Dear Mr. Zarlek:

VARILEK

On April 25, 2000 the investigation of the water use system, including the extent of application of water to beneficial use, as developed under Water Permit No. 1819-2, was completed by Stacy Johnson, a staff engineer with our program. The final water right document, the water license, can now be issued. Water Permit No. 1819-2 was issued for Strato-Rim Estates, Inc.

State law require that we charge a \$50.00 fee for the investigation and issuance of the water license. Upon receipt of the \$50.00 fee from you, we will complete processing your water license. The check or money order for the fee should be made payable to the "Water Rights Program".

The licensed water right will be similar to a property right that can not be lost as long as the water use continues and you abide by the permit requirements.

If you have any questions regarding the water permit, investigation of your water use system or payment of the fee, please contact Genny McMath with our program at (605) 773-3352.

Dear Mr. Varilek:

Enclosed is Water License No. 1819-2. This is the final water right document completing your process of obtaining a Water Right. Enclosed is Receipt No. 416793 in the amount of \$50.00 which you paid for the investigation and issuance of the Water License.

For your information SDCL 46-6-27 requires that if the owner of an existing well, such as the well authorized by Water Right No. 1819-2, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any well that is being used or is not considered abandoned must be valved and controlled, if flowing, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water. If you have any questions, please contact our office.

Sincerely,
