Dear Doctor Knecht:

I am contacting you in reference to Water Right Nos. 1159-2 and 1309-2 listed under John and Reva Knecht. You indicated some time ago that the land was in an Estate. Is this still the case?

The water rights should be listed either in an Estate name or if you now own the property, they should be transferred to you. This needs to be done so that any correspondence concerning the water rights is sent to the proper party.

I have enclosed a copy of the water licenses for your files. Also enclosed are two blank transfer forms. If you wish the water rights to be listed as they are, for now, and a notation made to send correspondence to you until the Estate is settled, this can be done too.

Please contact our office as to your intentions relative to these water rights. Thank you for your time and consideration.

Sincerely,

Genny McNath

The hearing will be held at 9:45 am, March 1, 1989 at the Howard Johnson's, Roosevelt Room, I-90 at LaCrosse, Rapid City SD. Dear Mr. Vanderploeg:

I am writing in regard to a well driller's report filed by Sargent Irrigation Co. The report shows a new well was completed for you on June 25, 2012.

A review of our files indicates you hold Water Right No. 1309-2 for 800 gallons per minute (gpm) from one well, approximately 390 feet deep located in the NW ¼ Section 21 for irrigation of 126 acres located in the N ½ Section 21; all in T37N-R35W.

Mr. Vanderploeg, is this well a replacement well or an additional well which does not increase the total appropriation of 800 gpm? If the authorized diversion rate is to be increased, a new water permit will need to be obtained. Once we know this information, we can determine what additional action, if any, needs to be taken to ensure your water rights accurately reflect your irrigation project.

Please contact Eric Gronlund or me regarding the status of this well or if you have any questions.

Sincerely,

Karen Schlaak

RE: Water Right No. 1309-2

Dear Ms. Schlaak:

I am writing on behalf of Marty Vanderploeg, who has been travelling extensively since your letter requesting information on the well installed by Sargent Irrigation Co. in relationship to Water Right No. 1309-2.

The old well has been totally decommissioned, and we put a new well approximately 30 feet from the old well location. We also utilized the pump and motor from the old well in the new. Flow rate has remained the same with the well at 600 gallons per minute.

I apologize that you were not made aware of this when it was put in and the delay in responding to your request for information. If you have any further questions, please feel free to contact me by phone at 515-450-9171, as Marty is still constantly travelling, and I will know how to get in touch with him on your behalf.

Sincerely,

Leanne Swenson

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
