WATER RIGHT APPLICATION APPROVAL

The Water Rights Commission hereby approves Water Right Application No. 1751-2

LYLA TRASK
(Applicant)

Box 8 - WASTA
(Post Office Address)

SOUTH DAKOTA 57791 With the following modifications:
(State)

Diversions of water under this Permit is contingent upon water supplies being first available to prior water rights downstream on the Cheyenne River. Flow records show that there are occasional years when the flows of the Cheyenne River are definitely and recognizably lower than usual during the months of July, August and September. Diversions of water are not to be made under this Permit during such low flow periods.

This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

Date of first set of application FEBRUARY 17 19 81
Date of return to applicant for correction, amendments or changes required FEBRUARY 19 19 81
Date of receipt of corrected application MARCH 6 19 81
Approved MARCH 25 19 81, Recorded in Book 22 Page 56

WATER RIGHT PERMIT NO. 1751-2

The Water Rights Commission hereby grants and issues this Water Right Permit No. 1751-2 authorizing the construction of the water use system and the putting of water to beneficial use as stated in the Application and as modified in the Water Right Application approval, subject, however, to the following limitations and conditions:

1. The date from which applicant may claim right is FEBRUARY 17 19 81
2. The equivalent of at least one-fifth of the work above specified is to be completed on or before SEPTEMBER 25 19 82
3. The whole of said work is to be completed on or before MARCH 25 19 84
4. The limit of time from proof of beneficial use of water appropriated in accordance herewith is MARCH 25 19 86
5. The water appropriated shall be used for the purpose of IRRIGATION
6. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.
7. The amount of the appropriation herein granted shall not exceed 2.0 cubic feet per second; neither shall it exceed the capacity of the above described water supply system, nor shall it exceed the amount of water needed for beneficial uses served, and if for the irrigation purposes said appropriation must be limited to not more than 2 acre feet per acre per year and be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before MARCH 25 19 86; said water to be used during the following described annual period: IRRIGATION SEASON

Dear Mr. Trask:

This letter will acknowledge receipt of the 1985 Irrigation Questionnaires pertaining to Water Permit Nos. 1751-2 and 1752-2 for Lyla Trask. The questionnaires were completed following our April 2, 1986 telephone conversation.

A notice was sent to you March 31, 1986 regarding the Irrigation Questionnaire submittal violation and the date hearings were to be held before the Water Management Board to determine any action to be taken. Please disregard the notice. Your name has been deleted from the agenda pertaining to these hearings.

During our telephone conversation you stated the name on Water Permit Nos. 1751-2 and 1752-2 should be changed to Lyla Trask Estate. In order to make this change, a notice of transfer will need to be filed with our office. Enclosed are partially completed transfer forms. Please check them over, date, sign in the presence of a notary and return the forms to our office with a \$2.50 filing fee for each (total of \$5.00).

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, conveyance, lease or other transfer of a Water Permit or Water Right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact our office.

Wasta SD 57791

Dear Mr. Trask:

Enclosed is an Application for Soil/Water Compatibility Permit and Permit to Appropriate Water to correct errors that were found in Water Permit No. 1751-2 (copy enclosed). Rassool Ahadi, with this office inspected Water Permit No. 1751-2 on May 18, 1992. The enclosed map outlines the lands you have developed for irrigation. The original Soil/Water Compatibility Permit (copy enclosed) indicates the lands to be irrigated are located in portions of Section 14, 23 & 24; all in T2N-R14E. The lands irrigated are located in Section 26 instead of Section 24. The Soil/Water permit also lists only one of the three diversion points. This application will correct these discrepancies.

In order to correct the errors, the enclosed application forms must be signed, notarized and returned to this office. After a corrected Soil/Water Compatibility Permit is issued, the application will then need to be readvertised in a legal newspaper in Pennington County to correct errors found in the notice which was published in March of 1981. The Division of Water Rights will pay the readvertisement costs.

Water Permit No. 1751-2 can not be licensed until this application is processed and proper public notice is given reflecting your current water use in accordance with state statutes.

Upon receipt of the signed and notarized application, further processing of the application for readvertisement will proceed. If you have any questions, please contact me.

Sincerely,

Karen Schlaak
Natural Resources Analyst

PIERRE SOUTH DAKOTA 57501-3181

August 18, 1993

Todd Trask
Box 34
Wasta SD 57791

Dear Mr. Trask.

On August 16, 1993, you called our office for clarification of the application and letter sent to you regarding Water Permit No. 1751-2. I explained that the original soil/water compatibility permit did not include all the lands irrigated and all of the diversion points. After we receive the signed and notarized application, the application will be forwarded to the Division of Conservation for their consideration. Water Permit No. 1751-2 will need to be readvertised to correct errors in the original publication of the notice of hearing, prior to issuance of the water license. As I stated in our phone conversation, the above actions will not affect the original priority date of February 17, 1981.

You expressed a concern regarding what would happen if someone protested the readvertised application. If opposition is received, a hearing would be scheduled before the Water Management Board. At the hearing, the opposition would have an opportunity to present testimony regarding their opposition. You would likewise have the opportunity to be present and rebut any opposing views. The Board would listen to the evidence presented and make a decision. The Board will be made aware that this is an existing system which is only being readvertised to correct the error in the original notice of hearing. To my knowledge, only one readvertisement has ever been opposed and it was ultimately approved by the Board.

If you have any further questions, please contact Eric Gronlund with this office.

Sincerely,

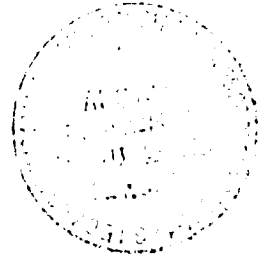

Karen Schlaak

REPORT ON WATER PERMIT NO. 1751-2
LYLA TRASK ESTATE
December 17, 1993

Water Permit No. 1751-2 appropriates 2.0 cubic feet of water per second (cfs) from the Cheyenne River and Five Mile Draw located in the NE 1/4 Section 26; SW 1/4 NE 1/4 and the NW 1/4 Section 23; all in T2N-R14E to irrigate 153 acres. Readvertisement of the notice of hearing published on March 12 and 19, 1981 is needed to correct the legal description of the irrigated acres and the diversion point prior to issuance of the water license. The location of the irrigated acres is the SW 1/4 SE 1/4 Section 14, W 1/2 NE 1/4, SE 1/4 NW 1/4, W 1/2 SE 1/4, E 1/2 E 1/2 SW 1/4 Section 23 and the NW 1/4 NE 1/4, NE 1/4 NW 1/4 Section 26; all in T2N-R14E. The lands located in the W 1/2 SE 1/4 Section 23 were incorrectly described as the E 1/2 SE 1/4 Section 23. The publication described the location of only one diversion point. The diversion points are located in the NE 1/4 Section 26; SW 1/4 NE 1/4, and the NW 1/4 Section 23 (Five Mile draw); all in T2N-R14E. This readvertisement does not authorize any increase in the acreage irrigated or increase in the developed diversion rate.

Conclusions

1. This is a readvertisement of the Notice of Hearing for Water Permit.
2. This readvertisement is necessary to correct the legal description of the lands being irrigated and the diversion points prior to issuance of the water license. The correct location of the irrigated acreage was identified on the map and permit application. All of the diversion points were identified on the map.
3. The correct legal description of the lands being irrigated is the SW 1/4 SE 1/4 Section 14, W 1/2 NE 1/4, SE 1/4 NW 1/4, W 1/2 SE 1/4, E 1/2 E 1/2 SW 1/4 Section 23 and the NW 1/4 NE 1/4, NE 1/4 NW 1/4 Section 26; all in T2N-R14E. The correct legal description of the diversion points is the NE 1/4 Section 26; SW 1/4 NE 1/4, and the NW 1/4 Section 23 (Five Mile draw); all in T2N-R14E.

RECOMMENDATION OF CHIEF ENGINEER FOR READVERTISED WATER
PERMIT APPLICATION NO. 1751-2, Lyla Trask Estate

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Environment and Natural Resources concerning readvertised Water Permit Application No. 1751-2, Lyla Trask Estate, c/o Todd Trask, Box 34, Wasta, SD 57791-

The Chief Engineer is recommending APPROVAL of readvertised Application No. 1751-2 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualifications:

1. Diversions of water under this Permit is contingent upon water supplies being first available to prior water rights downstream on the Cheyenne River. Flow records show that there are occasional years when the flows of the Cheyenne River are definitely and recognizable lower than usual during the months of July, August and September. Diversions of water are not to be made under this Permit during such low flow periods.
2. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

Dear Mr. Trask:

The original notice of hearing for Water Permit No. 1751-2 was published with an error. Therefore, the notice of hearing needs to be readvertised to correct the error. A notice of hearing has been sent to the Publisher of the Pennington County Courant printed at Wall, SD (Ph # 279-2565). For your information, a copy of the notice, the recommendation of the Chief Engineer and a report on the readvertisement are enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

The cost of publication of this notice will be paid by the Division of Water Rights. Please contact us if you have any questions.

Sincerely,

Eric Gronlund

Enclosed is a Readvertisement of Notice of Hearing on Permit No. 1751-2 to be published twice. Please publish the first notice on January 6, 1994, with the second publication 7 days later.

Please bill the Water Rights Division for the cost of the advertisement.

A copy of BOTH publications must be SENT to the WATER RIGHTS DIVISION. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. The permit application cannot be considered by the Water Management Board until proof of publication has been received.

Sincerely,

Eric Gronlund

Readvertisement of NOTICE OF APPLICATION NO. 1751-2 to Appropriate Water

Notice is given that the Lyla Trask Estate, Box 34, Wasta, SD 57791 filed an application for a water permit on February 17, 1981. Water Permit No. 1751-2 appropriates 2.0 cubic feet of water per second (cfs) from the Cheyenne River and Five Mile Draw to irrigate 153 acres. Readvertisement of the notice of hearing published on March 12 and 19, 1981, is needed to correct the legal description of the irrigated acres and the diversion point. The location of the irrigated acres is the SW 1/4 SE 1/4 Section 14, W 1/2 NE 1/4, SE 1/4 NW 1/4, W 1/2 SE 1/4, E 1/2 E 1/2 SW 1/4 Section 23 and the NW 1/4 NE 1/4, NE 1/4 NW 1/4 Section 26; all in T2N-R14E. The lands located in the W 1/2 SE 1/4 Section 23 were incorrectly described as the E 1/2 SE 1/4 Section 23. The location of only one of the diversion points was described in the original publication. The diversion points from the Cheyenne River are located in the NE 1/4 Section 26 and SW 1/4 NE 1/4 Section 23, and from Five Mile draw in the NW 1/4 Section 23; all in T2N-R14E. This readvertisement does not authorize any increase in the acreage irrigated or increase in the developed diversion rate.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of readvertised Application No. 1751-2 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water, and 4) it is in the public interest. In accordance with SDCL 46-2A-23, the chief engineer will act on the application, as recommended, unless a petition is filed opposing the application or the applicant files a petition contesting the chief engineer's recommendation. If a petition opposing the application or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider the application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting this application or recommendation must file a written petition with BOTH the applicant and chief engineer. The applicant must file a petition if contesting the chief engineer's recommendation. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by January 24, 1994.

The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Division address to request copies of information pertaining to this application. Russell L. Stone, Acting Secretary, Department of Environment and Natural Resources.

Permit No. 1751-2

Water District: Upper Cheyenne

Report Of Examination Of Works And/Or Application of Water To Beneficial Use:

I have this day made a thorough examination of the water use system constructed by Lyla Trask of Box 34, Wasta, SD 57791 holder of Permit No. 1751-2, bearing the priority of February 17, 1981, authorizing the diversion of 2.0 cu.ft. per second the waters of Cheyenne River and the Five Mile Draw for irrigation purposes, in Pennington County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

A pump: Berkeley, 1200 gallons per minute capacity. **

Motor: International, 80 horse power.

B. Works used to transport water to place of use:

600 feet of 10 inch Aluminum pipe.

2300 feet of earthen canals.

C. Works used to apply water to beneficial use:

Gravity system of irrigation.

The system is in the following conditions: Good. The point of diversions are located: From Cheyenne River, #1: approximately 1329 feet south, 2560 feet from the Northeast corner of Section 26 (NE1/4); #2: 2040 feet south, 1800 feet west from the northeast corner of Section 23 (SW1/4 NE1/4). From Dry Draw: 2640 feet east, 1160 feet south from the Northwest corner of Section 23 (NW1/4), all in T2N-R14E.

The works are capable of diverting and conveying to the place of use 2.7 cu.ft. per second of surface water which is used for irrigation.

**Same pump is used for Water Permit No. 1752.

Water has been put to beneficial use to the maximum extent as follows:

All in T2N-R14E

Section 23:

NW1/4 NE1/4 27.0 ac.

SW1/4 NE1/4 26.0 ac.

SE1/4 NW1/4 7.0 ac.

NW1/4 SE1/4 25.0 ac.

SW1/4 SE1/4 30.0 ac.

SE1/4 SW1/4 7.0 ac.

NE1/4 SW1/4 5.0 ac.

Section 26:

NW1/4 NE1/4 10.0 ac.

NE1/4 NW1/4 6.0 ac.

Section 14:

SW1/4 SE1/4 10.0 ac.

comprising a total of 153.0 acres of land and the license should be issued for 2.0 cfs.

Application permit qualifications have been complied with ☒ Yes ☐ No

Exceptions to compliance are: None

DATE: August 11, 1993
RE: Status of Licensing for Water Permit No. 1751-2

COMMENTS: A review of Water Permit No. 1751-2 prior to licensing found the following:

Permit issued for:	Inspection found:
<u>T2N, R14E</u>	<u>T2N, R14E</u>
SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 14	SW $\frac{1}{4}$ SE $\frac{1}{4}$ Section 14
NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 23	NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 23
SW $\frac{1}{4}$ NE $\frac{1}{4}$	SW $\frac{1}{4}$ NE $\frac{1}{4}$
SE $\frac{1}{4}$ NW $\frac{1}{4}$	SE $\frac{1}{4}$ NW $\frac{1}{4}$
NW $\frac{1}{4}$ SE $\frac{1}{4}$	NW $\frac{1}{4}$ SE $\frac{1}{4}$
NE $\frac{1}{4}$ SW $\frac{1}{4}$	NE $\frac{1}{4}$ SW $\frac{1}{4}$
SW $\frac{1}{4}$ SE $\frac{1}{4}$	SW $\frac{1}{4}$ SE $\frac{1}{4}$
SE $\frac{1}{4}$ SW $\frac{1}{4}$	SE $\frac{1}{4}$ SW $\frac{1}{4}$
NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 26	NW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 26
NE $\frac{1}{4}$ NW $\frac{1}{4}$	NE $\frac{1}{4}$ NW $\frac{1}{4}$

Permit acreage and acreage developed are the same - total of 153 acres.

The inspection found three diversion points being utilized: 1) Cheyenne River - NE $\frac{1}{4}$ Section 26; 2) Cheyenne River - SW $\frac{1}{4}$ NE $\frac{1}{4}$ Section 23; 3) Five Mile Draw - NW $\frac{1}{4}$ Section 23, all in T2N, R14E. Although the original application only described one diversion point, the map submitted with the application shows all three diversion points.

Advertised:	Correction needed:
SW $\frac{1}{4}$ SE $\frac{1}{4}$ Sec 14, T2N, R14E	ok
W $\frac{1}{2}$ NE $\frac{1}{4}$ Sec 23	ok
SE $\frac{1}{4}$ NW $\frac{1}{4}$	ok
E $\frac{1}{2}$ SE $\frac{1}{4}$	should be W $\frac{1}{2}$ SE $\frac{1}{4}$
E $\frac{1}{2}$ E $\frac{1}{2}$ SW $\frac{1}{4}$	ok
NW $\frac{1}{4}$ NE $\frac{1}{4}$ Sec 26	ok
NE $\frac{1}{4}$ NW $\frac{1}{4}$	ok

The soil/water compatibility lists a very broad description of the area to be irrigated. The description is as follows: portions of Section 14, 23, and 24, T2N, R14E (153 acres). This description lists Section 24 instead of Section 26. The soil/water also lists only one of the three diversion points being used. It does not list the Cheyenne River diversions.

Action needed: Soil/water compatibility is needed for Section 26 and for the two diversion points not originally described.

Action needed: Permit needs readvertised to include all diversion points and to correct above acreage discrepancy.

Dear Mr. Trask:

The inspection of your water use system and the inspection of the extent of application of water to beneficial use, as developed under Water Permit No. 1751-2, has been completed. Your final water right document, the Water License, can now be issued.

Statutes require that we charge a \$50.00 fee for the inspection and issuance of the Water License. Upon receipt of the \$50.00 fee from you, we will begin processing your Water License.

South Dakota Water Law 46-5-30.1 requires that a permit holder may not divert water until the \$50.00 license fee has been paid. Please contact us if you have any questions.

Sincerely,

A handwritten signature in cursive script, reading "Cheryl F. Frost".

STATE OF SOUTH DAKOTA

WATER LICENSE NO. 1751-2 FOR IRRIGATION

(1) Lyla Trask of Wasta SD made Application No. 1751-2, February 17, 1981 for a water permit to appropriate 2.00 cubic feet of water per second from the Cheyenne River and Five Mile Draw, Pennington County, South Dakota for irrigation purposes. Permit No. 1751-2, with a priority date of February 17, 1981 was approved March 25, 1981 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before March 25, 1984 and for the application to beneficial use of said water on or before March 25, 1986.

Water Permit No. 1751-2 was transferred May 20, 1986, to Lyla Trask Estate.

The permit was readvertised January 6 and 13, 1994 to correct errors in the legal description of the irrigated acres and the diversion points. The lands located in the W 1/2 SE 1/4 Section 23 were incorrectly described as the E 1/2 SE 1/4 Section 23. The location of only one of the diversion points was described in the original publication. The readvertisement does not authorize any increase in the acreage irrigated or increase in the developed diversion rate.

(2) It is certified that the applicant has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 2.0 cubic feet of water per second for beneficial use. The location of the diversion points are: from the Cheyenne River Point #1: approximately 1320 feet S, 2560 feet W from the NE corner of Section 26 (NE 1/4); Point #2: 2040 feet S, 1800 feet W from the NE corner of Section 23 (SW 1/4 NE 1/4); From Five Mile Draw: 2640 feet E, 1160 feet S from the NW corner of Section 23 (NW 1/4); all in T2N-R14E.

(3) The applicant has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land:

T2N-R14E	Section 23	NW 1/4 NE 1/4	27 acres
		SW 1/4 NE 1/4	26 acres
		SE 1/4 NW 1/4	7 acres
		NW 1/4 SE 1/4	25 acres
		SW 1/4 SE 1/4	30 acres
		SE 1/4 SW 1/4	7 acres
		NE 1/4 SW 1/4	5 acres
	Section 26	NW 1/4 NE 1/4	10 acres
		NE 1/4 NW 1/4	6 acres

Dear Mr. Trask:

Enclosed is Water License No. 1751-2 and Receipt No. 414066 for \$50.00 which was assessed for an inspection and issuance of the license. Water License No. 1751-2 is the final document which completes the process of obtaining a water right.

As long as you use the water beneficially, as stated in the Water License, State Water Laws provide that you have a continuing right to use the water.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division

NOTICE

TO: LYLA TRASK-ESTATE, BOX 34, WASTA, SD 57791

FROM: Ron Duvall, Natural Resources Engineer
for John Hatch, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 1997 Irrigation Questionnaire(s)

Our records indicate that the 1997 Irrigation Questionnaire has not been submitted for Permit No(s) 1751-2 & 1752-2. The request for the Questionnaire was dated October 17, 1997. The Water Management Board has directed that owners of water permits who have not submitted the 1997 Irrigation Questionnaire be given notice of hearing to determine if any Board action is to be taken concerning this issue.

The hearing will be held at 9:45 am, February 25, 1998, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 1751-2 & 1752-2 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before February 20, 1998, your name will be deleted from the Board agenda. If you have any questions or need assistance with completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

Note: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Is your RETURN ADDRESS completed on the reverse side?

SENDER:

- Complete items 1 and/or 2 for additional services.
- Complete items 3, 4a, and 4b.
- Print your name and address on the reverse of this form so that we can return this card to you.
- Attach this form to the front of the mailpiece, or on the back if space does not permit.
- Write "Return Receipt Requested" on the mailpiece below the article number.
- The Return Receipt will show to whom the article was delivered and the date delivered.

I also wish to receive the following services (for an extra fee):

NOTICE OF SHUTOFF ORDER

TO: TODD TRASK ESTATE
BOX 34
WASTA SD 57791

FROM: GARLAND ERBELE, Chief Engineer
Water Rights Program

SUBJECT: Cheyenne River Shutoff Order for Junior Priority Date Water Rights

Shutoff Order for Water Right Nos. 1752-2 1751-2

To protect the senior priority water rights, the department is issuing shutoff orders to junior water right holders with priority dates after January 1, 1970 from Angostura Dam to Belle Fourche River confluence. Effective immediately, no diversions of water from the Cheyenne River and tributaries will be allowed for those permits with a priority date after January 1, 1970.

Flow in the Cheyenne River has dropped to the point where domestic use of water, which includes livestock watering from the river, has become a concern. This order will be rescinded as soon as conditions improve. If conditions do not improve, this order will remain in effect until the end of the calendar year.

I am asking for your cooperation in complying with this shutoff order. The ongoing drought is creating hardship for all the water right holders along the river. If you have any questions, please contact Mark Rath or Lynn Beck with the Water Rights Program at (605) 773-3352. Thank you.

TODD TRASK
BOX 34
WASTA SD 57791

Dear Sir:

This letter is to inform you that until further notice pumping **will be allowed** to continue under your junior priority water right(s) from the Cheyenne River. Due to recent rains and cooler temperatures, flow in the Cheyenne River has improved and appears to holding steady.

We will continue to monitor the daily stream flows. If flow conditions worsen and domestic use flow is again being impacted, DENR may be forced to again limit pumping.

The USGS maintains a website where you can view real-time stream flow measurements at several sites along the Cheyenne River and it's tributaries at the following web address:

<http://waterdata.usgs.gov/sd/nwis/rt>

If you have any questions, please contact Mark Rath or Lynn Beck with the Water Rights Program at (605) 773-3352. Thank you.

March 5, 2007

Dear Water Right Holder;

Due to the ongoing drought I am advising Cheyenne River water right holders of the possibility of shutoff orders in 2007 for the river reach from Angostura Dam to the Belle Fourche River confluence. This is **not a shutoff order**.

As a result of the continuing lack of precipitation, tributary flows throughout the Cheyenne River basin remain well below the historical average. Angostura Reservoir ended February almost 21-feet below full and the forecast for improved conditions throughout the summer months is not favorable.

This letter is only intended to give you advanced warning that your ability to divert water may be cut short this year. If shut-off orders are issued, you will receive another letter from the department. In the meantime, water right holders can help by closely monitoring water usage and trying to avoid wasting water.

South Dakota water law gives the highest priority to domestic use, which includes livestock watering. There is generally adequate water available to meet both domestic use and other needs. However, once water availability reaches critical low levels, other uses, including irrigation, will begin to interfere with domestic use. If levels become critically low, the department must issue shut-off orders to protect domestic water uses. Once these orders are issued, the department will continue to monitor water availability and should conditions improve, the shutoff orders would be rescinded.

If you are interested, the US Geological Survey has an Internet site showing river flows at 150 stream gauging stations across the state. Go to sd.water.usgs.gov and click on "Realtime streamflow data via satellite".

Thank you for your cooperation. If you have any questions, please contact Mark Rath or Mike DeFea at (605) 773-3352.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program

March 26, 2007

Trask Estate
Lyla Trask, Todd Trask
P O Box 34
Wasta, SD 57791

Dear Mr. Trask:

This letter is in reference to your March 19, 2007 telephone call to Mike DeFea, one of our Water Rights staff, regarding early diversions of water for irrigation from the Cheyenne River for two permits under Lyla Trask. You indicated that you would like to pump water from the river to irrigate land covered under Permit No. 1752-2 and divert water from the river through a pond into ditches to flood irrigate land covered under Permit No. 1751-2. You also stated that the diversion of water into the ditch would be a greater volume of water than is permitted. Water Right No. 1752-2 is authorized to divert 2.67 cfs of water and Water Right No. 1751-2 is authorized to divert 2.0 cfs of water. Diversion from the river into the pond needs to be limited at the control gate located at the inlet culvert to not exceed the diversion rate limit.

Because there is sufficient flow in the Cheyenne River, I am granting your request to withdraw water early for Water Permits 1751-2 and 1752-2; however, the diversion rate from the river into the pond **cannot** exceed 2.0 cfs as is authorized under Water Permit No. 1751-2.

If you have any questions, please contact Mike DeFea or Mark Rath of the Water Rights Program at phone (605) 773-3352.

Sincerely,

For Garland Erbele, Chief Engineer

Dear Mr. Trask:

As requested, enclosed are partially completed "Notice of Transfer" forms for use in filing an ownership change on Water Right Nos. 1751-2 and 1752-2. The water rights are currently listed in the name of Lyla Trask Estate.

The transfer forms should be completed, checked over for accuracy, and **signed by the new owner**. Upon completion, return the forms to our office with a required filing fee of \$50.00 each (total \$100.00).

If you have any questions, please contact me.

Sincerely,

Pierre, SD 57501-3181

JAN 04 2018
WATER RIGHTS
PROGRAM

No. 1751-2

Date: _____

I/We request that Water Right/Permit No. 1751-2

formerly owned by: Lyla Trask Estate

be transferred to: (name & address) TRASK RANCH PARTNERSHIP
BOX 34
WASTA, SD 57791 Telephone No. 605-993-3421

Title to the following described land(s)/property has been transferred as described above:

153 acres - W 1/2 NE 1/4, SE 1/4 NW 1/4, W 1/2 SE 1/4, E 1/2 SW 1/4 Section 23; NW 1/4 NE 1/4,
NE 1/4 NW 1/4 Section 26; SW 1/4 SE 1/4 Section 14; all in T2N-R14E

I/We understand that the validity of Water Right/Permit No. 1751-2 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We Trask Ranch Partnership new owner, certify that the above information is true and correct.

By [Signature]
(Signed by new owner) Partnership

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
