Date of first receipt of application April 4, 1989.

Date Soil/Water Compatibility Permit received April 10, 1989.

The Water Management Board approved Water Permit Application No. 2076-2 on May 10, 1989 for Jerome Pribil, P.O. Box 824, O'Neill, NE 68763 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 2076-2 appropriates 1.88 cubic feet of water per second from one well (Ogallala Aquifer) 200 feet deep to irrigate 132 acres. The well is to be located in the SE1/4 SW1/4 and the acreage to be irrigated is located in the SW1/4; all in Section 32-T37N-R34W.
2. The amount of the appropriation may not exceed 2 acre feet per acre per year or one-seventieth (1/70) cubic feet of water per second for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: April 1 to October 15.
3. The date from which applicant may claim right is April 4, 1989.
4. One-fifth of the construction is to be completed on or before November 10, 1991.
5. All construction is to be completed on or before May 10, 1994.
6. Water is to be put to beneficial use on or before May 10, 1998.
7. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

QUALIFICATIONS

- 1) The well authorized by Permit No. 2076-2 shall be constructed by a licensed well driller and construction shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04.
- 2) The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
- 3) This permit is approved subject to the irrigation water use questionnaire being submitted each year.

Appl. No. 2076-2

Deane L. Storlund, DC
 SOIL CONSERVATION SERVICE, PIERRE, SD

Report on Application Nos. 2076-2 and 2077-2
Jerome Pribil
April 21, 1989

Application No. 2076-2 proposes to appropriate 1.88 cfs from one well approximately 200 feet deep to irrigate 132 acres. The well is to be located in the SE1/4 SW1/4 and the acreage to be irrigated is in the SW1/4; all in Section 32, T37N, R34W. Application No. 2077-2 proposes to appropriate 3.77 cfs from one well approximately 192 feet deep to irrigate 264 acres. The well is to be located approximately 1320 feet east of the center of Section 32 and the acreage to be irrigated is located in the NW1/4 and NE1/4 of Section 32; all in T37N, R34W, in Bennett County.

Aquifer - Ogallala (OGLL)

The Ogallala Aquifer consists of fine to medium mostly quartz sand and sandstone which lies unconformably upon the Arikaree Formation (locally called redrock). The Ogallala is primarily loose sands with some sandstones and carbonate layers. However, the base of the Ogallala sometimes consists of gravels which can be over 20 feet in thickness. The thickness of the Ogallala is quite variable and ranges from 50 to 200 feet in this immediate area. The Ogallala is under water table conditions and is hydraulically connected to the Arikaree Formation. In Bennett County, the Ogallala underlies approximately 280,960 acres and contains approximately 2.8 million acre-feet of recoverable water (Allen, 1984).

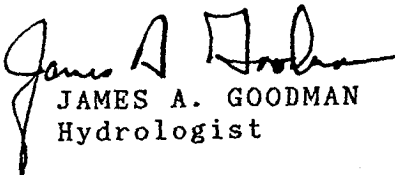

The Division of Water Rights monitors three observation wells (BT-83G, BT-77G and BT-83F) which are located within one mile of these applications. Water levels for the observation wells in Bennett County reflect changes due to precipitation or lack of, but the observation wells in this immediate area do not fluctuate much at all (Water Rights, 1989). If anything, there is a slight rise in water levels indicating recharge the last few years.

Review of Existing Water Permits

There are four existing permits within one mile of these applications. These are Permit Nos. 1178-2, 1195-2, 1196-2 and 1125-2. There are four existing wells authorized by these permits. The wells proposed under these applications will be within 1/4 mile of the diversion point for Permit No. 1195-2 which is also owned by the applicant. The spacing of the high capacity wells is such that interference should not be a problem. The data from the observation wells indicate present pumping is not affecting area water levels significantly. The addition of 2 wells should not adversely impact existing water users.

Conclusions

1. Water is available from the Ogallala Formation.
2. The aquifer is under water table conditions and interference is not expected to be a problem.
3. Water levels in nearby observation wells indicate recharge to the aquifer is sufficient to maintain existing withdrawals.
4. The wells must be completed in accordance with SD Well Construction Standards.
5. The combined diversion of Permit Nos. 1195-2 and 2077-2 cannot exceed 1 cfs per 70 acres as each well could be used to irrigate the NE1/4 of Section 32, T37N, R34W.

RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 2076-2, Jerome Pribil

Pursuant to SDCL 46-2A-2, the following is the recommendation of the Chief Engineer, Water Rights Division, Department of Water and Natural Resources concerning Water Permit Application No. 2076-2, Jerome Pribil, Box 824, O'Neill, Nebraska.

The Chief Engineer is recommending APPROVAL of Application No. 2076-2 because 1) there is reasonable probability that there is unappropriated water available for the applicant's proposed use, 2) the proposed diversion can be developed without unlawful impairment of existing rights, 3) the proposed use is a beneficial use and 4) in the public interest with the following qualifications:

1. The well authorized pursuant to this permit shall be constructed by a licensed well driller and construction shall comply with Water Management Board Well Construction Rules, Chapter 74:02:04.
2. The well approved under this Permit will be located near domestic wells and other wells which may obtain water from the same aquifer. The well owner under this Permit shall control his withdrawals so there is not a reduction of needed water supplies in adequate domestic wells or in adequate wells having prior water rights.
3. This permit is approved subject to the irrigation water use questionnaire being submitted each year.
4. Combinations of diversions under Permits No. 2076-2 and 2077-2 may not exceed 1.0 cfs per 70 acres.

Dear Mr. Pribil:

Water Permit Application Nos. 2076-2 and 2077-2 for irrigation use have been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice of hearing has been sent to the Publisher of the Bennett County Booster printed at Martin SD. For your information, a copy of the notice is enclosed. Copies of the reports and the Chief Engineer's recommendations will be sent to you at a later date. Also, the Fiscal Office will be sending you a partial refund of \$50.00 in 2 to 3 weeks. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice of Intent to Appropriate Water and to arrange for payment. Early contact with the paper can eliminate delays. The publisher has been instructed to publish your notice once each week for two consecutive weeks with the last publication to occur twenty days before the board meeting. We must receive Proof of Publication before the applications can be considered by the Water Management Board.

Sincerely,

Ron Duvall

Dear Sir:

Enclosed is a Notice of Hearing on Application Nos. 2076-2 and 2077-2 to be published twice. Please publish the first notice on or before April 12, 1989 with the second publication 7 days later.

The APPLICANT MUST VERIFY TO YOU THAT THE NOTICE IS TO BE PUBLISHED, before you make the first publication. Please BILL the APPLICANT for the cost of publication. The APPLICANT is Jerome Pribil, P.O. Box 824, O'Neill, Nebraska 68763.

A copy of BOTH publications must be SENT to the WATER RIGHTS DIVISION. IMMEDIATELY return the FIRST publication with the FIRST Transmittal form on the bottom of this page. The first copy is needed to check the publication for errors so any corrections can be made in the second publication. Publication errors can invalidate the public notice and cause the applicant costly delays.

Please be sure the SECOND publication is returned IMMEDIATELY with the enclosed Proof of Publication form. DO NOT WAIT until the end of the month or the billing cycle. The permit application cannot be considered by the Water Management Board until proof of publication has been received.

Sincerely,

Ron Duvall

NOTICE OF HEARINGS on Application Nos. 2076-2 and 2077-2 to Appropriate Water

Notice is given that Jerome Pribil, Box 824, O'Neill, Nebraska 68763 has filed two applications for water permits to appropriate water. Application No. 2076-2 is to appropriate 1.88 cubic feet of water per second (cfs) from one well (Ogallala Aquifer) 200 feet deep to irrigate 132 acres. The well is to be located in the SE1/4 SW1/4 and the acreage to be irrigated is located in the SW1/4; all in Section 32-T37N-R34W. Application No. 2077-2 is to appropriate 3.77 cfs from one well (Ogallala Aquifer) 192 feet deep to irrigate 264 acres. The well is to be located approximately 1320 feet east of the center of Section 32 and the acreage to be irrigated is located in the NW1/4, NE1/4 Section 32; all in T37N-R34W.

Pursuant to SDCL 46-2A-2, the Chief Engineer of the Water Rights Division recommends APPROVAL of Application Nos. 2076-2 and 2077-2 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water and 4) it is in the public interest. These applications will be considered by the Water Management Board at 523 E. Capitol, Joe Foss Building, Room 216, Pierre, SD on May 10, 1989 at 10:00 am. The Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve, 2) approve with qualifications, 3) defer or 4) deny these applications based on the facts presented at the public hearing.

Any interested person that intends to participate in the hearing before the Board by presenting evidence or cross-examining witnesses according to SDCL 1-26, must file a written petition with BOTH the applicant and Chief Engineer by April 28, 1989. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)". The petition may be informal, but must include a statement describing the petitioner's interest in an application, the petitioner's reasons for opposing or supporting the application and the signature and mailing address of the petitioner or legal counsel if legal counsel is obtained. The applicant need not file a petition. Contact the Water Rights Division to request information on these applications or to assure access to the hearing by the handicapped.

These hearings are adversary proceedings. Any person filing a petition and/or the applicant have the right to be represented by a lawyer. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. The time of the hearing will also be automatically delayed for at least twenty days upon written request to the Chief Engineer from the applicant or a petitioner. The request for a delay must be received by April 28, 1989.

These applications are made pursuant to SDCL 46-1-1 thru 46-1-9, 46-1-12 thru 46-1-15; 46-2-3.1, 46-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 thru 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15; 46-5-1 thru 46-5-11, 46-5-13 thru 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14; and Board Rules ARSD 74:02:01:01 thru 74:02:01:15.

The well is to be located in the SE $\frac{1}{4}$ SW $\frac{1}{4}$ and the acreage to be irrigated is located in the SW $\frac{1}{4}$; all in Section 32-T37N-R34W. Application No. 2077-2 is to appropriate 3.77 cfs from one well (Ogallala Aquifer) 192 feet deep to irrigate 264 acres. The well is to be located approximately 1,320 feet east of the center of Section 32 and the acreage to be irrigated is located in the NW $\frac{1}{4}$, NE $\frac{1}{4}$ Section 32; all in T37N-R34W.

Pursuant to SDCL 46-2A-2, the Chief Engineer of the Water Rights Division recommends APPROVAL of Application Nos. 2076-2 and 2077-2 because 1) unappropriated water is available, 2) existing rights will not be unlawfully impaired, 3) it is a beneficial use of water and 4) it is in the public interest. These applications will be considered by the Water Management Board at 523 E. Capitol, Joe Foss Building, Room 216, Pierre, SD on May 10, 1989 at 10:00 a.m. The Chief Engineer's recommendation is not final or binding upon the Board. The Board is authorized to 1) approve, 2) approve with qualifications, 3) defer or 4) deny these applications based on the facts presented at the public hearing.

Any interested person that intends to participate in the hearing before the Board by presenting evidence or cross-examining witnesses according to SDCL 1-26, must file a written petition with BOTH the applicant and Chief Engineer by April 28, 1989. The Chief Engineer's address is "Water Rights Division, Foss Building, 523 E. Capitol, Pierre, SD 57501 (605 773-3352)." The petition may be informal, but must include a statement describing the petitioner's interest in an application, the petitioner's reasons for opposing or supporting the application and the signature and mailing address of the petitioner or legal counsel if legal counsel is obtained. The applicant need not file a petition. Contact the Water Rights Division to request information on these applications or to assure access to the hearing by the handicapped.

These hearings are adversary proceedings. Any person filing a petition and/or the applicant have the right to be represented by a lawyer. These and other due process rights will be forfeited if not exercised. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law. The time of the hearing will also be automatically delayed for at least twenty days upon written request to the Chief Engineer from the applicant or a petitioner. The request for a delay must be received by April 28, 1989.

These applications are made pursuant to SDCL 46-1-1 through 46-1-9, 46-1-12 through 46-1-15; 46-2-3.1, 4-2-9, 46-2-11, 46-2-13, 46-2-17; 46-2A-1 through 46-2A-10, 46-2A-12, 46-2A-14, 46-2A-15; 46-5-1 through 46-5-11, 46-5-13 through 46-5-15, 46-5-24, 46-5-25, 46-5-30.2, 46-5-30.4, 46-5-31; 46-6-3, 46-6-3.1, 46-6-6.1, 46-6-10, 46-6-13, 46-6-14; and Board Rules ARSD 74:02:01:01 through 74:02:01:15.

REQUEST FOR A VARIANCE FROM CHAPTER 74:02:04

SOUTH DAKOTA WELL CONSTRUCTION STANDARDS

Pursuant to Section 74:02:04:75 of the South Dakota Well Construction Standards, the following is the decision of the Chief Engineer, Water Rights Division, Department of Water and Natural Resources concerning the request for a well construction variance by Grosch Irrigation Company, (Dale Wiles), Well Driller's License No. 189.

The Chief Engineer grants approval of the request for a variance as follows:

1. This is a request for a variance from SD Well Construction Standard 74:02:04:28 which requires that all wells shall have a minimum of 20 lineal feet of casing grouted with neat cement grout.
2. This variance is for two wells to be constructed for Jerome Pribil. The approximate legal locations for the wells are the SE 1/4 Sec 32, T37N-R34W; and the NE 1/4 Sec 32, T37N-R34W.
3. The wells are to be completed into the Ogallala Formation, which is a surfical, water-table aquifer.
4. The wells will be sealed from approximately 6 feet below the ground surface to the ground surface with a gravel-bentonite slurry (one part bentonite, two parts gravel). The purpose for this construction is to allow placement of an impervious seal that could shift if necessary so as not to cause a void or separation in the gravel pack.
5. This variance request was approved verbally by James A. Goodman, on May 12, 1989.

Dear Mr. Pribil:

Enclosed are Water Permit Nos. 2076-2 and 2077-2 as approved by the Water Management Board authorizing you to construct your water diversion system and put the water to beneficial use, not exceeding the limits as specified in the Water Permit.

Also enclosed is Form 10, Notice of Completion of Works and Application of Water to Beneficial Use, which you are to complete and submit to the Chief Engineer when you have completed the system and/or have put the water to beneficial use. An inspection can then be scheduled so that the Water License may be issued, thus completing your acquisition of a Water Right.

PLEASE NOTE: Certain changes can be made in your permit within the five year construction period, usually without affecting the priority date provided an application to amend your permit is made within the five year period - i.e. changes in location or number of diversion points (wells) or location of land to be irrigated. Well locations for wells into the same aquifer can be moved up to 660 feet without application.

Applications to amend a permit after the five year construction period will be assigned a new priority date. Applications to change water sources, to add lands or increase original diversion rates, if approved will usually receive the date of the new application as a priority date regardless of the five year construction period.

NOTICE

RE: Violation of Water Permit No(s). 2076-2, 2077-2

Our records indicate that the 1989 Irrigation Questionnaire has not been submitted for Permit No(s). 2076-2, 2077-2. The request for the Questionnaire was dated October 13, 1989. The Water Management Board had directed that owners of water permits who have not submitted the 1988 Irrigation Questionnaire be given notice of permit violation and a hearing to be held by the Board. The hearing will be held to determine action to be taken by the Board for violation of Water Permit No(s). 2076-2, 2077-2 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 8:30 am, March 7, 1990 at the Howard Johnson's, Roosevelt-Jefferson Room, I-90 at LaCrosse, Rapid City SD.

The hearing will be conducted pursuant to the provisions of SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to procedures contained in SDCL 1-26. Following the hearing, the Water Management Board can:

1. Suspend Permit No(s). 2076-2, 2077-2 until the 1989 Irrigation Water Use Questionnaire is submitted or for a period of up to one year;
2. Postpone any action;
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire is received in this office before the March 7th hearing date, you will no longer be in violation of your permit and your name will be deleted from the agenda for the hearing.

NOTICE

RE: Violation of Water Permit No(s) 1195-2, 1196-2, 2076-2 & 2077-2

Our records indicate that the 1991 Irrigation Questionnaire has not been submitted for Permit No(s) 1195-2, 1196-2, 2076-2 & 2077-2. The request for the Questionnaire was dated October 18, 1991. The Water Management Board has directed that owners of water permits who have not submitted the 1991 Irrigation Questionnaire be given notice of permit violation and a hearing to be held by the Board. The hearing held by the Board will determine the action to be taken for violation of Water Permit No(s) 1195-2, 1196-2, 2076-2 & 2077-2 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 9:15 am, March 4, 1992, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to SDCL 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 1195-2, 1196-2, 2076-2 & 2077-2 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office before the March 4th hearing date, you will no longer be in violation of your permit and your name will be deleted from the Board agenda.

NOTICE OF ONE YEAR SUSPENSION OF WATER PERMIT

TO: JEROME/SUSAN PRIBIL

FROM: Ron Duvall, Natural Resources Engineer IV,

(605) 773-3352 

SUBJECT: One Year Suspension of Water Permit No(s).
1195-2, 1196-2, 2076-2 & 2077-2

Pursuant to the provisions of the notice dated January 27, 1992, and following the hearing of March 4, 1992, the Water Management Board has ordered:

That Water Permit No(s). 1195-2, 1196-2, 2076-2 & 2077-2 be **SUSPENDED** until December 31, 1992. Suspension of the permit(s) does not excuse the permit owner from the requirement to submit the 1991 irrigation questionnaire.

Suspension of a permit means water may not be pumped during the 1992 irrigation season. Decisions of the Board may be appealed to the Circuit Court and State Supreme Court as provided by law.

If you wish to petition the Water Management Board to rescind the suspension(s), you will need to submit a letter to our office requesting time on the agenda for the Water Management Board meeting scheduled for May 6-7, 1992 in Pierre. The letter should include your reasons for not completing the irrigation questionnaire(s) prior to the March Board meeting.

Dear Mr. Duvall,

I did not get the questionnaire because of an address change. If I didn't get the questionnaire, I couldn't fill it out. Suspension of the permits would cause great economic loss due to the fact that water could not be pumped during the 1992 season.

I didn't think about calling the Water Rights Division about an address change. I did receive a letter dated March 9th advising me of a one year suspension of the water permits, but I never did get the questionnaire.

Enclosed are a copy of the questionnaires for 1991. I would like to have these permits reinstated and please advise as soon as possible.

Yours truly,

(605) 773-3352 

SUBJECT: Reinstatement of Water Permit Nos. 1195-2, 1196-2,
2076-2 and 2077-2

Pursuant to your letter dated May 3, 1992 and following a hearing by the Water Management Board May 6, 1992, the Board passed the following motion:

Water Permit Nos. 1195-2, 1196-2, 2076-2 and 2077-2 are reinstated effective immediately.

The Water Management Board expressed concern that by your absence from the hearing, and that the irrigation questionnaires were delinquent, that you do not view the irrigation questionnaires or notices as necessary or important. You need to understand the severity of the consequences for not returning yearly irrigation questionnaires. The Board stated that future irrigation questionnaire violations could result in suspension or possible cancellation of the permits with no opportunity for reinstatement.

You stated in your letter that due to improper address you did not receive the irrigation questionnaires mailed in October and received only the March 9, 1991 Notice stating you were suspended. We do realize that the "O'Neill address" we mailed the questionnaires and followup notices to was incorrect. However, Susan Pribal did sign for our January 27th "Certified Mail" card on February 3, 1992. The January 27th notice informed you that the irrigation questionnaires were not received and that if they were not returned by March 4, 1992, the permits would be suspended.

Violations of any qualifications on your irrigation permits and subsequent Board action become part of the permanent record. This notice will be placed in your water permit files and failure to submit future irrigation questionnaires will result in past violations being reviewed by the Water Management Board.

Dear Mr. And Ms. Pribil:

The investigation of your water use systems was conducted on November 19, 1997, by Timothy G. Schaal, staff engineer. The investigation included the extent of application of water to beneficial use, as developed under Water Permit Nos. 2076-2, 2077-2 and 2321-2. Your final water right documents, the Water Licenses, can now be issued.

Statutes require that we charge a \$50.00 fee per license (\$150.00 total) for the investigation and issuance of the Water Licenses. Upon receipt of the \$50.00 fee per license (\$150.00 total) from you, we will begin processing your Water Licenses.

Report Of Examination Of Works And/Or Application of Water To Beneficial Use

TO: Chief Engineer, Water Rights Program, DENR, Foss Bldg., Pierre, SD 57501

I have this day, **November 19, 1997**, made a thorough examination of the water use system constructed by **Jerome Pribil** of **RR1, Box 102E, Gordon, NE 69343** holder of Permit No. **2076-2**, bearing the priority of **April 4, 1989** authorizing the diversion of **1.88** cu. ft. per second of the waters of **groundwater** for **irrigation** purposes, in **Bennett** County.

I have to report on the conditions of the same as follows:

A. Works used to divert the water:

60 Hp, US Electric motor, Model No. 364TP with an 8 inch Western Land Roller turbine pump, Model No. E75549, 800 gpm capacity

B. Works used to transport water to place of use:

Approximately 1800 feet of 8 inch buried aluminum pipe

C. Works used to apply water to beneficial use:

10 tower, Zimmatic center pivot, Serial No. 1926

The system is in the following condition **Good**. The point of diversion is located **50 feet north & 2580 feet east of the SW corner of Sec. 32-T37N-R34W (SE ¼ SW ¼)**. The works are capable of diverting and conveying to the place of use **1.78 (800 gpm)** cu. ft. per second of water which is to be used for **irrigation**. RE: Water License Nos. 1195-2, 1196-2, 2076-2, 2077-2 and 2321-2

Dear Mr. & Mrs. Pribil:

Enclosed are Reissued Water License Nos. 1195-2, 1196-2 and Water License Nos. 2076-2, 2077-2 and 2321-2. These are the final water right documents completing your process of obtaining water rights. Also enclosed are Receipt Nos. 415701, 415702 and 415703 in the amount of \$50.00 each which you paid for the investigation and issuance of the water licenses.

For your information, SDCL 46-5-27 requires that if the owner of an existing well, such as the wells authorized by Water Right Nos. 1195-2, 1196-2, 2076-2, 2077-2 and 2321-2, constructs a replacement well and does not plan to use the old well, the old well is considered abandoned and must be plugged. Also, any flowing well that is being used or is not considered abandoned, must be valved and controlled, or sealed and capped so that no leaking occurs either underground or at the surface.

As long as you use the water beneficially, as stated in the Water Licenses, SD State Water Laws provide that you have a continuing right to the use of the water. If you have any question, please contact us.

Very truly yours,

NOTICE

TO: JEROME PRIBIL, RR 1 BOX 102E, GORDON, NE 69343

FROM: Ron Duvall, Natural Resources Engineer
for John Hatch, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 1998 Irrigation Questionnaire(s)

Our records indicate that the 1998 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 1195-2, 1196-2, 2076-2, 2077-2, 2077A-2 & 2321-2. The request for the Questionnaire was dated October 16, 1998. The Water Management Board has directed that owners of water permits who have not submitted the 1998 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 1195-2, 1196-2, 2076-2, 2077-2, 2077A-2 & 2321-2 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at 9:45 am, March 3, 1999 in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 1195-2, 1196-2, 2076-2, 2077-2, 2077A-2 & 2321-2 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before March 1, 1999, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. If you have questions or need assistance in completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

NOTE: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Conversation or File DocumentationNAME OF PERSON OR FILE: Jerome or Susan PribilADDRESS: XXXXXXXXXXXXXXCOUNTY: Bennett Co.DATE: November 13, 2001TELEPHONE: Jerome (308) 282-1330Susan (308) 282-6134 (work)(308) 282-2163 (home)RE: Cancellation of Water Permit No. 2077A-2

I inspected Water Permit No. 2077A-2 on October 23, 2001 and talked to Jerome and Susan Pribil today about cancellation of this permit. The additional well for Water Permit No. 2077-2, to help the pivot in the NW 1/4 of Section 32-T37N-R34W, was never developed. I told both of them that if they ever wanted to develop this well, we could add an additional diversion point pursuant to SDCL 46-5-13.1 and they would not need to apply for a new permit. They said that was OK and we could schedule Water Permit No. 2077A-2 for cancellation.

They did inform me that they have divorced and all of the other permits should be in Susan's name. I told her we would send her a transfer form to transfer Water Permit Nos. 1195-2, 1196-2, 2076-2, 2077-2 and 2321-2 to her name. She also said to send her the irrigation questionnaires.

RE: Water Right Nos. 1195-2, 1196-2, 2076-2, 2077-2 and 2321-2

Dear Ms. Pribil:

Recently, Tim Schaal, a staff engineer with our program, met with you and Jerome regarding your water rights. Tim indicated that you now own all the land and the water rights should be transferred to your name. Currently they are in either Jerome's name or are listed in both your names.

Enclosed are partially completed "Notice of Transfer of Ownership" forms for use in filing the changes. Please review the forms and make any corrections or additions that are necessary. Upon completion, please sign the forms in the presence of a notary public and return them to our office with a required filing fee of \$2.50 each (total of \$12.50). The check or money order for \$12.50 can be made payable to the Water Rights Program.

A transfer of ownership will not be required for Water Permit No. 2077A-2. Tim said he spoke with you about scheduling the permit for cancellation consideration since the well authorized under the permit was never developed. When the permit is actually scheduled for cancellation, you will receive a letter from us letting you know the time, date and place of the hearing.

If you have any questions concerning the transfer forms or pending cancellation of Water Permit No. 2077A-2, please get in touch with me.

Dear Sirs:

I am writing to acknowledge receipt of the "Notice of Transfer of Ownership" forms and filing fees you submitted for Water Right Nos. 1195-2, 1196-2, 2076-2, 2077-2 and 2321-2. The transfers have been completed. The water rights formerly listed in the name of Susan Pribil are now listed in the name of "Ireland Bros LLC".

Enclosed are your Receipt Nos. 000727, 000728, 000729, 000730 and 000731 in the amounts of \$2.50 each which you paid for filing the ownership changes. I have also included copies of the water rights and a copy of last year's irrigation questionnaires. You may keep these for your records.

In October, we will be mailing out the 2003 irrigation questionnaires. The forms I included from last year will give you an idea of what type of records to keep track of during the irrigation season. If I can answer any questions for you, please contact me.

December 17, 2005

To Whom It May Concern:

I am writing to clear up the operation of the water permits currently owned and operated by Ireland Bros., LLC of Martin South Dakota. These permits were transferred to Ireland Bros., LLC from Susan Pribil on or around 4/22/03.

Following is a description of how they were operated (i.e., how they were configured/piped) when we purchased the land from Susan Pribil. Included in this packet is an aerial photo (FSA Map) with the wells marked and the pipelines drawn in red as best as I know (none of the below ground piping was put in by Ireland Brothers nor has any been dug up).

Well #1 (A) (Permit #1195-2) supplies water to irrigate the SE ¼ of Sec 32.

Well #2 (B) (Permit #2077-2) supplies water to irrigate the NE ¼ of Sec 32.

Well #3 (C) (Permit #2076-2) supplies water to irrigate the SW ¼ of Sec 32.

Well E, located in the NE ¼ of Sec 31, (Permit #1196-2) can supply water to irrigate the NW ¼ of Sec 32, the NE ¼ of Sec 31 and the SE ¼ of Sec 31.

Well D, located in the SE ¼ of Sec 31, (Permit #2321-2) can supply water to irrigate the NW ¼ of Sec 32, the NE ¼ of Sec 31 and the SE ¼ of Sec 31.

Note that Wells D & E are tied together. They can supply water to any of three pivots. These two wells are used to irrigate all three pivots, a total of 367 acres.

Also note that the pivots on the SE ¼ of Sec 32 and the NE ¼ of Sec 31 are equipped with big end guns (w/ booster pumps). Flow is 850 gpm when guns are running...750 gpm when they are turned off.

I have completed the Questionnaires as best I can and have added corrections to correspond to the above information. The questionnaires are included in this packet. I have updated the address listed to our new 911 address. Also, Ireland Bros., LLC was never fully funded and is in the process of being dissolved. Therefore, we need to correct/change this to Ireland Brothers. This is a general partnership.

Please contact me if you need any additional information or if there is a problem with the information I have provided. I can be reached at 605.685.1373 or via email at tireland@gwtc.net.

NOTICE OF TRANSFER OF OWNERSHIP

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

No. 2076-2

Date: _____

I/We request that Water Right No. 2076-2

formerly owned by: Ireland Brothers, LLC

be transferred to: (name & address) Ireland Brothers, 28855 Maple Rd, Martin SD 57551

Telephone No. 605 685-1373

Title to the following described land(s)/property has been transferred as described above:

SW ¼ Section 32, T37N, R34W

I/We understand that the validity of Water Right No. 2076-2 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Two Dollars and Fifty Cents (\$2.50) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

I/We IRELAND BROTHERS, the new owner, certify that the above information is true and correct.

Burt J. Ireland (Partner)
(Signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

RE: Water Right Nos. 1195-2, 1196-2, 2076-2, 2077-2 and 2321-2

Dear Mr. Ireland:

In January, 2006, you submitted transfer forms and filing fees for transferring the above listed water rights from Ireland Brothers LLC to Ireland Brothers. Enclosed are your Receipt Nos. 002177, 002178, 002179, 002180 and 002181 in the amounts of \$2.50 each. You may keep these for your records.

Based on your letter and map showing how your irrigation systems are operated and the wells used to supply each system, we are in the process of reissuing a couple of the water licenses to reflect the changes. The changes should streamline the annual irrigation questionnaire reporting for you.

The licenses will be sent to you under separate cover once they are issued. If you have any questions, please contact me.

Sincerely,

Genny McMath

NOTICE

TO: IRELAND BROTHERS, BRENT IRELAND, 28855 MAPLE RD, MARTIN, SD 57551
FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2008 Irrigation Questionnaire(s)

Our records indicate that the 2008 Irrigation Questionnaire(s) has not been submitted for Permit No(s) 1195-2, 2076-2, 2077-2 & 2321-2. The request for the Questionnaire was dated October 24, 2008. The Water Management Board has directed that owners of water permits who have not submitted the 2008 Irrigation Questionnaire(s) be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine what action is to be taken for violation of Water Permit No(s) 1195-2, 2076-2, 2077-2 & 2321-2 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **10:00 am, March 11, 2009** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 1195-2, 2076-2, 2077-2 & 2321-2 in accordance with applicable provisions of SDCL 46-1-12;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office on/or before **March 6, 2009**, you will no longer be in violation of your permit and your name will be deleted from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352. If you prefer, you can complete the questionnaire on-line at the following link:
