Dear Mr. Garnos:

I am contacting you in regard to ownership of land under Vested Right Claim No. 520-2, Water Right Nos. 778-2 & 863-2 and Water Permit No. 970-2. Last week, I spoke with your wife about ownership and whether or not the land was irrigated. She indicated the land was not irrigated in 1993, however, she did not know whether or not the land would be irrigated in the future.

Enclosed are copies of the Vested Right Claim, Water Rights and the Water Permit. Please review the legal descriptions for each one to determine if you own all of the land described. Nos. 520-2, 778-2 and 970-2 are listed in the name of Hutchinson Brothers. No. 863-2 is listed under Hutchinson Land and Cattle.

If you own all of the land, and are going to irrigate the land in the future, the vested right claim, water permit and water rights could be transferred to your name. If you do not intend to irrigate, please notify our office.

"Transfer of Ownership" forms are available from our office upon request. If you have any questions, please contact me.

RE: 520-2, 778-2, 863-2, and 970-2

Comments: I visited with Mr. Garnos about Water Right Nos, 520-2, 778-2, 863-2, and 970-2. Water Right Nos. 520-2, and 778-2 divert water via dam, ditches, and dikes and operate without pumping or other physical means, therefore they are fine and do not need to be cancelled. Water Right Nos. 863-2 and 970-2 operate by pumping water from the White River into ditches and canals to irrigate. Mr. Garnos told me that no pumping has been done for many years and therefore they are subject to cancellation. I told Mr. Garnos that we would begin the cancellation process on them.
