With the following modifications:

The irrigation well approved under this Permit will be located near domestic wells and other irrigation wells which may obtain water from the same aquifer. The irrigation well owner, under this Permit, shall control his irrigation withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in irrigation wells having prior water rights.

WATER RIGHT PERMIT NO. 1476-2

The Water Rights Commission hereby grants and issues this Water Right Permit No. 1476-2 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is OCTOBER 13, 19 76
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before MARCH 24, 19 78
3. The whole of said work is to be completed on or before MARCH 24, 19 79
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is MARCH 24, 19 80
5. The water appropriated shall be used for the purpose of IRRIGATION

6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

7. The amount of the appropriation herein granted shall not exceed 1.9 c.s. 1 per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 3 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before MARCH 24, 19 80; said water to be used during the following described annual period: APRIL - OCTOBER

Dear Mr. Danielski:

This letter is in regard to our telephone conversation May 11, 1982 in which you indicated you owned land covered under Permit Nos. 1164-2, 1476-2, 1481-2 and portions of land under Permit No. 1294-2. Enclosed please find copies of the above mentioned permits together with maps showing the permitted acreages.

As we previously discussed, since you own only portions of the land covered under Permit No. 1294-2, only that portion will be transferred to your name. The Permit will be split and given an "A" number, i.e., 1294-2A. You indicated that Willis Nelson, Tilden, Nebraska owned the remaining land covered under Permit No. 1294-2. Mr. Nelson will be contacted concerning such transfer.

Enclosed please find partially completed transfer forms for transferring Permit Nos. 1164-2, 1476-2, 1481-2 and portions of 1294-2. Please check over the accuracy of the legal descriptions, date, sign and have all the forms notarized before returning them to this office with a \$2.50 filing fee for each transfer. The permits can then be transferred to your name.

If you have any questions, please do not hesitate to contact this office.

Dear Mr. Danielski:

On May 14, 1982 notice was sent to you concerning the transfer of Water Permit No. 1164-2, Richard Hand; portions of Permit No. 1294-2, Annie Fernan; No. 1476-2, Stanley H. Sedlmajer; and No. 1481-2, Conrad Schellhaas. To date, we have not heard from you on this matter.

Transfer forms were previously sent to you, enclosed please find additional forms. Please check over the accuracy of the land descriptions, date, sign and have them notarized before returning the forms to this office. A \$2.50 filing fee is required for each transfer (Total of \$10.00).

If you are not the present owner of the land covered under these permits, please notify this office. It is very important the ownership records be kept current. This office is in the process of updating the mailing labels for sending out our 1982 Irrigation questionnaires. In order for the questionnaires for these permits to be sent directly to you, the transfers will have to be received in this office within the next two weeks. Otherwise, the questionnaires will be mailed to the previous owner.

If you have any questions, please contact this office.

THIRD NOTICE

David Danielski
Rural Route
Crookston, Nebraska 69201

Dear Mr. Danielski:

On May 14 and August 4, 1983 notice was sent to you concerning transfer of Permit No. 1164-2, Richard Hand; portions of Permit No. 1294-2, Annie Fernan; Permit No. 1476-2, Stanley H. Sedlmajer and Permit No. 1481-2, Conrad Schelhaas. Since we have not heard from you on this matter, the Todd County Assessor's Office was contacted to see if you still owned the land. The Assessor's Office indicated you either owned or were buying the land under 1294-2, 1476-2 and 1481-2. They had no record of sale for land under Permit No. 1164-2 - Richard Hand.

If you still own the land covered by these permits, (see description on transfer forms) they should be transferred to your name. The Statutes provide that a permit for irrigation remains appurtenant to the land. If there is an ownership change; however, no such assignment (transfer) shall be binding except upon the parties thereto, unless filed for record in this office.

Enclosed are partially completed transfer forms. Check the accuracy of the land description for each, sign, date and have them notarized before returning the forms to this office. If you do not own any part of these lands, please notify this office.

Section 66 of House Bill 1001 as passed by the 1983 Legislature and effective March 8, 1983 requires Notice of any sale, grant, lease, conveyance or other transfer of a permit or Water Right to appropriate water to be filed with this office within ninety days.

Please advise if you have any questions.

NOTICE OF WATER LICENSE INSPECTION FEE REQUIREMENT

David Danielski
RR1
Crookston, Nebraska 69201

Dear Mr. Danielski:

August 26, 1985 you were notified the final inspection fee of \$50.00 is due before Water License No. 1294-2A & 1476-2 can be issued. As of this date, the fee has not been received (total for the two permits \$100.00).

The fee is a final step in the legal process of obtaining and perfecting a water right and is required by SDCL 46-2-13(3). Upon receipt of the \$50.00 fee, your Water License will be sent to you. This is the final document for the perfection of your Water Right. A perfected water right is similar to a property right and once a water right is perfected, it cannot be lost as long as the water is used.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the License fee has been paid. Please submit the required fee immediately to avoid jeopardizing your water permit.

REMARKS:

Report Of Examination Of Works And/Or Application Of Water To Beneficial Use

TO: Chief Engineer, Division of Water Rights, DWSR, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by Dave A
Dawelaka of BEWA Chaparral, NE holder of
 Permit No. 1476-2, bearing the priority of 10-13-76 19 authorizing
 the diversion of 1.9 cu. ft. per second of the waters of groundwater (Ogallala)
 for irrigation purposes, in BEWA County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water: The work was done by Red Tiger having a depth
 of 2.0 ft with 10 inch steel casing. The pump is a Fairbanks Morse, size 12M,

Dear Mr. Danielski:

On October 6, 1988, the Water Management Board adopted rules to implement a 1988 law for application of chemicals through irrigation systems. The rules establish equipment standards, performance standards and installation requirements for irrigation systems that apply chemicals (fertilizers, insecticides, or herbicides) with irrigation water.

You have indicated on your 1988 Water Management Board Irrigation Questionnaire that you do apply chemicals with irrigation water. A copy of the new rules for chemigation are enclosed for your information.

The new standards include:

- * a check valve between the irrigation pump and the point of chemical injection;
- * a vacuum relief valve on top of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a low-pressure drain on the bottom of the pipeline between the irrigation pump and the irrigation pipeline check valve;
- * a chemical injection line check valve between the chemical injection pump and the point at which the chemical is injected into the irrigation line; a second check valve is required if the chemical injection pump is not a positive displacement pump;
- * an interlock system which ensures that the chemical injection pump will stop whenever the irrigation pump stops;
- * an inspection port between the irrigation pump and the check valve on the irrigation line;

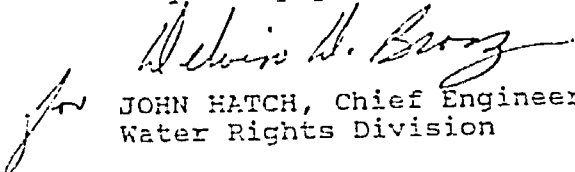

Each of these equipment requirements are discussed more thoroughly in Sections 74:02:09:05 through 74:02:09:10 of the enclosed rules. Appendix A contains diagrams of the arrangements of these anti-pollution devices.

The equipment must be installed according to the manufacturer's specifications, calibrated, and maintained in good working condition. All chemical product labels must be followed and warning signs must be posted. These rules also require reporting of all spills, accidents, and system malfunctions. A 24-hour telephone number is provided.

The chemigation rules contain notification and record keeping requirements. Prior to using chemigation, notification must be given to the Chief Engineer on the enclosed Form 1C. Information that must be provided in this notification includes the water permit or right number, the name, address, and telephone number of the water permit or right holder and of the system operator, and the legal description of the lands on which the system is located. A record of the name, quantity, dates and hours of each chemical applied must be provided to the Chief Engineer on Form 2C. A copy of this form is also enclosed for your information. It will be mailed with the annual irrigation questionnaire and must be returned with the questionnaire by the date specified. If you have any questions regarding these rules or need additional copies of the forms, please contact Susan Bowar, Water Rights Engineer (605-773-3352).

Very truly yours,

A handwritten signature in dark ink, appearing to read "John Hatch", is written over the typed name. To the left of the signature is a small, stylized mark that looks like a lowercase "j" or "f" with a horizontal stroke.

NOTE: Water permits may be cancelled for nonconstruction within the five year construction period. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

Water Right/Permit Nos. 1294-2A, 1476-2, 2009-2, 2092-2 & 2096-2

Dear Mr. Danielski:

On November 14, 2001, the investigation of your water use systems, including the extent of application of water to beneficial use, as developed under Water Permit Nos. 2092-2 and 2096-2, was completed by Tim Schaal, a staff engineer with our program. Your final water right documents the water licenses, can now be issued.

State law requires that we charge a \$50.00 fee for the investigation and issuance of each water license. Upon receipt of the \$100.00 fee from you, we will complete processing your water licenses. The check or money order for the fee should be made payable to the "Water Rights Program".

Your licensed water rights will be similar to a property right that can not be lost as long as the water use continues and you abide by the permit requirements.

Enclosed are your Receipt Nos. 417010, 417011 and 417012 in the amounts of \$2.50 each. These fees were paid for filing an ownership change with Water Right Nos. 1294-2A & 1476-2 and Water Permit No. 2009-2. The water rights and permit formerly held by David Danielski are now listed in the name of Mission Farms.

If you have any questions, please contact me.

Sincerely,

Genny McMath
