City of Winner
Danny Ayers, Water Superintendent
PO Box 691
Winner SD 57580-0691

Dear Mr. Ayers:

On October 17, 2001 the investigation of the City's water use system, including the extent of application of water to beneficial use, as developed under Water Permit Nos. 1286-2 and 1416-2 (McCabe Well Nos. 2 & 3), was completed by Tim Schaal, a staff engineer with our program. The final water right document, the water license, can now be issued.

State law requires that we charge a \$50.00 fee for the investigation and issuance of each water license. Upon receipt of the \$100.00 fee from the City, we will complete processing the water licenses. The check or money order for the fee should be made payable to the "Water Rights Program".

The licensed water right will be similar to a property right that can not be lost as long as the water use continues and you abide by the permit requirements.

If you have any questions regarding the water permit, investigation of the water use system or payment of the fee, please contact Genny McMath with our program at (605) 773-3352.

Sincerely,

Karen Schlaak

Water Right Nos. 1286-2 & 1416-2 both authorized to construct and place to beneficial use water reserved from Future Use Permit No. 882-2. Both permits were developed for less than 1.5 cubic feet of water per second (cfs) that they were each originally permitted for. Based on Administrative Rule 74:02:01:26.01 the amount of water not developed shall be reinstated to the future use permit.

	permitted amount	developed amount	reinstated to future use
1289-2	1.5 cfs	- 0.72 cfs	= 0.78 cfs
1416-2	1.5 cfs	- 0.69 cfs	= 0.81 cfs
TOTAL 1.59 cfs			

The City of Winner also holds Future Use Permit No. 551-2 which has 1568 acre-feet of water remaining in reserve for future development. This permit is scheduled for its 7 year review in 2008 as required by state law. At that time, we will also schedule the review of No. 882-2 (1.59 cfs remaining in reserve).
