Dear Mr. Dean and Mr. Causey:

The Division of Environmental Quality of this Department is conducting a survey of non-community public water supply systems. As a part of the survey, we have reviewed our records and we can not find any water rights on file for Calvary Baptist Church & Christian School.

A water permit is required pursuant to SDCL 46-1-15 to use water from a private source for commercial use. Any use of water, except for private domestic use, requires a water permit. Examples of commercial use are: truckstops, motels, restaurants, tourist attractions, commercial campgrounds and any other business operation. Examples of non-commercial use that require permits for private supplies are: churches, hospitals and nursing homes (any amount of water) and schools that pump more than 18 gallons per minute.

If you have a water permit that has been issued under another name or if you believe a permit has been issued under another name, please contact us. We are enclosing the necessary permit application forms and instructions, if you need a permit. Please complete and submit with a (see instructions) filing fee.

An existing business without a water right has no right to the use of water. Except for private domestic use, any water user without a water right is not entitled to receive protection in the event of well interference by a new or future user who has a water right. The new user with a water right will have the senior priority over an existing user without a water right. In South Dakota, the first in time (senior priority) is the first in right, except for individual domestic use. Individual household, farm or ranch use does not require a permit and has preference over all other users of water.

If you have any questions or need assistance with completion of the forms, please feel free to contact us.

Sincerely,

Kevin C. Larson

Dear Mr. Larson,

We are writing in response to your letter of June 21, 1984 concerning a water rights permit for our church.

We believe that we have such a permit; however it is filed under the name of First Assembly of God Church here in Rapid City. The license # is 1537-2. It is a joint water right for First Assembly of God, Joeseeph Sejvar, Ronald G. Drummond and us, Calvary Baptist Church. The copy of the contract which we have indicates "Book 9 page 6952" at the top.

Please check your records and advise. If we can provide any additional information, please let us know.

Sincerely,

Mike Causey
