SD 2SB OXT 3 002208
Town of Oacoma
Water Intake Structure
Missouri River Mile 966.80R
(Lake Francis Case)

13 March 1980

NOTICE OF PERMIT PENDING

The application of the Town of Oacoma, South Dakota 57365, for approval of plans and issuance of a permit under authority of the Secretary of the Army is being considered by the District Engineer, U.S. Army Engineer District, Omaha, Nebraska.

The applicant requests permission to construct a municipal water intake structure in the Missouri River at mile 966.80R (Lake Francis Case) located in Section 17, Township 104 North, Range 71 West, Lyman County, South Dakota.

The proposed project would consist of excavating a trench approximately 6 feet deep to bury the 10-inch intake pipe and sump pump as shown on the attached drawing. During construction, all excavated material will be stockpiled on the dry bank. The excavation will be confined to the bank area as the intake pipe is designed to rest on the channel bottom at about elevation 1,325 feet above mean sea level.

The intake itself will be located approximately 275 feet from the bank and will be covered with 1/4-inch wire screen. The 1-horsepower electric sump pump has a 200-gallon per minute capacity which will create an intake velocity computed to be less than .25-foot per second. A 10-foot by 10-foot pump house will be constructed on the bank above the ordinary high-water line. Upon completion of the proposed project, the excavated material will be used to backfill the trench and all disturbed areas will be graded to drain and reseeded with native grasses.

The purpose of the proposed project is to provide a municipal water intake for the town of Oacoma.

The State of South Dakota has waived its right to certify compliance with applicable water quality standards required under the provisions of Section 401 of the Clean Water Act. Accordingly, certification that the proposed project will not violate applicable water quality standards has been requested from the

Regional Administrator, Environmental Protection Agency, Region VIII, Denver, Colorado.

A preliminary assessment of the proposed action indicates that it is minor in nature and will not result in a significant impact on the quality of the human environment. Accordingly, a preliminary determination has been made that this project does not warrant the preparation of an environmental impact statement at this time.

In compliance with the National Environmental Policy Act of 1969, and Section 106 of the National Historic Preservation Act of 1966, as amended, the National Register of Historic Places and current supplements have been consulted. There are no sites included or which have been determined eligible for inclusion therein which will be affected by the proposed project. There are numerous cultural resources of undetermined significance located in the vicinity of the proposed project. A cultural resources survey will be conducted of the portions of the proposed project area on Corps administered lands.

Executive Order 11988, Floodplain Management, seeks decision that will reduce loss of lives and property caused by flooding and loss of natural floodplain functions caused by unwise floodplain development. By this public notice, we are requesting comments from those individuals or agencies which feel that this project will have an adverse impact upon flooding and the floodplain.

The decision whether to issue a permit will be based on an evaluation of the probable impact of the proposed activity on the public interest. That decision will reflect the national concern for both protection and utilization of important resources. The benefit which reasonably may be expected to accrue from the proposal must be balanced against its reasonably foreseeable detriments. All factors which may be relevant to the proposal will be considered; among those are conservation, economics, aesthetics, general environmental concerns, historic values, fish and wildlife values, flood damage prevention, land use, energy needs, safety, food production, navigation, recreation, water supply, water quality, and in general, the needs and welfare of the people. In addition, the evaluation of the impact of the activity on the public interest will include application of the guidelines promulgated by the Administrator, Environmental Protection Agency, under authority of Section 404(b) of the Clean Water Act (40 C.F.R., Part 230).

Any person may request, in writing, within the comment period specified in this notice, that a public hearing be held to consider this application. Requests for public hearings shall state, with particularity, the reason for holding a public hearing. The request must be submitted to the District Engineer, Omaha District, Corps of Engineers, PO Box 5, Omaha, Nebraska 68101.

Any interested party (particularly officials of any town, city, county, state, federal agency, or local association whose interests may be affected by the proposed work) is invited to submit to this office written facts, arguments, or objections on or before 12 April 1980. Any agency or individual having an objection to the work should specifically identify it as an objection with clear and specific reasons. Comments, both favorable and unfavorable, will be accepted, made a part of the record and will receive full consideration in subsequent actions on this permit application.

A permit, if granted, will be under Section 10 of the River and Harbor Act of 3 March 1899 (30 Stat. 1151; 33 USC 403) and under the provisions of Section 404 of the Clean Water Act.

A drawing showing the location and extent of the work is attached to this notice.

FOR THE DISTRICT ENGINEER:

As stated

RALPH J. MILLER
Chief, Regulatory Functions Branch
Operations Division

1698-2

WATER RIGHTS DIVISION (605) 733-3352

July 21, 1982

Theodora Byre, Mayor
Town of Oacoma
Oacoma, South Dakota 57365

Dear Mayor Byre:

Upon advertising the new application to appropriate water for the East Lyman Rural Water System it was discovered that the diversion point on the Town of Oacoma's municipal water permit No. 1698-2 is incorrect.

The description on the application as submitted to our office stated, SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 17-T105N-R71W. The correct description is SE $\frac{1}{4}$ NW $\frac{1}{4}$, Section 17-T104N, R71W. (map was correct).

To bring this permit into compliance with State Statutes, this office will readvertise the Town of Oacoma's water permit No. 1698-2 for the October 7, 1982 Water Management Board meeting.

The advertisement notice will be sent to the Advocate Leader at Kennebec and a copy to you for your records. This office will pay for the advertisement.

If you have any questions please contact this office.

Sincerely,

Betty Westlund
Water Rights Specialist

WATER RIGHT APPLICATION APPROVAL

The Water Management Board hereby approves Water Right Application No. 1698-2

Town of Oacoma 57365
(Applicant)

Theodore Byre, Mayor Oacoma
(Post Office Address)

South Dakota
(State) With the following qualifications

This Permit No. 1698-2 is issued and supersedes the Permit issued under the date of May 27, 1980.

Date of first receipt of application February 19, 1980
Date of return to applicant for correction, amendments or changes required February 19, 1980
Date of receipt of corrected application February 28, 1980
Approved May 22, 1980, Recorded in Book _____ Page _____

WATER RIGHT PERMIT NO. 1698-2

The Water Management Board hereby grants and issues this Water Right Permit No. 1698-2 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as qualified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is February 19, 1980
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before November 22, 1980
3. The whole of said work is to be completed on or before May 22, 1981
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is May 22, 1981
5. The water appropriated shall be used for the purpose of Municipal Use
6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.
7. The amount of the appropriation herein granted shall not exceed 0.50 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for ~~beneficial uses served, and if for irrigation purposes said appropriation must be limited to not more than 2 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied~~ for irrigation on or before May 22, 1981; said water to be used during the following described annual period: Continuously January 1 to December 31

AMENDED
NOTICE OF HEARING ON
APPLICATION TO APPROPRIATE WATER

Pierre, South Dakota
August 9, 1982

To bring the advertising requirements into compliance with the State Statutes, the following notice is being re-advertised. This notice does not propose additional water rights.

Notice is hereby given the City of Oacoma whose post office address is Oacoma, South Dakota, has made an application in accordance with the provisions of SDCL 46-1-1 thru 46-1-9; 46-1-12 thru 46-1-14, 46-2-9 thru 46-2-11, 46-2-13; 46-5-1 thru 46-5-8, 46-5-10 thru 46-5-22, 46-5-25, 46-5-41 and Board Rules ARSD 74:02:01:01 thru 74:02:01:15, for a permit to appropriate for beneficial use 0.50 cubic feet per second of time from the Missouri River through the Oacoma Water Supply Intake, the point of diversion which is to be located in the SE 1/4 NW 1/4 of Section 17, Twp. 104N, Range 71W. Said water to be used for purpose of providing water supplies for the Town of Oacoma.

This Application No. 1698-2 will be considered by the Water Management Board at Meeting Room #1, Kneip Building, Church & Illinois, Pierre SD upon the 7th day of October, 1982 at 10 A.M. The Board is authorized to make a determination on this application at the hearing. All interested persons may appear and be heard. Any person who may be affected by a Board decision who desires to present evidence or cross-examine witnesses according to SDCL 1-26 may notify the Board in writing prior to the hearing or orally at the hearing.

This hearing is an adversary proceeding. Any person has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised at the hearing. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

Any handicapped person wishing to attend this hearing can contact the Water Rights Division, DWR, Joe Foss Building, Pierre SD, prior to the hearing date for assistance to assure access to the hearing.

Water Rights Division

JH:GY:ms
Enc.

REPORT ON WATER PERMIT NO. 1698-2

Town of Oacoma
September 21, 1998

Water Permit No. 1698-2 appropriates 0.5 cubic feet of water per second (cfs) from the Missouri River located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 17-T104N-R71W for municipal use. Readvertisement of this permit is necessary to correct the legal description of the diversion point prior to issuance of the water license. The diversion point was incorrectly advertised on March 6 and 13, 1980 in the Advocate Leader as being located in the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 17-T105N-R71W. Water Permit No. 2290-2 authorizes an increase in the diversion rate of an additional 0.5 cfs for a total of 1.0 cfs.

Conclusions

1. This is a readvertisement of the Notice of Hearing for Water Permit No. 1698-2.
2. This readvertisement is necessary to correct the legal description of the diversion point prior to issuance of the water license. The correct location of the diversion point was identified on the map submitted with the application.
3. The correct legal description of the diversion point is the SE $\frac{1}{4}$ NW $\frac{1}{4}$ Section 17-T104N-R71W.

**RECOMMENDATION OF CHIEF ENGINEER FOR READVERTISED
WATER PERMIT APPLICATION NO. 1698-2, Town of Oacoma**

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning readvertised Water Permit Application No. 1698-2, Town of Oacoma, c/o Alice Hutmacher, President, PO Box 43, Oacoma SD 57365-0043.

The Chief Engineer is recommending APPROVAL of readvertised Application No. 1698-2 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion has been developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) it is in the public interest.

See report on application for additional information.

Dear Ms. Neeman

The original notice of hearing for Water Permit No. 1698-2 was published with an error. Therefore, the notice of hearing needs to be readvertised to correct the error. This error was found by Jeff Shafer, Water Right staff engineer during his recent licensing investigation of Oacoma's water permits. A notice of hearing has been sent to the Publisher of the Lyman Co. Herald printed at Presho, SD (Ph # (605) 895-2505). For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the readvertisement are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

The cost of publication of this notice will be paid by the Water Rights Program. Please contact us if you have any questions.

Sincerely,

Eric Gronlund
Natural Resources Engineer

Enclosed is a Readvertisement of Notice of Hearing on Permit No. 1698-2 to be published twice. Please publish the first notice on September 30, 1998, with the second publication 7 days later.

Please bill the Water Rights Program for the cost of the advertisement.

A copy of BOTH publications must be SENT to the WATER RIGHTS PROGRAM. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. The permit application cannot be considered by the Water Management Board until proof of publication has been received.

Sincerely,

Eric Gronlund
Natural Resources Engineer

We are in receipt of your letter of September 23, 1998, enclosing Readvertisement of Notice of Hearing to Appropriate Water by Permit No. 1698-2 which was first published in our issue of _____. ENCLOSED IS A COPY OF THIS FIRST PUBLICATION.

Name

Newspaper

Instruction to Newspaper - Publish first Notice on September 30, 1998, with the second publication 7 days later.

NOTICE OF APPLICATION NO. 1698-2 to Appropriate Water

Notice is given of readvertisement of Water Permit No. 1698-2 held by the Town of Oacoma, PO Box 43, Oacoma SD 57365-0043. The water permit was originally applied for on February 19, 1980. Water Permit No. 1698-2 authorizes 0.5 cubic feet of water per second (cfs) from the Missouri River located in the SE ¼ NW ¼ Section 17-T104N-R71W for municipal use. Readvertisement of Permit No. 1698-2 is necessary to correct the legal description of the diversion point. The diversion point was incorrectly advertised on March 6 and 13, 1980 as being located in the SE ¼ NW ¼ Section 17-T105N-R71W. Water Permit No. 2290-2 authorizes an increase in the diversion rate of an additional 0.5 cfs for a total of 1.0 cfs.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Readvertised Application No. 1698-2 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the chief engineer will act on the application, as recommended, unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation. If a petition opposing the application or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting this application or recommendation must file a written petition with BOTH the applicant and chief engineer. The applicant must file a petition if contesting the chief engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by October 19, 1998.

The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this application. Nettie H. Myers, Secretary, Department of Environment and Natural Resources.

NOTICE OF APPLICATION

NO. 1698-2

to Appropriate Water

Notice is given of readvertisement of Water Permit No. 1698-2 held by the Town of Onawa, PO Box 48, Onawa, SD 57052-0048. The water permit was originally applied for on February 18, 1980. Water Permit No. 1698-2 authorizes 0.5 cubic feet of water per second (cfs) from the Missouri River located in the SE 1/4 NW 1/4 Section 17-T104N-R71W for municipal use. Readvertisement of Permit No. 1698-2 is necessary to correct the legal description of the diversion point. The diversion point was incorrectly advertised on March 6 and 12, 1980 as being located in the SE 1/4 NW 1/4 Section 17-T105N-R71W. Water Permit No. 2200-2 authorized an increase in the diversion rate of an additional 0.5 cfs for a total of 1.0 cfs.

Pursuant to SDCL 48-2A-2, the Chief Engineer recommends APPROVAL of Readvertised Application No. 1698-2 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 48-2A-23, the chief engineer will act on the application, as recommended, unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation. If a petition opposing the application or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider the recommendation. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting this application or recommendation must file a written petition with BOTH the applicant and chief engineer. The applicant must file a petition if contesting the chief engineer's recommendation. The Chief Engineer's address is Water Rights Program, P.O. Box 525, E Capitol, Pierre SD 57701 (605) 770-3362, and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by October 19, 1998.

The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this application. Nettie H. Permit No. 2290-2

Town of Oacoma
%Arla Neeman, Finance Officer
P.O. Box 43
Oacoma, SD 57365-0043

Dear Ms. Neeman:

The investigation of your water use system was conducted on September 2, 1998, by Jeff Shafer, staff engineer. The investigation included the extent of application of water to beneficial use, as developed under Water Permit Nos. 1698-2 and 2290-2. Your final water right document, the Water License, can now be issued. Upon licensing, the applicable portions of Water Permit No. 1698-2 will be incorporated into 2290-2.

Statutes require that we charge a \$50.00 fee for the investigation and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

Please remit fee to:
Department of Environment & Natural Resources
Water Rights Program
523 E. Capitol
Pierre, SD 57501-3181

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

Cheryl F. Frost
Secretary
Water Rights Program
(605) 773-3352

NOTE: On check or money order, please specify your permit number. This will insure proper handling of the fee.
