Application For Permit To Appropriate Water For Irrigation

Type of Application: ☐ New ☐ Vested Right ☒ Amendment/Correction to Permit No. 673-2
(Use predates Mar 2, 1955)

Description of amendment/correction: (i.e. change diversion point(s), add diversion point(s), change use, etc.)

To make Permit No. 673-2 the primary source of water for 50 acres under the permit as shown on the attached map. It will remain a secondary source of water for the remaining 94 acres under the permit.

- Name of Applicant Dale R. Anderson Phone (605) 716-8226
(check one) ☒ Owner ☐ Tenant/lessee
Mailing Address 1401 Tompkins St. Rapid City State SD 57701
(Street, RR, or Box and City) (Zip Code)
- Amount of water claimed 2.13 *CFS or **GPM ***AF Total Acreage 149.24
(*Cubic Feet per Second) (**Gallons per Minute) (**Acre Feet - storage capacity of dam/dugout or annual use if applicable)
- Source of water supply ground water dugout
- Location of point of diversion (example - 3 wells in SW1/4 NE1/4 section 12-T104N-R53W) County Fall River
ground water dugout located in the NW1/4SW1/4 of Section 15, T7S R8E BHM, Fall River County, South Dakota
- County or counties where water will be used Fall River
- Annual period during which water is to be used April 1 to November 30 Same as WR No. 673-2
- List below each forty acre division, or lot, or fraction thereof and show number of acres to be irrigated in each.
(Attach sheet if more space is needed)

RE: Acreage breakdown

COMMENTS:

Using the map submitted and Arc Map, I computed the acreage breakdown by quarter-quarter section. Please note that the total list on Item No. 2 of Anderson's application is 149.24 acres (same as WR No. 673-2) while the breakdown on Item No. 7 states 144 acres. I arrived at a total acreage of 149 acres.

NAME: *Eric Thorslund*

**SOUTH DAKOTA
WATER PERMIT NO. 673A-2**

Date of first receipt of application June 4, 2007.

The Chief Engineer, on behalf of the Water Management Board, issues Water Permit No. 673A-2 to Dale R Anderson, 1401 Tompkins St, Rapid City SD 57701 authorizing the construction of the water use system and the placing of water to beneficial use subject to the following limitations, conditions and qualifications:

1. Water Permit No. 673A-2 changes and clarifies acreage authorized for irrigation by Water Right No. 673-2. Water Right No. 673-2 appropriates 2.13 cubic feet of water per second (cfs) from a dugout located in N 1/2 SW 1/4 Section 15, T7S, R8E to irrigate 149.24 acres located in the NW 1/4 NW 1/4, S 1/2 NW 1/4, SW 1/4 Section 15, SE 1/4 NE 1/4, E 1/2 SE 1/4 Section 16, NE 1/4 NE 1/4 Section 21 and the NW 1/4 NW 1/4 Section 22; all in T7S, R8E. The dugout has a storage capacity of approximately 2.5 acre-feet of water and is in hydrologic connection to the alluvium. This land is also authorized for irrigation from the Angostura Irrigation District. The dugout will be the primary source for 41 acres covered by the north most pivot and 9 acres served by side roll irrigation and will be a back-up source to District water for the south pivot.
2. The amount of the appropriation may not exceed 2 acre feet annually for each acre of land to which water is actually and beneficially applied for irrigation. The water is to be used during the following described annual period: April 1 – November 30.
3. The date from which applicant may claim right is March 31, 1961 (established by Water Right No. 673-2).
4. The date of approval of Permit No. 673A-2 is August 24, 2007.
5. One-fifth of the construction is to be completed on or before February 24, 2010.
6. All construction is to be completed on or before August 24, 2012.
7. Water is to be put to beneficial use on or before August 24, 2016.
8. Water rights obtained in compliance with the laws of the State of South Dakota may not be unlawfully impaired by this appropriation.

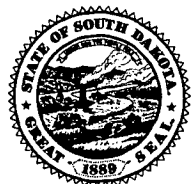

QUALIFICATIONS

1. The use of water under this permit is contingent upon water supplies being available for prior water rights.
2. Lands described in this permit which receive water from the Angostura Irrigation District may not receive water under this permit at the same time water is being obtained from the Angostura Irrigation District.
3. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

WATER MANAGEMENT BOARD

date

Attachment to Application for Permit to Appropriate Water for Irrigation - Dale R. Anderson
Applicant

8. Give a description of the project.

Electric service will be provided to the dugout. Using a floating inlet and electric pump at the dugout, water will be pumped to a new center pivot sprinkler to cover 41 acres located in the NW1/4 and SW1/4 of Section 15 and SE1/4 and NE1/4 of Section 16, T7S R8E BHM, Fall River County South Dakota as shown on the map attached to this application. As amended, 673-2 will be the primary source of water for the 41 acres under the new center pivot. The floating inlet and electric pump will also be used to pump water to side rolls serving 9 acres in the NW1/4 and SW1/4 of Section 15, T7S R8E BHM, Fall River County, South Dakota. As amended, 673-2 will be the primary source of water for these acres.

The floating inlet and electric pump will also be used to pump water to an existing center pivot serving 94 acres in the SW1/4 of Section 15, the SE1/4 of Section 16, the NE1/4 of Section 21 and the NW1/4 of Section 22, T72 R8E BHM, Fall River County, South Dakota. This will continue to be a secondary or back-up source of water for these acres; the primary supply is from Angostura Irrigation District.

Re: Application to Amend Permit 673-2 and alternative new application

To whom it may concern:

I enclosed herein, for filing in your office the following:

1. Application to Amend Permit 673-2 and attached map and project description
2. New Application for Permit to Appropriate Water for Irrigation with attached map and project description.
3. A check for \$300.00 for the filing fees for the Application to Amend Permit 673-2 (\$50.00) and for the New Application (\$250.00)
4. Irrigation records from Angostura Irrigation District under a cover letter from Mick Jenniges, Manager.

My client, Dale Anderson, purchased Permit 673-2 and the land it serves in 2006. Mr. Anderson wishes to make changes to the use allowed under this permit by changing the location of some acres served and to make it the primary source of water for some of the acres.

Since the Irrigation Questionnaires submitted by the previous owner, Donald DeBoer, indicate that this permit had not been used for several years because there was sufficient water under the original permit, I have enclosed records from Angostura Irrigation District showing that district water was indeed available and used on this unit for the last several years. I am also informed by Mr. Anderson that there is still gated pipe from the previous owner in place on the land which could be used to irrigate the same with water from the dugout.

With this Application to Amend Permit 673-2, we are also submitting a new application covering the same lands and with the same project description. If the Board is not willing to allow amendment of 673-2, we request that the new application be considered in its stead. If

Letter to Water Rights Program

June 1, 2007

Page 2

the Application to Amend is granted, we will withdraw the new application. Obviously, we would prefer to amend Permit 673-2 to maintain its earlier priority date.

Mr. Anderson is eager to put this water to use later this season. Therefore, we request that these applications be put on the agenda for the July meeting if publication deadlines allow. Please contact me or Mr. Anderson if you have any questions or require any further information. Thank you for your assistance.

Very truly yours,

WILSON, OLSON & NASH, P.C.

Re: Water usage on Farm Unit 58 1970 thru present

Dear Dr. Anderson:

As per your request, I am sending you the ride sheets showing the water used through the Angostura Irrigation District on Farm Unit 58 from 1970 thru present. I have also totaled each years water and included it on a summary sheet for your convenience.

If you should have any questions, feel free to call.

Sincerely,

Mick Jenniges, Manager

File Documentation

File No. 673A-2

County: *Fall River*

Name of Person: *Mick Jenneges, Manager of the Angostura Irrigation District*

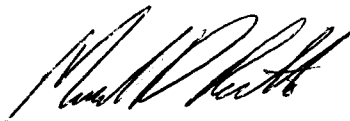

Date: 6/7/07

RE: *Dale Anderson irrigation project*

Comments:

I called Mick Jenneges concerning Mr. Anderson's application to specify acres covered by No. 673-2. I told Mr. Jenneges that I had checked the location of this project relative to the land covered by the Angostura Irrigation District and found that the land are double covered. Because of this we would view this No. 673-2 as providing supplemental irrigation water to the land with the primary source being the District's water from Angostura Reservoir. We also recognize that No. 673-2 would not be used unless project water was not available.

I asked Mr. Jenneges if the water way next to the dugout was a structural component drainage way of the District's or a natural water course. He said it was a natural water course but some of the Districts drainage ways do discharge to this water course.

**REVISED RECOMMENDATION OF CHIEF ENGINEER FOR WATER PERMIT
APPLICATION NO. 673A-2, Dale R. Anderson**

Pursuant to SDCL 46-2A-2, the following is the revised recommendation of the Chief Engineer, Water Rights Program, Department of Environment and Natural Resources concerning Water Permit Application No. 673A-2, Dale R. Anderson, 1401 Tompkins Street, Rapid City SD 57701.

The Chief Engineer is recommending APPROVAL of Application No. 673A-2 because 1) the proposed diversion can be developed without unlawful impairment of existing rights, 2) the proposed use is a beneficial use and 3) it is in the public interest with the following qualifications:

1. The use of water under this permit is contingent upon water supplies being available for prior water rights.
2. Lands described in this permit which receive water from the Angostura Irrigation District may not receive water under this permit at the same time water is being obtained from the Angostura Irrigation District.
3. This Permit is approved subject to the irrigation water use questionnaire being submitted each year.

See report on application for additional information.

Garland Erbele, Chief Engineer
July 25, 2007

REPORT ON WATER PERMIT APPLICATION NO. 673A-2

Dale R. Anderson

July 11, 2007

Application No. 673A-2, Dale R. Anderson, proposes to change and clarify acreage authorized for irrigation by Water Right No. 673-2. Water Right No. 673-2 appropriates 2.13 cubic feet of water per second (cfs) from a dugout located in N $\frac{1}{2}$ SW $\frac{1}{4}$ Section 15, T7S, R8E to irrigate 149.24 acres located in the S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ Section 15, SE $\frac{1}{4}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 16, NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 21 and the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 22; all in T7S, R8E. The dugout has a storage capacity of approximately 2.5 acre-feet of water and is in hydrologic connection to the alluvium. This land is also authorized for irrigation from the Angostura Irrigation District. The dugout will be the primary source for 41 acres covered by the north most pivot and 9 acres served by side roll irrigation and will be a back-up source to District water for the south pivot. The proposed project is located approximately 16 miles east of Hot Springs in Fall River County.

Review of the Water Source

The source of water for this project is from the alluvium next to Iron Draw. Iron Draw receives flow from local runoff from snow melt and rainstorms. During the irrigation season Iron Draw receives water from return flow off of the Angostura Irrigation District. The Angostura Irrigation District continues to improve their water use efficiency through using improved methods water application and delivery. Future water availability maybe limited as these improvements occur.

Review of Existing Water Rights

There are no other existing water rights/permits that utilize water from Iron Draw or the alluvium along Iron Draw. If approved, this permit will retain the March 31, 1961 priority date established by Water Right No. 673-2.

Conclusions

1. This application proposes to change and clarify acreage authorized for irrigation by Water Right No. 673-2.
2. The source of water for this project is from the alluvium next to Iron Draw.
3. Future water availability maybe limited as the Angostura Irrigation District makes efficiency improvements.
4. If approved, this permit will retain the March 31, 1961 priority date established by Water Right No. 673-2.

NOTICE OF PUBLICATION
NO. 673A-2 to Amend Water Right
No. 673-2

Notice is given that Dale Anderson, 1401 Tompkins Street, Rapid City SD 57701 has filed an application to change and clarify acreage authorized for irrigation by Water Right No. 673-2. Water Right No. 673-2 appropriates 2.13 cubic feet of water per second (cfs) from a dugout located in N1/2 SW1/4 Section 15, T7S, R8E to irrigation 149.24 acres located in the NW1/4 NW1/4, S1/2 NW1/4, SW1/4 Section 15, SE1/4 NE1/4, E1/2 SE1/4 Section 16, NE1/4 NE1/4 Section 21 and the NW1/4 NW1/4 Section 22; all in T7S, R8E. The dugout has a storage capacity of approximately 2.5 acre-feet of water and is in hydrologic connection to the alluvium. This land is also authorized for irrigation from the Angestura Irrigation District. The dugout will be the primary source for 41 acres covered by the north most pivot and 9 acres served by side roll irrigation and will be a back-up source to District water for the south pivot. If approved, this permit will retain the March 31, 1961 priority date established by Water Right No. 673-2.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 673A-2 because 1) existing rights will not be unlawfully impaired, 2) it is a beneficial use of water, and 3) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on these applications, as recommended, unless a petition is filed opposing the application or the applicant files a petition contesting the Chief Engineer's recommendation. If a petition opposing the application or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider this application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting this application or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by August 24, 2007.

The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this application.

Steven M. Pirner,
Secretary, Department of
Environment and Natural
Resources.

Dale R Anderson
1401 Tompkins St
Rapid City SD 57701

Dear Mr. Anderson:

Water Permit Application No. 673A-2 for irrigation use has been examined and found to comply with the South Dakota Water Laws and applicable rules. A notice has been sent to the Publisher of the Hot Springs Star printed at Hot Springs SD (Ph # 605-745-4170). You will need to contact the newspaper and authorize publication of this notice. For your information, a copy of the notice, the recommendation of the Chief Engineer and report on the application is enclosed. Please review the notice prior to publication and notify this office, if you have any corrections or questions.

Be sure to contact the above newspaper to authorize publication of your Notice and to arrange for payment. Early contact with the paper can eliminate delays. Upon receiving authorization, the publisher has been instructed to publish your notice once each week for two consecutive weeks. The newspaper has also been instructed to send us the Proof of Publication. We must receive Proof of Publication before action can be taken on the applications.

Sincerely,

Eric Gronlund
Natural Resources Engineer
(605) 773-3352

enclosures

NOTE: If you plan to contest any part of the Chief Engineer's recommendation, you must file a petition pursuant to the procedures outlined in the attached notice of hearing. The Water Management Board will then consider your concerns during a hearing on the application.

c: Erika Olson

Instruction to Newspaper - Publish first Notice on August 7, 2007 with the second publication 7 days later. The applicant is responsible for payment.

NOTICE OF APPLICATION NO. 673A-2 to Amend Water Right No. 673-2

Notice is given that Dale Anderson, 1401 Tompkins Street, Rapid City SD 57701 has filed an application to change and clarify acreage authorized for irrigation by Water Right No. 673-2. Water Right No. 673-2 appropriates 2.13 cubic feet of water per second (cfs) from a dugout located in N $\frac{1}{2}$ SW $\frac{1}{4}$ Section 15, T7S, R8E to irrigation 149.24 acres located in the NW $\frac{1}{4}$ NW $\frac{1}{4}$, S $\frac{1}{2}$ NW $\frac{1}{4}$, SW $\frac{1}{4}$ Section 15, SE $\frac{1}{4}$ NE $\frac{1}{4}$, E $\frac{1}{2}$ SE $\frac{1}{4}$ Section 16, NE $\frac{1}{4}$ NE $\frac{1}{4}$ Section 21 and the NW $\frac{1}{4}$ NW $\frac{1}{4}$ Section 22; all in T7S, R8E. The dugout has a storage capacity of approximately 2.5 acre-feet of water and is in hydrologic connection to the alluvium. This land is also authorized for irrigation from the Angostura Irrigation District. The dugout will be the primary source for 41 acres covered by the north most pivot and 9 acres served by side roll irrigation and will be a back-up source to District water for the south pivot. If approved, this permit will retain the March 31, 1961 priority date established by Water Right No. 673-2.

Pursuant to SDCL 46-2A-2, the Chief Engineer recommends APPROVAL of Application No. 673A-2 because 1) existing rights will not be unlawfully impaired, 2) it is a beneficial use of water, and 3) it is in the public interest. In accordance with SDCL 46-2A-23, the Chief Engineer will act on these applications, as recommended, unless a petition is filed opposing the application or the applicant files a petition contesting the Chief Engineer's recommendation. If a petition opposing the application or contesting the recommendation is filed, then a hearing will be scheduled and the Water Management Board will consider this application. Notice of the hearing will be given to the applicant and any person filing a petition.

Any person interested in opposing or supporting this application or recommendations must file a written petition with BOTH the applicant and Chief Engineer. The applicant must file a petition if contesting the Chief Engineer's recommendation. The Chief Engineer's address is "Water Rights Program, Foss Building, 523 E Capitol, Pierre SD 57501 (605 773-3352)" and the applicant's mailing address is given above. A petition filed by either an interested person or the applicant must be filed by August 24, 2007.

The petition may be informal, but must include a statement describing the petitioner's interest in the application, the petitioner's reasons for opposing or supporting the application, and the signature and mailing address of the petitioner or the petitioner's legal counsel, if legal counsel is obtained. Contact Eric Gronlund at the above Water Rights Program address to request copies of information pertaining to this application. Steven M. Pirner, Secretary, Department of Environment and Natural Resources.

Dale R Anderson
1401 Tompkins St
Rapid City SD 57701

Dear Mr. Anderson:

Enclosed is Water Permit No. 673A-2 authorizing the clarification and change of acreage for your water diversion system and beneficial use of the water, not exceeding the limits as specified in the Water Permit.

Based on the approval of Water Permit No. 673A-2, Application No. 2617-2 is withdrawn from further consideration. With the withdrawal of Application No. 2617-2, a portion of the \$300 application/license filing fee will be refunded. The fee for Permit No. 673A-2 is \$100. Therefore, \$200 will be refunded and you should be receiving this refund within the next couple of weeks.

Form 10, *Notice of Completion of Works and Application of Water to Beneficial Use*, is enclosed. Please return this completed form after you have finished the system and have put the water to beneficial use. An investigation can then be scheduled so the water license may be issued, thus completing the acquisition of a water right.

An informational sheet ? *Common Water Right Questions?* is also enclosed. This sheet is intended to answer some of the questions associated with obtaining and keeping a water right.

Sincerely,

Garland Erbele, Chief Engineer
Water Rights Program

NOTICE

TO: DALE R ANDERSON, 1401 TOMPKINS ST, RAPID CITY, SD 57701

FROM: Ron Duvall, Natural Resources Engineer
for Garland Erbele, Chief Engineer
Water Rights Program

SUBJECT: Reporting Requirement for 2013 Irrigation Questionnaires

Our records indicate that the 2013 Irrigation Questionnaires have not been submitted. The request for the Questionnaires was dated October 12, 2013. The Water Management Board has directed that owners of water permits who have not submitted the 2013 Irrigation Questionnaires be given notice of permit violation and a hearing to be held by the Board. The hearing is to determine if Permit No(s) 673-2 should be amended to require the Questionnaire to be submitted each year and to determine action to be taken for violation of Water Permit No(s) 673A-2 qualification:

"This permit is approved subject to the Irrigation Water Use Questionnaire being submitted each year."

The hearing will be held at **9:00 am, March 6, 2014** in the Floyd Matthew Training Center, Joe Foss Building, 523 E Capitol Avenue, Pierre, SD, and will be conducted pursuant to SDCL 46-1-12, 46-1-14, 46-2-9, 46-2-11 and 46-2-17. These are contested case hearings pursuant to Chapter 1-26. According to SDCL 46-1-12, the Board may suspend a permit for a period of up to one year for the first violation of a permit qualification or up to three years for a second violation, or cancel a permit for a third violation. Following the hearing, the Water Management Board can:

1. Suspend or cancel Permit No(s) 673A-2 in accordance with applicable provisions of SDCL 46-1-12;
2. Amend Permit No(s) 673-2 to require the Irrigation Water Use Questionnaire to be submitted each year;
3. Postpone any action or take no action.

The hearing is an adversary proceeding. The permit owner has the right to be present or to be represented by a lawyer. These and other due process rights will be forfeited if they are not exercised. Decisions of the Board may be appealed to the Circuit Court and the State Supreme Court as provided by law.

If the questionnaire(s) is (are) received in this office on/or before **March 3, 2014**, you will no longer be in violation of your permit and your name will be removed from the Board agenda. Enclosed are additional questionnaire(s) for your use. If you have questions or need assistance, please contact Genny McMath at (605) 773-3352 or email at genny.mcmath@state.sd.us. If you prefer, you can complete the questionnaire online at the following link: <http://denr.sd.gov/iq.aspx>

Note: Please contact the Water Rights Program, Joe Foss Building, 523 E Capitol, Pierre, SD (605-773-3352) to assure access to the meeting room for the handicapped or to obtain an interpreter for the hearing impaired.

Page 1 of 4

E. Compliance with Permit Requirements:

- 1) Permit qualifications being abided by Yes
- 2) Irrigation Questionnaires checked to determine if permit owner started irrigation by the end of construction period Yes
- 3) List any extended period of nonuse: **none**
- 4) Exceptions to compliance are: none

F. Condition and Location:

1. The system is in **good** condition with the point of diversion located as follows:
2,549' S and 1,326' E of the NW corner Section 15 T7S R8E (43.441071, -103.159355).
2. The works are capable of diverting and conveying to the place of use **0.18** cu. ft. per second of water (80 gpm), based on the K-line capacity, which is to be used for sprinkler **irrigation**.

Water has been put to beneficial use to the maximum extent as follows:

Section 15 T7S R8E:

NE ¼ SW ¼ 6.2 acres

SE ¼ SW ¼ 1.1 acres

NW ¼ SW ¼ 0.3 acres

comprising a total of **7.6** acres of land and the license should be issued for the statutory limit of **0.11** cfs .
All structures, wells and lands on map: **Yes**

G. Comments or other permits associated with the project:

Water Permit 673A-2 changed and clarified acreage authorized for irrigation by Water Right 673-2. Water Right 673-2 appropriated 2.13 cfs from the dugout located in SE ¼ NW ¼ Section 15 T7S R8E to irrigate 149.24 acres. This land is also authorized for irrigation from the Angostura Irrigation District. The dugout was to be the primary source for the north most pivot covering 41 acres and 9 acres served by side roll irrigation and was to be a back-up source to the District for the south most pivot of 94 acres.

The dugout was used as the primary water source for the north most pivot (52.6 acres) from 2008 to 2014. The recharge rate for the dugout was not adequate to meet the irrigation needs for the pivot and dugout use is now discontinued for the pivots. Both pivots covered under 673A-2 (52.6 acres and 156 acres) are currently using the irrigation district as the only water source and current piping arrangement does allow for the dugout to be used as a back-up supply. The operator plans to use a portable tow-line system for irrigating the 7.6 acre pasture area south of the dugout in the SW ¼ of Section 15 which was originally planned for a sideroll system. The dugout will be the only water source for the 7.6 acres.

H. Irrigation authorized from the Angostura Irrigation District

Water from the irrigation district is delivered under gravity flow conditions through a 10" PVC pipeline to the 156 acre south pivot (booster pump location) and to a booster pump located at the dugout serving the 52.6 acre north pivot. Total acreage utilizing diversion authority from the irrigation district is 208.6. These acres will not utilize the dugout as a backup water source if supplies are limited from the irrigation district.

Center Pivot - North

- 1) Make Reineke Electrogater
- 2) Overall length 1,416 feet @ end gun
- 3) Number of towers 8 End Gun Yes
- 4) Capacity 600 gpm (system design)
- 5) Acres 52.6 (part circle)

Center Pivot - South

- Make Reineke Electrogater
- Overall length 1,392 feet @ end gun
- Number of towers 8 End Gun Yes
- Capacity 600 gpm (metered flow)
- Acres 156

Acreage utilizing diversion authority from Angostura Irrigation District comprising a total of 208.6 acres:

Section 15 T7S R8E:

SW ¼ NW ¼ 34.0 acres
SE ¼ NW ¼ 4.6 acres
NW ¼ SW ¼ 32.8 acres
NE ¼ SW ¼ 1.4 acres
SW ¼ SW ¼ 40.0 acres
SE ¼ SW ¼ 6.7 acres
NE ¼ NW ¼ 0.2 acres

Section 16 T7S R8E:

SE ¼ NE ¼ 4.1 acres
NE ¼ SE ¼ 25.0 acres
SE ¼ SE ¼ 38.2 acres

Section 22 T7S R8E:

NW ¼ NW ¼ 12.7 acres

Section 21 T7S R8E:

NE ¼ NE ¼ 8.9 acres

Dear Mr. Anderson:

Enclosed is Water License No. 673A-2. This is the final water right document completing your process of obtaining a Water Right. Included with your license is a map prepared by the staff engineer who conducted the field investigation.

As long as you use the water beneficially, as stated in the Water License, State Water Laws provide that you have a continuing right to use the water.

Sincerely,

Jeanne Goodman, Chief Engineer
Water Rights Program
(605) 773-3352

enclosures

Note: Upon licensing, the applicable portions of Water Right No. 673-2 were incorporated into Water License No. 673A-2.

STATE OF SOUTH DAKOTA
WATER LICENSE NO. 673A-2

(1) Dale R Anderson, 1401 Tompkins St, Rapid City SD 57701 made Application No. 673A-2, June 4, 2007 for a water permit to change and clarify the acreage authorized for irrigation under Water Right No. 673-2. The irrigation project is located in Fall River County, South Dakota. Permit No. 673A-2, with a priority date of March 31, 1961 (established under Water Right No. 673-2) was approved August 24, 2007 and issued to the applicant for diversion of water with construction of the described water supply system to be completed on or before August 24, 2012 and for the application to beneficial use of said water on or before August 24, 2016.

Water Right 673-2 appropriated 2.13 cfs from the dugout located in SE ¼ NW ¼ Section 15, T7S, R8E to irrigate 149.24 acres. The land was also authorized for irrigation from the Angostura Irrigation District. The dugout was to be the primary source for the north pivot and the back-up source to the District for the south pivot. The investigation of the water use system found the recharge rate for the dugout was not adequate to meet the irrigation needs for the pivots and therefore, diversion from the dugout for the pivots was discontinued.

The applicable portions of Water Right No. 673-2 are incorporated into Water License No. 673A-2. The license will reflect only the acreage irrigated from the dugout. A priority date of March 31, 1961 is retained.

(2) It is certified that the permit holder has complied with the provisions of South Dakota State Law relating to completion of the construction of the water supply system and is entitled to divert 0.11 cubic feet of water per second for beneficial use. The location of the diversion point is 2,549'S and 1,326'E of the NW corner Section 15 T7S R8E (SE ¼ NW ¼, Latitude 43.441071, Longitude -103.159355).

(3) The permit holder has complied with the provisions of South Dakota State Law relating to the application of water to beneficial use to irrigate the following land:

Section 15, T7S, R8E	NE ¼ SW ¼	6.2 acres
	SE ¼ SW ¼	1.1 acres
	NW ¼ SW ¼	0.3 acres
	Total	7.6 acres

(4) Pursuant to South Dakota Water Law 46-5-30.1 Dale R Anderson, 1401 Tompkins St, Rapid City SD 57701 the holder and/or owner of Incorporated Water Right No. 673A-2 is issued a license to appropriate water, the right to use 0.11 cubic feet of water per second from a dugout with a priority date of March 31, 1961 from the location specified in (2) of this license for irrigation purposes.

This license is subject to South Dakota Water Law, any limitations or conditions listed in Water Right No. 673A-2 and subject to the following qualifications:

- The use of water under this permit is contingent upon water supplies being available for prior water rights.

continued

- Lands described in this permit which receive water from the Angostura Irrigation District may not receive water under this permit at the same time water is being obtained from the Angostura Irrigation District. *(The water right holder has other acreage utilizing diversion authority from the Angostura Irrigation District. These acres will not utilize the dugout as a backup water source if supplies are limited from the irrigation district. The acreage authorized under No. 673A-2 is irrigated solely from the dugout.)*
- This permit is approved subject to the irrigation water use questionnaire being submitted each year.

Dr Mr. Anderson:

The Water Rights Program is in receipt of the 2025 Irrigation Questionnaire you submitted for Water Right No. 673A-2.

Water Right No. 673A-2 authorizes the diversion of 0.110 cfs (50 gpm) from a dugout for irrigation of 7.6 acres in portions of SW1/4 Section 15-T7S-R8E.

On this year's questionnaire, you reported that irrigation of the property had been abandoned with irrigation last being reported in 2022.

Please contact me via email or by calling my direct line (605) 773.8204 to discuss potential cancellation of Water Right No. 673A-2.

Sincerely,

Shannon Konst

Water Right/Permit No. 673A-2

Date: May 6, 2026

I/We request that Water Right/Permit No. 673A-2 formerly owned by:
Dale R. Anderson be transferred to:

New Owner Name: Chris and/or Nicole Glines
Address: 14400 Dead Tree Rd PO Box 66 mobile: (605) 454-1007/2022
City, State, Zip: Smithwick, SD 57702 email: njayglines@gmail.com
cglines@icloud.com

Title to the following described land(s)/property has been transferred as described above:

Section 15-T7S-R8E

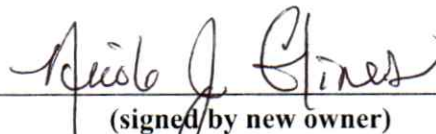

NW 1/4 SW 1/4 - 6.3 acres
NE 1/4 SW 1/4 - 6.2 acres
SE 1/4 SW 1/4 - 1.1 acres
Total - 7.6 acres

☒ I understand that the validity of Water Right/Permit No. 673A-2 has not been determined by this transfer action. If I have any questions on validity, I understand that only the Water Management Board has the authority to determine if a water right/permit is valid (see note below).

You are requested to file this "Notice of Transfer" in the appropriate file with the Water Rights Program, as evidence of the change of ownership.

A fee of Fifty Dollars (\$50.00) is included to cover the filing fee as required by SDCL 46-2-13.

I, Nicole Glines, the new owner, certify that the above information is true and correct.

(signed by new owner)

NOTE: Water permits may be cancelled for nonconstruction after the five-year construction period has expired. Once a water permit is developed, an inspection is conducted to issue a water right license for the project as developed. A water permit/right may be cancelled for one or more of the following reasons:

1. Abandonment - no intent to use water and use is abandoned.
2. Forfeiture - no use of water for three-year period without legal excuse.
3. For a third violation of a condition of a water permit/right.
