APPLICATION FOR PERMIT

STATE WATER RESOURCES COMM.
 PIERRE, SOUTH DAKOTA

To Appropriate Water within the State of South Dakota

(NOTE—Draw a line through items not applicable.)

1. Name of applicant Town of Hill City
 Postoffice address Hill City, County Pennington, State So. Dak.

I. If a corporation Municipal Corporation

- (a) Name of same Town of Hill City
 (b) Date and place of incorporation _____
 (c) Amount of capital stock _____
 (d) Amount paid in _____
 (e) Names and addresses of directors Chairman-Carl Paschke-Hill City, SD

Trustees: Lester G. Corey and Fred M. Ross, Hill City, S D

(NOTE—A certified copy of articles of incorporation must accompany the application.)

II. Method of accomplishing the work and financial resources of the applicant:

- (a) Method of accomplishing work (Whether by contract, employment of others, or by direct labor)

Contract

- (b) Cash on hand, \$ _____ (c) Treasury stock, \$ _____
 (d) Bonds to be issued, \$ 31,000.00 (e) Other resources, \$ _____

2. Name of diversion work Hill City Collection Gallery No. 1 and No. 2
No. 1-1258 P.M.
 3. Amount of water claimed No. 2-1259 P.M. cubic feet per second _____
 4. Source of water supply ground water
No. 2-Rose Placer Survey No. 941, SE $\frac{1}{4}$, NW $\frac{1}{4}$, Sec. 30, T-1S, R-5E
 5. Location of point of diversion No. 1-Killeite Lodge No. 731 and Hill City Placer mineral survey
No. 505, Sec. 30, T-1S-R-5E, B.H.M. on _____ bank Pennington County.
 6. Annual period or periods during which water is to be used Continuous during year
 7. To be used for:

- I. Irrigation or domestic use: Gravity, overhead sprinkling or combination system?

(a) Number of acres to be irrigated _____ acres.

(b) Legal subdivisions to be irrigated _____

(NOTE—A list of lands to be irrigated, giving each subdivision and fraction with acreage thereof, should be written here, or may be appended as a part of this application. Same must also be shown on accompanying map.)

(c) Statement as to domestic use (giving location, etc.) _____

II. Stockwatering, mining, milling, power, fish culture, fire protection and public recreation:

(a) Nature of use Municipal water supply
 Name any of the above uses claimed

(b) Amount of power to be generated _____ horse power.

Vested right claimed for Gallery No. 1

(c) Point where water will be returned to stream _____

8. Estimated cost of work:

Collection gallery No.1-\$25,000.00
Collection gallery No.2-\$14,000.00
(a) Head Gates, \$----- (b) Pumping plant \$-----

Approved DECEMBER 22, 1960, Recorded in Book 6 Page 149

This is to certify that we have examined the foregoing application for a permit to appropriate water of the State of South Dakota, and we hereby grant the same as stated herein, subject, however, to the following limitations and conditions:

1st. The equivalent of at least one-fifth of the work above specified is to be completed on or before _____

June 22, 1967

2nd. The whole of said work is to be completed on or before December 22, 1965

3rd. The limit of time for proof of beneficial use of water appropriated in accordance herewith is

December 22, 1966

4th. The water appropriated shall be used for the purpose of municipal use

5th. The prior right of all persons who, by compliance with the laws of the State of South Dakota, have acquired a right to the use of water must not be injuriously affected by this appropriation.

6th. The amount of the appropriation herein granted shall not exceed .55 cubic feet per second; neither shall it exceed the capacity of the above described system of diversion works, nor the least amount of water that experience may hereafter indicate as necessary for the production of crops in the exercise of the best husbandry; and further, said appropriation must be limited to not more than one-seventieth (1/70) of one cubic foot of water per second of time for each acre of land to which water is actually

and beneficially applied for irrigation on or before December 22, 1966; said water to be used during the following described annual period:

STATE OF SOUTH DAKOTA

WATER LICENSE No. 609-2

WHEREAS, On the 9th day of June A. D. 1960
the Town of Hill City

County of Pennington and State of
South Dakota duly made application (No. 609-2) to us for a permit to use .55
cubic feet per second of the waters of ground water
County of Pennington, State of South Dakota, for municipal
purposes; and

WHEREAS, On the 27th day of December A. D. 1960
Permit No. 609-2 was issued to said applicant for the diversion of said water, and providing for the
completion of the works of diversion therein described on or before the 22nd day of
December A. D. 1965 and for the application to beneficial use of said
water on or before the 22nd day of December A. D. 1966
and,

WHEREAS, On the 3rd day of August A. D. 1962
the holder of said permit duly made proof of the completion of adequate works for the diversion of .55
cubic feet per second of said waters, as evidenced by our Certificate No. 609-2
dated August 23, 1962 confirming the completion of works of sufficient capacity for
diverting and conveying to the place of intended use .55 cubic feet per second of water, with date of
priority of January 1949 and June 9, 1960 and.

WHEREAS, On the 3rd day of August A. D. 1962
proof was duly made of the application to beneficial use of .55 cubic feet per second of said water;
to be used for municipal purposes by the residents of Hill City.

NOW, THEREFORE, By the virtue of the authority vested in us by the laws of the State of South Dakota,
We hereby grant and confirm to the Town of Hill City
of _____ the holder and owner of said permit No. 609-2
a water right, dating from January 1919 & June 9, 1960 to the use of .55
cubic feet per second of the waters of ground water
In the County of Pennington and State of South Dakota, or so much thereof as may be
necessray for the purposes hereinabelow mentioned, to be diverted at points in Rose Placer Survey 1941,
SE 1/4 NW 1/4 Sec. 30, and Millsite Lodge #731 and Hill City Placer Mineral Survey 1505,
Section 30, T1S, R5E
and conducted in and upon ~~XXXXXXX~~ through the town water system

for the purpose of municipal use

subject, however, to the laws of the State of South Dakota applicable to a license for the use of the waters of the
State, and subject, also to the local or community customs, rules and regulations which have been or may be
adopted from time to time by a majority of the users from a common source of supply, canal or lateral from
which such water may be taken, when such rules and regulations have for their object the economical use of such
water.

Certificate of Examination of Works

Report of Examining Engineer

To the State Water Resources Commission, Pierre, South Dakota:

Dear Sirs: I hereby certify that in accordance with your letter of authorization dated _____ 19____, I have this day made a thorough examination of the diversion works constructed by Town of Hill City, of Pennington County, South Dakota, holder of Permit No. 669-2, issued upon Application No. 669-2, bearing date of priority of Jan. 1949 June 9, 1966, 19____, authorizing the diversion of .275 cu. ft. per second of the waters of Groundwater for municipal purposes. I have to report on the condition of the same as follows:

The diversion works comprise: Two Collection galleries, No. 1 is 8' dia. 19' deep, 75' Long w/ 75' of perforated 8" pipe w/ a Fairbanks Morse pump, Ser. # 61064 @ 3400 R.P.M. Fairbanks Morse electric motor 10 H.P., No. 2, 6' dia, 8" perforated pipe 50' Long & 19' deep. Fairbanks Morse pump, Ser. # P2C6780, Fairbanks Morse electric motor, 10 H.P., 3480 R.P.M. and the system is in the following condition: Good

The point of diversion is located No. 1 Sec. 30 T15 R5 E B4 M
No. 2 SE 1/4 NW 1/4 Sec. 30 T15 R5 E B4 M

The works are capable of diverting and conveying to the place of use .275 cu. ft. per second of water, which is to be used for Municipal

The legal sub-divisions to be irrigated are: _____

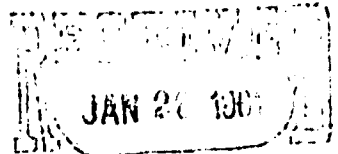

_____ comprising a total of _____ acres of land.
The domestic use intended comprises _____

The utilization for power, mining, or other beneficial uses comprises: _____

~~Gallery No. 2--started in 1956 and completed in 1956~~

Ques. 4. State source of water supply and give exact location of point of diversion.

 Ans. Ground water--Millsite Lode No. 731 and Hill City Placer Mineral Survey No. 505,
Sec. 30, T-1S, R-5E, B.H.M.

Ques. 5. Describe your works of diversion giving length and height of each dam and state amount of water they are capable of conveying from point of diversion to place of use, and give name of canal or ditch or other works by which water is conducted to such place of use, and date of completion of same.

 Ans. Collection gallery, pumping station and 8" main to elevated tank capable of
carrying 1259 P.M.

Ques. 6. State for what purpose water is used and describe place of use. (If for irrigation, name each subdivision in which used, and number of acres in each subdivision that have ACTUALLY been irrigated with said water.)

 Ans. Municipal water supply

Ques. 7. If for other than irrigation purpose, state how applied, amount of horse power generated, etc.

 Ans. Municipal water supply through town distribution system

Ques. 8. What is the minimum amount of water required for the use specified above?

 Ans. 125 gallons per minute

Ques. 9. If you are not the person or representative of the corporation to whom above mentioned permit was originally issued, please state how ownership was acquired by present holder.

Ans. _____

Ques. 10. State when, how, in what amount and to what extent, the water diverted under above mentioned permit has been used.

Ans. Water first used in Jan. 1949. The full capacity of the gallery and pump
was used during each year. Use has been continuous since gallery was built

Mr. John Colgan
Hill City,
South Dakota

Dear Mr. Colgan:

On August 4, 1960, you appeared before the State Water Resources Commission in objection to the application of Hill City to appropriate .55 cfs of water from a ground water source in Spring Creek Valley.

This letter is written to inform you that the application of Hill City No. 609-2 is scheduled to be reconsidered by the State Water Resources Commission at 10 A.M., December 22, 1960 at the office of the State Water Resources Commission in Pierre.

As I discussed with you at Custer on November 16, 1960 the recommendation of the staff of the State Water Resources Commission is that the application should be approved.

The two primary reasons for such a recommendation by the staff are;

1. We are of the opinion that such withdrawals will not be detrimental to your supply of stockwater and water for household use, because of the distance between Hill City's proposed diversion point and your source of supply and because of the limestone sinkholes occurring between the two locations.
2. The specified rate of diversion in all water rights is for the maximum rate of diversion. In municipal diversions this maximum rate is usually much greater than the average rate. In irrigation and industrial diversions the maximum rate and the average rate are normally nearer the same. We do not consider a maximum rate of .55 cfs, (250 gpm) as excessive for Hill City having a population of 361.

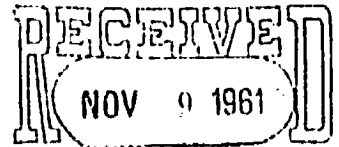

Sincerely,

Donald Driscoll
Field Engineer

Mr. J. W. Grimes, Chief Engineer,
State Water Resources Commission,
State Office Building,
Pierre, S. Dak.

Dear Sir:

More than One year ago you helped the Clerk's office complete a set of Forms "Application for permit to appropriate Water" for the town of Hill City, S. Dak. and to date this office has never received a notice of acceptance or rejection from your office.

Just recently this office request a permit, from your office, to drill a ~~1~~ deep well for the town of Hill City and recently we received the same type of forms, as mentioned above, to complete and return.

Frankly, this office and the members of the Town Board are confused over this matter; have we been granted permission to appropriate water for our Town's use under the original application and do we need permission to drill a deep well when the proposed deep well is located on the same property as the original application.

We would appreciate a reply to clarify this matter for us.

Very truly yours,

V. Grace Trapp

Gentlemen:

Enclosed herewith are, Water License No. 1598-2 and Certificate of Construction.

Water License No. 1598-2 is the final water right document completing your process of obtaining a water right.

As long as you use the water beneficially, as stated in the Water License, the State Water Laws provide that you have a continuing right to use the water.

Very truly yours,

JOHN HATCH, Chief Engineer
Water Rights Division
