa Ditch so that it can continue to be irrigated.

Also G. G. Ennen is requesting that the point of diversion for 70 acres owned by him presently irrigated from the Iowa Ditch be changed to the Hawthorne Ditch with a pumping station located on the Hawthorne Ditch as shown in the enclosed plat. The Iowa Ditch on his property has been Quit Claimed to him and is now a private Ditch owned by him and he would continue to irrigate the property by pumping from the Hawthorne Ditch. I request that you please proceed with any necessary advertisement of the application of Johnson Bar Five Ranch, Inc., for change of point of diversion of land presently irrigated under the Iowa Ditch from Iowa diversion point to Hawthorne diversion point on Rapid Creek and for transfer of water rights from Area 2 and 2A to Area 8 as indicated on the enclosed map. Also, please proceed with any setting of hearing and any publication of any notices in connection with the point of diversion from Rapid Creek of the 70 acres presently irrigated by Ennen from the Iowa

diversion point to a Hawthorne diversion point with pump station on Hawthorne Ditch, upon receipt of application which I will forward when he has signed.

I also enclose Notice of Intention in regard to Iowa Irrigation Ditch which Charles W. Johnson of the Johnson Bar Five Ranch, Inc., gave me in connection with abandonment of Iowa Ditch wherein Pioneer Investment Corporation of which Tom Flack is the President and owns property in the E $\frac{1}{2}$ of Section 4, G. G. Ennen, Johnson Bar Five Ranch, Inc., and C. E. Balcam, who also owns property along Iowa Ditch which he irrigates, noted their intent to abandon the Ditch and change their diversion point to Hawthorne Ditch Company. I do not represent Pioneer Investment Corporation of which Tom Flack is President or C. E. Balcam, however, in view of our applications, you may want to change the diversion point or all of the Iowa Ditch Irrigation rights to Hawthorne Ditch Company, however, I do not have any information on planned diversion points from Hawthorne for Pioneer Investment or C. E. Balcam, both of whom are here in Rapid City. I enclose this Notice of Intention at the request of Charles W. Johnson for your information in regard to the Ditch and desires of the other two owners who I do not represent.

If you need additional information, please advise.

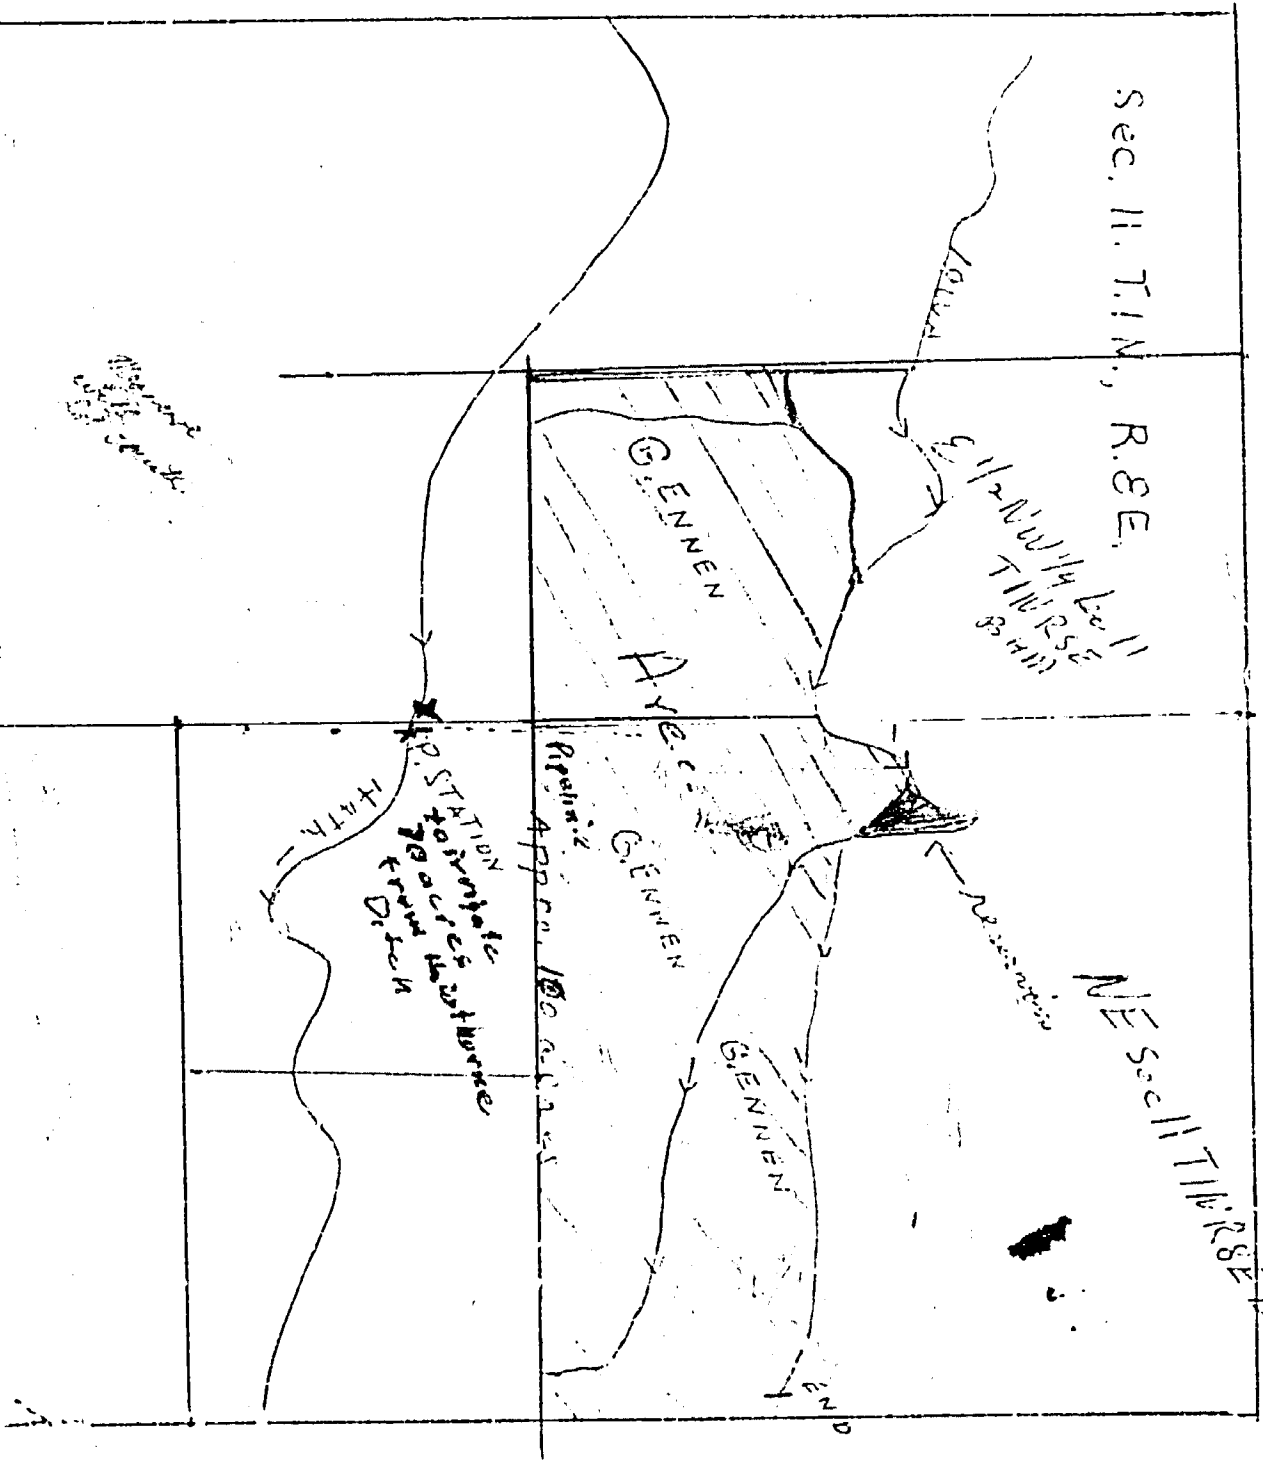

Sincerely,

Louis K. Freiberg
