Permit No. 1918-2Upper Cheyenne Water District**Report Of Examination Of Works And/Or Application Of Water To Beneficial Use**

TO: Chief Engineer, Division of Water Rights, DWNR, Foss Bldg., Pierre, SD 57501

I have this day made a thorough examination of the water use system constructed by Richard Porter of Edgemont, S.D. holder of Permit No. 1918-2, bearing the priority of August 14 1906 authorizing the diversion of 20 cu. ft. per second of the waters of Fiddle Creek for irrigation purposes, in Fall River County.

I have to report on the conditions of the same as follows:

- A. Works used to divert the water: Dam across channel of Fiddle Creek
- B. Works used to transport water to place of use: None
- C. Works used to apply water to beneficial use: Water flows around the end of the dam and floods the adjoining meadow.

The system is in the following condition FairThe point of diversion is located N 87° E 2470 feet from the SE^W corner of Section 20, T9S, R2E.The works are capable of diverting and conveying to the place of use 10 cu. ft. per second of water which is to be used for irrigationWater has been put to beneficial use to the maximum extent as follows: SW²SE⁴ - 15 acres and SE²SE⁴ - 6 acres all in Section 20, T9S, R2E.comprising a total of 21 acres of land and the license should be issued for 0.3 cfsApplicable permit qualifications have been complied with ☒ Yes ☐ NoExceptions to compliance are: _____ Date Sept. 19, 1982

WATER RIGHTS DIVISION
(605) 773-3352

October 25, 1984

Richard Porter
Box 154
Edgemont, South Dakota 57735

Dear Mr. Porter:

Enclosed is material relative to your water rights for your review and signature.

The first packet relates to Water Right Filing 0589-2 that was filed by Mary Miller in 1906. Since this was filed prior to the existence of South Dakota Water Law, a vested right application needs to be filed. I have completed all of the forms necessary for this application.

The second packet relates to Location Notice 266-2. All that is necessary for this Water Right is the completion of the transfer form.

The third packet relates to Location Notice 389-2. This is the project with the two large dams. The two dams do not appear on a 1950 United States Geological Survey topographical map. They do appear on a 1977 USGS aerial photo. Are the two dams a replacement of the original dam described in the Location Notice? If they are, all that is necessary is the completion of the transfer form. If they are not, please indicate when the project was constructed.

Would you please review all of the forms and maps. If there is anything that you believe is in error please make corrections. If you want to add additional information, please do so. After your review, please sign the forms in the presence of a Notary. All of the forms should then be returned to this office with a fee payment of \$15.50. Each notice of transfer is \$2.50 and the Vested Right application is \$10.50.

If you have no changes to the maps you may keep them. You may also keep the copies of the Location Notices.

After we receive the two notice of transfer forms the Chief Engineer will issue a Water License to you for each of those projects. The Vested Right will be presented to the Board of Water Management during one of their scheduled meetings. After the Board recognizes this Vested Right you will be issued a Water License for this project.

This whole process will update your water rights to current standards and requirements. If you have any questions please contact me.

Sincerely,

Delvin D. Brosz, P.E.
Hydrologist

0589-2

Recorded - Aug. 14, 1906

Know all men by these presents: That I, Mary M. Miller, a Citizen of the United States, and a resident of Fall River County, S. D., have this day located a Water Right hereinafter described, and do hereby claim the right to divert ^{20 cfs} One thousand Miners Inches of Water from Fiddle Creek in Fall River County, South Dakota, the place of diversion being in Section Twenty (20) in Township Nine (9) South of Range Two (2) East B. H. M.

Said water to be conveyed by dams, ditches and dykes along the North side of Fiddle Creek and west of cotton wood Creek over and across the section twenty (20) and twenty-one (21) and over Section twenty-nine (29) of the said Township and range.

Said Water Right and the appropriation of water for agricultural purposes.

Dated August 14th 1906.

Mary M. Miller.

NOTICE

TO: Richard Porter
BOX 154
EDGEMONT, SD 57735

FROM: *for Delvin W. Brosz*
JOHN HATCH, CHIEF ENGINEER
Water Rights Division
(605)773-3352

SUBJECT: Low Water Levels in Angostura Reservoir

The water level in Angostura Reservoir on March 6, 1990 was at 3171.1 feet above mean sea level (msl). This is approximately 16 feet below the full elevation of 3187.2 msl. The present estimates are that the Angostura Irrigation District will be able to deliver less than 50% of full service water to project lands during the 1990 irrigation season. We are contacting you to advise you of the actions we have taken due to the low water situation in Angostura Reservoir. Junior Water Right owners above Angostura have been ordered not to use water until Angostura fills.

Since your Water Right No. 1918-2 and Location Notice Nos. 389-2 and 266-2 have priority dates that are senior to the April 11, 1941 priority for Angostura Irrigation Water Right No. 579-2, your permits are not directly affected by the Junior Priority Order. However, I am requesting that all Senior Water Right holders comply with any qualifications and limitations as stated on their water right. With the existing low runoff conditions, we expect to monitor all water rights above Angostura Reservoir.

I want to thank all Water Right Holders above Angostura for the cooperation that we have received up to this time. If you have any questions, please contact Del Brosz (605 773-3352).

SOUTH DAKOTA

VESTED WATER RIGHT NO. 1918-2 FOR IRRIGATION

Date of Receipt of Claim January 14, 1985.

Date of Validation May 6, 1992.

The Water Management Board validated Vested Water Right Claim No. 1918-2 for irrigation purposes for Richard Porter, Box 154, Edgemont SD 57735 with the following limitations, conditions and qualifications:

1. Vested Water Right No. 1918-2 appropriates 0.3 cubic feet of water per second from Fiddle Creek located in the SE 1/4 SW 1/4 Section 20 to irrigate 21 acres located in the S 1/2 SE 1/4 Section 20; all in T9S-R2E.
2. The appropriation may not exceed the amount of water needed for beneficial use for irrigation. The appropriation may not exceed 3 acre feet per irrigated acre per year. Water is to be used during the following annual period: January 1 - December 31.
3. The priority date of the Vested Water Right is August 14, 1906.
4. The water use system has been constructed and water has been applied to beneficial use.
5. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATION

The applicable portions of Water Right Filing No. 0589-2 were incorporated into Vested Right No. 1918-2 and the applicable portions of Filing No. 0589-2 have been cancelled.

Dear Ms. Cunningham:

Thank you for contacting us regarding the ownership changes for Richard Porter's land in Fall River County. In the event you do not have them, I am sending copies of Location Notice Nos. 266-2, 389-2 and Vested Water Right No. 1918-2.

Enclosed are partially completed Notice of Transfer of Ownership forms for filing ownership changes. Please review the forms and complete as needed (be sure to include the mailing address of the new owner). The forms should be signed by the new owner(s). A filing fee of \$2.50 is required for each transfer filed. The check or money order for the fee can be made payable to the Water Rights Program.

If the land described in Vested Water Right No. 1918-2 was not included in the sale, go ahead and toss the copy of the water right and the transfer form. If I can answer any questions for you, please contact me.

WATER RIGHTS
PROGRAM

Rory Brown
Wanda Brown
(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
