Dear Ms. Reagle:

Enclosed is your Reissued Water License No. 1353D-2. No. 1353C-2 has been divided and reissued to reflect separate ownership as follows:

- **Water Right No. 1353D-2** authorizing diversion of 1.74 cfs from one well located in Section 19 to irrigate 133.4 acres in portions of the E ½ Section 19, T37N, R28W.
- **Water Right No. 1353E-2** authorizing diversion of 1.70 cfs from one well located in Section 30 to irrigate 129.5 acres in portions of the N ½ Section 30, T37N, R28W.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 1353D-2, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Sincerely,

STATE OF SOUTH DAKOTA
REISSUED WATER LICENSE NO. 1353D-2
(DIVISION OF WATER RIGHT NO. 1353C-2 INTO 1353D-2 & 1353E-2)

(1) Water Right No. 1353C-2 held by Bobbi Reagle, authorizes diversion of 3.44 cubic feet per second (cfs) from ground water (two wells) located in Todd County, South for irrigation purposes. Water Right No. 1353C-2, with a priority date of March 1, 1976 was issued to the water right holder as a result of an ownership change filed for portions of Water Right No. 1353A-2.

Water Right No. 1353C-2 authorizes diversion of 3.44 cfs from two wells to irrigate 262.9 acres. The wells and irrigated land are located in portions of the E ½ Section 19 and N ½ Section 30, T37N, R28W. Due to an ownership change filed for a portion of the land described in No. 1353C-2, the water right is being divided and reissued as follows:

- **Water Right No. 1353D-2 Bobbi Reagle, 149 S Western, Valentine NE 69201:** authorizing diversion of 1.74 cfs from one well located in Section 19 to irrigate 133.4 acres in portions of the E ½ Section 19, T37N, R28W.
- **Water Right No. 1353E-2 Danielski Harvesting and Farming LLC, PO Box 230, Valentine, NE 69201-0230:** authorizing diversion of 1.70 cfs from one well located in Section 30 to irrigate 129.5 acres in portions of the N ½ Section 30, T37N, R28W. *

* Not all of the land in Section 30 described in Water Right No. 1353C-2 was transferred to Danielski Harvesting and Farming LLC. By letter dated May 9, 2011, Bobbi Reagle relinquished the remaining diversion authority from her land in the E ½ NE ¼ Section 30 by allowing the pivot to be moved 300 feet west on the land owned now by Danielski's. The acres irrigated are within the area originally permitted and movement of the pivot simply reallocates the number of acres within the authorized quarter-quarter section. There is not an increase in the number of acres irrigated or an increase in diversion rate.

(2) It is certified that the water right holder has complied with the provisions of South Dakota State Law and is entitled to divert 1.74 cubic feet of water per second for beneficial use. The location of the diversion point is 2,670 feet north and 1,340 feet west of the SE corner of Section 19, T37N, R28W (SW ¼ NE ¼).

(3) The permit holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land:

Section 19, T37N, R28W			
SW ¼ NE ¼	32.8 acres	NW ¼ SE ¼	28.9 acres
SE ¼ NE ¼	34.2 acres	NE ¼ SE ¼	37.5 acres
Total – 133.4 acres			

(4) Pursuant to South Dakota Water Law 46-5-30.1 Bobbi Reagle, 149 S Western, Valentine NE 69201 the holder and/or owner of Water Right No. 1353D-2 is issued a license to appropriate water, the right to use 1.74 cubic feet of water per second from ground water (one well) with a priority date of March 1, 1976 from the location specified in (2) of this license for irrigation purposes.
