

No. 375-2

Water Division No. 2

Little White River

(Thanks to be Filled by the State Engineer.)

APPLICATION FOR PERMIT

To Appropriate Water within the State of South Dakota

STATE ENGINEER
FRANK E. DICK

(NOTE—Draw a line through items not applicable.)

1. Name of applicant Eugene Strain

Postoffice address White River, County Mellette, State S. Dak.

I. If a corporation None

(a) Name of same

(b) Date and place of incorporation

(c) Amount of capital stock

(d) Amount paid in

(e) Names and address of directors:

(NOTE—A certified copy of articles of incorporation must accompany the application.)

II. Method of accomplishing the work and financial resources of the applicant:

(a) Method of accomplishing work (Whether by contract, employment of others, or by direct labor) Direct Labor

(b) Cash on hand, \$ 5000.00

(c) Treasury stock, \$

(d) Bonds to be issued, \$

(e) Other resources, \$

2. Name of diversion work Strain Irrigation Project No. 3

3. Quantity of water claimed 0.75 cubic feet per second.

4. Source of water supply Little White River

5. Location of point of diversion from the N.W. corner of the NE¹, NE¹, Sec. 18, T. 42 N., R. 28 W., South 2597.0 feet to Pump on Left bank.
(Right or left bank looking down stream.)

6. Annual periods during which water is to be used March 1 to Nov. 15 Annually

7. To be used for:

f. Irrigation ~~or domestic~~ use:

(a) Number of acres to be irrigated 52.90 acres.

(b) Legal subdivisions to be irrigated. Lot 3, NE¹, NE¹, NE¹, Sec. 18, T. 42 N., R. 28 W.

(NOTE—A list of lands to be irrigated, giving each subdivision and fraction with average thereof, should be written here, or may be appended as a part of this application. Same must also be shown on accompanying map.)

(c) Statement as to domestic use (giving location, etc.) None

II. Mining, power, manufacturing, transportation, or other purposes:

(a) Nature of use None

(b) Amount of power to be generated None horse power.

(c) Location of plant None

(d) Method of developing power None

(e) Point where water will be returned to stream

Map No. 375-2

8. Estimated cost of works:

(a) Head gates, \$ 125.00..... (b) Pumping plant, \$ 3000.00
 (c) Fluming, \$..... (d) Canal-earth, \$..... Rock, \$.....
 (e) Other structures Sprinkler Pipe \$ 1975.00 Total, \$ 5000.00.....

9. Description of diversion works:

I. Nature of works: (Reservoir, dam, ditch, flume, pumping plant, etc.)

Pumping Plant and 2825 feet of Sprinkler Pipe.....

II. Dimensions of works:

(a) Dam: Height feet; length at bottom feet; length at top feet thickness at bottom feet; thickness at top feet; slope of front (water) face; slope of back face; material used in construction
 (b) Reservoir: Capacity when filled acre feet. Surface area at highwater mark acres.

DEPTH AT OUTLET-Feet	SURFACE AREA AT EACH DEPTH AT OUTLET—ACRES	FEET OF	CAPACITY ACRE-Feet

(c) Head gate: Width 7 inches..... feet; height feet;

Material Metallic Pipe.....

(d) Canal: Total length miles.

This is to certify that I have examined the foregoing application for a permit to appropriate water of the state of South Dakota, and I hereby grant the same as stated herein, subject, however, to the following limitations and conditions:

1st. The equivalent of at least one-fifth, of the work above specified is to be completed on or before January 17, 1951.

2nd. The whole of said work is to be completed on or before January 17, 1952.

3rd. The limit of time for proof of beneficial use of water appropriated in accordance herewith is January 17, 1953.

4th. The water appropriated shall be used for the purpose of irrigation.

5th. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

6th. The amount of the appropriation herein granted shall not exceed 0.75 cubic feet of water per second of time; neither shall it exceed the capacity of the above described system of diversion works, nor the least amount of water that experience may hereafter indicate as necessary for the production of crops in the exercise of the best husbandry; and further, said appropriation must be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually and beneficially applied for irrigation on or before January 17, 1953; said water to be used during the following described annual period:

March 1 to November 15, inclusive

APPROPRIATION OF WATER

Office of State Engineer,

Pierre, So. Dak., November 9, 1949

Notice is hereby given that Eugene Strain whose postoffice address is White River, So. Dak., has made an application in accordance with the provisions of the water laws of South Dakota for a permit to appropriate for beneficial use 0.75 cubic feet of water per second of time from the Little White River through the Strain Irrigation Project No. 3, the point of diversion of which is to be located on the left bank of said stream 2597 feet south of the N.W. Cor. of the NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 18, Twp. 42N Range 28W. Said water to be used for the purpose of providing irrigation on the following described land:

A portion of Lot 3, NW $\frac{1}{4}$ NE $\frac{1}{4}$ and NE $\frac{1}{4}$ NE $\frac{1}{4}$ of Section 18, all in Twp. 42N, R 28W

and more definitely shown on a map filed with the application.

This application will be taken up by the State Engineer at his office at Pierre for consideration upon the 29th day of December, 1949, at 2:00 P.M. All persons who believe that their prior rights would be injuriously affected, or that the allowance of the permit would be detrimental to the public welfare shall file such protest with the State Engineer in writing prior to the above date and may appear on the day above mentioned in person for the purpose of discussing further, the information presented.

Appropriation action will be taken by the State Engineer after suitable time has elapsed for the consideration of any or all information presented.

DEAN W. LOUCKS, State Engineer

APPLICATION FOR EXTENSION OF TIME FOR COMPLETING WORKS

To the State Water Resources Commission
Pierre, South Dakota

February 24, 1956
(date)

Dear Sirs:

I hereby request that an extension of time from January 17, 1952
to January 12, 1958 be granted me for the completion of works to be done under Permit No.
342-2 and that the time for proof of beneficial use of water be extended to January 17, 1958

Said works are located in Mallette County and are described
as follows:

Will be shown on revised maps which will be submitted.

Location of headworks: ~~XXXX~~ ~~XXXX~~

~~SECTION~~ ~~TOWNSHIP~~ ~~RANGE~~

E., B.H.M.

The water is to be used for the purpose of irrigation

The extension of time for the completion of these works is requested for the following reasons:

More work was required to convert to Gravity from sprinkler than
was anticipated. This work is near completion and will have no
difficulty meeting the new date.

342-2

August 4, 1967

Eugene Strain
White River, S.D.

Dear Mr. Strain:

The Water Resources Commission is now in the process of updating the water right records for water use in Mellette Co. . Water right records in this office show that Water License No. 342-2 was acquired for irrigation purposes on land owned by you. Please send the following information to this office in order that your water right record may properly show your use of water.

Water License No. 342-2 pertains to the following described lands:

NE $\frac{1}{4}$, Section 18, T42N, R28W.

We irrigate this

Eugene Strain

Water License No. 342-2 was issued to Eugene Strain on June 13, 1957. The permit authorizes the operation of an irrigation system to divert up to 0.71 cubic feet per second of water from Little White River to irrigate up to 50 acres of land.

Do you irrigate under the above Water License? If so, please advise us and list any change in the amount of water withdrawn or lands irrigated from what Water License No. 342-2 provides. If you do not irrigate any of these lands, please let us know also.

In any case, may we hear from you concerning this Water License?

Sincerely,

Richard Schroyer

RICHARD SCHROYER
Water Rights Specialist

RS/hw

Observations during the field inspection of EUGENE STRAIN's Irrigation Project No. 1 (Permit #340-2), Project No. 2 (Permit #341-2) and Project No. 3 (Permit #342-2) made on February 27, 1957.

The source of water is the South Fork of White River or the Little White River. The diversion point is located approximately S 35° W, 3,100 feet from the Sec. Cor. $\frac{7}{18}$ | $\frac{8}{17}$, T 42 N, R 28 W.

Power for the pump is furnished by a 3 phase, 60 cycle, 220-440 volt 45 Hp. Fairbanks Morse electric motor. It is operated on 220 volt brought to the site by a well constructed power line. This is an induction motor, Type 02K, SF:1.15, Code F, Frame #RS404, Serial # F 265386, spec. 2915-1, which operates at 50 cycle continuous 24 hour duty, draws 100-50 Amps., and turns over at a maximum of 1755 rpm's and at full load at 1460 rpms.

The pump is a Fairbanks Morse, horizontal centrifugal, size 8 inch, Model SSB3. The outlet is 8 inch, inlet is 10 inch and the Serial #K34949. It has a normal capacity of 1,600 gpm and a direct drive from the motor. No specific measuring device is provided but Mr. Strain has a straight breaker switch in the line and if the pump is operating, it is more than likely delivering its normal design capacity of 1,600 gpm. It has a 10 inch x 20 foot intake pipe with a 12' screen at the intake end.

Water is conveyed to the lateral through 5-30 foot lengths of 8 inch aluminum pipe.

The pump and motor are set on a good concrete base and protected by a well constructed wood frame pump house.

The entire outfit is new and in excellent condition.

The estimated lift is 8 feet from the water surface to the pump and 20 feet from the pump to the ditch.

Considerable washing was noted at the inlet end of the lateral. Some type of inlet structure should be constructed but the lateral inlet was in no danger of failing at the time of the inspection. The lateral is about 5000 plus feet long. Checks reflected cross sections with grades varying between .2ft/100 ft to .3 ft/100 ft, SS varying between 1.5:1 and 2:1, depths varying from 2-2½ ft., and a flow depth averaging about 1.2 ft., with the estimated capacity varying from 6.93 cfs to 8.47 cfs. Assume x-Sec. w/ a 1.5 ft. btm., 1.5:1 ss, Flow depth 1.2 ft w/ s = .0020 and .0030.

$$N = .03 \text{ (assumed)}$$

$$S = .0020$$

$$A = 3.96 \text{ ft}^2$$

$$P = 5.80 \text{ ft}$$

$$r = \frac{A}{P} = 0.68$$

$$v = \frac{.0524}{.03} = 1.75 \text{ fs}$$

$$N = .03 \text{ (assumed)}$$

$$S = .0030$$

$$A = 3.96 \text{ ft}^2$$

$$P = 5.80 \text{ ft.}$$

$$r = \frac{A}{P} = 0.68$$

$$v = \frac{.0642}{.03} = 2.14 \text{ fs}$$

$$Q = 1.75 \times 3.96 = 6.93 \text{ cfs} \quad Q = 2.14 \times 3.96 = 8.47 \text{ cfs}$$

There is a chute in the lateral located about midway along the westerly side of Project #2 (341-2) which is constructed of lumber and stone. It is about 12 inches deep, 16 inches wide and has an estimated 17 foot drop. According to evidence noted the flow is about 4 inches deep.

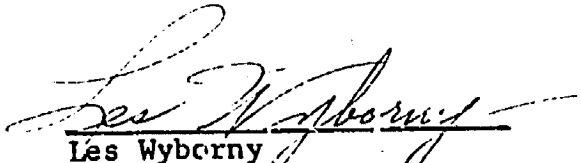

Observations during field inspection of EUGENE STRAIN's con't.

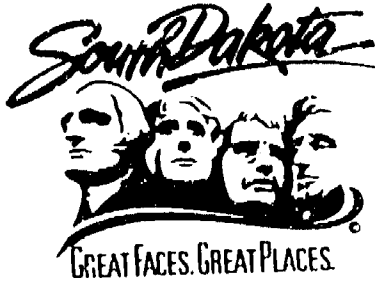

Although only the point of diversion under Permit #342-2 was being used to furnish water for the entire project under Permits #340-2, 341-2 and 342-2, portable equipment is available to utilize the points of diversion under Permits #340-2 and 341-2.

An estimated ~~85~~⁸⁵ acres located in Lot 3 and the NE $\frac{1}{4}$ Sec 18; 80 acres located Lot 7, Sec 8 and the SE $\frac{1}{4}$, Sec. 7; ~~50~~⁵⁰ acres located in E $\frac{1}{4}$ NE $\frac{1}{4}$, Sec. 7 and Lot 3, Sec. 8 all in T 24N, R 28 W showed signs of having been irrigated. ~~27~~ 42

The system in general was in very good condition and the primary work, such as the pump, motor etc. were in excellent condition.

A contour topog. map of the combined project ~~was~~, furnished ~~me~~ by Henry Dahlquist, Area Engineer, Soil Conservation Service, assisted me greatly in making the inspection of this project.

(Notary Public)

NOTE: Water permits may be canceled for nonconstruction within the five year construction period. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.

NOTICE

TO: DONALD I STRAIN, PO BOX 208, WHITE RIVER, SD 57579 0208

FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2000 Irrigation Questionnaire(s)

Our records indicate that the 2000 Irrigation Questionnaire has not been submitted for Permit No(s) 340-2, 341-2 & 342-2. The request for the Questionnaire was dated October 20, 2000. The Water Management Board has directed that owners of water permits who have not submitted the 2000 Irrigation Questionnaire or given notice of hearing to determine if any Board action is to be taken concerning this issue.

The hearing will be held at 10:00 am, March 7, 2001, in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol, Pierre, SD and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. Following the hearing, the Water Management Board can:

1. Amend Permit No(s) 340-2, 341-2 & 342-2 to require the Irrigation Water Use Questionnaire to be submitted each year;
2. Postpone any action; or
3. Take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is(are) received in this office on/or before March 2, 2001, your name will be deleted from the Board agenda. If you have any questions or need assistance with completion of the irrigation questionnaire(s), please contact Genny McMath at (605) 773-3352.

Note: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Dear Mr. Strain:

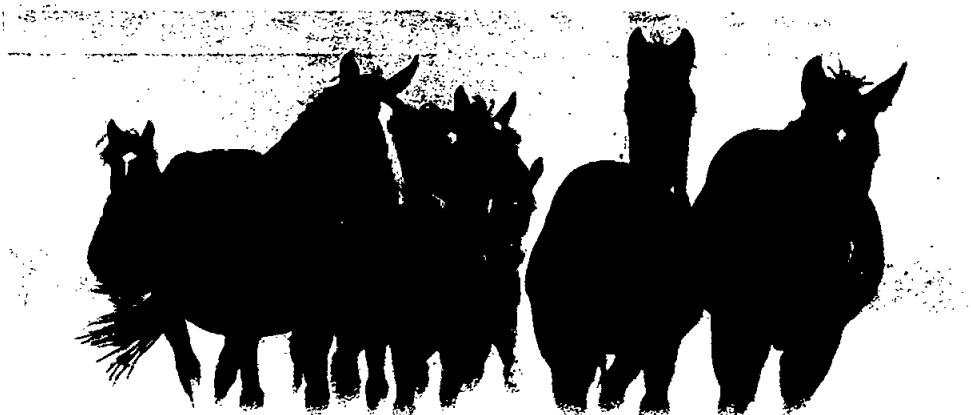

I am writing to acknowledge receipt of your "2000" irrigation questionnaires. You may disregard the January 19, 2001, "Notice" concerning reporting requirements for Water Right Nos. 340-2, 341-2 and 342-2.

The information was received in our office prior to the Water Management Board meeting and your name has been deleted from the agenda.

If you have any questions, please contact me.

Sincerely,

Genny McMath

11-18-2016

My husband - Donald G. Strain

passed away July 7, 2016.

His estate including the land is
in the process of probate. It
will be transferred to myself and
my stepson. Are there forms I
need to fill out. I am
the personal representative for
the estate ~ or do we need
to wait until it is all
finalized.

Thank you —

Kathleen J. Strain

No. 340-2
341-2
342-2

Kathleen Strain
PO Box 208
White River SD 57579

Dear Mrs. Strain:

Enclosed are partially completed "Notice of Transfer" forms for use in filing an ownership change on Water Right Nos. 340-2, 341-2 and 342-2. The water rights are currently listed in the name of Donald I Strain.

The transfer forms should be checked over for accuracy and signed by the new owner. Upon completion, return the forms to our office with a required filing fee of \$50.00 each (\$150.00 total).

For informational purposes, under South Dakota Water Law, water must be placed to beneficial use for the purpose it was appropriated at least once every three years in order to maintain water permit. This three year period can be waived if legal excuse exists for the years of nonuse.

South Dakota Water Law 46-5-30.3 requires Notice of any sale, grant, lease, conveyance or other transfer of a water permit or water right to appropriate water to be filed with this office within ninety days.

If you have any questions, please contact me.

Sincerely,

Karen Schlaak

WATER RIGHTS
PROGRAM

NOTICE OF TRANSFER OF OWNERSHIP

To: Chief Engineer
Water Rights Program, DENR
523 E. Capitol
Pierre, SD 57501-3181

No. 342-2

Date: _____

I/We request that Water Right No. 342-2

formerly owned by: Donald I Strain

x be transferred to: (name & address) Kathleen J Strain and Donald
Bret Strain (as tenants in common)
Po Box 208 White River SD 57579 Telephone No. 605-259-3320

Title to the following described land(s)/property has been transferred as described above:

50 acres - N 1/2 NE 1/4 and Lot 3 of Section 18-T42N-R28W

I/We understand that the validity of Water Right No. 342-2 has not been determined by this transfer action. If I/We have any questions on validity, I/We understand that only the Water Management Board has the authority to determine if a water permit/right is valid (see note).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is required to cover the filing fees as required under SDCL 46-2-13. This form must be signed by the new owner.

x I/We Kathleen J. Strain and
Donald Bret Strain, the new owner, certify that the above information is true and correct.

x Donald Bret Strain
(Signed by new owner)
Kathleen J. Strain

NOTE: Water permits may be cancelled for nonconstruction after the five year construction period has expired. Once a water permit is developed and the water used, the permit becomes a right. A water right may be lost for three reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
