Dear Mr. & Mrs. Voshall:

The Division of Environmental Quality of this Department is conducting a survey of non-community public water supply systems. As a part of the survey, we have reviewed our records and we can not find any water rights on file for Buffalo Billys.

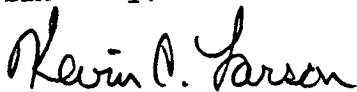

A water permit is required pursuant to SDCL 46-1-15 to use water from a private source for commercial use. Any use of water, except for private domestic use, requires a water permit. Examples of commercial use are: truckstops, motels, restaurants, tourist attractions, commercial campgrounds and any other business operation. Examples of non-commercial use that require permits for private supplies are: churches, hospitals and nursing homes (any amount of water) and schools that pump more than 18 gallons per minute.

If you have a water permit that has been issued under another name or if you believe a permit has been issued under another name, please contact us. We are enclosing the necessary permit application forms and instructions, if you need a permit. Please complete and submit with a (see instructions) filing fee.

An existing business without a water right has no right to the use of water. Except for private domestic use, any water user without a water right is not entitled to receive protection in the event of well interference by a new or future user who has a water right. The new user with a water right will have the senior priority over an existing user without a water right. In South Dakota, the first in time (senior priority) is the first in right, except for individual domestic use. Individual household, farm or ranch use does not require a permit and has preference over all other users of water.

If you have any questions or need assistance with completion of the forms, please feel free to contact us.

Sincerely,

Kevin C. Larson

NOTICE

Buffalo Billys
Hermosa Rt., Box 11
Keystone, South Dakota 57751

Dear Mr. and Mrs. Voshall:

September 27, 1984 we notified you that State Law requires that a water permit be obtained for any use of water from a private source for use in a campground. We have not heard from you on this. Failure to comply with State Laws--SDCL 46-1-6(6), 46-1-15, 46-5-8.2, 46-5-9, and 46-5-10 and Water Management Board Rule ARSD 74:02:01:03--can result in an order to stop water use until an application for a water permit has been submitted and approved.

If you have questions or need another set of permit applications forms or if you believe you already have the required water permit or need assistance in completing the forms, feel free to contact us. Please submit the completed application forms prior to June 25, 1985.

Sincerely,

John Hatch, Chief Engineer

RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT

APPLICATION NO. 1933-2, Clair J Voshall

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Water and Natural Resources concerning Water Permit Application No. 1933-2, Clair J. Voshall, Hermosa Rt, Box 11, Keystone SD.

The Chief Engineer is recommending APPROVAL of Application No. 1933-2 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualifications:

The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner, under this Permit, shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.

See the attached report for additional information.

JOHN HATCH, Chief Engineer
July 15, 1985

Report On Application No. 1933-2
Clair J. Voshall
July 9, 1985

This application proposes to appropriate 0.022 cfs from one existing well 166 feet deep, located in the SE 1/4 SW 1/4 Section 18, T2S, R7E BHM. The water is used to supply a cafe and campground.

Aquifer - Deadwood Formation

Geology and Aquifer Characteristics

The Deadwood Formation consists of gray to red sandstone, greenish shale, glauconitic in part some slabby limestone and locally conglomeratic at the base where the Deadwood contacts the Precambrian Rocks (Darton, 1925). In Pennington County there is an estimated 14.9 million acre-feet of recoverable water in storage (Allen, et al., 1984). There is very little known about the aquifer characteristics of the Deadwood Formation. The driller's log by Alexander Drilling indicates drilling began in the shale unit of the Deadwood Formation and penetrated to the Precambrian surface. The driller indicated the well produced 100 gpm using an air line. It is doubtful the basal sandstone unit of the Deadwood would produce this amount of water unless fractures were present in the formation. Battle Creek flows through this area and is potential recharge to the Deadwood Formation.

Review of Existing Water Permits

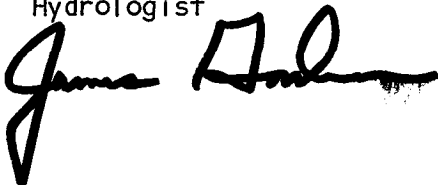

1899-2 Old Home Campground .03 cfs 60' deep well (Deadwood)

The Old Home Campground well is located approximately 1/4 mile west of this application (Water Rights Division, 1985). The relatively small pumping rates and the fact that both wells have been in existence for some time suggest interference is not a problem.

Conclusions

1. Water is available from the Deadwood Formation.
2. Interference is unlikely because of the nearness to recharge areas of Battle Creek and the outcrop of the Deadwood Formation and the relatively small pumping rates of the completed wells.

Water is used to supply a cafe and campground.

Pursuant to SDCL 46-2A-2 the Chief Engineer of the Water Rights Division recommends APPROVAL of Application No. 1933-2 because 1) unappropriated water is available, 2) will be no unlawful impairment of existing rights, 3) is beneficial use of water and 4) is in the public interest.

This application will be considered by the Water Management Board at Howard Johnson, Nebraska Room, 3300 W. Russell, Sioux Falls, SD, October 16 1985 at 10:00 am.

The recommendation of the Chief Engineer is not final or binding upon the Board and the Board is authorized to make a determination on this application after it reaches a conclusion based upon facts presented at the public hearing. Any interested person who may be affected by a Board decision and who intends to participate in the hearing before the Board and present evidence or cross-examine witnesses according to SDCL 1-26, must file a written petition with BOTH the Applicant and the Chief Engineer by October 4, 1985. The petition may be informal, but it must include a statement describing the petitioner's interest in the application, the reason for the petitioner's opposition to or support of the application, and the signature and mailing address of the petitioner or his legal counsel if legal counsel is obtained. The applicant need not file a petition.

This application is made pursuant to the provisions of SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-15; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17, 46-5-1 thru 46-5-16, 46-5-24, 46-5-25, 46-5-30.2, 46-5-31; 46-2A-1 thru 46-2A-10, 46-2A-12; ~~(ground)~~ 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14; ~~(future use)~~ 46-5-38 thru 46-5-40; ~~(transfer lands)~~ 46-5-30.4, 46-5-33 thru 46-5-35; ~~(10,000 AFA)~~ 46-5-20.1, 46-5-8.1; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15; ~~(future use)~~ 74:02:01:24 thru 74:02:01:25; ~~(10,000 AFA)~~ 74:02:01:15:02 thru 74:02:01:15:05.

This hearing is an adversary proceeding. The applicant or any person, after filing a petition, has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

Any person wishing a copy of the Chief Engineer's recommendation, further information on this application or to assure access to the hearing by the handicapped can contact the Water Rights Division, DWNR, Joe Foss Bldg, Pierre SD (605 773-3352) for assistance prior to the hearing date. The time of the hearing will be automatically extended for at least twenty days upon written request of the applicant or any person who has filed a petition to oppose or support the application. The request for extension must be filed with the Chief Engineer by October 4, 1985.

Dear Ms. Saunders:

Enclosed is a partially completed "Notice of Transfer" form for use in filing an ownership change on Water Permit No. 1933-2. The water permit is currently listed in the name of Clair J. Voshall.

The transfer form should be checked over for accuracy and signed by the new owner in the presence of a notary public. Upon completion, return the form to our office with a required filing fee of \$2.50.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a water permit or water right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact me.

Sincerely,

Cheryl F. Frost

SECOND NOTICE
Permit No. 1933-2

Ruth Saunders
1741 Summit Road
Hot Springs, SD 57747

Dear Ms. Saunders:

On April 13, 1995, notice was sent to you concerning the transfer of Water Permit No. 1933-2 in the name of Clair J. Voshall. To date, we have not heard from you on this matter.

A transfer form was previously sent to you, enclosed is an additional form. Please sign, have notarized and return the form to this office with the required filing fee of \$2.50. The water permit can then be transferred to your name. If you are not the present owner of the land covered under this water permit, please notify this office. It is very important that ownership records be kept current. South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a Water Permit or Water Right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact Genny McMath, (605) 773-3352.

Very truly yours,

RON DUVALL

Dear Ms. Saunders:

Enclosed is your check #1337 in the amount of \$2.50 written on June 28, 1995 which you paid for filing a "Notice of Transfer of Ownership" on Water Permit No. 1933-2. Also enclosed is the transfer form you submitted along with the fee.

The reason I am returning the above items to you is that you had already filed a transfer notice and paid the filing fee on June 21, 1995. A duplicate form and fee are not necessary.

The water permit was transferred to R D Quail and Ruth Saunders upon receipt of the first transfer notice you filed. The receipt for the filing fee paid on June 21, 1995 is enclosed. I apologize for any confusion this may have caused. If you have any questions, please contact me.

Dear Mr. Jones:

Thank you for following up on the ownership change for Water Permit No. 1933-2. The ownership change has been completed. The permit formerly held by Ruth Saunders is now listed under "Twisted Oak Trail Road District".

Enclosed for your records are the receipts in the amount of \$25 each which were paid for filing the ownership change.

The water permit application you submitted is being processed. We will be in touch throughout the process if we have questions or need further information. At such time as the application is ready to be public noticed, we will contact you with details.

If you have any questions concerning, please give us a call.

Sincerely,
